CMD'S MESSAGE

Dear Shareholders,

On behalf of the Board of Directors of Central Coalfields Limited, with immense pleasure, I welcome all of you to the 69th Annual General Meeting of the Company. It's my privilege to address you after an exceptional performance by the Company across multiple key parameters during the FY 2024-25. I extend my sincere thanks and gratitude to the management and team members of the company and Coal India Limited for their continued patronage, guidance and all out support which helped in achieving the record performance during the fiscal year. The Report of the Directors, Audited Accounts for the year 2024-25 combined with the Report of the Statutory Auditors and the Report and Review of the Comptroller & Auditor General of India have already been circulated to you.

The company has outshined across all segments, achieving significant financial milestones, soaring to newer heights and setting newer benchmarks. During the year, your company scaled to a remarkable all-time high in production, offtake, despatches to power sector in spite of challenging conditions. I would like to touch upon few key performance areas wherein your company has excelled upon and key initiatives that had been taken during the FY 2024-25.

Coal is poised to remain a significant component of India's energy landscape for the foreseeable future, primarily to sustain the country's rising living standards and meet the increasing energy demands of its rapidly growing economy. As one of the primary sources for energy generation, coal is projected to see a continued rise in demand through

2035 and beyond, driven by the robust expansion of the Indian energy sector. Several factors influence the elasticity of coal demand, including economic growth, improvements in energy efficiency, the development of alternative uses for coal, and advancements in renewable energy technologies. Despite the global shift towards cleaner energy sources, coal remains a critical resource for India, where it plays a vital role in ensuring energy security and affordability.

As the Indian economy sustains its high growth trajectory, driven by infrastructure creation, manufacturing activity, and a transition to e-mobility, the electricity demand is set to surge. Coal accounts for nearly 73% in the power generation. As baseload fuel, coal virtually empowers the power sector of India and continues to cater many non-power industries like cement, fertilizers, sponge iron, aluminium etc. In line with the growing energy demand of the nation, CCL is emphasizing on coal production and productivity to the best of its ability to meet the clean coal requirement with focus on enhancing production, productivity with sustained development and inclusive growth of the society and stakeholders.

Company Profile

Central Coalfields Limited is a Category-I Mini-Ratna Company since October 2007 and a wholly owned subsidiary of Coal India Limited under Ministry of Coal, Government of India.

I am glad to share that your Company has paid ₹ 601.60 Crore as Interim Dividend and further a Final Dividend of ₹ 609.12 Crore will be paid to Coal India Limited as recommended by the Board for declaration by members in the ensuing Annual General Meeting, aggregating to a total dividend for the FY 2024- 25 to ₹ 1,210.72 Crore i.e. ₹ 644.00 per share on 1,88,00,000 equity shares of ₹ 1,000.00 each (previous year ₹ 1,098.86 Crore i.e. ₹ 584.50 per share on 1,88,00,000 equity shares of ₹ 1,000.00 each).

MoU Performance

Your Company has been rated “Excellent” as per the Memorandum of Understanding (MoU), signed with the holding company Coal India Limited in line with the guidelines of DPE, Ministry of Heavy Industries and Public Enterprises, Government of India for rating of CPSEs for the financial year 2023-24. MOU for FY 2024-25 under process of evaluation.

Resource Planning / Expansion of Projects/Technology Adoption

In FY 2024-25, ongoing projects of our company produced 72.60 MT of coal, registering a 3% growth over the previous financial year. Notably, Amrapali OCP (24.19 MT), Magadh OCP (20 MT), and North Urimari OCP (4.5 MT) have successfully achieved production as per their Environment Clearance (EC) capacities. The production target for ongoing projects has been set at 87.60 MT for FY 2025-26.

Project implementation remains a core focus area, with significant progress made in securing statutory clearances and advancing infrastructure development. Key milestones achieved during FY 2024-25 include:

- Forestry Clearances (FC):
 - i. Stage-I FC granted for Magadh OCP and Chandragupta OCP, covering 891.74 Ha.
 - ii. Stage-II FC obtained for Karo OCP, Kedla OCP, and Rajrappa OCP, involving 672.32 Ha.
 - iii. Site handover completed for Kotre Basantpur Pachmo and Karo OCP, totalling 1,081.84 Ha of forest land.
- Environmental Clearances (EC):
 - i. EC obtained for Chandragupta OCP (20 MTY), Rohini Expansion (0.75 MTY), and North Urimari Expansion (4.5 MTY).
 - ii. EC for Piparwar Phase-I UG was approved for key developmental works.

These approvals have set the stage for future growth, with two greenfield projects—Kotre Basantpur Pachmo OCP (5 MTY) and Chandragupta OCP (15 MTY)—scheduled to commence coal production in FY 2025-26.

To facilitate faster execution of high-capacity mines, the Sanghmitra OCP (20 MTY) was awarded under the Mine Developer and Operator (MDO) mode in April 2024. Moreover, an innovative approach for overburden removal was adopted through the introduction of eccentric vertical ripper technology in Jarangdih OCP and AKK OCP.

Significant progress has also been made under the First Mile Connectivity (FMC) initiatives:

- Magadh FMC (51 MTY, ₹ 1,575 Crore) was awarded in FY 2024-25.
- FMC projects at Amrapali (25 MTY, ₹ 592 Crore), Konar (5 MTY, ₹ 250 Crore), Karo (7 MTY, ₹ 250 Crore), and KDH-Purnadih (7.5 MTY, ₹ 443 Crore) are in various stages of implementation.

In line with the company's commitment to sustainable mining, nearly 61% of the total coal production i.e 53 MT was achieved with surface miner technology, significantly reducing environmental impact.

Infrastructure for Coal Evacuation

1. Rail connectivity work for North Urimari FMC project completed and commissioned. Silo loading commenced in May 2024.
2. Tori-Shivpur triple rail line completed in March 2024. Subsequently, all three lines are operational for rake loading.
3. Third and Fourth instalment of inflated mileage for Tori-Shivpur rail line amounting to ₹ 59.25 Crore and ₹ 67.36 Crore respectively received in May 2024 and January 2025 i.e. an amount of ₹ 126.61 Crore has been received from Railway in FY 24-25. Total amount of ₹ 241.56 Crore has been received from Railway till March 2025.

Setting up of new coking coal washeries: With an objective to contribute to the ‘Mission Coking Coal’ of the Government of India, CCL has planned to setup five coking coal washeries of total capacity 14.5 MT. These include- New Rajrappa (3 MTY), Dhori (3 MTY), New Sawang (1.5 MTY), Basantpur Tapin (4 MTY), and New Kathara (3 MTY).

1. Tenders for setting up the washeries on Build-Own-Operate concept have been finalized for 4 out of the 5 washeries.

2. Letter of Award has been issued to successful bidders for New Kathara Coking coal washery & Basantpur-Tapin coking coal washery.
3. Letter of Intimation has been issued for New Rajrappa coking coal washery & New Sawang coking coal washery.
4. ToR has been issued for Dhori coking coal washery & EC has been obtained for New Rajrappa coking coal washery.

Road Weighbridges: A total of 9 road weighbridges were installed during the year, increasing the total number to 176, thereby strengthening the dispatch infrastructure.

Corporate Social Responsibility

The company is strongly committed towards playing a defining role in development of its stakeholders Project affected people (PAPs) and local residents around the mining areas, through an extensive CSR initiatives The company prioritizes Sustainable Development Goals (SDGs), addressing the need of villagers through various CSR programs

The Key CSR projects undertaken are :

- a. construction of 5000 seated state Library at Ranchi with a cost of ₹ 65.25 Crore is under progress.
- b. Over 2 lakhs villagers were benefitted from various Health camps organized during the year.
- c. Integrated Community Development Project comprising of improved agriculture, livestock and water resource development, fishery, beekeeping, and goatery etc. is underway in 9 villages in Churchu, Hazaribagh.
- d. CCL has adopted Latehar and Chatra as Ni-kshay Mitra for monthly ration kit to TB patients contributing towards TB-Mukt Bharat Abhiyaan. Over 1000 youths of command areas have been benefitted through various job-linked skill development projects.

During FY 2024-25, CCL spent ₹ 81.11 crore on CSR initiatives in various sectors listed in Schedule VII, including healthcare and nutrition, skill development, education, sports promotion among others. The expenditure on DPE's annual theme of 'Health and Nutrition' was ₹ 25.59 Crore.

With growth in coal production and profit, CCL is all set to cover more no. of beneficiaries with effective CSR interventions.

Safety

Safety is the bedrock upon which our organization is built. In an industry fraught with operational hazards, our unwavering commitment to the safety and well-being of every employee is what drives our success. We are dedicated to fostering a culture where safety practices are not just protocols but are deeply ingrained in our organizational ethos. Our goal is to achieve zero harm by protecting our most valuable assets: our people, our mines, and our machinery

CCL continues to uphold its unwavering commitment to safety across all levels of operation. In 2024-25, CCL took significant strides towards its vision of "Zero Harm", integrating cutting-edge technology, targeted training, and a proactive workforce to strengthen mine safety and resilience.

In CCL, 100% workforce deployed are trained before induction. Refresher training is also imparted to all workforce as per the Mines Vocational Training Rules, 1966.

Consumer Satisfaction/Quality Coal Supply

The efforts for better quality coal supplies reflected a positive jump as the grade conformity improved to 96% during FY 2024-25 from 89% over FY 2023-24 according to the sampling and analysis results received. During FY 2024-25, 12 coal testing laboratories have been accredited by NABL, which are established across the command areas of the company facilitating quality checks onsite.

Human Resource Development

The HRD department, CCL is an established learning platform primarily focused to skilling, up-skill & re-skilling of the employees of CCL for their all-round development. It is continuously thriving on multiple initiatives to build the architecture integral to the development of the Company by infusing professional competence, adaptability to change, increased productivity and efficiency for its employees. This is done through cross functional collaboration and well-structured Training and Development Modules embracing the technical, functional, managerial and behavioral facets of training.

During the year 2024-25, the HRD Department of CCL has successfully implemented two significant Government of India initiatives aimed at employee development and

youth skill enhancement (apart from the routine training programs).

Implementation of iGOT Digital Learning Portal - In line with the Government's vision of promoting digital learning, the iGOT (Integrated Government Online Training) portal was effectively rolled out in CCL. A total of 4,421 employees, including all executives, were registered on the portal and collectively completed 28,983 online courses across various domains. Additionally, 878 employees successfully completed the "Know Your Ministry" course module, enhancing their understanding of organizational governance and policy frameworks.

PM Internship Scheme

As a strategic initiative to empower youth, the PM Internship Scheme was launched to provide hands-on training and exposure to government institutional workings. During the year, 70 interns from aspirational and other districts joined CCL for a comprehensive one-year internship program aimed at skill development and practical learning.

Furthermore, the HRD Department, conducted 16 Capacity Building Programs, benefitting about 598 employees, thereby contributing significantly to competency enhancement and work skill development.

Environmental Management

We believe that every business has the opportunity and obligation to protect our planet. Environment sustainability is one of our core values and we strive to build sustainability into everything we do. Company has adopted several ways to reduce environmental effects such as artificial water sources for water storage and ground water recharge, pisciculture in abandoned mines, rainwater harvesting and distribution to surrounding communities after treatment, forestation/plantation within the Mine area, scientific restoration of OB dump, Mine Tourism, three-tier plantation etc. vast resources to innovate and recreate a viable world, thus transforming adversaries to its advantage

The following are the snapshots of Company's performance during the year 2024-2025, demonstrating our continued and sustained efforts towards environment protection as well as going up with our business operations

1. Fresh Environmental Clearances (EC) were obtained for 4 mines, along with capacity enhancement for 1 mine and amendments in ECs for 4 existing mines.

These approvals resulted in an incremental EC capacity of 22.35 MTPA, raising the total EC capacity to 155.78 MTPA.

2. Till FY 2024-25, 27 numbers of trolley mounted fog cannons have been procured and installed for units of CCL. Additionally fixed water sprinklers and mobile water sprinklers are also operational for projects of the Company. To further augment on the pollution control and dust suppression measures and enhance upon the environmental management tools, 21 truck-mounted fog cannons for deployment across various mines of the company during FY 2024-25, have been approved.
3. Mine water in the command area of CCL is utilized for supplying water to nearby villages (140 numbers) benefitting around 2,40,000 people. Further voids in CCL mines are also being utilized for caged fish farming/Pisciculture by local communities/Self Help Groups. At present, around 200 such cages are installed in six mine voids. Around 450 persons are engaged from nearby villages for the said activity.
4. Operation of 14 numbers of Continuous Ambient Air Quality Monitoring System (CAAQMS) & 41 numbers of Continuous PM10 Analyzers in command area of CCL data of which are linked with the servers of Jharkhand State Pollution Control Board (JSPCB).

Green Initiatives

1. In FY 2024-25, CCL undertook plantation over 245.44 Ha. Miyawaki Plantation has also been carried out by IFP (ICFRE), Ranchi over 4 Ha at Amrapali & Chandragupt Area in FY 2024-25.
2. CCL has also registered for 1346.69 Ha (121 land parcels) land for plantation across 11 Forest Divisions in Jharkhand during FY 2024-25 under the Green Credit Programme (GCP), an initiative by the Government of India.
3. On Solar Projects front, CCL has installed capacity of 25.25 MW (rooftop). Further, 20 MW Solar Power Plant, Piparwar is operational since July 2024, and is generating Solar power of an average of 1.10 Lakh units/day, resulting in savings of avg. ₹ 1.05 Crore/month in energy bill and 04 MW Solar Power Plant, Giridih is operational since Oct 2024, and is generating on an average of 21,000 units/day.

4. Net-metering has been started in 400 KWp Solar Plant, Darbhanga House, this plant generates approx. 35000 units per month, which is consumed captively
5. Under the MoU (with WAPCOS Ltd.) of value 63.62 Crore, work is in progress for development of 06 Eco-parks extending over 100.41 Ha, out of 09 nos. of Eco-parks initially planned. Also, the remaining 03 Eco-parks are under advanced planning and /or tendering stage.

Corporate Governance

Your company has established adequate system for monitoring compliances of various laws, Code of Conduct for Board Members and Senior Management Personnel and Corporate Governance Guidelines for CPSEs issued by the DPE.

The company has established a system for monitoring compliances to the various laws. The Code of Conduct of Board Members and Senior Management Personnel of the Company, functioning of Audit Committee as per the terms of reference and composition of Board of Directors as per laid down guidelines are ensured and complied. CCL Board has a Risk Management Committee for apprising and monitoring the risks of the Company. A separate section on Corporate Governance has been added to the Directors' Report.

With robust all-round performance, your Company has retained its "Excellent" MoU rating in respect of Corporate Governance.

Awards & Accolades:

During the year, CCL was conferred with following major awards: -

➤ Mine Safety Awards 2024

- Sayal D OC - 1st Prize, Small Opencast Mine Category
- Ashok OC - 2nd Prize, Medium Opencast Mine Category

➤ 53rd All India Mines Rescue Competition

- 1st Prize - Overall Statutory (Coal)
- 2nd Prize - Overall Fresh Air Base (Coal)
- 5th Prize - Overall Rescue & Recovery (Coal)

CSR Awards

▪ 8th CSR HEALTH IMPACT AWARDS

- i. *Sports promotion Project (Gold) (2024) for the project: Running & operation of Sports academy at Khelgaon, Ranchi.*
- ii. *CSR project of the year (Gold award) (2024) for the project: '24 x 7' animal ambulance cum emergency response vehicle for on-site treatment/rescue and rehabilitation of affected/injured stray animal and sensitization/awareness of community regarding death due to rabies.*
- iii. *CSR sustainable livelihood Project (Bronze Award) (2024) for the project: Skill Training of 200 artisans through Amar Jagriti Kendra for the project 'TRIBAL-HAAT' (Tribal Handicraft Artefact Tribune) in Ramgarh District*

- Best Corporate' award as a 'Nikshay Mitra', a significant step towards eliminating tuberculosis (TB) (2024).
- India CSR Leadership Award 2024 (Winner) (Larger Impact) for the project: CCL KE LAL and CCL KI LAADLI
- 11th CSR TIMES AWARD 2024: *Running & operation of Sports academy at Khelgaon, Ranchi.*
- SKOCH ESG GOLD AWARD 2024 for the project: *Development of 8 Aspirational Districts of Jharkhand by CCL*

Acknowledgement:

I would like to take this opportunity to express my sincere regards and deep gratitude to our share holder Coal India Limited along with its Management, the Government of India, especially our administrative Ministry i.e. Ministry of Coal, Ministry of Environment, Forests & Climate Control, other Central Government Authorities, Government of Jharkhand (particularly Ministry of Mines, Home Department and Local District Administrations, Auditors, People's Representatives, Local villages, Local Bodies, Trade Unions, our Valued Customers, Suppliers and Media, for their continuous support, trust and co-operation.

I convey my appreciation to my colleagues on the Board and all employees for their valuable contribution towards the growth of the Company.

I strongly believe that the way the Company has built around the resources and capabilities, it will certainly bring more

success in the years to come and by continuously doing so your Company will continue to meet the expectation of our numerous stakeholders including the expectation of the Nation. Your Company values your trust and confidence and shall continue to work tirelessly to take it forward.

DIRECTORS' REPORT

To
The Shareholders,
Central Coalfields Limited,

Dear Shareholders,

On behalf of the Board of Directors, I have great pleasure in presenting to you the 69th Annual Report of your Company along with the Audited Financial Statements for the year ended 31st March, 2025. The Audited Financial Statements, report of the Statutory Auditors and Management's reply thereon as well as comments of the Comptroller & Auditor General of India on the audited Accounts are annexed to this report.

STATE OF COMPANY AFFAIRS

- i. During FY 2024-25, CCL has registered coal production of 87.54 Million Tonnes, which is 1.72% increase as compared to the previous year. In case of Over burden (OB) Removal, your company has achieved 118.35 Million Cu.M during the year with a decrease of (2.46%) over the previous year.

- ii. CCL achieved Raw Coal Offtake of 85.69 Million Tonnes, with an increase of 3.35% over the previous year. In-line with need, 70.66 MT of coal despatch was made towards the Power Sector during the FY 2024-25.
- iii. CCL has achieved highest ever gross sales, net sales, PBT and PAT for FY 2024-25. The gross sales for the year was ₹ 24,066.40 Crore, net sales was ₹ 15,468.86 Crore with growth of 3.10% & 1.16% respectively in comparison to previous year. Profit before Tax (PBT) stood at ₹ 5412.18 Crore and Profit after Tax (PAT) at ₹ 4034.76 Crore as compared to Profit before Tax of ₹ 4726.42 Crore and Profit after Tax of ₹ 3658.53 Crore of the previous year with an increase of 14.51% and 10.28% respectively.
- iv. Net worth of the Company stood at ₹ 16464.04 Crore as on 31st March 2025, a significant rise of 21.19 % as compared over ₹ 13585.15 Crore of the previous year.

1. FINANCIAL PERFORMANCE

The Standalone financial results of your Company for the FY 2024-25, as compared to FY 2023-24, are as under:

(in ₹ Crore)

Sl.	Particulars	2024-25	2023-24
i.	Revenue from operations	16919.99	16696.35
ii.	Other Income	717.02	961.40
iii.	Total Revenue	17637.01	17657.75
iv.	Expenses excluding depreciation, interest & Tax	11187.15	12091.58
v.	Profit before depreciation, interest	6449.86	5566.17
Vi	Depreciation / Amortization / Impairment	942.75	763.42
vii.	Interest	94.93	76.33
viii.	Profit before Tax	5412.18	4726.42
ix.	Tax Expense	1377.42	1067.89
x.	Net Profit after Tax	4034.76	3658.53
xi.	Other comprehensive income	(74.93)	(11.82)
Xii	Tax on Other Comprehensive Income	(18.86)	(2.97)
xiii.	Profit attributable to Owners of the Company	4034.76	3658.53

- Revenue from operation has slightly decreased by 0.12%.
- The Profit Before Tax (PBT) for year FY 2024-25 has increased by 14.51%.
- The Net Profit After Tax (PAT) for year FY 2024-25 has increased by 10.28%.

1.1 DIVIDEND

- Your Company being a Govt. of India CPSE, pays dividend in compliance with DIPAM's guidelines. The Board of Directors of your Company has paid ₹ 601.60 Crore as Interim Dividend (PY ₹ 600.66 Crore) & recommended Final Dividend of ₹ 609.12 Crore (PY ₹ 498.20 Crore) subject to approval of members in the ensuing Annual General Meeting. Total dividend for the FY 2024-25 is ₹ 1210.72 Crore (PY ₹ 1023.66 Crore) i.e. ₹ 644 per share (PY ₹ 584.50 per share) on 1,88,00,000 equity shares of ₹ 1,000.00 each.

- During the FY 2024-25, Final Dividend of ₹ 498.20 Crore for FY 2023-24 as recommended by Board has been declared by the shareholders in the AGM and the same has been paid to the shareholders.

1.2 BORROWINGS

During the year the company has availed WCDL (Working Capital Demand Loan) against the Fixed Deposit to tune of ₹ 21.45 Crore which has been repaid during the year. There is no amount outstanding at the end of FY 2024-25.

2. OPERATIONAL PERFORMANCE

I. COAL PRODUCTION

The Production and Productivity figures achieved by your Company during the year 2024-25 as compared to the actuals of 2023-24 is as under:

(Fig in MTe.)

Particulars	2024-25		2023-24	%age Growth Over Last Yr.

Productivity (OMS-TE)

II. WASHERY PERFORMANCE

Apart from production and marketing of raw coal, CCL is also in the business of washing of coking coal and non-coking coal. There are four coking coal washeries and one washery for washing/beneficiation of non-coking coal. CCL washeries have contributed ₹ 225.94 Crore towards overall profit in the financial year 2024-25.

Operational Performance of coking coal washeries during FY 2024-25:

1. Raw coal feed to coking coal washeries is ₹ 23.89 Lakh tonnes which is 5.52% higher than FY 2023-24.
2. Washed coal production from coking coal washeries is 7.71 lakh tonnes which is 20.66% higher than the average washed coal production of last 3 years.

Setting up of new coking coal washeries.

With an objective to contribute to the 'Mission Coking Coal' of the Government of India, CCL has planned to setup five coking coal washeries of total capacity 14.5 MT. These include- New Rajrappa (3 MTY), Dhori (3 MTY), New Sawang (1.5 MTY), Basantpur Tapin (4 MTY), and New Kathara (3 MTY).

1. Tenders for setting up the washeries on Build-Own-Operate concept have been finalized for 4 out of the 5 washeries.

2. Letter of Award has been issued to successful bidders

for New Kathara Coking coal washery & Basantpur-Tapin coking coal washery.

3. Letter of Intimation has been issued for New Rajrappa coking coal washery & New Sawang coking coal washery.

4. ToR has been issued for Dhori coking coal washery & EC has been obtained for New Rajrappa coking coal washery.

3. CAPITAL EXPENDITURE

A. The Standalone capital expenditure during the year 2024-25 has been ₹ 4,328.42 Crore compared to ₹ 3400.77 Crore in the previous year. The head-wise detail of capital expenditure is detailed below:

(₹ in Crore)

Sl.	Head of expenditure	2024-25	2023-24
i.	Land	931.01	286.70
ii.	Building	290.64	277.85
iii.	Plant & Machinery	768.84	471.56

	TOTAL	9,325.54	8,765.19

5. CAPITAL STRUCTURE

The company has Authorised Capital of ₹ 4,000 Crore (PY ₹ 4,000 Crore) and Paid-up Share Capital of ₹ 1880.00 Crore (PY ₹ 1,880 Crore) The Standalone net worth of the Company as on 31st March 2025 is ₹ 16,464.04 Crore as compared to ₹ 13,585.15 Crore as on 31st March 2024.

6. MANAGEMENT EXPLANATION ON AUDITOR'S REPORT:

a. Management Explanation on Statutory Auditor's Report:

The Statutory Auditor of the company have given unqualified report (Addendum to Directors' Report) on standalone and consolidated financial statements respectively of the company for the Financial Year 2024-25. Matters under "Emphasis of Matters" have been adequately explained in the respective notes/ footnotes of the Financial Statement.

b. Supplementary Audit of Financial Statements by Comptroller and Auditor General of India (C&AG):

Comments issued by the office of the C&AG on Financial Statements of the company for the year 2024-25 on supplementary audit conducted under section 143(6) [and also read with Sec 129(4)] of the Companies Act, 2013, along with management explanation are also Annexed.

c. Management reply on Secretarial Audit Report:

The Secretarial Audit Report does not contain any qualification, reservation or adverse remark except commenting on present strength of Independent Directors on the Board and Board level committees. The management reply has been provided as an annexure to Secretarial Audit Report for FY 2024-25 as placed in **Annexure-III**.

7. INTERNAL FINANCIAL CONTROL SYSTEM

The Company has in place adequate Internal Financial Controls with reference to financial statements. During the year, to make sure that assets are protected and that company's activities are conducted in accordance with the organization's policies and procedures, such internal controls were tested and no reportable material weakness in the design or operation were observed in the C&AG Audit, Internal Audit and Statutory Audit.

8. PARTICULARS OF CONTRACTS OR ARRANGEMENT WITH RELATED PARTY DISCLOSURES

Disclosure on related party transactions forms part of the Notes to Balance Sheet.

9. COST AUDIT REPORT

The Company is maintaining Cost Accounting Records in accordance with Section 148(1) of the Companies Act, 2013 read with the Companies (Cost Records and

Audit) Rules, 2014. The Cost Audit Report for the year 2023-24 has been filed under XBRL mode within due date of filing. The Cost Audit Report for the year 2023-24 contains no qualification or adverse comments. The Cost Audit Report for the year 2024-25 is in process of finalization and will be filed within prescribed date of filing.

10. INSOLVENCY AND BANKRUPTCY CODE 2016

There were no Significant and Material Orders passed by the Regulators or Courts or Tribunals impacting the Going Concern status and the Company's Operations in future, and no application was made or proceedings pending under Insolvency and Bankruptcy Code, 2016.

13. OFFTAKE

The total Offtake of Raw Coal during 2024-25 was 85.69 Million Tonnes. The mode-wise details of off-take compared to that of last year is as under:

11. DEPOSITS UNDER THE PROVISIONS OF COMPANIES ACT

The Company has not accepted any deposit, in terms of the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act and the rules framed there under.

12. MATERIAL CHANGES AFFECTING FINANCIAL POSITION

No such material changes and commitments occurred between the end of the Financial Year and the date of report which may affect the financial position of the Company.

(Figs. in Million Tonnes)

Mode	2024-25	2023-24	Growth over last year

Giridih	0.36	0.28	29.48%
Total CCL	44.71	42.80	4.47%

18.3 E-Auction of Coal

The performance of Spot e-Auction's during the period 2024-25 is as under:

Period	Spot e-Auction Scheme	Offered Qty. (Million Tonnes)	Booked Qty. (MillionTonnes)	% gain over Reserve Price
2024-25	Rail	2.39	0.70	44.32%
	Road	16.80	10.61	51.85%
	Slurry	0.46	0.22	27.66%
	Rejects	0.85	0.68	57.01%
	Total	20.50	12.21	50.67%

19. STATUS OF PROJECT IMPLEMENTATION

Ongoing Projects produced 72.60 MT coal during FY 2024-25, marking a 3% growth compared to FY 2023-24. Amrapali OCP produced 24.19 MT, Magadh OCP produced

20 MT and North Urimari produced 4.5 MT. These projects have successfully achieved production in line with their Environment Clearance (EC) capacities. The production target for ongoing projects in FY 2025-26 has been set at 87.60 MT.

Project implementation continues to be a key focus area.

Forestry Clearances (FC) have been expedited through proactive monitoring and consistent follow-up efforts. Consequently, the following milestones have been achieved.

FC stage I of Magadh OCP and Chandragupta OCP involving 891.74 Ha forest land was obtained.

Stage II of Karo OCP, Kedla OCP and Rajrappa OCP covering 672.32 Ha forest land was obtained.

Furthermore, site handover has been successfully obtained for Kotre Basantpur Pachmo and Karo OCP, involving a total of 1081.84 Ha of forest land.

In FY 2024-25, Environmental Clearances were obtained for Chandragupta OCP (20 MTY), Rohini Expansion OCP (0.75 MTY), and the expansion of North Urimari OCP from 4.2 MTY to 4.5 MTY. Furthermore, Environmental Clearance for Piparwar Phase-I UG was granted specifically for developmental activities, including incline drivage and the development of necessary infrastructure.

As a result of these clearances and accelerated groundwork, two Greenfield projects—Kotre Basantpur Pachmo OCP (5 MTY) and Chandragupta OCP (15 MTY)—are scheduled to commence coal production in FY 2025-26.

Award of Sanghmitra OCP (20 MTY) contract under the Mine Developer and Operator (MDO) mode was done in April 2024.

To promote sustainability, an eccentric vertical ripper contract was implemented in Jarangdih OCP and AKK OCP for the removal of overburden (OBR).

Further a major tender of Hiring of HEMM for 233.3 MT Coal extraction and 413.5 MCum OBR in Amrapali OCP for a period of 7 years was floated.

The Magadh FMC project, with a capacity of 51 MTY and an estimated cost of ₹ 1,575 Crore, was awarded in FY 2024-25. Additionally, Amrapali (25 MTY, ₹ 592 Crore), Konar (5 MTY, ₹ 250 Crore), Karo (7 MTY, ₹ 250 Crore), and KDH-Purnadih (7.5 MTY, ₹ 443 Crore) FMC projects are at various stages of operationalization.

Sustainable mining is a priority. The company produced 53 MT of coal, about 61 % of total production of FY 24-25 from surface miner.

Projects approved during the FY 2024-25:

SI No	Projects	Sanctioned Capacity (MTY)	Sanctioned Capital (₹ Crore)
1	PR of Bokaro OCP Phase-II	2.0	118
2	UCE of Argada OCP	4.0	971
Total		6.0	1089

Projects completed during the FY 2024-25

SI No	Projects	Sanctioned Capacity (MTY)	Sanctioned Capital (₹ Crore)
1	Karma OC	1.0	162
2	Churi-Benti UG	0.81	164
Total		1.81	326

STRATEGY FOR COAL EVACUATION:

RAIL:

- A. Tripling work of Tori-Shivpur rail line section-** Subsequent to commissioning of double rail line at a cost of ₹ 2692 Crore, third rail line work has been undertaken through E.C. Railway at an additional cost of ₹ 894 Crore. Work of third rail line from Shivpur to Biratoli has been commissioned on 01.03.2024. Further, 4th line from Biratoli - CIC Line (connecting at Tori Station) is in progress and nearing completion along with yard remodification at CCL's notified sidings i.e. at Shivpur, Phulbasia, Bukru & Balumath.

Inflated Mileage @70% has been approved by Railway towards compensation to CCL for the capital invested in this Rail line. Four instalments amounting to ₹ 241.56 Crore has been received by CCL.

- B. Shivpur-Kathotia new BG single rail line-** (Original Estimated cost - ₹ 1799.64 Crore / Revised Estimated cost - ₹ 2564.34 Crore)

The work of Shivpur - Kathautia new BG Rail Line has been taken up through M/s IRCON International Limited on behalf of the Joint Venture (JV) Company of CCL, IRCON & Govt. of Jharkhand i.e. "Jharkhand Central Railway Limited (JCRL)" having Equity/Debt ratio of 30:70

Financial Closure has been achieved by JCRL. A

consortium of 4 banks led by Punjab National Bank (PNB) is providing the bank loan to JCRL.

Work is under progress and the completion timeline is June 2026. Physical progress is nearly 53 % (w.r.t to revised scope of work)

C. Construction of North Urimari Railway Siding- Rail connectivity work for North Urimari FMC completed & commissioned for silo loading in May 2024.

D. Construction of Magadh Railway Siding (Phase I)-

Work was awarded to M/s RITES Ltd. at a cost of ₹ 391.01 Crore. Some construction work has been done by M/s RITES Ltd in Railway land portion and in CCL's acquired land portions. Work is held up, as forestry clearance is awaited.

E. Construction of Amrapali Railway Siding (Phase I)-

Work was awarded to M/s RITES Ltd. at a cost of ₹ 413.48 Crore. Construction work is in progress in Railway land portion. Stage I forest clearance is granted. Stage II forest clearance awaited.

F. Construction of KDH Railway Siding -

Work was awarded to M/s RITES Ltd. at a cost of ₹ 239.60 Crore. Work is in progress in available land portion. Forestry clearance is awaited.

G. Construction of Karo Railway Siding -

Work was awarded to M/s IPRCL at a cost of ₹ 160.97 Crore. Work is in progress..

H. Construction of Konar Railway Siding -

Work was awarded to M/s IPRCL at a cost of ₹ 72.37 Crore. Work is in progress.

I. PMC work awarded for construction of following rail lines -

1. Ashoka Railway Siding
2. Sanghmitra Railway Siding
3. Magadh Railway Siding (Phase II)
4. Amrapali Railway Siding (Phase II)

J. Construction of Danea-Kedla Railway Siding -

Work was awarded to M/s RITES at a cost of ₹ 484.94 Crore. Work is in progress. Forestry clearance is required.

K. Approval of Detailed Project Report (DPR) obtained from E.C. Railway for -

1. Construction work of Rohini-Karkatta Railway Siding of CCL.
2. Construction of new line / modification of existing rail lines at Rajrappa Washery Siding in view of upcoming new Rajrappa Washery.
3. Construction of new line / modification of existing rail lines at Kathara Washery Siding in view of upcoming new Kathara Washery.
4. Construction of new line / modification of existing rail lines at Giddi - A Railway Siding for Wharf wall loading.

ROAD:

During the FY 2024-25, a total of 10 km of concrete Coal Transportation Roads have been constructed in CCL in Magadh & Sanghmitra, Amrapali & Chandragupta, Piparwar, Barka-Sayal, B&K, Rajrappa, Kuju and Argada Areas for smooth transportation of coal from stock/mines to sidings.

Further, 01 no. diversion road of length 2.605 km at Jarangdih OCP and 01 no. High Level bridge over Damodar River of length 108 m at Govindpur Ph-II OCP have been completed at Kathara Area by SHAJ (State Highway Authority at Jharkhand), Road Construction dept.,GoJ on deposit basis.

20. CRUSHING OF COAL

As per directive of Ministry of Coal, only -100 mm crushed coal is to be dispatched to the consumers. For crushing of mined coal to the desired size, 26 nos. of departmental crushers are installed in different Areas of CCL and in FY 2024-25, total 57.51 Lakh Te of coal has been crushed. Further, as per requirement, different areas are hiring mobile crushers as and when needed to crush coal to -100 mm size. Also, different Coal Handling Plants are being constructed at CCL for transportation of -100 mm Coal through Conveyor belt from Mines to Rail wagons.

This system is environment friendly and will eliminate requirement of transportation of Coal through Trucks/ tippers etc.

North Urimari Coal Handling Plant (7.5 MTY) was commissioned on 31.12.2023 & inaugurated by Hon'ble PM on 01.03.2024. First rake loaded on 09.05.2024. Total 753 rakes were loaded during FY 24-25 and 29.264 LTe coal was handled by CHP during FY 24-25.

Following Coal Handling Plants are under construction:

- i) Konar Coal Handling Plant (5 Mtpa), being constructed by M/s Hamtek Technologies Pvt. Ltd vide LOA/Work Order no. GM(E&M)/CHP(KONAR)/22/658 dated 17.03.2022, for a contract amount of ₹ 250,15,52,800.00 only (Including GST).
- ii) KDH-Purnadih Coal Handling Plant (7.5 Mtpa), being constructed by M/s Madhucon Projects Limited vide LOA/Work Order no. GM(E&M)/CHP work-order/23/1402-15(H) dated 31.03.2023, for a contract amount of ₹ 442,73,06,429 only (Including GST).
- iii) Amrapali Coal Handling Plant (25 Mtpa), being constructed by M/S S. K. SAMANTA & CO. PVT. LTD. vide LOA/Work Order no. GM(E&M)/LOA/24/615-26(H) dated 07.02.2024, for a contract amount of ₹ 592,36,00,000/- only (Including GST).
- iv) Karo Coal Handling Plant (7 Mtpa), being constructed by M/S ASIAN INDWELL JOINT VENTURE vide LOA/Work Order no. GM(E&M)/Karo CHP/24/566(H) dated 05.02.2024, for a contract amount of ₹ 250,08,83,550.02/- only (Including GST).
- v) Magadh CHP (51 MTY), being constructed by M/S S. K. SAMANTA & CO. PVT. LTD. vide LOA/Work Order no. GM(E&M)/LOA/24/3150-60(H) dated 27.12.2024, for a contract amount of ₹ 1575.30 Crore only (Including GST).

21. ENERGY CONSERVATION BY IMPLEMENTING SOLAR PROJECTS:

Coal India Limited and its subsidiaries have taken several measures for transition in the Energy Sector, development and adoption of Renewable Energy, Energy Conservation in its business which has resulted in substantial reduction in CO2 emission.

Status of Solar projects of CCL / Solar energy generation during the FY 2024-25:

Sl. no.	Description	
1.	Total installed capacity (in MWp) of Roof Top Solar Power Plant up to March'25.	25.25 MW
2.	Installation work completed in FY 24-25 and awaited for commissioning due to net-metering approval from JBVNL	2.05 MW
3.	Under construction Solar Power Plants (Balakudra, Barkasayal Area) [First solar project over OB Dump]	05 MW
4.	Other Awarded solar power project during 2024-25	13 MW Solar Power Plant, NK Area
5	Total Solar Energy generated during FY:2024-25	287.95 Lakh units

Major highlights:

1. CCL has identified land area for approx. 170 MW at Giridih Area, which is under pre-feasibility study phase and shall be commissioned in FY 26-27.
2. 20 MW Solar Power Plant, Piparwar is operational since July 2024, and is generating Solar power of an average of 1.10 Lakh units/day, resulting in savings of avg. ₹ 1.05 Crore/month in energy bill.
3. 04 MW Solar Power Plant, Giridih is operational since Oct 2024, and is generating on an average of 21,000 units/day.
4. Net-metering has been started in 400 KWp Solar Plant, Darbhanga House, this plant generates approx. 35000 units per month, which is consumed captively.

A. Impact on Power consumption

- a. CCL receives power through DVC & JBVNL for its areas through different Supply Points. During 2024-25, Power consumption of CCL stood at 645.74 million KWh (DVC- 620.84 MU & JBVNL 24.89 MU), while in 2023-24, power consumption by CCL stood at 672.64 KWh (DVC- 645.77 MU and JBVNL - 26.87 MU). Hence, there has been 4.16% decrease in energy consumption in 2024-25 in comparison to 2023-24.

- b. In 2024-25, CCL got a load factor rebate of ₹ 3.98 Crore & prompt payment rebate of ₹ 6.15 Crore, total ₹ 10.13 Crore for DVC supply points.

22. CONSUMER SATISFACTION

The efforts for better quality coal supplies reflected a positive jump as the grade conformity improved to 96% during FY 2024-25 from 89% over FY 2023-24 according to the sampling and analysis results received.

Fig (A): Coal Grade conformity of CCL for 2024-25 vis-à-vis 2023-24

All the consumers of CCL have the option for quality assessment of the supplies through independent third-party sampling agencies ensuring transparency in the system.

Keeping in view the prime objective of achieving coal consumer satisfaction, CCL has taken effective measures for supply of crushed & good quality coal to consumers. The measures taken are as below:

- CCL has a full-fledged Quality Management department with well-trained officials & staff at area level & headquarter.
- There are 12 well equipped laboratories along with adequate infrastructure for sampling & analysis of coal. There is a Central Coal Testing Laboratory at Quality Management Department of CCL having valid accreditation by National Accreditation Board for Testing and Calibration Laboratories (NABL) and remaining 11 (Eleven) coal testing laboratories are located at area of CCL. In year 2024-25, all 11 (Eleven) area coal testing laboratories are also accredited by National Accreditation Board for Testing and

Calibration Laboratories (NABL) for ISO/IEC 17025: 2017.

- In order to enhance consumer satisfaction and maintaining transparency, tripartite agreement for 3rd party sampling and analysis are being executed with agencies such as M/s. Quality Austria Central Asia P. Ltd, M/s. KCS Quality etc. as empanelled by Power Finance Corp. (PFC). M/s. Quality Council of India (QCI) is also carrying out 3rd party sampling and analysis at same rate as that of PFC empanelled agencies. For Non Power sector consumers, M/s. SunTech (an agency empanelled by CIL), is carrying out activities of 3rd party sampling and analysis of coal.
- Different programmes such as webinars on Coal Quality Management, workshops and trainings were organized for manpower engaged in quality management, production and despatch of coal. Manpower engaged in activities related to NABL accreditation and coal testing has been imparted a training at STQC – IIQM, Jaipur in 2024-25. Quality is a key aspect of our business and manpower deployed in Coal Quality Monitoring, production, despatches are sensitized so that coal of desired quality and size will be delivered to consumers.
- There is an effective grievance redressal system for consumer complaints. The grievances of consumers are inquired and corrective actions are taken effectively.
- For expeditious reconciliation of sampling and analysis results, online bill to bill reconciliation through a dedicated web portal has been adopted in CCL.
- Following Standard Operating Procedure (SOP) are adopted in 2024-25 :-
 - SOP for ensuring supply of (-) 100mm sized coal to the power sector consumers
 - SOP for maintaining quality/grade of despatched coal

SOPs are available on the official website of CCL. For active participation of consumers, feedback registers, complaint registers are maintained at railway sidings in CCL. Consumers are also encouraged for witnessing the loading of coal.

23. COAL CONDITIONING AND MONITORING CELL.

1. Benchmarking of Specific Diesel Consumption (SDC) of 27 Opencast Projects was done in coordination with CMPDIL; recommendations shared for implementation.
2. Total diesel consumption reduced to 47,867 KL in FY 2024-25 from 48,370 KL in FY 2023-24, showing a reduction of 503 KL. Achieved SDC: 1.32 ltr/cum, 0.92% better than benchmark.
3. Total power consumption in FY 2024-25 was 645.74 MKWH, compared to 672.64 MKWH in FY 2023-24 – a 4 % reduction.
4. Electrical audit & benchmarking of 5 high energy consuming mines done in coordination with CMPDIL for energy saving.
5. Awareness programs on energy conservation conducted by OMC across various CCL Areas.
6. Automation of 6 Diesel Dispensing Units (DDUs) completed in Ashoka, Purnadih & Rajrappa Projects. Balance DDUs to be automated in FY 2025-26.
7. Rajrappa selected as pilot project for Integrated Fuel Management System. Full automation of DDU, Bowser, and FLMS installation planned in the next FY.

24. ELECTRONICS & TELECOMMUNICATION

To improve efficiency and address the challenges of increased coal demand, Central Coalfields Limited (CCL) has significantly integrated **Electronics & Telecommunication (E&T), Information Technology (IT), and IT-enabled services** into its operations. This has optimized manpower, reduced manual intervention, and enabled real-time monitoring.

During 2024-25, the E&T Department successfully maintained several key IT-enabled solutions:

- i. **MPLS-VPN based Wide Area Network (WAN):** CCL operates across 14 areas and various centralized units. A dual-connectivity WAN, comprising primary (RailTel) and secondary (BSNL) MPLS-VPN networks, interconnects all 447 locations of operational importance. These networks provide high-speed bandwidth (ranging from 2 Mbps to 500 Mbps) for accessing ERP/SAP, e-office, video conferencing, and other LAN-based applications.

- ii. **Centralized Internet Leased Line (ILL) Facility and Local Area Network (LAN):** CCL has a centralized 1 Gbps ILL (with 128 public IP addresses) from both BSNL and RailTel, providing robust internet access for web applications, GPS/GPRS-RFID servers, and video conferencing. Additionally, a comprehensive LAN with 2,338 points has been established across all CCL Command Areas, including offices, stores, and repair shops, ensuring seamless connectivity.

- iii. **Networking Infrastructure for Hospital Management System (HMS):** Networking infrastructure devices have been installed and are fully operational at four central hospitals (Gandhinagar, Ramgarh, Dhori, and NK), enabling the implementation of HMS.

- iv. **Digital and Analog Communication Systems:** Digital walkie-talkies (100), transceivers (18), and repeater sets (4) are utilized for critical operations like blasting, security, and plant maintenance at Magadh & Amrapali projects. In addition to these analog walkie-talkies (747), VHF sets (60), and repeater stations (8) are also used in CCL.

- v. **Video Conferencing (VC) System:** A cloud-based VC system is functional across all CCL Command areas and CCL HQ. It facilitates meetings with the Ministry of Coal, CIL HQ, Area GMs, and other stakeholders, saving travel and lodging expenses. The system supports both internet and WAN connectivity, with provisions for connecting to CIL Kolkata and other public IP-based VC systems.

- vi. **CCTV Surveillance:** Approximately 1917 CCTV cameras have been strategically deployed across all CCL command areas, including stores, explosive magazines, entry/exit points, and weighbridges. This comprehensive system, mandated by the Ministry of Coal, significantly enhances security and combats theft and pilferage.

- vii. **Weighbridge Operations and Maintenance:** The E&T Department has managed the annual maintenance contracts (CAMC) for rail weighbridges, including software installation and upgrades for FOIS compliance. FOIS integration has been completed for 23 rail weighbridges, and weighbridge data transfer and integration with SAP have been successfully achieved.

In addition to the above, Central Coalfields Limited is

actively implementing several advanced technological systems to enhance its operational efficiency, security, and overall management. These initiatives underscore CCL's commitment to leveraging modern IT-enabled solutions for optimizing performance and addressing the evolving demands of the coal industry:

a) GPS/GPRS based Vehicle Tracking System and RFID with CCTV based Weighing Control and Monitoring System across CCL Command areas

CCL has initiated the implementation of an integrated Weighbridge Automation and Access Control System across 238 locations within the CCL Command Areas. The system is designed to manage, track and monitor access to weighbridges, check-posts, sidings, and other sensitive locations, ensuring seamless synergy between hardware and software components. It regulates authorized access, ensures correct tipper placement for accurate weighment, and enables vehicle tracking from mines to unloading points. The system supports real-time data integration across all operational points via a centralized cloud platform, facilitating automatic data transfer to the SAP server and minimizing manual data entries. This integrated approach offers a comprehensive overview of each vehicle's journey within the mining premises.

b) Implementation of Face and palm recognition based Biometric Attendance device in CCL:

CCL has procured 900 nos. of Contactless Biometric attendance Devices for implementation of Face and palm recognition based Biometric Attendance System in CCL. The Attendance System has been implemented across CCL and is running smoothly.

c) Implementation of Integrated Command and Control Centre in CCL:

The system is designed to enhance security and surveillance at vulnerable locations such as weighbridges, check-posts, sidings, coal stocks, and magazines by integrating IT-based hardware and software components. It enables real-time monitoring using AI-driven video analytics, allowing designated authorities to respond swiftly to incidents as per SOPs. Video feeds are processed locally through NV ₹ and VMS, and securely transmitted to a centralized cloud platform for storage, analysis, and alert generation. The system allows authorized users to access and

manage video data via web and mobile applications. Integration with systems like VTS-RFID and drones shall ensure a unified and intelligent approach to physical security management across the mining areas.

25. SAFETY

CCL continues to uphold its unwavering commitment to safety across all levels of operation. In 2024-25, CCL took significant strides towards its vision of "Zero Harm", integrating cutting-edge technology, targeted training, and a proactive workforce to strengthen mine safety and resilience.

Dynamic Safety Management System

Safety Management System at CCL has evolved into a proactive and adaptive framework, focusing on the continuous identification, assessment, and mitigation of hazards. Key components include:

- Safety Management Plans (SMPs) including Principal Hazard Management Plans (PHMPs)
- Standard Operating Procedures (SOPs)/Codes of Practice (COPs), Standing Orders, and periodic mock drills through the Emergency Response and Evacuation Plan (EREP)
- Safety audits conducted by SHMS-trained executives across all 38 mines, with Action Taken Reports (AT ₹) uploaded to the National Coal Mines Safety Portal of Ministry of Coal
- Senior leadership remains actively engaged through periodic reviews and on-ground inspections, reinforcing a top-down culture of safety.
- Through ICAM-based root cause analysis, corrective measures are promptly implemented following each incident. This ensures that safety learnings are embedded cross operations, transforming every incident into a lesson and reinforcing a proactive approach to risk mitigation.

Training & Capacity Building

CCL recognizes that safety begins with people. In 2024-25, a record number of employees and contract workers were trained through diverse programs:

- Over 7,000 departmental and contractual workers received basic, refresher, and special training

- 164 HEMM operators trained using advanced multi-dimensional simulators
- 43 Electrical Engineers trained in electrical safety at NPTI Neyveli and IIT(ISM), Dhanbad
- 113 employees trained in CPR using digital mannequins
- 90 electrical personnel trained in First Aid and Firefighting
- 19 executives trained in SHMS Auditing at IIT(ISM) Dhanbad
- 74 executives, including frontline supervisors, were imparted specialized training on HEMM safety in 2024-25, conducted by Original Equipment Manufacturers (OEMs).

Training was further enriched through many workshops conducted by DGMS, and domain specialists. Looking ahead, Augmented Reality (AR) and Virtual Reality (VR) based immersive safety training modules are being introduced.

Smart Technologies for Safer Mines

CCL is at the forefront of leveraging technologies and automation for safety enhancement. Some key initiatives include:

- Integrated Command & Control Centre (ICCC) equipped with AI analytics, CCTV, GPS, RFID, and drone surveillance
- Proximity Warning Systems, 360° cameras, and anti-collision devices installed in HEMMs
- ETMS (Environment Tele-monitoring System) deployed at Churi UG mine for continuous gas monitoring on 20.01.2025
- Free Steered Vehicle (FSV) commissioned for man-riding at Churi UG mine 04.01.2025
- AI-enabled fire detection and automated suppression systems under implementation
- Drone-based surveillance for both security and safety inspections is under implementation
- Ripper Miner and Highwall Mining technology adopted for safer excavation
- Surface miners and continuous miners are enabling

blast-free coal extraction, contributing to safer and more sustainable mining operations.

- First-Mile Connectivity projects to eliminate road transportation of coal through covered conveyor belts, rapid loading systems, and silos for direct rail dispatch to reduce dust pollution, and enhanced safety by minimizing risks associated with heavy vehicle movement.
- Electronic detonators for improving precision and control in blasting
- Advanced slope monitoring systems to enhance the monitoring of dump and slope stability

CCL has also taken significant strides in digitalization to improve safety, efficiency, and transparency. Some of the key initiatives include:

➤ Employment Management:

- The Hospital Management System (HMS) is used to digitally record medical examinations of employees. IME/PME records are in the process of being included in the HMS.
- Employee registers are being digitized, including training records.
- Biometric attendance systems are in place, with employee salaries linked to attendance, ensuring discipline and accountability.

➤ Machinery Deployment and Operation:

- All HEMMs are logged in SAP with a unique Machinery Reference Number (MRN) for easy identification and traceability.
- Digital tracking systems are in place for monitoring machinery deployment, maintenance, and operational records.
- GPS-based vehicle tracking systems monitor real-time movement of transport machinery and generate alerts upon deviation from designated routes, significantly improving operational safety.

➤ Comprehensive Digital Systems:

- Statutory mine plans, sections, and records have been digitized in most of the mines.
- Procurement activities are fully integrated through SAP systems.

- Production, overburden removal, and coal off-take data are maintained digitally through the ERP platform, allowing seamless and real-time monitoring of operational safety metrics.

Contractor Safety: An Equal Priority

Safety practices extend uniformly to the contractual workforce through:

- IME/PME coverage
- Dedicated training and regular safety talks including tool-box safety talks
- Strict enforcement of Transport Rules, including separate roads for LMVs
- Awareness campaigns like Roko-Toko Abhiyaan, Nukkad Natak, and initiatives such as Personal Safety Counselling and Family Counselling to enhance safety awareness and foster a strong safety culture among workers and their families

Recognitions & National Impact

CCL's safety-first approach continues to gain national recognition:

➤ Mine Safety Awards 2024

- Sayal D OC – 1st Prize, Small Opencast Mine Category
- Ashok OC – 2nd Prize, Medium Opencast Mine Category

➤ 53rd All India Mines Rescue Competition

- 1st Prize – Overall Statutory (Coal)
 - 2nd Prize – Overall Fresh Air Base (Coal)
 - 5th Prize – Overall Rescue & Recovery (Coal)
- India's first-ever 14-day Mine Rescue Training for NDRF was successfully hosted by CCL at Mine Rescue Station, Ramgarh, significantly enhancing national preparedness for underground emergencies.

The Road Ahead: Safe, Smart, and Sustainable

At CCL, safety is more than a compliance measure—it is a core value. As we transition towards automation and sustainable mining, we remain steadfast in our belief:

"A safe mine is a productive mine—and every life matters."

Accident statistics:

Particular	April'23-Mar'24	April'24-Mar'25
Fatal Accident	4	4
Fatalities	4	4
Serious Accident	0	2
Serious Injuries	0	2
Fatality Rate per Million CuM (OB+Coal) (UG+OCP)	0.02	0.02
Fatality Rate per 3 lakh man shift Overall	0.17	0.18
Serious Injury Rate per million Cum	0	0.01
Serious Injuries Rate per 3 Lakh man-shift	0	0.09

Statutory manpower of CCL:

Status of statutory manpower as on 01.04.2025:

Overman			Mining Sardar			Electrical Supervisor			Surveyor

26.2 SC/ST/OBC/PwBD Representation:

The Presidential Directives with respect to Manpower for Schedule Castes/ Scheduled Tribes/ OBCs have been implemented in CCL. The representation of SC/ST/OBC employees in total manpower of CCL and contractual workers in the last 03 years is given below:

Permanent employees:

As on	Total Manpower	Scheduled Castes		Scheduled Tribes		OBCs		PwBD	
		Nos.	Percentage	Nos.	Percentage	Nos.	Percentage	Nos.	Percentage
01.01.2023	35239	7043	19.98%	5857	16.62%	9069	25.73%	75	0.21%
01.01.2024	34230	6711	19.60%	5640	16.47%	8838	25.81%	72	0.21%
01.01.2025	33420	5552	16.61%	5852	17.51%	6337	18.96%	79	0.23%

Contractors' workers:

As on	Total Manpower	Scheduled Castes		Scheduled Tribes		OBCs	
		Nos.	Percentage	Nos.	Percentage	Nos.	Percentage
01.01.2023	7394	958	12.95%	1637	22.13%	1500	20.28%
01.01.2024	7592	1452	19.12%	1889	24.88%	1961	25.23%
01.01.2025	5884	1230	20.90%	1292	21.95%	1431	24.32%

The total number of SC/ST/OBC employees recruited in various posts in the last 03 years is given below:

Financial Year	Total Recruitments done	Scheduled Castes		Scheduled Tribes		OBCs	
		Nos.	Percentage	Nos.	Percentage	Nos.	Percentage
FY 22-23	7	NIL	NIL	5	71.42%	NIL	NIL
FY 23-24	174	54	31.03%	105	60.34%	15	8.62%
FY 24-25	1*	1*	31.42%*	NIL	NIL	NIL	NIL

* This recruitment is done in continuation of recruitment done for FY 23-24 w.r.t. the same employment notice.

26.3 Recruitment Department

1. A Special Recruitment Drive was held against which 192 offers of appointment had already been made in FY 23-24. In continuation to this, one offer of appointment for the post of Assistant Foreman (Electrical) was made in FY 24-25.
2. To meet the requirement of medical executives in the company, vacancies were advertised for the posts of Sr. Medical Specialist (E4)/ Medical Specialist (E3), Sr. Medical Officer (E3) and Sr. Medical Officer (Dental) (E3). 326 nos. of candidates were called for interview and 159 nos. of candidates were recommended.

27. HUMAN RESOURCE DEVELOPMENT

Training and Development plays a crucial role in the development of coal industry which is committed to cater to the ever increasing energy demand of the nation. The HRD department, CCL is an established learning platform primarily focused to skilling, up-skill & re-skilling of the employees of CCL for their all-round development. It is continuously thriving on multiple initiatives to build the architecture integral to the development of the Company by infusing professional competence, adaptability to change, increased productivity and efficiency for its employees. This is done through cross functional collaboration and well-structured Training and Development Modules embracing the technical, functional, managerial and behavioral facets of training.

This report serves as a comprehensive overview of our organization's commitment to enhancing skills, knowledge and capabilities through systematic training initiatives and its execution during 2024-25. As we delve into the details of this report, it will give valuable insights into the various facets of training programs conducted at CCL.

MANAGEMENT TRAINING CENTRE (MTC), RANCHI:

The MTC, Ranchi is the flagship in- house training facility of CCL HRD department. It facilitates different types of training and development activities round the year

through series of tailor-made training and development programs for its employees based on the Training Need Analysis (TNA) of the user departments. . The training programs are broadly categorized into managerial, technical, functional and behavioral aspects of training. For up-skilling and up-gradation of our employees in different professional aspects of different department

and discipline, altogether 71 (Seventy-One) no of training program has been organized by HRD Dept at MTC, CCL during FY 2024-25.

These programs trained imparted training to 2,422 nos of the participants, 128 training days involving 768 training hours.

Quarter wise details of training program of MTC, HRD (HQ) for the F.Y. 2024-25 has been tabulated below,

SI No	Quarter	Total nos. of Training Programs	Training days	Training Hours	Total no's of Participants in each month
1	Q1 Apr- Jun 2024	15	26	156	481
2	Q2 Jul- Sep 2024	25	46	276	829
3	Q3 Oct-Dec 2024	16	29	174	606
4	Q4 Jan-Mar 2025	15	27	162	506
	Total	71	128	768	2422

Table 1: Quarter wise details of Training Program at MTC, HRD, CCL (HQ)

Table 2: Month wise details of Training Program at MTC, HRD, CCL (HQ)

SI No	Program Category	Nos of Training Programs	Participants	Training days	Training Hours
1	Technical	17	508	138	828
2	Functional	11	345	49	294
3	Managerial	31	1156	20	120
4	Behavioral	12	413	12	72
	Total	71	2422	128	768

Table 3: Program category wise training conducted at MTC, HRD, CCL

FACULTY POOL:

The training and development activities are conducted through renowned and experienced faculty pool. The unique nature of coal industry coupled with challenges make the role of trainers even more crucial. HRD, CCL is making all efforts to blend internal and external. Resources to facilitate a structured knowledge transfer process to ensure that the accumulated expertise of our retired faculty members is seamlessly transmitted to maintain the continuity of institutional knowledge.

Internal Faculty		External Faculty	Total Faculty
Existing employee	Retired employee		
54	16	08	78

EXTERNAL TRAINING THROUGH INSTITUTIONS:

The executives of different grades and disciplines of CCL are nominated round the year through the user departments for attending need-based short term training courses organized by the institutions of national repute. The trainings / Workshops/ seminars are based on various topics touching the managerial, technical and functional to behavioral aspects of training. The details of training imparted to CCL employees through external training during 2024-25 is as follows:

Category	Training imparted	Strength	% to whom training imparted
Executive	660	2171*	31.86%

*As per subsidiary-wise manpower report details given on CIL website.

TRAINING THROUGH INDIAN INSTITUTE OF COAL MANAGEMENT (IICM)

The IICM, Ranchi is recognized as the Centre of Excellence of CIL which imparts training and development in house to the executives of all the subsidiaries through its well-structured training calendar and special courses in collaboration with institutions of repute from time to time. The details of training imparted to CCL executives through IICM during 2024-25 is as follows:

Category	Training Imparted	Strength	% to whom training imparted
Executive	610	2071*	29.45%

*As per subsidiary-wise manpower report details given on CIL website.

CENTRAL EXCAVATION TRAINING INSTITUTE (CETI), BARKAKANA:

The CETI is the premier training institution and basic training provider of the region which has technical expertise to impart basic excavation training to CCL employees for HEMM operators on both theoretical and on-the job training. It has two multi- dimensional simulators with three consoles of BEML make 100 T Dumper, HEC make 5 cu.m electric rope shovel, BEML make 410 HP Crawler D 355 Dozer for imparting simulated training for HEMMs, which is operative since Jan 2023.

During 2024-25, CETI imparted excavation training to CCL employees and developed them as highly skilled HEMM operators ready for deployment in projects of CCL. The relevant details of training imparted through CETI, Barkakana during 2024-25 is as under:

Training on simulators:

Course	Dumper	Dozer	Shovel	Total
Basic	21	12	20	53
Refresher	44	25	42	111
Total	65	37	62	164

Total Basic Operator Training Courses:

Dumper	Shovel	Dozer	Drill	Pay loader	Crane	Grader	Total
21	20	12	03	01	02	01	60

O.E.M. Training:

Sl no	Training Provider	No of Participants
1	TATA Hitachi on Isuzu- 6WGI-XQA (Engine)	36
2	HD465- 7EO	14
3	Cummins Engine model QST30C	11
4	Operational Part of Safety feature by M/S BEML	75
5	Maintenance, Repair and Troubleshooting of TIL Crane	85
Total 6		221

Basic Training Provider -

- (i) Mechanic Earth Moving Machinery- 02.
- (ii) Welder Gas & Electric- 01
- (iii) Mechanical repairs and maintenance of vehicles- 02.

BHURKUNDA TECHNICAL TRAINING INSTITUTE, BHURKUNDA (BTIT)

BTIT, Bhurkunda is the premier Technical Training Institute of the Region. It is also recognised as Basic Training Provider under the Apprentices Act, 1961 which imparts technical training as ITI courses in various trades to Project Affected People (PAPs).

Presently, ITI training is being imparted in electrician

trade and the efforts are being made by the Institute for introduction of other ITI trades like turner, machinist, lathe, wireman etc. in future. During 2024-25, BTTI has been imparted training to persons besides conducting other programs. The details of training imparted through BTTI, Bhurkunda during 2024-25 is as under:

Category	Training imparted
ITI Electricals	39
Shot-firer, Wireman, Surveyor & Switch Board Attendant (SBA).	17
Various Skill Development Courses (SDP)	415
Total	471

Exhibition on Technology Regarding Energy Conservation at BTTI, Bhurkunda

An exhibition on Technology and Energy Conservation was successfully organized at BTTI for the batches of 2023-25 and 2024-26. The event showcased the creativity and awareness of students towards sustainable development and energy-efficient solutions. A total of 27 innovative models were displayed by the students, each reflecting novel ideas and practical approaches to energy conservation.

APPRENTICESHIP TRAINING UNDER THE APPRENTICES ACT, 1961 & APPRENTICESHIP RULES 1992:

As per The Apprentices Act, 1961 makes it obligatory for establishments employing more than 30 manpower to provide apprenticeship training to apprentices. The same is regulated under the following two Schemes:

- (i) National Apprenticeship Promotion Scheme (NAPS) and for diploma/ degree
- (ii) National Apprenticeship Training Scheme (NATS) for ITI pass outs, graduates/ diploma holders, those pursuing graduation/ diploma and fresh apprentices

Objectives: Various objectives of the schemes are cited below,

- a) Skill Development
- b) Workplace Integration
- c) Industry-Relevant Training
- d) Employability Enhancement
- e) Industry Collaboration

In essence, the apprenticeship program strives to create a win-win scenario by nurturing the budding talents of individuals and addressing the skill requirements of coal industries, contributing to the overall socio-economic development by building a highly skilled and adaptable workforce.

The aforesaid apprenticeship schemes are aimed to enhance skill development through bridging the gap between theoretical and practical knowledge by providing hands-on-training to apprentices in industries to acquire valuable work experience to increase their opportunities for employment. CCL has successfully implemented the schemes since 2018-19 and engaged more than 8000 nos of apprentices over a period of five years embracing 25 trades including medical, finance and engineering.

CCL has 04 nos of registered Basic Training Provider (BTP) with Ministry of Skill Development & Entrepreneurship (MSDE),

1. Gandhinagar Hospital - Medical Trades
2. MTC HRD, CCL - Computer Science Engineering
3. BTTI, Bhurkunda - Mining & Electrical Engineering
4. CETI, Barkakana - Mechanical Engineering

The achievement of HRD department in apprenticeship training during 24- 25 is as follows:

Apprenticeship Engagement in FY 2024-25:

Schemes	Annual Target	Achieved	Percentage Achievement	Regulating Body
NAPS	543	543	100 %	Ministry of Skill Development and Entrepreneurship (MSDE)
NATS	637	637	100 %	Ministry of Education
Total	1180	1180	100%	

GROUP VOCATIONAL TRAINING CENTERS (GVTC):

The GVTC are the nodal centers at the Project/ Area level for providing basic, refresher and special training on safety in mines, security, occupational hazards, Mines Act & Rules etc to the company employee and contractual workers. The GVTC at Argada, Barka-Sayal, NK and Kathara Area are recognized and authorized agencies to operate gas chambers to confer Gas Testing Certificate duly recognized by Directorate General of Mines Safety (DGMS).

CAPACITY BUILDING TRAININGS:

Training and capacity building is the foundation stone for continuous improvement to which HRD department, if CCL is committed. On the directions of the Central Vigilance Commission (CVC), New Delhi and CVO, CCL, several capacity building programs have been organized by HRD Department for dissemination of information and training of field level officers regarding the latest rules, regulations, guidelines, manual and standard operating procedures (SOPs) issued by the Company.

A drive has been taken up for organizing special training of all stake holders for implementation of the SOPs to make them aware of the standardized procedures to maintain a transparent process where scope for corruption is minimal and reducing deviation and mistakes to the minimum. The capacity building programs are organized at multiple levels right from CCL Hqrs to Areas and Project levels regularly.

During 2024-25, various training programs focused on capacity building was organized by HRD Department in which employees were benefitted. The details are as under:

No of Capacity Building Program	16
Area in Which Training Provided	Mining Contracts/ Civil Contracts/ Procurements (02)/ Latest Guidelines on Low Value Tenders/ IT Initiatives/ Ethics & Governance/ Mining/ Conduct Rules/ Cyber Hygiene & Security (02)/ System & Procedure/ MSME/ Personnel/ Advance MS Excel/ Finance (02)
No of Participants	598

INTERNSHIP TO WARDS OF CCL EMPLOYEES AND STUDENTS UNDERGOING PROFESSIONAL COURSES:

CCL, as a part of its social obligation, has been extending internship facilities to wards of CCL employees undergoing professional courses as also to local students of educational institutions and stake holders for their practical exposure to diverse fields free of cost since long. During the year 2024-25, internship training has been offered to the students which has proved to be beneficial to them for pursuing their future career and prospects. The relevant details of internship / on-the-job training imparted by CCL during 2023-24 is as under:

Department	No. of students
System	243
Finance	280
P & IR	186
Mines	571
Others (Legal, CSR, Civil, PRO, Medical etc)	638
Total	1917

SPECIAL ACHIEVEMENTS DURING THE YEAR 2024-25:

Some of the special achievements of HRD department during the year 2024- 25 are as follows:

1. Mapping of training programs in the category of Managerial, Functional, Behavioral and Technical for each executive as per L&D Policy of CIL.
2. Organizing three tier capacity building programs at projects, areas and Hqrs level Initiation of training programs on capacity building on direction of the Central Vigilance Commission on various topics and latest rules, regulations, guidelines, manuals and Standard Operating Procedures framed by different departments to implement the decision taken in the Quarterly review Meeting of Secretary (Coal) with CVOs of CIL and its subsidiaries held on 30.08.23 at New Delhi on training and capacity building.
3. **Implementation Integrated Government Online Training (i-GOT) Karmayogi** scheme in CCL is aimed at the continuous knowledge upgradation of employees through a variety of online courses offered by reputable agencies in Government's i-GOT portal. This initiative seeks to enhance the skill sets

of employees, ensuring their capacity to meet the evolving challenges of public service. The details regarding the I GOT Karmayogi implementation in CCL is as below (as on 31st March 2025),

- a) Total numbers of employee registered: 4421
- b) Total numbers of courses completed: 28983
- c) Total numbers of courses in-progress: 5259
- d) Total no of employees completed Know Your Ministry- Ministry of Coal: 878

4. PM Internship Scheme: The PM Internship Scheme is a strategic initiative aimed at providing valuable internship opportunities for students from aspirational and other districts. The goal is to offer hands-on training, enhancing students' skills and providing them exposure to the workings of government institutions. The details of PM Internship Scheme implementation in CCL is as below for the period ended on 31st March 2025.

- a) Internship Opportunities: A total of 358 internship opportunities have been offered.
- b) Acceptance of Offers: Out of the 358 opportunities offered, 180 candidates have accepted the internship offers. Remaining candidates has not responded till date against the offer.

Payment of Monthly Stipend: Monthly stipend paid for the month of Dec'24 (66 Intern), January' 25 (70 Intern) and Feburary'25 (66 interns). Payment process are in progress for the month of March' 25 (66 interns).

INITIATIVES FOR FUTURE:

In the year 2025-26, the following initiatives are planned:

- a. Conducting training on managerial, functional, behavioral and technical as per L&D policy by MTC round the year according to annual training calendar.
- b. For the year 2025-26, plans are in place to further expand the registration process for eligible non-executive employees on the iGOT (Integrated Government Online Training) portal. The goal is to ensure that all eligible non-executives gain access to a wide array of relevant and beneficial online courses, enhancing their skills through digital learning methods.

- c. In 2025-26, the smooth induction of PMIS into CCL will be a key focus. The induction process will be carried out across different command areas, ensuring that interns are effectively integrated into the organization and provided with meaningful industrial exposure.

28. WELFARE

It has always focused on holistic development that includes both production and welfare. It has adopted a multi-disciplinary approach for welfare incorporating health, family welfare, sports, education, drinking water and sanitation.

The welfare department is always in its positive way to undertake its allotted works in high skills and also in action to endeavour various activities to promote the well beings of the employees of the company.

Objectives:

- To provide better life and health.
- To make the employees happy and satisfied.
- To improve intellectual, cultural and material conditions of living of the people.

Compliance of the Maternity Benefit Act:

The Company remains committed to fostering a workplace that is supportive, inclusive, and compliant with all applicable statutory requirements. In accordance with the provisions of the Maternity Benefit Act, 1961, as amended, the Company has implemented and continues to maintain a robust framework that ensures the well-being of its women employees during and after maternity.

During the financial year 2024-25, the Company extended maternity benefits to eligible employees like paid maternity and paternity leave and other statutory entitlements. The Company reaffirms its commitment to safeguarding the rights and dignity of its women employees and providing a conducive environment for their professional and personal growth.

Highlights during FY 2024-25

- The 3rd edition of Coal India Ranchi Marathon, 2025 was organized by CCL on 09/02/2025 at Ranchi. More than 10,000 participants took part in this mega event. The Coal India Ranchi Marathon, 2025 was registered with Indian Athletics (formally AFI) and the route is

certified by Association of International Marathons and Distance Races (AIMS). The prize category for winners have been increased from top 7 to top 10 in each category. Overall ₹ 38.10 lakhs prize money was awarded amongst 10 top finishers each in male and female categories of Full Marathon, Half Marathon and 10 KM run. M.C Mary Kom, Indian Olympic Boxer appeared as the event ambassador.

- Swachhata hi Sewa campaign was organized by each and every unit of CCL successfully. During this campaign unique initiatives like Aadhar camp, Medical Camp, Ek Ped Maa ke Naam, promotion of waste to art event was organized. Aadhar camp facilitated our Safai Mitras along with others in getting their personal details updated in the office itself. Medical camp organized in the nearby vegetable market made the vendors aware about their physical fitness.

- Theatrical production 'Rashmirathi' play based on the Mahabharata was hosted wherein Swachhata importance was highlighted through the Karnas character.
- CIL Inter Company Volleyball Tournament was organized wherein all the subsidiaries and SECL participated. The tournament was organized on league cum knockout basis in which NCL, MCL, ECL, SECL qualified for semi final. NCL and MCL defeated their

rivals in the semifinal and qualified for the finals where MCL defeated NCL by 3-1 and won the prestigious Coal India trophy.

- 850 sets of ODYSSEY SAIL Utensil sets amounting to ₹ 62.32 Lakhs have been distributed amongst superannuated Central Coalfields Employees Benevolent Society (CCEBFS) members and ₹ 317.95 Lakhs were disbursed as relief after death during the year 2024-2025.
- Inter Area Sports and Cultural Meet were organized at Ranchi and in different Areas of CCL as per the calendar.
- Tuition fee and Hostel charges for 40 wards of the Wage Board employees of CCL have been disbursed during 2024-2025.
- Samman Samaroh for the month from April 2024 to March 2025 were conducted successfully in Hqrs along with each and every area wherein superannuating employees were felicitated.
- Payment of total grant amounting to ₹ 4,24,34,436 was released to Kendriya Vidyalaya, Rajendra Nagar, ₹ 6,85,37,649 was released to fully sponsored DAV schools and ₹ 75,63,000 was released as grant-in-aid to Privately Managed Schools for the year 2024-2025.
- CCL secured 2nd position in CIL Inter Company Athletic Championship also ended up with satisfactory performance in CIL Inter Company Powerlifting & Body building championship.
- Summer camp for volleyball and cricket was organized from 28.05.2024 to 10.06.2024 at Gandhi Nagar ground wherein more than 150 wards of our employees and nearby residence participated with full enthusiasm.
- The International Women's Day on theme "Accelerate Action" was organized with full enthusiasm in which 400 no. of female employees from all the areas participated. Lady Tarzan of Jharkhand, Padmashree Ms. Charmi Murmu, the environmentalist was the Chief Guest and Ms. Kiran Kumari Passi, I.A.S, Director, Social Welfare and Animal Husbandry was the Guest of Honor. The programme witnessed the traditional cultural dance 'Chhau Nritya'. The best female employees of each area were felicitated for their exemplary work and performance in non-conventional jobs.

- The CCL Hockey Team emerged as runner-up in the CIL Intercompany hockey tournament organized by NCL.
- A total of ₹ 2120640 was disbursed amongst 220 nos. of eligible children including 2 children for Merit scholarship towards PRERNA- The Coal India Scholarship Scheme.
- A total of ₹ 12.55 Lakhs was disbursed amongst 144 nos. of eligible children towards CCEBFS Scholarship.

29. Corporate Social Responsibility

Jharkhand, located in eastern India, is known for its scenic landscapes, rich biodiversity, and significant mineral wealth, especially coal. Central Coalfields Limited (CCL), a Mini-Ratna subsidiary of Coal India Limited, is the leading coal producer in the state and a major contributor to its economy. Committed to inclusive development, CCL works to uplift communities in its operational areas while fulfilling national energy needs.

CCL operates in eight Aspirational Districts of Jharkhand—Ranchi, Ramgarh, Chatra, Latehar, Palamu, Giridih, Hazaribagh, and Bokaro—where many residents belong to underprivileged communities. Its CSR initiatives are guided by the CCL CSR Policy, the Companies Act 2013, the Companies (CSR) Rules 2014, and directives from DPE, NITI Aayog, and other government bodies. The policy mandates a minimum CSR spend of 2% of the average net profit of the previous three financial years or ₹ 2 per tonne of coal produced, whichever is higher.

Considering 2% of ANP (₹ 70.43 Crore) and setting-off of excess expenditure of last financial year (₹ 8.95 Crore) and including interest earned in the financial year, mandated CSR Target in 2024-25 was ₹ 62.26 Crore.

As per CSR Policy, around 80% of CSR expenditure is targeted to be within 25 kms of operational units of CCL and the rest 20% in other parts of Jharkhand.

As per DPE guidelines for CPSEs, Aspirational Districts are to be assigned priority and around 60% of CSR expenditure is to be done on annual theme decided by DPE; which is 'Health and Nutrition' and PM Internship Scheme for the year 2024-25.

In the FY 2024-25 the total CSR expenditure is ₹ 81.11 Crore.

Out of ₹ 81.11 Crore of CSR expenditure in the FY 2024-25,

expenditure towards the annual theme amounts to ₹ 25.60 Crore.

Sector-wise Spending on CSR activities in FY 2024-25 are as follows:

Sector	Expenditure (In Crore)
Nutrition, Health and Sanitation	24.42
Education and Livelihood	37.71
Empowerment, Welfare and Social Inclusion	1.66
Environmental Sustainability, Animal Welfare	2.92
Promotion of Art & Culture and Conservation of National Heritage	0.06
Promotion of Sports	5.67
Contribution to Incubators, research institutions	0.05
Rural Development	4.88
Others	3.79
Total	81.11

Sector wise brief of important CSR initiatives undertaken by CCL in 2024-25 is as follows:

29.1 Health & Nutrition

The major projects taken up by CCL in this sector are stated as below:

29.1.1 Centralized Kitchen, Ramgarh

A **Centralised** Kitchen is being established in partnership with the Akshaya Patra Foundation to provide 50,000 mid-day meals daily to government school students in Ramgarh district. The kitchen infrastructure is in advance stage of completion, with a construction cost of ₹ 15.09 Crore. Additionally, a gap funding of ₹ 7 Crore has been allocated to support its operations during the first year.

Proposed Centralized Kitchen at Ramgarh

Main building under Construction

29.1.2 Nikshay Mitra- to end Tuberculosis

As part of the Prime Minister's TB Mukh Bharat Abhiyan, CCL has taken on the role of a **Nikshay Mitra** to support all tuberculosis patients in the Latehar and Chatra districts for a period of two years. With a total project cost of ₹ 2.90 Crore, the initiative aims to benefit 5,140 individuals by providing monthly nutrition baskets along with conducting awareness and outreach activities.

Poshan Kit distribution

29.1.3. Modular OT in Govt. Medical College, Hazaribagh

CCL has established a **modular operation theatre** at the Government Medical College in Hazaribagh district, with project cost of ₹ 2.21 Crore. Over 2,000 patients shall be benefitted annually through safe surgical procedures, particularly benefiting underprivileged sections of the community.

OT developed with CSR support of CCL

Successful operations at Modular OT performed

29.1.4 Running of CSR Dispensaries, Regular and Specialized Health Camps

CCL is providing healthcare to villagers of command areas through Jan Arogya Kendra located in its Central Hospital at Ranchi, CSR Dispensaries in Company Hospitals

Health camps at CCL Command Areas

at Operational Areas. Reaching out to them, company organizes health camps in villages and schools throughout the year. In the FY 2024-25, a total of 636 camps were organized benefitting 237126 persons.

Multi-specialty Mega health camp, disease specific camps (Detection of diabetes, Anaemia, Hypertension), cataract Surgery camps are also organized. The patients needing higher treatment are referred to Central Hospital of Company and treated free of cost.

Apart from the above, a mega health camp been organized by CCL at Dumma, Deoghar (Beneficiaries no.) to address the healthcare needs of pilgrims and villagers during Saawan.

29.1.5 Support for Destitute Women - Infrastructure Development at Shantisadan, Ormanjhi, Ranchi

In a significant step toward social welfare and women's rehabilitation, CCL funded the construction of essential infrastructure including a ward/dormitory, hall, and sisters' duty room at *Shantisadan* in Ormanjhi, Ranchi. The ₹85

Ward/Dormitory and hall

lakh project was inaugurated on 7th March 2025 and directly benefits 40 destitute women by providing them with a safe and dignified living environment. This initiative addresses the critical need for shelter and care facilities for marginalized women and reflects CCL's deep commitment to inclusive community development.

29.1.6 Multi Activity Centre for Elderly (MACE) in co-ordination with District Administration, hazaribagh

CCL is supporting the Multi Activity Centre for Elderly (MACE) in Hazaribagh through SAMARTH Community Forum at a cost of ₹61.20 lakh over 2 years. Covering 1,000 elderly annually, the centre offers wellness, engagement, learning, and nutrition services across four blocks, enhancing senior citizens' quality of life.

Health check-ups of elderly at MACE Centre, Hazaribagh

Spiritual sessions for elderly at MACE Centre, Hazaribagh

29.1.7 Combating Malnutrition through Community Nutrition Drive in Ramgarh

Under this initiative, CCL will distribute 2,400 Poshan Kits to 1,200 rural households (twice in a month's gap) in Patratu block, Ramgarh through Youth of India Foundation, targeting pregnant women, lactating mothers, and undernourished children in first phase. The ₹ 1.12 Crore initiative includes nutrition-rich kits, health screenings,

nutrition camps and awareness drives to address anemia, stunted growth, and maternal health.

Poshan kits distribution among beneficiaries

29.1.8 Running a malnutrition van for SAM and MAM children

CCL along with Rajkumari Foundation is running a mobile malnutrition van for malnourished children in and around villages of Ranchi. The van is being used as door step service for diagnosing malnutrition among children of age

Measurement of malnourished children

below 5 years. The goal is to provide nutritional meal to 720 Children diagnosed with malnutrition (60 unique children every month for 12 months, each child to get 15 days of feed. Besides kids, Ration Kis are also provided to parents of identified SAM children (2 packets per month for 60 beneficiary households for 12 months). This initiative shows CCL's commitment towards combating malnutrition.

29.2. Education

In line with its commitment to fostering a strong foundation for future generations, CCL has placed significant emphasis on enhancing access to quality education for students residing in its command areas. The key initiatives undertaken by CCL under its CSR framework to promote education are as follows:

29.2.1. Establishment of 5000-Seater State Library at Ranchi

CCL, in collaboration with the Department of Education, Government of Jharkhand, is developing a 5000-seater state library at Ranchi University with a project cost of ₹ 65.25 Crore. Designed to support study, research, and competitive exam preparation, the library will feature reading halls, e-resources, conference rooms, and a meditation centre. Spread over six floors, the facility incorporates green-certified infrastructure and public amenities. Currently 30% complete, it is targeted for completion by August 2025 and aspires to become a leading knowledge and learning centre for students across Jharkhand.

Visual representation

State Library under Construction

29.2.2. Project Digital Vidya- Smart Classrooms

Through EdCIL, 193 government schools across 8 districts in Jharkhand have been provided with **one smart classroom and a computer lab** equipped with 10 computers, along with necessary furniture such as chairs and tables. The project, implemented at a cost of ₹ 26.13 Crore, includes a three-year Annual Maintenance Contract (AMC) for all installed devices.

ICT lab installed at Govt. School Chanho, Ranchi

Smart Classroom at Govt. School, Chanho, Ranchi

29.2.3. CCL Ke Lal & CCL Ki Laadli

Since 2012, CCL's flagship educational initiative has supported talented students from underprivileged backgrounds by offering free residential +2 schooling and engineering entrance coaching by IITian officers. Each year, 40 meritorious students (20 girls and 20 boys) are selected. Many alumni have secured placements in leading corporates, inspiring others from rural communities.

Result of 2024-26 Batch: Out of a total of 40 students, 4 secured 90% and above, 10 students scored 80% and above, and another 10 students achieved 70% and above in their examinations. In terms of engineering entrance results, 2 students from the 2021-2023 batch, 17 students from the 2022-2024 batch, and 9 students from the 2023-2025 batch qualified for JEE Mains. Among these, 4 students successfully cleared the JEE Advanced examination.

Students of CCL KE LAL & CCL KI LAADLI with the faculty of the scheme

29.2.4. Provision of bus for school children living in remote locations

Under CSR of CCL, a 59-seater bus has been procured by Vidya Vikas Samiti for school going children of Aditya Prakash Jalan Saraswati Vidya Mandir, Nagdi living in far locations. Similarly, a 36 seater bus has been procured by Sewa Bharti for students of Shishu Vidya Mandir Johna. These vehicles will help students, primarily belonging to marginalized communities, residing in rural areas to have easy access to school education.

29.2.5. Intergenerational learning (IGL) programme – a complementary educational delivery mechanism & promotion of health for the children through senior citizens

To create an affordable and accessible complementary educational delivery model for students aged 10-16 years with weak class performance or dropped out, senior citizens are being engaged in teaching them after their normal classes. Learning centers are being run at existing public building/community center/panchayat bhawan,

Classes undertaken by senior citizen

covering the drop-out children of the locality (2 hours classes, 3 days in a week) in Ranchi. Funded by CCL and implemented by Healthy Ageing India, this project has been helping in promotion of intergenerational learning among students as well as creating opportunities for healthy ageing of senior citizens.

29.2.6. Other major initiatives under Education sector

- **Educational Sponsorship for Vulnerable Children:** Financial and institutional assistance has been provided to orphaned and economically disadvantaged students to facilitate their residential education in nearby English-medium schools.
- **Infrastructure Development in Schools:** CCL has extended support to schools within its command areas by constructing essential facilities such as classrooms, boundary walls, and providing access to clean drinking water, desks, and benches to create a conducive learning environment.
- **Academic Support Materials:** To promote continued learning, students have been supplied with essential educational materials, including textbooks, school bags, stationery, uniforms, and coverage of school fees.
- **Transportation Facilities for Rural Students:** School buses have been hired to ensure safe and regular transportation for students from remote and rural areas to their respective schools.
- **Classrooms and Community Libraries:** New classrooms and libraries have been established to foster both formal education and community-based learning and reading culture.

29.3. Sports Promotion:

29.3.1. Operation and Maintenance of Sports Academy, Khelgaon, Jharkhand

Under a Memorandum of Understanding signed with the Government of Jharkhand in September 2015, Central Coalfields Limited (CCL) co-established a Sports Academy at Khelgaon, Hotwar, Ranchi, utilizing the infrastructure of the 34th National Games. Jointly funded by CCL and the state government, the academy is operated by the Jharkhand State Sports Promotion Society (JSSPS) and governed by a Local Management Committee (LMC) comprising CCL officials. As on 31st March 2025, the academy trains 286

cadets (131 boys and 155 girls), nearly 96% of whom are from SC/ST and other backward communities, selected through a state-level talent identification drive. The academy provides comprehensive, free-of-cost facilities, including high-quality coaching, accommodation, nutrition, education via the National Institute of Open Schooling, medical care, insurance coverage of ₹1 lakh, and a monthly stipend of ₹500. Focused on grooming athletes for Olympic-level performance, the academy has achieved significant success, with cadets winning a total of 1,758 medals at various levels. Average expenditure is ₹ 7.30 Lakh/candidate/year with ₹ 3.65 Lakh/candidate/year contributed by CCL. During the fiscal year 2024-25, CCL contributed ₹ 9.21 Crore towards the academy's operational expenses.

29.4 Animal Welfare

CCL is committed to animal welfare under its CSR through veterinary camps, rescue support, adoption of zoo animals, and provision of food, shelter, and medical care for stray and injured animals. The key initiatives undertaken by CCL under its CSR framework to promote education are as follows:

29.4.1. RAKSHAK- 24x7 Animal Ambulance

CCL implemented Jharkhand's first-ever **"Hospital on Wheels"** for stray animals under its CSR initiatives, providing on-site medical care, vaccination, spaying/neutering, rescue, and rehabilitation services. The one-year project, completed in June 2024 at a cost of ₹37.44 lakhs treated 63 animals through surgery, vaccinated 1,138 strays, and reached over 4,100 citizens through awareness drives. Recognized for its innovation, the initiative won the **Gold prize for "Most Innovative CSR Project of the Year"** at the **8th CSR Health Impact Awards 2024** by the Integrated Health & Wellbeing (IHW) Council. Based on its success, the project is being scaled up for another two years, with added provisions for animal shelter, and

continued operation and maintenance of the ambulance service through CCL's CSR funding.

29.4.2. Adoption of Animals At Bhagwan Birsa Biological Park, Ranchi

Under a Memorandum of Understanding with the Jharkhand Zoo Authority, CCL has adopted two lions and two tigers, demonstrating its commitment to wildlife conservation under CSR. The initiative covers expenses related to food, primary and emergency veterinary care, and overall upkeep of the animals. With a total project outlay of ₹36 lakhs over a three-year period, the program was completed in Dec, 2024.

29.5. Skill Development and Livelihood

CCL is dedicated to enhancing self-employment and employability by developing skills among local residents, thereby generating sustainable job opportunities within its command areas.

29.5.1. Integrated Community Development Project (BAIF, Hazaribagh)

This 3-year project will benefit 2000 households directly and 3000 indirectly in 9 villages of Churchu Block, Hazaribagh. It aims to enhance income through livestock development, agriculture, and fodder production. Activities include artificial insemination, soil testing, wadi plantation, maize sowing, training, and exposure visits. Farmers received seeds, saplings, and tools for backyard farming and high-value cropping. The project envisions raising annual household income by ₹20,000–₹50,000, contributing to sustainable rural development and nutrition.

First calving female calf through sorted semen

Solar Lift irrigation facility

29.5.2. Empowering Rural Youth through Job Linked Training in Plastic Engineering

Under its skill development initiative, CCL partnered with CIPET to implement a three-phase training program in plastic processing technologies for Project Affected

Persons (PAPs). In Phase I, a six-month free residential training covering Plastic Processing, Injection Molding, Plastic Extrusion, and Tool Room was conducted for 320 PAPs with a total outlay of ₹ 2.24 Crore; it was completed in July 2022, achieving 80% placement in the plastic industry with salaries of ₹ 10,000–₹ 12,000 per month.

Phase II, launched in March 2023 for 180 candidates with an outlay of ₹ 1.26 Crore, concluded in February 2024 and also recorded 80% placement. Phase III, approved by the CCL Board on 23rd September 2024 with a project cost of ₹ 1.53 Crore, began with the MoU signed on 14th October 2024 and is currently undergoing training for the first batch.

29.5.3. Loader Operator (mining) Training

CCL, in collaboration with the Skill Council for Mining Sector, is implementing a skill development program on Loader Operator (Mining) for Project Affected Persons (PAPs) at Chatra. The initiative aims to train 60 youths in two batches at a total project cost of ₹ 94.73 lakhs. The program includes 3.5 months of residential training followed by 3 months of on-the-job training, with a commitment to ensure a minimum of 70% placement. As of 31st July 2024, the project has successfully completed training and certification for all 60 PAPs from the Amrapali-Chandragupt Area, achieving the targeted placement rate.

29.5.4. E-Rickshaws for sustainable livelihood

As a livelihood generation initiative, CCL facilitated the distribution of electric auto-rickshaws to 10 underprivileged Scheduled Tribe (ST) women at a project cost of ₹41.37 lakhs. The vehicles are being used to provide transportation services to patients visiting RK Mission TB Sanatorium as well as to the general public. The project has significantly improved the financial condition of the beneficiaries, enabling them to become primary earners for their families.

29.5.5. Natural Dye & Handloom Weaving Training

Under *Project Prakriti*, CCL, in collaboration with Marsal Prathmik Bunkar Sahyog Samiti Ltd.—an all-ST members' society—has established a production cluster by setting up

25 handlooms and providing training in natural dyeing and weaving to 75 Santhal tribal women in Tapin, Hazaribagh. With a project outlay of ₹57.59 lakhs, the initiative has completed loom installation and training, resulting in active beneficiary participation in exhibitions and fairs. The project has enhanced livelihood opportunities, with an average monthly income increase of ₹2,500–₹3,000 for the beneficiaries. A MoU was signed on 2nd May 2025 to provide advanced training for 50 women.

29.5.6. Empowering Youth through Digital and Financial Skills: Business Computer Applications Training

CCL, in collaboration with ICA Foundation, implemented a 12-month training program in Business Computer Applications, Accounting, ERP, GST, and related

domains for 100 underprivileged students—comprising 50 Scheduled Tribe (ST) and 50 Scheduled Caste (SC) students—selected from college campuses in Ranchi. With a project outlay of ₹48 lakhs, the initiative offered a 100% placement guarantee and an Anytime Job (ATJ) card. The training for the ST batch has been completed, with all 46 consented candidates successfully placed, while the SC batch training is currently in progress. Building on its success, the project is being replicated for 150 students in Bermo Coalfields (Dhori area) at a cost of ₹75.60 lakhs and 75 students in Hazaribagh at a cost of ₹36 lakhs, where training is presently underway.

29.5.7. Apart from the activities mentioned above, CCL has conducted various training for the women and youths of command areas for livelihood generation like poultry farming, mushroom cultivation, Handloom weaving, Traditional Craftsmanship, Sohrai Painting, fashion designing, tailoring, eco-friendly broom making, bee keeping, handicrafts etc.

29.6. Sanitation

29.6.1. Construction of Toilets

CCL has constructed toilets in schools/villages situated in its command areas to reduce open defecation, thus creating a healthy and clean environment.

29.6.2. Swachhta Campaigns

As per the directions of MoC, Swachhta Pakhwada and Swachhta Hi Sewa Campaigns were organized by CCL in 2024-25.

Various activities were conducted by CCL like tree plantation, cleaning of schools & hospitals, cleaning of offices & colonies, activities discouraging single use

plastic, initiatives for optimum use of stationery items, use of solid waste compost on reclaimed land, rain water harvesting & water recycling, distribution of masks, sanitizers, soaps, etc.

29.7. Rural Development Projects

During the fiscal year 2024-25, several rural development initiatives were undertaken in response to requests from local villagers. These projects included the construction and renovation of community halls, roads, and boundary walls, as well as the installation of high-mast lights. These efforts aim to enhance the infrastructure and improve the quality of life in the affected communities.

During the fiscal year 2024-25, several rural development initiatives were undertaken in response to requests from local villagers. These projects included the construction and renovation of community halls, roads, and boundary walls, as well as the installation of high-mast lights. These efforts aim to enhance the infrastructure and improve the quality of life

30. SAMADHAN SCHEME - Grievance Redressal Measure

A Grievance Cell has been established on 27/04/2012 for redressal of grievances of all working or retired executives, non-executives, contractors, consumers of CCL or any other person related to CCL.

The complainants lodge their grievance either in person or in writing or Online Samadhan portal available at CCL website under Complaint Desk https://www.centralcoalfields.in/ccl_cmplnt/mobileauth1.php and are provided every possible support over Toll Free no. 18003456501. The grievances are registered on portal and acknowledgement number is generated online which is sent through SMS on complainant's mobile number and grievance status/feedback is available online which can be accessed through website of the company.

After reviewing the grievance at HQ, it is forwarded to the concerned Area/ Dept. which further sends to the concerned Unit through ONLINE mode. All these stages have inbuilt SMS intimations facility to the concerned Nodal Officers of respective Unit/Area/HQ Departments.

The information regarding new case is subsequently forwarded to the concerned Nodal Officer of respective Unit/Area/HQ for status.

Daily follow ups of the grievances registered is taken up either on phone or in person. In case of non-Compliance by the concerned nodal officer within 7days, matter is taken up with concerned GM/HoD/Staff Officer (P&A) and SMS intimation is made on their mobile number. In case of non-redressal of grievance by the concerned GM/HoD/Staff Officer (P&A) within 14days, matter is taken up with the GM (Samadhan) & TS to D (P) in person and SMS intimation is made on their mobile number.

In case of pendency of grievance due to some technical reasons or otherwise, the same is brought into the knowledge of Director (Personnel) in person and SMS intimation made on his mobile number.

The reply received from the concerned Area/Dept. are examined and if not being found satisfactory, case is again sent to respective Area/Dept. for review and appropriate reply and if found satisfactory, reply is forwarded to the complainant through letter/email or online as per the mode of submission.

Achievement of Samadhan Cell during 2024-25.

A total no of 364 grievances were received in CP-GRAM portal and 221 grievances were received in Online Samadhan portal. Total no of 585 grievances have been disposed off resulting in 100% achievement.

31. ENVIRONMENT & FOREST

A. Environment Clearance:

1. Implementation of Integrated Management System :

As on 31.03.2025, 22 units of CCL are certified for Integrated Management System Standards (ISO 9001:2015 for Quality Management System, ISO 14001:2015 for Environment Management System and ISO 45001:2018 for Occupational Health & Safety Management)

2. Pollution Control Measures and their Efficacy:

B. Air Pollution Control Measures:

To control and reduce dust generation during drilling, blasting, loading and coal transportation, CCL has taken up various initiatives enumerated in the MoEF&CC approved Environmental Management Plan (EMP) of various projects. The EMP is prepared factoring in the impact of mining and other allied activities on existing environment after conducting an Environment Impact

Assessment (EIA) study for each project. The major dust control measures undertaken are deliberated below:

- i. First Mile Connectivity (FMC), SILO loading and belt conveyors have been envisaged for minimizing road transportation with an aim to ameliorate the native environment and enhance safety. CCL's 1st FMC project at North Urimari OCP (7.5 MTY) has worked successfully during the year and despatched 2.93 MT of coal.
- ii. A total of 148 mobile Water tanker/Mist sprinklers of different capacities are in operation in projects of CCL to mitigate dust pollution. In addition, fixed water sprinklers are also installed at critical points.
- iii. As on 31.3.2025, 27 numbers of trolley mounted fog cannons are functional in different units of CCL. Also, work-order for hiring of 21 numbers of Truck Mounted Fog Cannons have been issued.
- iv. Coal loaded trucks are covered with tarpaulin.
- v. Coal transport road has been black-topped/paved with cement concrete.
- vi. Wind breaks were provided along Railway sidings over a span of 20 Km (approx.).
- vii. Large scale plantation (approx.1 Crore) on OB dumps and along transportation roads in and around the command area of CCL.
- viii. Deployment of surface miners (15) in open cast mines thereby eliminating the need of drilling, blasting and crushing of coal.

C. Mine Water Management:

- (i) Surplus mine water of around 174 Lakh KL is being provided for domestic, community and irrigation purposes to approximately 140 nearby villages, benefiting around 2.40 lakh individuals.
- (ii) Water stored in abandoned mine voids of CCL is being utilized for Cage Fish Farming. At present, around 200 such cages are installed in six mine voids. Around 450 persons are engaged from nearby villages for the said activity.

- (iii) Regular monitoring of ground water quality and water level through networks of Piezometers as well as other bore/ open wells and surface water and effluent water is being taken.
- (iv) Construction of Toe Wall, catch drains, garland drains and Siltation ponds for channelizing the surface runoff to mine sump after proper retention.
- (v) A work order for preparation of Riverine Ecosystem conservation and management plans for mines situated in North Karanpura Coalfields was issued on 24.10.24 to Central University of Jharkhand (CUJ), Ranchi.

D. Noise Pollution Control Measure:

For control of noise pollution, various measure like proper maintenance of equipment, green belt development around the mine and residential area, blasting in day time and use of ear muff / ear plugs at noisy areas are adopted.

E. Land Reclamation & enhancement of Green Cover:

- (i) Mined out and other degraded lands are concurrently reclaimed during mining and also in post mining phase. Multi species plantation of native species has been adopted in CCL. Over the years since inception, more than 1.0 Crore saplings have been planted in and around command area of CCL. The target vis-à-vis achievement of Plantation in Year 2024-25 is:

Target of Plantation	Achievement	Achievement%
240 Ha	245.44 Ha	102%

- (ii) A project titled "Top Soil Conservation and Eco-rehabilitation of Selected Degraded Coal Mines of CCL through Forestry Interventions" has been assigned to M/s IFP-ICFRE under funding of CCL. The study is under progress to Eco-restore 30 Ha of degraded land in Piparwar & Rajrappa Areas and to develop Top soil conservation strategy.
- (iii) CCL undertook Miyawaki plantation at Amrapali OCP for Plantation of 1.0 Lakh saplings, through Institute of Forest Productivity (IFP-ICFRE) in FY 2024-25 at a cost of ₹ 5.97 Crore. The said work has been awarded for a period of 4 years.

- (iv) The Green Credit Programme (GCP), an initiative of Government of India, encourages industries/ companies to undertake tree plantation, in return for Green Credits. This programme was notified on 12.10.2023 under the Environment (Protection) Act, 1986. As per the decision taken during the CMD's meet of July 2024, CCL has registered 1346.69 Ha (121 parcels) land for plantation across 11 Forest Divisions in Jharkhand. A total of 267.32 Hectares (30 land parcels) has been approved in FY 2024-25.

F. Environmental Monitoring:

- (i) In compliance with statutory conditions, regular environmental monitoring of ambient air, drinking water, surface water, effluent water, noise level and ground water was carried out and reports were submitted to MoEF&CC /Jharkhand State Pollution Control Boards (JSPCB) / Central Ground Water Board (CGWB).
- (ii) Routine Environmental Monitoring of air, water and noise was carried out for all units of CCL during the year 2024-25 through NABL accredited laboratory of CMPDI.
- (iii) In total, 41 numbers of continuous PM10 analyzers have been installed in the command area of CCL. Work-order has been placed for 3 additional Continuous PM10 analyzers for Kuju Area on 07.02.2025.
- (iv) Further, 14 numbers of Continuous Ambient Air Quality Monitoring System (CAAQMS) have been installed for real-time monitoring of air quality with connectivity to JSPCB server. Work-order has been placed for 2 additional CAAQMS for Barka Sayal Area on 25.11.24.
- (v) Land Reclamation Monitoring of 14 numbers of Opencast Coal Mines of CCL has been undertaken based on satellite data & remote sensing through CMPDI during FY 2024-25.

G. Incremental EC obtained for projects of CCL during 2024-25:

In FY 2024-25, incremental Environmental Clearance (EC) of 22.35 MTPA for Mines was obtained, as tabulated below: -

EC issued in FY 2024-25				
SN	Name of Project	Capacity (in MTPA)	Area (in Ha.)	EC Date & Remarks
Fresh EC				
1	Rohini Expansion OCP	0.75	67.51	▪ EC issued on 15.05.2024
2	Chandragupt OCP	20	1495	▪ EC issued on 02.01.2025
3	Giridih OCP	0.7	122.70	▪ EC issued on 02.01.2025
4	Piparwar Phase-I UG	0*	464.69	▪ *EC issued only for developmental activities including incline Drivage and development of necessary infrastructure
Expansion in EC				
5	North Urimari OCP	4.5 (Expansion from 4.2 MTY)	516.90	▪ EC issued on 01.05.2024
Amendment in EC Conditions				
6	Selected Dhori (Lower) OCP	2	211.82	▪ EC issued on 24.07.2024
7	Kotre Basantpur Pachmo OCP	5	1011.87	▪ EC issued on 01.11.2024
8	Karo Expansion OCP	3.50	526.32	▪ EC issued on 13.01.2025
9	Amrapali OCP	24.19	619.87	▪ EC issued on 21.02.2025
EC recommended				
10	Amlo OCP & Highway	3.6 (Expansion from 3 MTY)	247.59	▪ EC recommended on 15.03.2025. ▪ EC eventually issued on 08.04.2025.

H. Other Environment Related Celebrations/Awareness Activities:

- (i) World Environment Day was celebrated from June 1st to June 5th with various programs promoting environmental awareness at CCL HQ & all Areas. The event saw children, various stakeholders & employees participate in painting, quiz, slogan, essay writing, and poetry recitation competitions. Cloth Bags and fruit-bearing tree saplings were distributed. The celebrations culminated on June 5th with a flag- hoisting, oath-taking ceremony, felicitations of winners of competitions and tree planting by CMD, Directors, and CVO. On this occasion 2nd edition of Environment magazine of CCL titled "Nature's Voice" was also unveiled. The said booklet is available at CCL website.

Glimpses of Celebration of World Environment Day at Central Coalfields Limited & Booklet published by Environment Department

- (ii) Shri G. Kishan Reddy, Hon'ble Union Minister of Coal and Mines launched Vriksharopan Abhiyan 2024, themed “एक पेड़ मां के नाम” on 25.07.24. The event was enthusiastically celebrated across the CCL command area.
- (iii) In a heart-warming event and to promote eco-friendly initiative, Arpita Mahila Mandal of Central Coalfields Limited (CCL) celebrated the “एक पेड़ मां के नाम” campaign in CCL's Darbhanga House campus, Ranchi on 23.09.2024. By planting trees in the name of mother, the event not only honored and underlined the importance of motherhood, but also gave a strong message towards need for environmental conservation and protection of mother earth.

Glimpses of Celebration of “एक पेड़ मां के नाम” at Central Coalfields Limited on 25.07.24 and on 23.09.2024

I. Forest Clearance:

1. Handover of forest land: 4 No. of Proposals for 1125.02 Ha

S. No	Project Name	Area (Ha)	Date of Handover
i.	Coal Pipe Conveyor in Magadh Coal Block	8.54	30.05.2024
ii.	Urimari OC	34.64	12.06.2024
iii.	KBP OC	855.17	25.07.2024
iv.	Karo OC	226.67	30.12.2024
Total		1125.02	

2. Stage II FC: 5 No. of Proposals for 1052.15 Ha

S. No	Project Name	Area(Ha)	Date of Stage-II
i.	Shivpur-Kathotia Railway Project	368.72	05.06.2024
ii.	Karo OC	226.67	26.07.2024
iii.	Kedla OC	168.50	17.09.2024
iv.	Rajrappa OC	277.15	29.10.2024
v.	North Urimari Railway Siding	11.11	18.03.2025
Total		1052.15	

3. Stage I FC: 3 No. of Proposals for 893.86 Ha

S. No	Project Name	Area(Ha)	Date of Stage-I
i.	Magadh OCP	192.36	27.05.2024
ii.	Chandragupt OC	699.38	27.05.2024
iii.	Approach Road to Basantpur Tapin Coking Coal Washery	2.12	07.03.2025
Total		893.86	

4. Proposals recommended by GoJ to MoEF&CC/RO-MoEF&CC

S. No	Project Name	Area (Ha)	Date of recommendation	FC
i.	Amrapali OCP	431.59	25.03.2025	For Stage -II
ii.	Chandragupta OC	699.38	26.03.2025	For Stage II
iii.	Magadh OC	192.36	28.03.2025	For Stage II
iv.	Rajrappa Change in Land Use	15.85	16.12.2024	For change in land use
v.	Laiyo UG	78.59	03.01.2025	For withdrawal
vi.	Selected Dhori OC	143.05	03.01.2025	For Renewal (Stage I)
Total		1560.82 Ha		

5. Online Submission of Forest Clearance Application on PARIVESH 2.0:

S.No.	Name of Proposal	Area (Ha)	Date of Application
i.	Ashok OCP	928.03	18.12.2024
ii.	Konar CHP	12.16	27.01.2025
iii.	Magadh West OCP	354.98	10.01.2025
iv.	Pundi OCP	493.84	22.02.2025
Total		1789.01	

6. PAYMENT: Capital Expenditure of ₹ 835.03 Crore made under the head 'Forest land' in respect of FC proposals.

7. FRA issued for 159.74 Ha forest land in respect of Chandragupta OC.

8. NoC issued for 7.25 Ha GMJJ land for 2 no. of proposals

S No.	Name of Proposal	Area (Ha)	Date of Issuance
i.	Kedla Dania Railway Siding	4.27	05.01.2025
ii.	Magadh West OCP	2.98	13.02.2025
Total		7.25	

9. CA land identified for 2 no. of proposals for 770.16 Ha land

S. No.	Name of Proposal	Area of CA land (Ha)	Date of identification
i.	Kedla Dania Railway Siding	60.16	05.03.2025
ii.	Magadh West OCP	710	29.03.2025
Total		770.16	

10. Preparation and Approval of different plans for FC:

S.No.	Proposal	Plan	Approval Date
i.	KDH OCP	De -Siltation Plan	05.07.2024
		Soil Moisture & Conservation Plan	
ii.	Purnadih OCP	Wildlife Management Plan	22.03.2024
		Soil Moisture & Conservation Plan	06.11.2024
		De – Siltation Plan	06.11.2024
		Catchment Area Treatment Plan	26.11.2024
iii.	Karo OCP	De -Siltation Plan	27.11.2024
		Soil Moisture & Conservation Plan	
iv.	Chandragupta OCP	Catchment Area Treatment Plan	28.11.2024
		Soil & Moisture Conservation Plan	
		De -Siltation Plan	06.02.2025
		Wildlife Management Plan	
v.	KBP OCP	Wildlife Management Plan	11.06.2024
		Soil Moisture & Conservation Plan	
vi.	Amrapali Railway Siding	Wildlife Management Plan	25.07.2024

11. Preparation of DGPS and KML of 4 no. of Proposals for 1555.20 Ha of CA land:

S. No.	Name of Proposal	Area (Ha)
i.	Khasmahal OC	350
ii	Kedla Dania Railway Siding	30.20
iii	Magadh Latehar Part	710
iv	Gidi A OCP	465
Total		1555.20

12. Preparation of DGPS and KML of 7 no. of proposals for 1641.33 Ha of Forest land:

S. No.	Name of Proposal	Area (Ha)
i	Sirka OC	172.50
ii	Rajrappa OC	1.41
iii	Argada OC	69.74
iv	Khasmahal OC	174.48
v	Konar OCP	288.26
vi	Khasmahal Ph II OC	26.94
vii	Sanghmitra OC	908
Total		1641.33

13. Preparation of Reclamation and Backfilling Plan for already diverted 1153.32 Ha of forest land in Chatra South Division.

14. Preparation of Report on Soil Erosion Mitigative Measures and Top Soil Mangement Plan in respect of FC proposal of Magadh OC (192.36 Ha).

32. MINE CLOSURE:

During the FY 2024-25 the following Mine Closure activities are undertaken in CCL:

(1) Final Closure Certificate for Jarangdih UG Mine of Central Coalfields Ltd has been accorded by Coal Controller

Organization, New Delhi to the effect that Protective, Reclamation and Rehabilitation works in accordance with approved Mining Plan covering Final Mine Closure Plan provisions/activities have been carried out by the Mine owner. This is First such 'Final Mine Closure Certificate' in CCL.

(2) Khas Karanpura revenue sharing venture – is the first revenue sharing venture of Central Coalfields Limited. Quoted production is 30 Million Tonne in a period of 15 years @ 27.20% revenue share of the Authority with proposed capacity of 2.25 MTPA. Revised Mining Plan submitted on 21.08.2024. CCL Board approved Mining Plan on 23.09.2024. Land schedule has been certified by CO. Online application for FC is to be submitted. Base line data generation completed. TOR application will be submitted after FC application.

(3) Saunda D revenue sharing venture– is the second revenue sharing venture of CCL. Quoted production is 147.96 Million Tonne in a period of 25 years @ 22.00% revenue share of the Authority with proposed capacity of 6.21 MTPA. Performance Security deposited for ₹ 178,07,17,500.00. Agreement executed on 20.09.2024. Submission of Detailed Project Report and Mining Plan is yet to be submitted by Mine Operator. Renewal of 99.69 Ha of Forest Land is under progress. Work for approval of 96.16 Ha broken land is also under progress. Work of certified land schedule is also under progress.

33. LAND POSSESSION & REHABILITATION

1. Land Acquisition:- During the year 2024- 25, progress has been made in the following proposals for acquisition of land under CBA (A & D) Act 1957:-

SL	Particulars	Area(In Ha.)
1	CBA Sec7(1) vide SO- 1767 (E) dated 22.04.2024 for Pundi OCP	50.59
2	CBA Sec 9(1) vide SO- 4487(E) dated 14.10.2024 for Rohini Karkatta OCP	863.29
3	CBA Sec 9(1) vide SO- 5079(E) dated 27.11.2024 for Sanghmitra OCP	482.17
4	CBA Sec 9(1) vide SO- 5205(E) dated 03.12.2024 for Magadh Expn-III (Rly. Sdg)	23.03

SL	Particulars	Area(In Ha.)
5	CBA Sec 9(1) vide SO- 5430(E) dated 13.12.2024 for Sirka OCP	92.91
6	CBA Sec 11(1) vide SO-1766(E) dated 22.04.2024 for Amrapali OCP	107.32
7	CBA Sec 11(1) vide SO-1757(E) dated 19.04.2024 for Gidi 'C' OCP	42.88
8	CBA Sec 11(1) vide SO-2468(E) dated 26.06.2024 for Honhe Shivpur Road (Amrapali OCP)	6.44
9	CBA Sec 11(1) vide SO-3515(E) dated 19.08.2024 for Jharkhand Laiyo OCP	108.10

- 09 nos. of gazette notification issued for land acquisition under CBA(A&D) Act 1957.
- Deed of conveyance on 5.5 Acres land with Govt of Jharkhand for the proposed super specialty hospital is completed.

2. Employment: -

In the FY 2024-25, 219 Nos. of employment proposals has been disposed off, out of which 194 Nos appointment letters have been issued.

3. Land Compensation: -

In the FY 2024-25, CCL has paid an amount of ₹ 97.95 Crore under land compensation head , out of which ₹ 65.67 Crore has been paid to Govt. of Jharkhand as advance under protest against acquired Govt. land, ₹ 27.77 Crore for Tenancy Land & ₹ 0.15 Crore for Tree compensation and ₹ 4.15 Crore to Tribunal & DLAO respectively.

4. Rehabilitation & Resettlement: -

During the FY 2024-25, a total of ₹ 54.15 Crore got approved as compensation under R&R head, out of which ₹ 18.32 Crore towards 545 houses/structures, ₹ 22.42 Crore towards R&R Benefits to 634 PAF's, ₹ 8.22 Crore towards Govt. Structures, towards & ₹ 5.19 Crore towards R&R Sites development and other Schemes .

Total 309 Project affected family (PAFs) have been displaced during the FY 2024-25.

5. Legal Case Disposal: - 261 nos. of land reference cases & other miscellaneous cases have been disposed off before CBA Tribunal. 35 nos. of LA Cases have been disposed off before LA Court Ramgarh.

34. GEOLOGY DEPARTMENT

During the FY 2024-25, Geology Department at Central Coalfields Limited has successfully advanced its mission of exploring, developing, and managing coal resources, ensuring efficient production support, and contributing to the company's growth. Some of the major activities & achievements undertaken by the department are given below:

A. EXPLORATION & ITS ALLIED ACTIVITIES

The primary function of the Geology Department at Central Coalfields Limited is to monitor exploration work in CIL & additional CIL blocks within the CCL Command Area. This includes ensuring compliance with the approved Annual Work Programme and Indian Standard Procedure for Coal Resource Estimation 2022. The department oversees joint borehole depth measurements with CMPDI, monitors borehole spacing for promotional (800 x 800 m) and detailed (400 x 400 m) grids, and whether non-coring boreholes are supported with Geophysical Logging (GPL) for structure proving. It also ensures proper borehole density is maintained in the block, re-drilling of abandoned boreholes, scrutinizes bills & ensures accurate geological & geophysical data is incorporated in the Geological Report. Additionally, the department ensures timely submission of Geological Reports and re-appropriation of the Annual Work Programme, ensuring effective management of exploration activities for resource assessment and reserve categorization.

Work order was issued to RI-III, CMPDI as per the approved Annual Work Programme of Geology Department for carrying out exploration & its allied activities in CIL & additional CIL blocks within the CCL Command Area. In FY 2024-25, Exploration was planned to be carried out in Deonad Block in North Karanpura Coalfield (divided into five sub-blocks i.e. Deonad-I, Deonad-II(East), Deonad-II(West), Deonad-III(East), Deonad-III(West) for ease of exploration purpose & management), Gonda Block in North Karanpura Coalfield, South of Tapin Block in West Bokaro Coalfield & Patratu South Block (Consisting of three blocks namely Patratu South, Patratu South Ext. & Saunda D (SW)) in South Karanpura Coalfield.

B. GEOPHYSICAL EXPLORATION (GEOPHYSICAL LOGGING)

A total of 10 boreholes with an estimated meterage of 4145.62 meter were geophysically logged in Deonad-1 Block, North Karanpura Coalfield. Seismic Survey & resistivity Survey could not be completed due to law & order issues in Deonad-III(West) Block, North Karanpura Coalfield.

Geophysical logging Site visit & inspection of Geophysical logging in Deonad-1 Block, North Karanpura Coalfield by team of Geologists & Geophysicists from CCL.

Drilling site visit by HoD (Geology), CCL in SDOCM, East Bokaro Coalfield

C. GEOLOGICAL RESERVES

The inventory of Geological Resources of Indian Coal as on 01.04.2024 and up to a depth of 1200m prepared by the Geological Survey of India on the basis of resources estimated by CMPDI, MECL, GSI, SCCL and others is 389.42 BT. Geological Resources in CIL & Additional CIL Blocks of CCL Command Area are given below: -

(Figures in Billion Tonnes)

	Proved	Indicated	Inferred	Total
Total Coal Reserve	20.883	5.450	0.35	26.684

Out of 389.421 Billion Tonnes of geological resources of coal estimated in India, CIL Blocks of CCL Command Area has 26.68 BT as on 01.04.2024, which accounts for 6.85% of total reserves in India.

35. INFORMATION & COMMUNICATION TECHNOLOGY

CCL, in its constant endeavour for increased transparency, efficiency and optimal utilization of its resources, has used ICT in several business processes of the company effectively for overall growth and technological advancement.

The following key initiatives have been undertaken in FY 2024-25:

- For business process integration, ERP solution 'SAP' consisting of 7 modules i.e. Production Planning (PP), Project System (PS), Plant maintenance (PM), Human Capital Management (HCM), Finance & Control (FICO), Material Management (MM) and Sales & Distribution (SD), has been running successfully in a stable manner across the subsidiary. After implementation of ERP, many processes have been streamlined and completed in timebound manner bringing in transparency and accountability with reduced manual intervention.
- Medical Referral System Portal has been developed in order to generate referral documents for CCL employees to other hospitals, as well as enabling the facility of area-wise, hospital-wise and disease-wise tracking.
- JSSPS Dashboard has been developed for Jharkhand State Sports Promotion Society (JSSPS), Khelgaon for management of cadet's sports profile, academic performance, attendance system & periodic medical examination records.
- Coal India Ranchi Marathon 2025 Portal has been developed and integrated with Secured Payment Gateway to facilitate participants for seamless and secured registration with payment through all the available mode of payment e.g. UPI, Credit/Debit Card and Internet Banking resulting in broad participation.
- A portal has been developed for on-roll as well as retired employees of CCL to download ITR form-16 online.
- Legal Management System Software, a Timeline Legal Alert System, has been developed for various steps in the litigation process at CCL and is running successfully since August 2024.
- Cybersecurity is being given due attention because of its criticality in today's scenario. In order to raise awareness on Cybersecurity, Workshops on 'Cybersecurity' have been organized at HRD Center, CCL HQ for both on-roll and retired employees.
- All the weighbridges (Road Sale & Internal transport) functional across command areas of CCL are connected to Central SAP Server for seamless data transfer with failsafe mechanism for network failures.
- An API has been developed for weighbridge application resulting in enhanced internal capacity with respect to data exchange.
- E-auction of coal, e-procurement of goods and services are operational through central service provider of CIL. GeM portal is being used primarily for e-Procurement of Goods & Services as per availability. E-payment to employees & vendors and e-filing of grievances are in operation to embark upon the business process through IT initiatives.
- E-office application from NIC is operational across the subsidiary for enhanced business process

management of the organization with an aim to improve production, productivity and increased transparency.

12. In-order to improve productivity & efficiency across various business processes, Wide Area Network (WAN) in failsafe redundant mode is operational for effective SAP(ERP) implementation along with LAN at offices and Central Hospitals at CCL's command areas.
13. Corporate Mail Messaging System is in place and all officers of CCL have been provided with corporate email introduced from CIL.
14. Performance evaluation, Vigilance Information and

annual Property Return of all executives is recorded through web enabled systems centrally managed by CIL.

36. SECURITY MANAGEMENT

The Security Department of Central Coalfields Limited (CCL) is a 24x7 functional department which monitors, controls and takes requisite preventive measures for curbing the menace of theft/pilferage of coal, illegal mining & protection of men and assets of the company. In addition, "Khanan Prahari" a mobile based app is also being used for prevention of illegal mining. The Security department has established a mechanism with round the clock monitoring of various ongoing activities at various mines/Projects and units.

The total strength of different Security Forces of CCL as on 01.04.2025 is as under: -

Sl. No.	Type of Security Force	Existing strength (Nos.)
1	Departmental Security	1512
2	Central Industrial Security Force(CISF)	1700
3	State Industrial Security Force(SISF), Govt. of Jharkhand	258
4	Home Guards, Govt. of Jharkhand	2121
Total		5591

Presently, CISF is deployed at four Areas viz., 1. B&K (Kargali) 2. Dhori 3. North Karanpura & 4. Piparwar. Creation 1676 CISF posts for Magadh & Amrapali (Jharkhand) has been approved by MHA. And Preliminary Induction formalities for Induction of 1676 CISF personnel for Magadh-Sanghmitra and Amrapali-Chandragupta Areas are in advanced stage.

Details of promotion/Basic Induction training & vehicles blacklisted during FY 24-25 is given below:-

Sl. No.	Particulars	Numbers
01	Newly recruited employees imparted Basic Induction Security Training program & posted in different areas of CCL.	74
02	Security personnel promoted to next higher grade.	143
03	No. of vehicles blacklisted	13

The following approved SOPs have been circulated in command areas of CCL for prevention of theft/pilferage of coal and illegal mining:

Sl. No.	Name of SOP
1.	SOP for Illegal Mining .
2.	SOP for Theft.
3.	SOP for Theft of Coal through Trucks
4.	SOP for Road Sale of Coal.

Sl. No.	Name of SOP
5.	SOP for Coal dispatch.
6.	SOP for Preliminary Internal Enquiry

The summarized data for the year 2024-25 of 14 Areas of CCL in respect of coal theft/pilferage and Illegal Mining is as under:-

▪ **Coal Theft**

Qty. Recovered in Tes.	Approx. Value (₹.in Lakhs)	No of raids	Complaint Lodged at Local Police station.	FIR (Registered)	Arrest made
1879.18	58.76	500	75	20	7

▪ **Illegal Mining**

Qty. Recovered in Tes.	Approx. Value (₹.in Lakhs)	No. of raids	Complaint Lodged at Local Police station	FIR (Registered)	Arrest made	No. of rat holes dozed off.
256.35	27.85	216	108	02	00	956

(Pictures showing doze-ring of illegal rat holes.)

I.T. initiatives have been implemented in command areas of CCL to prevent pilferage/theft of coal. E&T department has installed CCTV Cameras both in the field areas as well as in the residential colonies and office premises for 24x7 real time monitoring and integrated the same with IVTs Control Room established at respective Areas in order to provide Safety & Security to the Company's property & assets.

At the corporate level, in the last one year, Security Department, C.C.L. has secured first position in Rajbhasa for implementation, appreciating and commendable efforts for promotion of Rajbhasa, Security department has been awarded C.C.L. Rajbhasa Award- 2024 during FY

24-25. Security Department also won Rajbhasa "Running Award" in non-technical group during FY 24-25.

In depth planning, continuous monitoring and proper liaisoning / traffic personnel resulted in successful conduct of Coal India Marathon, CIL 2025 on 09/02/2025 where approx. 9000 participants including Sr. Govt. Officers, CIL officials, prominent figure of society were present. Approx. 3000 vehicles were accommodated around Birsa Munda Football Stadium without any traffic snarl-up for even a minute.

37. IMPLEMENTATION OF RAJBHASHA

Central Coalfields Limited (CCL), a leading subsidiary of

Coal India Limited, has been continuously striving for the widespread promotion and effective implementation of Hindi as the Official Language. Located in the Region 'A' on a linguistic basis, the company has remained committed to promoting the active use of Hindi in line with the directives issued from time to time by the Ministry of Home Affairs, Ministry of Coal, Government of India, and Coal India Limited, Kolkata. The integral approach of the Rajbhasha Department, CCL, towards policy and implementation has been rooted in motivation, encouragement, training, and dedicated efforts. During the financial year 2024-25, a range of policy-driven, training-oriented, technical, and cultural activities were undertaken to ensure maximum usage of Hindi in the company's official functioning, which yielded positive outcomes.

The key activities, achievements, and innovations of the Rajbhasha Department during the year under review are as follows:

I. Quarterly Meetings and Reviews:

To ensure the progress of Hindi implementation, four quarterly meetings of the Official Language Implementation Committee were held at the headquarters during the year. These meetings were chaired by the Chairman-cum-Managing Director/Director (HR). In each meeting, quarterly progress reports received from the headquarters and different areas were reviewed, and detailed discussions were held on the practical challenges faced in Hindi implementation, along with proposed solutions. In the corporate-level quarterly meetings, the departments/areas that demonstrated the best implementation of Hindi during the respective quarters, were recognized and were felicitated with the Rajbhasha Rolling Shield.

II. Publications:

To encourage creativity in Hindi, the Corporate Communications & Public Relations Department of CCL published the annual house journal 'Utkarsh' in Hindi. Its updated edition was released in May 2024. Additionally, a monthly e-magazine titled 'Apni Baat,' focusing on the company's monthly activities, is being published regularly.

III. Training Programs and Capacity Building:

The Rajbhasha Department placed special emphasis on training activities to strengthen Hindi implementation during the financial year. Six Hindi workshops were organized to enhance the linguistic proficiency of employees, offering both theoretical and practical training on topics such as:

- 'Kanthastha 2.0' machine translation system developed by C-DAC, Pune.
- Technical skills related to Hindi implementation in MS Office (Advanced Level).
- Potential applications of Artificial Intelligence in the context of Official Language usage.

Additionally, two five-day short translation training programs were organized at CCL headquarters in collaboration with the Central Translation Bureau, Ministry of Home Affairs, Government of India, during 03-07 September 2024 and 27-31 January 2025. Senior Executives (E-3 and above) were also nominated for advanced training programs conducted by the Bureau at its headquarters in New Delhi.

Specialized workshops were held for translation cadre, typists, and stenographers, focusing on the practical application of Unicode-supported Hindi typing systems.

IV. Participation and Achievements in TOLIC (Undertakings), Ranchi:

CCL actively participated in the activities organized under the aegis of Town Official Language Implementation Committee (Undertakings), Ranchi. Under the committee's annual award scheme, CCL was awarded first prize for best implementation of Official Language. The award was received by the Director (HR) on behalf of CCL. Furthermore, CCL participants performed exceptionally in competitions organized under TOLIC (Undertakings), Ranchi. CCL officials and staff showcased their talent in inter-PSU competitions such as singing, quiz, extempore, and book review writing by securing the following positions: Singing – First and Second, Quiz – Third, Extempore – First, Book Review Writing – Second. These achievements reflect the dedication and talent of the company's employees towards Hindi.

V. Cultural Initiatives to promote Rajbhasha:

Language and culture share an intrinsically interdependent relationship. To promote Hindi through cultural activities, the company organized a series of events aimed at enriching linguistic and literary engagement. On 21st September, commemorating the 50th death anniversary of the national poet Shri Ramdhari Singh 'Dinkar', the Dinkar Birth Month, and the eve of Dinkar Jayanti, a dedicated cultural event titled 'Rashmirathi Parv' was organized at the CCL headquarters. The occasion featured a recitation of 'Rashmirathi', a theatrical performance of the complete epic, an art exhibition, and a book exhibition—all designed to awaken and nurture the literary consciousness and

interest of employees. The event was inaugurated with the ceremonial lighting of the lamp by the Chairman-cum-Managing Director, Director (Personnel), and other dignitaries. A national seminar on the literary works of Shri Dinkar was also convened as part of the celebration.

Additionally, on 16.11.2024, an 'Akhil Bharteey Kavi Sammelan' was organized to mark the closing ceremony of 'Vigilance Awareness Week-2024', in which Padma Shri Surendra Sharma and other renowned poets from across the country enriched the event with their poetic recitations.

VI. Rajbhasha Pakhwaada:

The Rajbhasha Pakhwaada-2024 commenced on 14 September 2024 with the Fourth All India Official Language Conference held in New Delhi. During the fortnight, 43 competitions were organized at the company headquarters and area offices, which witnessed active participation from employees at all levels. Separate competitions were conducted for Hindi-speaking and non-Hindi-speaking employees to promote the use of Hindi.

With the aim of extending the scope of Rajbhasha activities beyond institutional boundaries to the broader CCL family, a special initiative was undertaken this year by organizing a competition for employees' spouses. Furthermore, an inter-school oral and written competition was organized by the Rajbhasha Department, CCL at the DAV School, Gandhinagar, Ranchi, in which students from around 20 private and government schools of Ranchi participated.

One notable event during the fortnight was the self-composed poetry recital competition, in which CCL's creative personnel showcased the emotional and creative power of Hindi through their original poetic works. Participants who performed exceptionally well were honoured with certificates, mementos, and cash awards determined by Coal India Limited (First Prize - ₹5000, Second Prize - ₹4000, Third Prize - ₹3000, Consolation

Prizes (two) - ₹800 each). In addition, around 100 participants were given participation awards to encourage more employees to work in Hindi and participate in Official Language activities.

During the closing ceremony, renowned literary figure Dr. Rita Shukla was conferred with the 'CCL Rajbhasha Bhaskar Samman-2024' in recognition of her contribution to Hindi literature. Departments and areas with exemplary implementation of Hindi during 2023-24 were also felicitated. Under the annual scheme "CCL Hindi Pustak Lekhan Protsaahan Yojna" two employees received cash awards for writing book in Hindi language.

These initiatives, reflecting a confluence of participation, creativity, and recognition, have enabled the Rajbhasha Department to integrate Official Language implementation at institutional, personal, familial, and societal levels.

VII. Digital Solutions and Assistive Literature:

To strengthen the technical aspects of Rajbhasha, the department has been consistently working not only in technical training but also in providing technical solutions within the company. The availability of Hindi software on all computers within the company has been ensured. Resources such as Hindi dictionaries, technical glossaries, and e-booklets like 'Rajbhasha Sahayika' and 'Karyalaya Sahayika' are already available on the CCL website. During the review period, a list of relevant short notes (Quick Notes) was also made available on the website. Additionally, 'Word of the Day' is regularly published on the homepage of the CCL website.

38. VIGILANCE DEPARTMENT

The Vigilance set up at Central Coalfields Limited is headed by a Chief Vigilance Officer, a director level officer appointed by the Government of India assisted by multi-disciplinary team of vigilance officers. General Manager (Vigilance) assist the CVO in carrying out the activities of the Vigilance Department.

PUNITIVE VIGILANCE

Total No. of complaints received and action taken thereon:

Complaints	Year 2024-25
Pending complaints on 1 st April 2024	53
No. of complaints received during the period 1 st April 2024 to 31 st March 2025	333
No. of complaints filed being anonymous/ Pseudonymous/ filed.	106
No. of complaints taken up for examination/ verification during the period 1 st April 2024 to 31 st March 2025	217
No. of complaints forwarded to HODs/ GMs for taking needful action	63

A. Cases under Regular Investigation (RI Cases):

Investigation cases	Year 2024-25
Pending cases on 1 st April 2024	06
Cases taken up for investigation during the period 1 st April 2024 to 31 st March 2025	14
No. of investigations completed during the period 1 st April 2024 to 31 st March 2025	12
Cases pending on 31 st March 2025	08

E. Surprise Checks conducted during the Year 2024-25:

Financial Year	Surprise Checks conducted	Converted into Regular Investigation
01.04.2024 to 31.03.2025	84	07

F. Cases under Intensive Examination (ITE Cases):

Year	ITE/CTE inspection	Converted into Regular Investigation
01.04.2024 to 31.03.2025	11	0

G. Scrutiny of Property Returns of Executives:

Year 2024-25	No. of scrutiny carried out
01.04.2024 to 31.03.2025	374

H. AGREED LIST / ODI LIST are being prepared at the beginning of every year.

PREVENTIVE VIGILANCE

I. During the course of investigation of complaints and while undertaking Surprise Checks by Vigilance Department, on the basis of irregularities detected in the prevailing system, preventive measures are recommended to the competent authority for System Improvement.

17 System Improvement Measures were recommended during the Financial Year 2024-25 to reduce the opportunities for corruptions.

J. Two Standard Operating Procedures has been implemented in the Command Areas of CCL:-

i. SOP for Maintenance and Operation of Road/ Rail Weigh Bridges has been implemented in Command Areas of CCL.

Ensuring the proper maintenance and operation of road and rail weighbridges is essential for safety, legal compliance, and operational efficiency. These weighbridges help prevent overloading, thereby reducing the risk of accidents and infrastructure damage, while also enhancing

logistics and contributing to fuel and resource savings.

ii. SOP for VTS- RFID based Vehicle Monitoring & Surveillance System

The implementation of a VTS-RFID based Vehicle Monitoring & Surveillance System significantly enhances efficiency, safety, and transparency. This promotes data accuracy and transparency by providing tamper-proof records of vehicle movements and loading/unloading activities. With real-time alerts and detailed reporting capabilities, the VTS-RFID system empowers operators to respond promptly to deviations or violations, ensuring smooth and secure mining operations.

A comprehensive alert resolution mechanism exists within the SOP which outlines the Responsibility Matrix, facilitates the reporting, analysis, and response to alerts generated by the GPS-based VTS.

K. 12 Vigilance Alerts were issued in the FY 2024-25 as a part of preventive vigilance measure so that areas of CCL remain well aware of the avoidable shortcomings.

L. Capacity Building Initiatives undertaken during FY 2024-25 are as below.

City/Town/Village	No. of Seminars /Workshops	Subject of the Capacity Building Programme	Total Participants
CCL HQ, Ranchi	15	Finance, Personnel, MSME, Procurement, Cyber Hygiene & Security, System & Procedures, Ethics & Governance, IT Initiatives, Mining, e-MB	519
Dhori Area, CCL	9	Personnel, MSME, Cyber Hygiene & Security, Mining, Finance, IT Initiatives, Procurement, Civil & Mining Contracts	306
Rajrappa Area, CCL	5	IT Initiatives, Procurement, Finance, Civil & Mining Contracts	250
Piparwar Area, CCL	4	IT Initiatives, Civil & Mining Contracts	145
NK Area, CCL	1	Procurement	32
TOTAL	34	--	1252

M. Various Teams are constituted at Vigilance Department to study the best practices observed in different subsidiaries. The brief details of Subsidiary Visit are as below.

Name of Subsidiary Visited	Best Practices Observed	Outcome in CCL
BCCL	Sensitive post rotation alert generation system in SAP	- SIMs suggested for incorporation of alert generation system in SAP - Trail run of alert mechanism in SAP have been taken.
MCL	- Quarter Management System - VTs Alert Closing Mechanism	- SIMs suggested for Quarter Management System & Alert Closing Mechanism - Capacity Building Program on Public Premises Act, 1971 was organized for all Estate Officers.
NCL	- Total Fuel Management. - Weighbridge positioning Sensors	48 DDUs out of 50 have been digitized in CCL - Automation of 6 DDUs have been completed.
ECL	- Digitization of Land records. - Implementation of E-MB. - Centralized Cell at Areas for processing proposals of Compassionate employment.	- A Vigilance Alert has been issued for implementation of e-MB in place of physical MB. - As on 21.01.2025, 273 bills are processed on the basis e-MB.
WCL	- Digital Loadcells in Weighbridges - Drone based survey of OC Mines	- SIMs suggested for installation of digital loadcells in Weighbridges & drone-based survey in OC mines - Proposal for implementation of drone-based survey in OC mines has been approved by ECFD. 4 Analog loadcells have been replaced by digital loadcells (2 in Barka-Sayal & 2 in A&C)
NLCIL	- Mine Water Management - Mine Closure Activity (Land Reclamation) - Pit – Head Power Generation	
MCL	- Stock Management - FLMS	

N. 12 Area Nodal Officers are nominated from Vigilance department for 19 areas/establishments of CCL.

The nodal officers are entrusted to carry out following works.

- Inspections to ensure the effective implementation of SOPs and Guidelines.
- During visit focus is given to participative vigilance, for these interactive sessions with middle / lower management being organized.

(iii) To ensure that SOP and Guidelines are reaching to the end users.

(iv) Check measurement of Coal Stock.

(v) Inspection of coal quality for grade adherence.

(vi) Surprise check of work sites.

The outcomes observed after start of monthly visit are as below.

- Better coordination with Area management.

- (ii) Discipline in coal stock maintenance.
 - (iii) Improved understanding of rules and guidelines.
 - (iv) Improvement in quality of coal dispatched.
 - (v) Reduction in number of low value tenders.
 - (vi) Improvement in condition of Area Quality Labs.
 - (vii) *Whistle blowers* are coming forward.
- O.** As per the direction of MOC weekly surprise check has been started by Vigilance department and 84 surprise checks has been conducted by teams of Vigilance department during FY 2024-25. The major thrust area of the Surprise checks is as below.
- (i) Operation and maintenance of weigh bridges
 - (ii) Operation and maintenance of RFID based Boom Barriers.
 - (iii) Operation and maintenance of GPS based VTS
 - (iv) Operation and maintenance of CCTV cameras
 - (v) Coal Quality and Coal Stock measurement
 - (vi) Scrutiny of Tender files.

PARTICIPATIVE VIGILANCE

P. Observance of Vigilance Awareness Week-2024

In compliance with the directives of the Central Vigilance Commission, New Delhi, **Vigilance Awareness Campaign - 2024** was observed with much zeal and enthusiasm in all the Projects, Areas, and Headquarters of CCL from **16.08.2024 to 15.11.2024**. As per the guidelines various awareness initiatives such as the display of posters & banners, outreach programs in Schools & Colleges, Gram Sabhas, Capacity Building Programs, Grievance Redressal Camps, Nukkad Nataks, Awareness March/ Cyclothons/Walkathons were organized in various command areas of CCL.

Apart from the events outlined by CVC, various other initiatives like Blood Donation Camps, Health Camps & Plantation Drives directed toward the benefit of employees & stakeholders were also conducted during the campaign period. These programs were conducted with the underlying objective to increase the participation of employees & stakeholders and

create a sense of Participative Vigilance. Major activities undertaken during vigilance awareness week 2024:

(i) Integrity Pledge:

The observance of Vigilance Awareness Week 2024 commenced with taking of **Integrity Pledge** by all the employees at CCL (HQ), Ranchi as well as in all the Areas and Projects/ units of CCL. At CCL (HQ), the pledge was administered by the CMD, CCL, CVO, CCL, and other functional directors on **28.10.2024**. A total of 13, 338 employees, students & other stakeholders took integrity pledge in various areas of CCL at 11:00 a.m. on 28.10.2024.

(ii) E-Pledge:

Comprehensive efforts were made to motivate and encourage employees, customers, contractors, citizens, and others to take the e-pledge. To support this, a hyperlink to the "Integrity Pledge" on www.cvc.nic.in was made accessible on the CCL website, and an e-pledge booth was set up at CCL HQ and various other locations from 28.10.2024. This booth was made available to assist officers, staff, workers, and citizens (including vendors, contractors, and contractual workers) in taking the e-pledge. While many employees had already taken the e-pledge in previous Vigilance Awareness Weeks, this year, **over 1200 individuals**—including executives, non-executives, suppliers, contractors, and citizens—participated in administering the pledge.

(iii) Vigilance Awareness Rath:

On 28.10.2024, CMD, CCL in presence of CVO, CCL and Functional Directors of CCL flagged off the "Vigilance Awareness Rath" from CCL (HQ). The Rath (vehicle) covered all around with display banners with anti-corruption and awareness slogans, pictures, messages, etc. imprinted on it traversed through the residential areas of Ranchi. It was also replicated in 19 Areas & establishments of CCL located in 8 Districts (Ranchi, Ramgarh, Hazaribagh, Bokaro, Giridih, Chatra, Latehar, Palamu) spanning over 2600 Sq. KM.

(iv) Vigilance Awareness March:

Following the flag-off of the Rath, a Vigilance

Awareness March was organized at CCL (HQ) in Ranchi to raise public awareness about the existence, causes, and dangers of corruption. Over 800 participants joined the rally, holding placards with thought-provoking slogans. The march was flagged off by the CMD of CCL, Shri N.K.Singh and was attended by the Functional Directors of CCL, and the CVO of CCL. Similar Awareness Marches, Cyclothons, and Walkathons were held in various areas of CCL.

(v) Nukkad Natak at HQ and Areas:

As part of the Vigilance Awareness Campaign 2024, street play was organized by professional artists at CCL HQ and eight other prominent locations in Ranchi, centered around the theme "Culture of Integrity for Nation's Prosperity." The play conveyed the message that adhering to moral and ethical principles can create a society that is honest, transparent, and accountable. In addition, Nukkad Natak (street plays) were performed by school students and groups of employees in various areas of CCL.

(vi) Outreach Events in Schools & Colleges

During the campaign, a major thrust area was to create awareness about vigilance in the young minds of school & college students. From 17.10.2024 to 26.10.2024, 8 government & private schools were visited by officials of Vigilance Department, CCL & various programs like Quiz, Essay Writing, Speech, Drawing & Slogan writing were organized for the students. More than **500 students** participated enthusiastically in the events organized by CCL Vigilance department.

Similarly, more than **100 schools & colleges** participated in the events organized by various areas of CCL making the outreach initiative a major success.

(vii) Awareness Gram Sabhas:

A total of **13 Awareness Sabhas** were held in different areas of CCL, with participation from local leaders such as Mukhiya, Sarpanch, villagers, students, and others. During these gatherings, a mass pledge was administered to the villagers, and discussions were held to raise awareness about vigilance matters and the various welfare measures CCL has undertaken for its stakeholders.

(viii) Workshops/ Seminars at CCL (HQ) and different Areas:

Capacity Building programs as mandated by CVC on different topics were held in CCL HQ during Vigilance Awareness Campaign on below mentioned topics.

1. Procurement
2. Ethics and Governance
3. System and Procedures of the Organization
4. Cyber hygiene and Security
5. Conduct Rules

Workshops and Seminars on tendering process, CDA rules, Implementation of Standard Operating Procedures, CSO, Road Sale Guidelines 2023 were also organized in Areas independently.

(ix) Grievance Redressal Camps:

In line with the directions of CVC, Grievance redressal camps for employees, contractors & other stakeholders were held at various areas of CCL. During the campaign 10 redressal camps were organized in CCL with a motto to expedite the redressal process of grievances.

(x) Blood Donation Camps:

To boost stakeholder participation and align the campaign with the meaningful cause of saving lives, blood donation camps were organized at CCL HQ and across various command areas. Employees, contractual workers, and other stakeholders enthusiastically took part, donating blood at **16** different camps held throughout CCL. In total, **810 units of blood** were collected during the campaign.

(xi) Health Camps:

Health camps were organized during the campaign for villagers, students of schools & employees providing essential healthcare services and medical support. These camps aimed to offer free consultations, screenings, and treatments for common health issues, ensuring better access to healthcare for the local community. This year, special focus was given to increase female students' awareness of the importance of hygiene & the associated benefits.

A total of **37 health camps** were organized in CCL, and more than 5000 stakeholders benefitted directly from these health camps.

(xii) Plantation Drive:

Under “एक पेड़ माँ के नाम” (स्मृति-तरु) initiative of Vigilance department, 3450 fruit-bearing saplings were planted in various areas of CCL. This initiative was aimed at creating awareness among employees & stakeholders regarding Vigilance and at the same time giving back to Mother Nature by planting fruit-bearing saplings.

(xiii) Observance of Vigilance Awareness Week in the 14 different Areas of CCL and 5 independent units:

The observance of Vigilance Awareness Week in the different Areas of CCL also commenced with the pledge ceremony on **28th October, 2024 at 11.00 AM**. The pledge was administered by the Area GM/ the senior-most officer of the Unit/Area. **Banners and posters** containing thought-provoking slogans were displayed at important places in all the units/offices/ areas. The Vigilance awareness rally, cyclothons and bike rallies were also organized in all the above Areas of CCL. Human Chain was also formed in areas of CCL.

(xiv) Closing Ceremony of Vigilance Awareness Campaign - 2024

The closing ceremony of VAC-2024 was held on 16.11.2024 in the presence of CMD, CCL CVO, CIL & other Functional Directors of CCL. The prizes were given to winners of various events conducted at CCL HQ. Prizes were also distributed for the best area & best nodal officer in the closing ceremony to the Areas & officers who performed remarkably well during the campaign.

All Nodal Officers of areas were also felicitated for their active participation to conduct various events during the campaign period. Vigilance year book “**Vigi Gyaan**” was also unveiled by all the dignitaries present in the closing ceremony.

A Kavi Sammelan was organized during the Closing Ceremony to mark a great end to a fabulous campaign aimed at promoting preventive vigilance. Renowned Kavi “Padmashri” Shri Surendra Sharma graced the occasion & enthralled the audience with his wit & humour.

Coverage of the events was also given in the leading newspapers having wide circulation in the state.

Q. Progressive Vigilance

The Vigilance Department has proactively conducted many area visits across CCL. Key outcomes based on the visits are as follows:

1. E-Auction of Abandoned/ Unused Civil Structures

A pioneering policy enabling seamless auction of old, abandoned, and damaged Residential, Welfare, and Service buildings has been introduced. The disposal of such structures will not only lead to revenue generation and optimal land utilization but will also lead to enhanced Safety of dwellers / commoners and freedom from illegal encroachment.

2. Improvement in quality of Dispatched Coal

- (i) All the laboratories within the command zone of CCL have been accredited by NABL (National Accreditation Board for Testing and Calibration Laboratories). This accreditation confirms their ability to produce accurate and reliable test results.”
- (ii) Proper demarcation of different grades of Coal at stockyard and sidings
- (iii) 96% grade materialization based on third party results has been achieved. The chart depicting improvement in Coal Quality of CCL is as below.

The grade materialization (%) based on 3rd party results (2024-25 vis-à-vis 2023-24) is as below.

Grade	Feb'24	Feb'25	% Growth
Materialization (%)	89%	96%	7.87%%

- (iv) A Standard Operating Procedure (SOP) for Coal Quality Management has been issued by CCL Headquarter.

3. Reduction in Low Value Tenders

- (i) Low Value Tender or Manual (Offline) Tenders (Tender Value < 2 Lakhs) has been a serious issue of concern, as they often lead to increased time consumption, higher costs, and greater manpower requirements.

The Vigilance Department initiated efforts to reduce the number of such tenders.

4. Reduction in Manual (Offline) Tender

Manual (Offline) Tenders (Tender Value < 2 Lakhs) has been a frequent source of complaints, as they make the tendering process more resource-intensive. Due to efforts of Vigilance Department the number of such tenders has been reduced.

Financial Year	No. of Manual Tenders	Percentage Reduction (In Nos.)
2022-23	465	--
2023-24	137	70%
2024-25 (Till Feb'25)	98	28%

5. Digital Initiatives

- (i) Continuous monitoring of digital initiatives has helped area to understand and implement SOP circulated by CCL.

- (ii) Installation of VTS/Rfid and Integrated Command Control Centers (ICCC) is in advance stage.
- (iii) Alerts redressal mechanism for reporting, analyzing and responding to the alerts generated in the GPS based VTS has enhanced operational efficiency and safety.
- (iv) Implementation of Electronic Measurement Book (e-MB) in Civil Engineering Works is further a step towards more transparency.
- (v) The software testing for direct data transfer from digitizer to cloud server of Railway (CRIS) has been done successfully by Rail WB vendors of CCL. The weighment software will be hosted on CRIS cloud server shortly.
- (vi) Both-end weighment facilities are currently available in 12 out of 14 Areas of CCL. The receiving-end weighbridges in the remaining 2 Areas (A&C and M&S) are in the final stages of installation and commissioning.

Observance of Vigilance Awareness Week 2024

REPORT ON CORPORATE GOVERNANCE

1. CORPORATE GOVERNANCE PHILOSOPHY

The Corporate Governance emphasizes an ethical framework of rules, regulations and policies governing the administration of the Company with a strong commitment to values and conduct of business on a sustainable basis to maximize shareholders' value. It aims at protecting the interest of every stakeholder including shareholders, investors, customers, vendors, regulators, the community at large and the Government. The Company follows the Guidelines on Corporate Governance for Central Public Sector Enterprises (CPSEs) issued by Ministry of Heavy Industries & Public Enterprises, DPE vide its letter no. 18(8)/2005-GM dtd. May 14, 2010. Corporate Governance primarily concerns transparency, full disclosure of material facts, independence of Board and fair play with all stakeholders. The steps are being taken up to comply/ adhere with all compliances in terms of the Guidelines of Corporate Governance issued by Department of Public Enterprises from time to time.

CCL is committed to observe Corporate Governance practices at all levels to achieve its objectives. Our corporate governance practices are a reflection of our value system encompassing our culture, policies, and relationships with our stakeholders.

The Company's philosophy on corporate governance oversees business strategies and ensures fiscal accountability, ethical corporate behaviour and fairness to all stakeholders comprising employees, investors, customers, regulators, suppliers and the society at large. Strong leadership and effective corporate governance practices have been the Company's hallmark.

The Company has adopted the Code of Business Conduct & Ethics ("Code") which applies to all directors, and Senior Management Personnel (SMP) (collectively referred to as "Covered Parties") of the Coal India Limited (CIL) and its Wholly-owned Indian subsidiaries including CCL. The core purpose of the code is intended to (a) focus on areas of ethical risk; (b) set forth basic standards of ethical and legal behaviour; (c) to provide guidance to Directors & SMP to them recognize and deal with ethical issues; (d) provide reporting mechanisms for known and suspected unethical conduct and/or legal violations; (e) help foster a culture of honesty and accountability. All the Board Members and Senior Management of the Company as

on March 31, 2025 have affirmed compliance with their respective Codes of Conduct.

The details of CCL board structure & various committees that constitute the governance structure of the organization are covered in detail in this report along with other disclosures as specified in the DPE guidelines and the Companies Act 2013.

2. BOARD OF DIRECTORS

The Board of Directors ('the Board') is the apex body, for overseeing the Company's overall functioning. The provides strategic direction, leadership and guidance to the Company Management as also monitors the performance of the Company with the objective of creating long-term value for the various stakeholders and the Company.

CCL is a "Government Company" under the administrative control of Ministry of Coal, Government of India. As per the Articles of Association of the Company, the power to appoint/nominate Directors on the Board of the Company vests with President of India, Government of India acting through Administrative Ministry as per Guidelines issued by DPE. In terms of the Articles of Association of the Company, the strength of our Board shall not be less than two Directors or more than fifteen Directors. The Chairman & Managing Director (CMD) and Five Functional Directors are the whole time Directors who are responsible for the day to day operations of the Company. The strategic decision(s) are under the overall supervision, control and guidance of the Board of Directors of the Company, which includes Government Nominee Directors and Independent Directors.

Vide letter No. 21/35/2005-ASO (iv) dated 6th June 2008 Ministry of Coal, communicated the approval of President the Sanctioned strength of CCL Board is as below:

Five (5) Functional Directors:

1. CMD, CCL	-	Full Time
2. Director (Personnel), CCL	-	Full Time
3. Director (Technical), CCL	-	Full Time
4. Director (Technical), CCL	-	Full Time
5. Director (Finance), CCL	-	Full Time

Two (2) Government Nominee Directors:

1. One representative of Ministry of Coal - Part Time
2. One representative of Coal India Ltd - Part Time

Five (5) Non-official Directors:

Five - Part Time (Independent)

As on 31st March, 2025, the Company's Board consisted of Eight Directors, comprising of five Functional (whole-time) Directors, two Government Nominee Directors (representing Ministry of Coal/CIL) and one Independent Directors. Although the composition of functional directors was in conformity with the provisions of the Companies Act, 2013 and DPE Guidelines on Corporate Governance, but not able to adhere the composition of directors fully due to non-appointment of Independent Director on the Board.

The Company has taken up the issue with the Administrative Ministry for appoint independent director on the Board, to enable compliance with the provisions of the Companies Act, 2013 and DPE Guidelines on Corporate Governance.

During the financial year ended March 31st, 2025,

9 (Nine) nos. of Board meetings were held on 10.04.2024,

25.04.2024, 31.05.2024, 22.07.2024, 23.09.2024, 19.10.2024, 06.12.2024, 21.01.2025, & 13.03.2025. Thus, the maximum time gap between consecutive Board meetings was not more than two calendar months.

AGE LIMIT AND TENURE OF DIRECTORS

The age limit of Chairman & Managing Director and other whole-time functional Directors is 60 Years. The Chairman cum Managing Director and other whole-time Functional Directors are appointed for a period of five years from the date of assumption of charge or till the date of superannuation of the incumbent or till further orders from the Government of India whichever event occurs earlier. Government Nominee Directors representing Ministry of Coal, retire from the Board on ceasing to be officials of Ministry of Coal or till further orders from the Government of India whichever event occurs earlier. Independent Directors are appointed by the Government of India. The Independent Directors have fulfilled the conditions of independence specified in Section 149(6) of the Companies Act, 2013.

The details of the composition of Board of Directors, Director's attendance at the Board meeting, number of Directorship in other Companies and membership in other committees, etc. during the year are as follows:

PROFILE OF DIRECTORS

Annexure - IA

Board of Directors of CCL as on 31.03.2025 consists of CMD, D(F), D(T/P&P), D(P), D(T/O), two Govt./CIL Nominee Directors, One Non-official Part Time Director.

Brief about all Directors, their qualification, domain, experience & expertise, their membership in professional bodies, Chairman/Directorship in other companies etc are given below:

FUNCTIONAL DIRECTORS:

CHAIRMAN-CUM-MANAGING DIRECTOR SHRI NILENDU KUMAR SINGH

Shri Nilendu Kumar Singh, (DIN: 09847503) has assumed the charge as Chairman-cum Managing Director (CMD) of Central Coalfields Limited (CCL) w.e.f 30th April'2024. With background of Mining Engineering (B. Tech) from IIT-ISM, Dhanbad he has obtained 1st Class Mine Manager Certification in the year 1994.

He has been associated with Coal India Limited since 1989 and has rendered his services in various capacities inculcating root level knowledge and experience. He possesses vast experience of working in large opencast mines, handling of FMC projects, starting sidings, adoption of new mining technologies and working with highest capacity HEMM. He also has experience of working with White Industries of Australia Ltd. (WIAL) at Piparwar opencast mine of CCL with "In-pit Crushing & Conveying System" with integrated CHP & CPP. His visit to Australia in 1997 has further enriched his experience in advanced mining techniques. Shri Singh most recently served as Director (Technical) in the Board of ECL where he has provided invaluable fiscal oversight and perspective to the organization through his time on the board.

CCL as a family is extremely lucky to have this chance of working under his mentorship and it is for sure that CCL will touch new heights through several transitions under his broad perspectives.

Shri Nilendu Kumar Singh has assumed the charge of Chairman-cum-Managing Director Central Coalfields Limited w.e.f 30.04.2024. Shri Singh Graduated in Mining Engineering (B. Tech) from IIT-ISM, Dhanbad in the year 1989 and obtained 1st Class Mine Manager Certification in the year 1994. He joined Coal India Limited in 1989 at Central Coalfields Limited. Shri Singh rendered his services in CCL till 2011 in various capacity viz. Mines manager at Piparwar, Ashoka, Urimari and Kalyani projects. Thereafter, he was transferred to SECL in January, 2012. There he rendered his services in various capacity viz. Mines Manager at Gevra from 2012 to 2017 Sub Area Manager (Agent) at Dipka Chhal project and Area General Manager at Dipka Area, Korba Area Raigarh Area of SECL. He possesses vast experience of working in large opencast mines, handling of FMC projects, starting sidings, adoption of new mining technologies and working with highest capacity HEMM viz. 42 m3 shovels, 240T dumpers. He also has experience of working with White Industries of Australia Ltd. (WIAL) at Piparwar opencast mine of CCL with In-pit Crushing Conveying System with integrated CHP CPP. He has also visited Australia in 1997 to gain experience in advanced mining techniques.

DIRECTOR (FINANCE)

SHRI PAWAN KUMAR MISHRA

Shri Pawan Kumar Mishra (DIN : 09665365) is presently working as Director (Finance), Central Coalfields Limited (CCL), a coal mining company since June-2022. He is Graduate in Commerce and also member of Institute of Chartered Accountant. He is also director of Jharkhand Central Railway Limited (JCRL).

Prior to his joining in CCL, he had worked as CFO (Chief Financial Officer) with DNH Power Distribution Corporation Limited (DNHPDCL), a power distribution utility and also Nuclear Power Corporation Limited (NPCIL), a power generation company. He has more than 20 years of experience in the fields of accounting, finance and taxation. He has very rich and vast experience in corporate accounting & taxation, corporate financing including restructuring, commercial / project evaluation including negotiation and its documentation, budget & budgetary control, dealing with auditors, commercial compliances including tariff determination & finalization, Power Purchase Agreement finalization and other regulatory compliances in power sector.

In his previous professional working association, he has played key roles in privatisation of electricity distribution company through competitive bidding first of its kind including documentation. He was also instrumental in transfer and hand holding process of the said privatisation, turning out of financial performance of distribution utility company through regulatory improvements, implementation of integrated business solution & automated business processes, preparation of finance manual & internal audit manual, implementation of new accounting standards (Ind AS) including finalization of new accounting policies and reporting structure.

DIRECTOR (PERSONNEL)

SHRI HARSH NATH MISHRA

Shri H. N. Mishra (DIN : 09732955) is Director (Personnel) at Central Coalfields Limited (CCL) – a subsidiary of Coal India Limited (CIL). Shri Mishra started his professional journey in 1991 and prior to joining CIL he worked in various capacities at Steel Authority of India Limited (SAIL).

Shri Mishra holds a Master's degree in Economics from Patna University and a Diploma in Social Work and Labour Welfare from Indian Institute of Social Welfare and Business Management (IISWBM), University of Calcutta. In addition to these commendations, he also earned LLB degree from Vinoba Bhave University. Mr. Mishra is a Life member of the National Institute of Personnel Management (NIPM) and presently he is the chairman of its Ranchi Chapter.

He has over three decades of experience in varied facets of Human Resource management. Shri Mishra is renowned for his visionary approach and dynamic decision making. He believes in implementing transformational and innovative practices for process simplification. In a very short span of

time he has steered improvement in various processes and practices for enhancement of stakeholder's experiences in CCL & BCCL. A soft-spoken person, patient listener and an employee friendly officer, he is regarded as an expert in Industrial relations.

He is an avid reader and has participated in various conferences and seminars at different levels.

DIRECTOR (TECHNICAL/OPERATION)
SHRI CHANDRA SHEKHAR TIWARI

Shri Chandra Shekhar Tiwari (DIN: 10977782) has assumed the charge of Director (Technical/Operation) in Central Coalfields Limited (CCL) w.e.f. 28th February, 2025. He has over three decades of experience in the mining industry and prior to joining as Director he has served General Manager (Forest) in CCL-HQ.

Shri Chandra Shekhar Tiwari holds Bachelor of Technology (Mining Engineering) degree from Indian Institute of Technology (Indian School of Mines) (IIT-ISM), Dhanbad in the year 1989 and also possesses First Class Mine Manager's Certificate from Directorate General of Mines Safety (DGMS), Dhanbad. In addition, he holds Master of Business Administration (MBA) in Marketing Management from Birla Institute of Technology (Mesra). His academic achievements reflect his deep understanding and leadership abilities in the mining industry.

He started his career in Coal India Limited in the year 1989 from BCCL where he gained experience of working in mechanized underground mines having SDLs. During his career, Shri Tiwari has held various important positions in Central Coalfields Limited (CCL) and Northern Coalfields Limited (NCL). He has served in CMPDI too which shaped his mine planning skills on various aspects of mining. During his tenure in different capacities in mining operation, planning and regulatory roles he has proven track record of obtaining clearance like Stage-1, Stage -II, EC, FC, diversion of forest land, timely securing CTE/CTO along with its compliances. Additionally, he has also made significant contributions for production and productivity improvement, improvement of safety and quality.

DIRECTOR (TECHNICAL/PROJECT & PLANNING)
SHRI SHANKAR NAGACHARI

Shri Shankar Nagachari (DIN : 09729657) holds a Mining Engineering Degree (1988) from The Institution of Engineers (India), an MBA in Marketing Management from IGNOU, and an Executive MBA from IIM Ranchi. He began his professional journey at Ambara Colliery, Kanhan Area of Western Coalfields Limited (WCL), and has since held key leadership roles in both underground and opencast mining operations. Rising through the ranks from Mine Manager to Area General Manager, he has made significant contributions to coal production across Western Coalfields Limited (WCL) and South Eastern Coalfields Limited (SECL).

Under his dynamic leadership, the Baikunthpur and Sohagpur Areas of SECL received National Safety Awards, underscoring his unwavering commitment to operational excellence and safety standards.

In addition to his current role as Director (Technical/CRD) at CMPDIL, Shri Nagachari also holds additional charge as Director (Technical) at Central Coalfields Limited (CCL).

He serves on the Board of Coal India Africana Limitada (CIAL), a wholly-owned subsidiary of Coal India Limited (CIL), set up to develop coal projects in Mozambique.

Previously, he held additional charge as Director (Technical – Project & Planning) at Bharat Coking Coal Limited (BCCL) from 14th January 2024 to 27th January 2025.

He is a Life Member of the All India Management Association (AIMA) and the Mining, Geological & Metallurgical Institute of India (MGMI), and a Life Fellow Member of The Institution of Engineers (India). ANNEXURE-II

CERTIFICATE ON CORPORATE GOVERNANCE BY SECRETARIAL AUDITOR

To,
The Members of Central Coalfields Limited
Darbhanga House, Kutchery Road,
Ranchi-834029
Jharkhand, India

We M/s J. K. Das & Associates, Practicing Company Secretaries, have examined the compliance of DPE Guidelines on Corporate Governance of Central Coalfields Limited (hereinafter called as "Company") for the year ended 31st March, 2025, as stipulated in Guidelines on Corporate Governance for Central Public Sector Enterprises (CPSEs) dated 14.05.2010 (here in after referred to as "DPE Guidelines").

Managements' Responsibility

The compliance of conditions of DPE Guidelines on Corporate Governance is the responsibility of the Management. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of the Corporate Governance stipulated in the DPE Guidelines.

Auditor's Responsibility

Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company

We have examined the books of accounts and other relevant records and documents maintained by the Company for the purposes of providing reasonable assurance on the compliance with Corporate Governance requirements by the Company

We have carried out an examination of the relevant records of the Company in accordance with CSAS-1-Auditing Standard on Audit Engagement issued by the Institute of Company Secretaries of India (the ICSI)

Place: Ranchi
Date: 24th June, 2025

Opinion

Based on our examination of the relevant records and according to the information and explanations provided to us and the representation provided by the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in DPE Guidelines during the year ended 31st March, 2025 subject to the following:

- i. The number of Functional Directors and total members of the Board of Directors of the Company as on 31st March, 2025 were five and eight respectively. The number of Functional Directors was more than 50% of the actual strength of the Board and as per para 3.1.2 of Chapter 3 of DPE Guidelines "The number of Functional Directors (including CMD/MD) should not exceed 50% of the actual strength of the Board."
- ii. The number of Independent Directors and total members of the Board of Directors of the Company as on 31st March, 2025 were one and eight respectively. The number of Independent Directors were not one-third of the Board Members and as per para 3.1.4 of Chapter 3 of DPE Guidelines
- iii. The Audit Committee of the Company is having one Independent Director as on 31st March, 2025, whereas as per para 4.1.1 of Chapter 4 of DPE Guidelines "The Audit Committee shall have minimum three Directors as members and Two-third of the members of audit committee shall be Independent Directors."
- iv. The Remuneration Committee of the Company was not constituted as on 31st March, 2025, as per para 5.1 of Chapter 5 of DPE Guidelines

Disclosure:

We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company

FORM NO. MR - 3 SECRETARIAL AUDIT REPORT

(FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2025)

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members
M/s. Central Coalfields Limited
Darbhanga House, Kutcheri Road,
Ranchi-834029,
Jharkhand, India

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **M/s. Central Coalfields Limited (CIN: U10200JH1956GOI000581)** (hereinafter called the Company). Secretarial Audit was conducted in accordance to the CSAS-4-Auditing Standard on Secretarial Audit issued by the Institute of Company Secretaries of India (the ICSI) that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, the explanations and clarification given to us and the representation made by the management, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2025, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2025, according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the Rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- (iv) Foreign Exchange Management Act, 1999 and the Rules and Regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act')
 - (a) The Securities and Exchange Board of India (Prohibition of Insider Trading Regulations) 2015,
 - (b) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015
- (vi) Corporate Governance Guidelines issued by Department of Public Enterprises vide their OM. No. 18(8)/2005-GM dated 14th May, 2010

We report that, having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, on test-check basis and a quarterly compliance report on all applicable laws placed before CCL Board on regular basis, the Company has complied with the following laws applicable specifically to the Company:

1. The Coal Mines Act, 1952
2. Indian Explosives Act, 1884
3. Colliery Control Order, 2000 and Colliery Control Rules, 2004
4. The Coal Mines Regulations, 2017
5. The Payment of Wages (Mines) Rules, 1956
6. Coal Mines Pension Scheme, 1998
7. Coal Mines Conservation and Development Act, 1974
8. The Mines Vocational Training Rules, 1966
9. The Mines Creche Rules, 1961
10. The Mines Rescue Rules, 1985
11. Coal Mines Pithead Bath Rules, 1946
12. Maternity Benefit (Mines and Circus) Rules, 1963
13. The Explosives Rules, 2008
14. Mineral Concession Rules, 1960
15. Coal Mines Provident Fund and Miscellaneous Provisions Act, 1948
16. Mines and Minerals (Development and Regulation) Act, 1957
17. The Payment of Undisbursed Wages (Mines) Rules, 1989
18. Indian Electricity Act, 2003 and the Indian Electricity Rules, 1956
19. Environment Protection Act, 1986 and Environment Protection Rules, 1986
20. The Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016
21. The Water (Prevention & Control of Pollution) Act, 1974 and Rules made thereunder
22. The Air (Prevention & Control of Pollution) Act, 1981
23. Public Liability Insurance Act, 1991 and Rules made thereunder

During the Audit Period, the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, etc. mentioned above. As regards certain Corporate Governance provisions, the Company being a Central PSU, the regulatory framework applicable to Government Companies is designed to ensure compliance in respect of matters pertaining to appointment, evaluation and succession of directors, quarterly/ annual grading of CPSE on the compliance of DPE Corporate Governance norms. The submission of compliance of DPE guidelines on an annual basis were found to have been complied with.

Being a Government Company, in terms of Article 31(d), (h), (i) & (q) of Articles of Association of the Company, all Directors on the Board of Central Coalfields Limited are appointed by President of India acting through Ministry of Coal and the Company has no role in appointment of Directors on its Board.

We further report that:-

A. COMPOSITION OF BOARD:

During the financial year under review, the Board of Directors of the Company is duly constituted. The changes in the Composition of the Board of Directors that took place during the period under review were duly recorded and proper procedure had been followed by the company in compliance with the provisions of the Act & Rules there under, subject to our observation as below:

- The Company has declared & paid 1st Interim Dividend amounting to ₹ 601.60 Crore (i.e. ₹ 320 per equity share) be paid on 1,88,00,000 nos. of equity shares of ₹ 1,000/- each to Coal India Ltd (CIL) (the Holding Company) out of current year's estimated profit after tax up to September 2024 in respect of Financial Year 2024-25.

Company has complied with the required process under Companies Act, 2013, Rules made there under.

I. RE-CONSTITUTION OF SUB-COMMITTEES OF CCL BOARD

The company has the following Statutory/other Board level Committees.

- Audit Committee
- Sustainability Development & Corporate Social Responsibility (SD&CSR) Committee
- Risk Management Committee (RMC)
- Human Resource Committee (HRC)

During the financial year under review, the Audit Committee and Sustainability Development & Corporate Social Responsibility (SD&CSR) Committee were re-constituted. The scope of work and authority vested with the committees are as per provision of Section 177 of the Companies Act, 2013, read with the Companies (Meeting of Board and its powers) Rules, 2014 and section 135(1) of the Companies Act, 2013, read with the Companies (Corporate Social Responsibility Policy) Rules, 2014, and the provisions of DPE guidelines along with rules made there under respectively.

J. CESSATION OF DIRECTORS

During the financial year under review, following directors ceased to be the director of the company on directive of administrative ministry as per the terms of their appointment notification issued by the Ministry of Coal:

Name of the Director	Designation	Cessation
Dr. B. Veera Reddy	CMD, CCL	30.04.2024
Shri Satish Jha	Director (Technical /P&P)	14.12.2024
Shri Harish Duhan	Director (Technical /Oprn.)	26.03.2024

K. APPOINTMENT OF DIRECTORS

During the financial year under review, following directors have taken over the charge of Director, of the Company as per the notification issued by the Ministry of Coal:

Name of the Director	Designation	Appointment
Shri Nilendu Kumar Singh	CMD, CCL	30.04.2024
Shri Chandra Shekhar Tiwari	Director (Technical /Oprn.)	28.02.2025
Shri Shankar Nagachari	Director (Technical /P&P)	27.03.2025

L. APPOINTMENT/CESSATION OF NON-OFFICIAL PART-TIME INDEPENDENT DIRECTOR

During the financial year under review, Shri Ramesh Soni, a non-official part time independent director, ceased to be the director of the company on completion of his term w.e.f 31.10.2024 as per the terms of his appointment notification issued by the Ministry of Coal. The aforesaid cessation has been notified in the 544th Board meeting of the company held on 06.12.2024.

Further, Shri Adya Prasad Pandey has been appointed as Non-official part time independent director w.e.f. 28.03.2025.

We further report that based on the information provided by the Company during the Audit Period and also on the review of quarterly compliance reports by the concerned department taken on record by the Board of Directors of the Company, in our opinion, adequate systems and processes and control mechanisms exist in commensurate with its size and operations, to monitor and ensure compliance with applicable general laws, rules, regulations and guidelines.

We further report that as informed, the company has responded appropriately to notices received from various statutory/regulatory authorities including initiating actions for corrective measures, wherever found necessary.

We further report that as per explanations and management representations obtained and relied upon by us, during the audit period there is no such specific events/actions having major bearing on the Company's affairs had taken place.

MANAGEMENT'S RESPONSIBILITY

The responsibilities of the management of the Company are as under:

1. Maintenance of secretarial records is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.
2. We have followed the audit practices and the processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we followed provide a reasonable basis for our opinion.
3. We have not verified the correctness and appropriateness of financial records and Books of Account of the Company or examined any books, information or statements other than Books and Papers.
4. We have not examined any other specific laws except as mentioned above.
5. Wherever required, we have obtained the Management Representation about the compliance of aforesaid Laws, Rules, Regulations, Standards, Guidelines and happening of events etc
6. The compliance of the provisions of corporate laws and other applicable Rules, Regulations, Guidelines, Standards etc. is the responsibility of management. Our examination was limited to the verification of procedure on test basis
7. The Secretarial Audit Report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

ANNEXURE - B

MANAGEMENT REPLY TO SECRETARIAL AUDITOR'S OBSERVATION

As per section 204 of the Companies Act' 2013, J.K. Das & Associates has been appointed to conduct Secretarial Audit of M/s. Central Coalfields Ltd. Ranchi. The management's reply in respect of the observation of Secretarial Audit Report for financial year ended 31st March 2025 as submitted by J.K. Das & Associates is as under:

SN.	Observation	Management Reply
1	As per the Presidential Directive received by the Company on the composition of Board vide letter no. 21/35/2005-ASO (iv) dated 06.06.2008, the Board do not have required number of Independent Directors.	This is a statement of fact. CCL is a "Government Company" under the administrative control of Ministry of Coal, Government of India. As per the Articles of Association of the Company, the power to appoint/nominate Directors on the Board of the Company vests with President of India, Government of India acting through Administrative Ministry as per Guidelines issued by DPE. Representations has been made to Administrative Ministry for filling up of vacancies of Non-Official Part-time (Independent) Directors on Board of the company.
2	The requisite number of Independent Directors were not on the Board of the Company as contemplated in Section 149(4) of the Act and the Clause 3.1.2 of DPE Guidelines on Corporate Governance for Central Public Sector Enterprise (CPSE) issued by the Department of Public Enterprises (DPE) during the period under review. As the appointment was done by the Ministry of Coal, requisite letters were sent for appointment of the Independent Directors by the management from time to time to Ministry of Coal with copy to its Holding Company.	Same as point no. 1.
3	Further, composition of the Audit Committee of the Board of Directors of the Company, the requisite number of Independent Directors were not on the Audit Committee as contemplated in Section 177 of the Companies Act, 2013 and Clause 4.1.1 of the DPE Guidelines for Corporate Governance on CPSE, during the period under review due to non-availability of Independent directors on the Board.	Same as point no. 1.
4	During the year under review, no separate meeting of Independent Directors was held as per the provisions of section 149(8) of the Companies Act 2013 read with schedule IV due to only one Independent Director on the Board).	This is a statement of fact. During the period under review, there was only one Independent Director on the Board of the Company, thereby meeting of Independent Directors could not be held.

ANNEXURE-IV

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143 (6) (b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF CENTRAL COALFIELDS LIMITED FOR THE YEAR ENDED 31ST MARCH 2025

The preparation of financial statements of Central Coalfields Limited for the year ended 31st March 2025 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditors appointed by the Comptroller and Auditor General of India under section 139 (5) of the Act are responsible for expressing opinion on the financial statements under section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143 (10) of the Act. This is stated to have been done by them vide their Revised Audit Report dated 04 June 2025 and 07 June 2025 which supersedes their earlier Audit Report dated 26th April 2025.

I, on behalf of the Comptroller and Auditor General of India have conducted a supplementary audit of the financial statements of Central Coalfields Limited for the year ended 31st March 2025 under section 143(6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records. The Audit Report has been revised by the statutory auditor to give effect to some of my audit observations raised during supplementary audit.

In addition, I would like to highlight the following significant matters under section 143(6)(b) of the Act which have come to my attention and which in my view are necessary for enabling a better understanding of the financial statements and related audit report:

A. Comment on Profitability

A.1 Statement of Profit and Loss

Other current liabilities (Note-10.2) ₹ 2808.02 Crore

Above does not include an amount of ₹ 364.44 Crore payable to the Mineral Area Development Authority (MADA), Urban Development Department, Government of Jharkhand.

Urban Development Department, Government of Jharkhand, vide notification (January 2006) imposed a levy of 1 percent fee on the sale value of the coal and coke. As per the said notification, MADA was the authorized agency to collect the same in respect of the notified areas. The levy, so imposed, was challenged by CCL in the Jharkhand High Court. Accordingly, CCL has shown ₹ 364.44 Crore for the period of 2005-06 to 2022-23 as Contingent Liability. CCL is paying the said fee from financial year 2023-24 onwards.

Hon'ble Supreme Court Judgment dated 25.07.2024 related to State's power to tax mines and mineral Rights, clarified that States may levy or renew demands of tax. The demand of tax shall not operate on transactions made prior to 1st April 2005. Further, the Hon'ble Supreme court has rejected the submission regarding applicability of MADA with prospective effect.

Despite the above judgment of the Hon'ble Supreme Court, CCL has shown the amount of ₹ 364.44 Crore as Contingent Liability and has not recognized the amount as liability.

As per Ind AS-37, Para 14 of Provisions, Contingent Liabilities, and Contingent Assets a provision shall be recognized when an entity has a present obligation (legal or constructive) as a result of a past event; it is probable

that an outflow of resources embodying economic benefits would be required to settle the obligation; and a reliable estimate can be made of the amount of the obligation.

Thus, non-recognition of the above amount as liability despite the judgment of the Hon'ble Supreme Court has resulted in understatement of other current liability and expenditure and overstatement of profit for the year by ₹ 364.44 Crore.

B. Comments on Disclosure

B.1 Property, Plant and Equipment (Note-3.1) Mutation of Land

The Company acquires land under the Coal Bearing Area (Acquisition and Development) Act, 1957 and is vested in the name of the Company. The Ministry of Coal instructed (April 2022) the coal companies to get the land records mutated in the name of the Company as an absolute owner. CCL has 15734.11 hectares of land in its possession, out of which mutation has been done only against 656.06 hectares of land and the balance land is yet to be mutated in the name of the Company.

The above facts regarding non-mutation of land in the name of CCL have not been disclosed in the Notes to the financial statements. Also, the disclosure under the Companies (Auditor's Report) Order is also deficient to that extent.

B.2 Additional Notes to Financial Statement (Note 16)

Contingent Liabilities (Item 1 (a)) - ₹ 4919.50 Crore

The above does not include an amount of ₹ 28.62 Crore in respect of the demand raised (22nd March 2025) by DMO, Chatra towards short deposit of Royalty on coal for the period from April 2011 to March 2013. In this regard, CCL decided to contest the same before DMO, Chatra. As this was a pending demand as on the balance sheet date, the same should have been shown under contingent liability in the books of account for the year 2024-25 but the same has not been done. Paragraph 10 of Ind AS 37 on Provisions, Contingent Liabilities and Contingent Assets states that a contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

This resulted in understatement of Contingent Liabilities by ₹ 28.62 Crore.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143 (6) (b) READ WITH SECTION 129 (4) OF THE COMPANIES ACT, 2013 ON THE CONSOLIDATED FINANCIAL STATEMENTS OF CENTRAL COALFIELDS LIMITED FOR THE YEAR ENDED 31 MARCH 2025

The preparation of financial statements of Central Coalfields Limited for the year ended 31 March 2025 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditors appointed by the Comptroller and Auditor General of India under section 139 (5) read with section 129 (4) of the Act is responsible for expressing opinion on the financial statements under section 143 read with section 129(4) of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143 (10) of the Act. This is stated to have been done by them vide their Revised Audit Report dated 4TH June 2025 and 07 July 2025 which supersedes their earlier Audit Report dated 26th April 2025.

I, on behalf of the Comptroller and Auditor General of India have conducted a supplementary audit of the financial statements of Central Coalfields Limited for the year ended 31 March 2025 under section 143(6)(a) read with section 129(4) of the Act. We conducted a supplementary audit of the financial statement of Jharkhand Central Railway Limited. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records. The Audit Report has been revised by the statutory auditor to give effect to some of my audit observations raised during supplementary audit.

In addition, I would like to highlight the following significant matters under section 143(6)(b) read with section 129(4) of the Act which have come to my attention and which in my view are necessary for enabling a better understanding of the financial statements and related audit report:

A. Comment on Profitability

A.1 Statement of Profit and Loss Other current liabilities (Note-10.2) ₹ 2808.02 Crore

Above does not include an amount of ₹ 364.44 Crore payable to the Mineral Area Development Authority (MADA), Urban Development Department, Government of Jharkhand.

Urban Development Department, Government of Jharkhand, vide notification (January 2006) imposed a levy of 1 percent fee on the sale value of the coal and coke. As per the said notification, MADA was the authorized agency to collect the same in respect of the notified areas. The levy, so imposed, was challenged by CCL in the Jharkhand High Court. Accordingly, CCL has shown ₹ 364.44 Crore for the period of 2005-06 to 2022-23 as Contingent Liability. CCL is paying the said fee from financial year 2023-24 onwards.

Hon'ble Supreme Court Judgment dated 25.07.2024 related to State's power to tax mines and mineral Rights, clarified that States may levy or renew demands of tax. The demand of tax shall not operate on transactions made prior to 1st April 2005. Further, the Hon'ble Supreme court has rejected the submission regarding applicability of MADA with prospective effect.

Despite the above judgment of the Hon'ble Supreme Court, CCL has shown the amount of ₹ 364.44 Crore as Contingent Liability and has not recognized the amount as liability.

As per Ind AS-37, Para 14 of Provisions, Contingent Liabilities, and Contingent Assets a provision shall be recognized when an entity has a present obligation (legal or constructive) as a result of a past event; it is probable

that an outflow of resources embodying economic benefits would be required to settle the obligation; and a reliable estimate can be made of the amount of the obligation.

Thus, non-recognition of the above amount as liability despite the judgment of the Hon'ble Supreme Court has resulted in understatement of other current liability and expenditure and overstatement of profit for the year by ₹ 364.44 Crore.

B.2 Comments on Disclosure

B.1 Property, Plant and Equipment (Note-3.1) Mutation of Land

The Company acquires land under the Coal Bearing Area (Acquisition and Development) Act, 1957 and is vested in the name of the Company. The Ministry of Coal instructed (April 2022) the coal companies to get the land records mutated in the name of the Company as an absolute owner. CCL has 15734.11 hectares of land in its possession, out of which mutation has been done only against 656.06 hectares of land and the balance land is yet to be mutated in the name of the Company.

The above facts regarding non-mutation of land in the name of CCL have not been disclosed in the Notes to the financial statements. Also, the disclosure under the Companies (Auditor's Report) Order is also deficient to that extent.

B.2 Additional Notes to Financial Statement (Note 16)

Contingent Liabilities (Item 1 (a)) - ₹ 4919.50 Crore

The above does not include an amount of ₹ 28.62 Crore in respect of the demand raised (22nd March 2025) by DMO, Chatra towards short deposit of Royalty on coal for the period from April 2011 to March 2013. In this regard, CCL decided to contest the same before DMO, Chatra. As this was a pending demand as on the balance sheet date, the same should have been shown under contingent liability in the books of account for the year 2024-25 but the same has not been done. Paragraph 10 of Ind AS 37 on Provisions, Contingent Liabilities and Contingent Assets states that a contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

This resulted in understatement of Contingent Liabilities by ₹ 28.62 Crore.

**For and on behalf of the
Comptroller and Auditor General of India**

ANNEXURE -A

MANAGEMENT REPLY TO THE COMMENTS OF COMPTROLLER AND AUDITOR GENERAL OF INDIA STANDALONE AND CONSOLIDATED

C&AG Comments	Management Reply
A. Comment on Profitability A.1 Statement of Profit and Loss Other current liabilities (Note-10.2) ₹ 2808.02 Crore Above does not include an amount of 364.44 Crore payable to the Mineral Area Development Authority (MADA), Urban Development Department, Government of Jharkhand. Urban Development Department, Government of Jharkhand, vide notification (January 2006) imposed a levy of 1 percent fee on the sale value of the coal and coke. As per the said notification, MADA was the authorized agency to collect the same in respect of the notified areas. The levy, so imposed, was challenged by CCL in the Jharkhand High Court. Accordingly, CCL has shown ₹364.44 Crore for the period of 2005-06 to 2022-23 as Contingent Liability. CCL is paying the said fee from financial year 2023-24 onwards. Hon'ble Supreme Court Judgment dated 25.07.2024 related to State's power to tax mines and mineral Rights, clarified that States may levy or renew demands of tax. The demand of tax shall not operate on transactions made prior to 1st April 2005. Further, the Hon'ble Supreme court has rejected the submission regarding applicability of MADA with prospective effect. Despite the above judgment of the Hon'ble Supreme Court, CCL has shown the amount of ₹ 364.44 Crore as Contingent Liability and has not recognized the amount as liability. As per Ind AS-37, Para 14 of Provisions, Contingent Liabilities, and Contingent Assets a provision shall be recognized when an entity has a present obligation (legal or constructive) as a result of a past event; it is probable that an outflow of resources embodying economic benefits would be required to settle the obligation; and a reliable estimate can be made of the amount of the obligation. Thus, non-recognition of the above amount as liability despite the judgment of the Hon'ble Supreme Court has resulted in understatement of other current liability and expenditure and overstatement of profit for the year by ₹ 364.44 Crore.	The Bihar (Coal Mining) Area Development Authority Act, 1986, published in the Bihar Gazette (Extraordinary No. 568) on October 1, 1986, was enacted to provide for growth and development of the coal mining areas in the state. This Act was later amended in 1992 through the Bihar Coal Mining Area Development Authority (Amendment) Act, 1992. Upon the creation of Jharkhand as a separate State in 2000, Jharkhand did not initially have its own legislation for coal mining area development. The state of Jharkhand adopted the said Bihar act through its notification no. 5 of 2001, titled the same as 'Jharkhand Mineral Area Development Authority (Amendment and Adoption) Act, 2000'. Thereafter, notification No. 179 dated 18th January 2006 was issued by 'the Urban Development Department, Government of Jharkhand, imposing levy of 1% market fee on the sale of coal and coke. It is to mention that an Act often includes provisions that allow for rules or regulations to be made under its authority to implement the provisions of Act including the aspect of registration, collection of levy, periodicity of the payment of levy and forms/challans to be used etc. Whereas, JMADA had not notified any rule till 2009 so as to implement the provisions of the said Act. In exercise of power conferred under sub-section 2(zk) of section 128 of the Jharkhand Mineral Area Development Authority Act, 2000, the "Mineral Area Development Authority Market Fee Rules, 2010" was published in Jharkhand Gazette Extraordinary No. 256 dated May 13, 2010. The stage wise above developments made under the said act has created complexity regarding the applicability of the aforesaid rules. Further, the Jharkhand State Legislature amended this Act, enacting the changes through a gazette notification dated January 25, 2016, for public information. The amendment, titled the Jharkhand Mineral Area Development Authority (Amendment) Act, 2015, granted the authority the power to ensure the payment and recovery of market fees and other dues payable to it by introducing a new Section 90C. It was further specified that these provisions would be deemed to be effective retrospectively from 18-01-2006. It is noteworthy to mention that the rules made in 2010 and subsequent amendment made under this act in 2016, both are made effective with retrospective date i.e. from 18-01-2006. The subject matter has been disputed by CCL before the Hon'ble High Court, Jharkhand. The company acts as an agent between the State Government and the Coal Consumers. The Market Fee (1% of Basic Price) is a component of gross sale value, which is supposed to be paid by the consumer and ultimately goes to the Mineral Area Development Authority (MADA). As, it does not constitute revenue or income for CCL, it has no impact on the Statement of profit and loss or financial performance of the Company.

C&AG Comments	Management Reply
	Secondly, during the discussion held in joint scheduled meeting of JMADA and the officials of CCL on 30-05-2023 at the office of Managing Director, JMADA, it was agreed that the Company would collect the market fee from consumers and paid it to MADA from 01/04/2023 and further, the aspect of market fee prior to the FY 2023-24 shall be paid as per outcome of suit filed in the Hon'ble High Court, Ranchi. The above writ petition is currently pending with Hon'ble Jharkhand High Court vide WP(C) NO. 1563 of 2007. For recognition of provision as per Ind AS 37, conditions laid down under para 14 should be complied with which as are under : "A provision shall be recognised when: • an entity has a present obligation (legal or constructive) as a result of a past event; • it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and • a reliable estimate can be made of the amount of the obligation. If these conditions are not met, no provision shall be recognised." Further, the Para 53 to Para 58 of Ind AS – 37 'Provisions, Contingent Liabilities and Contingent Assets' inter-alia deals with the aspects of reimbursements / recoverability of any provision / liability from another party. It inter-alia states that if some / all of the expenditure required to settle a provision / liability is expected to be recovered by another party, the associated line item i.e. expenses related to provision / liability may be presented net of the reimbursement amount. In the present case matter, as the market fee is recoverable from the consumers as per FSA / applicable provision, hence, any provision in the said matter is required to be recognized net of reimbursement / recoverability. Accordingly, even if the provision is accounted there would not be any understatement of profit as the net charge to the Statement of Profit and Loss would be zero. Moreover, Para – 58 also clarify that any obligation for which an entity is jointly and severally liable is a contingent liability to the extent that it is expected that the obligation will be settled by other parties. Although the said para is not directly applicable in the said matter, however, a reference may be drawn that in cases where any obligation is not impacting the Statement of Profit and Loss /Statement of Affairs, the same may be presented as contingent liability. In the present case matter, there is complexity of applicability of effective date of application of the Act and rules made thereunder, the quantification of the liability and the aspect of the recoverability of the same from the consumers. Moreover, it is also substantiated by the fact that even after almost one year of Supreme Court decision, no demand for deposition of the amount has been raised by authority till date. Accordingly, the establishment of present obligation along with its quantification will wholly depend upon the outcome of the writ petition and the probable consequences, if any, will be based on the outcome of the writ petition filed before Hon'ble High Court. Hence, the said event has been reported as Contingent Liability in the Financial Statement for the year 2024-25 as per AS 37.

B. Comments on Disclosure**B.1 Property, Plant and Equipment
(Note-3.1 Mutation of Land)**

The Company acquires land under the Coal Bearing Area (Acquisition and Development) Act, 1957 and is vested in the name of the Company. The Ministry of Coal instructed (April 2022) the coal companies to get the land records mutated in the name of the Company as an absolute owner. CCL has 15734.11 hectares of land in its possession, out of which mutation has been done only against 656.06 hectares of land and the balance land is yet to be mutated in the name of the Company.

The above facts regarding non-mutation of land in the name of CCL have not been disclosed in the Notes to the financial statements. Also, the disclosure under the Companies (Auditor's Report) Order is also deficient to that extent.

B.2 Additional Notes to Financial Statement (Note 16)**Contingent Liabilities (Item 1 (a)) - ₹ 4919.50 Crore**

The above does not include an amount of 28.62 Crore in respect of the demand raised (22 March 2025) by DMO, Chatra towards short deposit of Royalty on coal for the period from April 2011 to March 2013. In this regard, CCL decided to contest the same before DMO, Chatra. As this was a pending demand as on the balance sheet date, the same should have been shown under contingent liability in the books of account for the year 2024-25 but the same has not been done. Paragraph 10 of Ind AS 37 on Provisions, Contingent Liabilities and Contingent Assets states that a contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

This resulted in understatement of Contingent Liabilities by 28.62 Crore.

The information regarding land mutation is not specifically required to be disclosed under Ind AS or Schedule III of the Companies Act. Nevertheless, the Company has made the necessary disclosure with respect to the title of the land.

Any disclosure should be made bearing in mind the overarching principle under Note 4(ii) in General Instructions for Preparation of Financial Statements that "a balance shall be maintained between providing excessive detail that may not assist users of Financial Statements and not providing important information as a result of too much aggregation."

The status of mutation of land, required by the Administrative Ministry as procedural compliance may not add value to the user of financial statements, hence, the same is not disclosed.

A demand qualifies for disclosure as contingent liability only when there is possibility of any outflow in settlement i.e. matter should be under consideration with any forum/appellate authority and possible obligation will be confirmed only by the occurrence or non-occurrence of uncertain future event i.e. pronouncement of decision/judgement by the forum/appellate authority.

In the referred case, as per direction of the Hon'ble High Court of Jharkhand, the matter was referred back to the DMO Chatra to pass a fresh order by providing opportunity of being heard. Accordingly, DMO Chatra started a fresh enquiry by issuing a letter seeking reply or appear in person.

Mere issuance of letter seeking reply or to appear in person only does not meet the definition of contingent liability laid down under Ind AS 37. Accordingly, the company has not considered it as contingent liability.

CEO AND CFO CERTIFICATION

Date: 25/04/2025

To
The Board of Directors
Central Coalfields Limited

We, Nilendu Kumar Singh, Chairman-cum-Managing Director, Central Coalfields Limited, Ranchi and Pawan Kumar Mishra, Director (Finance), Central Coalfields Limited, Ranchi responsible for the finance function certify that

- a. We have reviewed the Financial Statements of the Company for the year ended 31st March 2025 together with Accounting Policies and Additional Notes thereon as well as Financial statements for the year ended 31st March 2025 as per Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and that to the best of our knowledge and belief:
 - i. These statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading;
 - ii. These statements together present a true and fair view of the company's affairs and are in compliance with existing accounting standards i.e. IND AS, applicable laws and regulations without any material departure
- b. There are, to the best of our knowledge and belief, no transactions entered into by the company during the year ended 31st March 2025 are fraudulent, illegal or violative of the company's code of conduct.
- c. We accept responsibility for establishing and maintaining internal controls for financial reporting and we have evaluated the effectiveness of internal control systems of the company pertaining to financial reporting and we have disclosed to the auditors and the Audit Committee, deficiencies in the design or operation of such internal controls, if any, of which they are aware and the steps they have taken or propose to take to rectify these deficiencies.
- d. We have indicated to the auditors and the Audit Committee that:
 - i. There have not been any significant changes in internal control over financial reporting during the period under reference;
 - ii. There has not been any significant change in accounting policies during the period.
 - iii. We have not become aware of any instance of significant fraud with involvement therein of the management or an employee having a significant role in the company's internal control system over financial reporting.

ANNUAL REPORT ON CSR ACTIVITIES FOR FINANCIAL YEAR COMMENCING ON 1ST DAY OF APRIL (FY 2024-25)

1. Brief outline on CSR policy of the Company

At Central Coalfields Limited (CCL), Corporate Social Responsibility (CSR) remains a fundamental aspect of our commitment to fostering inclusive and sustainable development. Even prior to the formalization of CSR as a statutory requirement, CCL proactively engaged in community development, particularly within an 8-kilometre radius of its operational areas. These early efforts laid the groundwork for the structured CSR framework that guides our initiatives today.

Our CSR efforts are implemented under a clearly defined policy structure. Up to September 2021, CCL operated under the CSR Policy of Coal India Limited (CIL), which applied uniformly across all subsidiaries. Following the revision of the CIL CSR Policy—effective April 8, 2021—CCL adopted the revised provisions. Again, in August, 2024, the CIL CSR policy was modified and the same was adopted by CCL. The Board of Directors subsequently approved the CCL-specific CSR Policy, based on recommendations from the Board-level Sustainable Development and CSR (SD&CSR) Committee. This policy was officially circulated on October 7, 2024.

CSR funding at CCL is determined based on the higher of the following two criteria: (i) **2% of the average net profits of the company during the three immediately preceding financial years**, or (ii) **₹ 2.00 per tonne of coal produced in the immediately preceding financial year**.

The policy also includes comprehensive procedures for managing unspent or excess CSR funds. Any expenditure exceeding the prescribed amount in a financial year may be carried forward and adjusted against future CSR obligations. Conversely, any shortfall in utilization—if related to an ongoing project—is transferred to a designated 'Unspent CSR Account'. In all other cases, the remaining balance is deposited into a fund prescribed under Schedule VII of the Companies Act.

As per the CCL CSR Policy, approximately 80% of CSR funds are earmarked for deployment within a 25-kilometre radius of the company's mines, project sites, area offices, or corporate headquarters. The remaining 20% is utilized for initiatives elsewhere within the state of Jharkhand.

All CSR activities undertaken by CCL are aligned with the thematic areas specified under Schedule VII of the Companies Act, 2013. These are further guided by instructions issued by the Department of Public Enterprises (DPE), Ministry of Coal (MoC), and other relevant government authorities.

Since 2018, the DPE has issued annual advisories outlining priority thematic areas for CSR investment. In accordance with these guidelines, CCL consistently ensures that nearly 60% of its CSR expenditure is focused on the identified priority theme each year, with a particular emphasis on initiatives located in Aspirational Districts.

Through meticulous planning, targeted implementation, and measurable impact, CCL continues to advance its CSR agenda with the objective of delivering long-term socio-economic value to the communities it serves.

The CCL CSR policy envisages approval of the CSR projects as per following DoPs:

Authority	DoP
Board of Directors	Projects valuing more than ₹ 5.00 Crore on recommendation of SD&CSR Committee
CSR committee of CCL Board	Projects valuing more than ₹ 1.00 Crore up to ₹ 5.00 Crore
Chairman-cum-Managing Director	Projects valuing more than ₹ 40 lakh and up to ₹ 1.00 Crore on recommendation of CSR Below Board level Committee

Authority	DoP
Director (Personnel)	Projects of areas valuing more than ₹ 5.00 lakhs upto ₹ 40.00 lakhs and all projects of HQ valuing upto ₹ 40.00 lakhs on recommendation of CSR Below Board level Committee
Area GM	Projects of Areas valuing upto ₹ 5 lakhs on recommendation of Area level CSR Committee.

The CSR policy envisages extant guidelines for selection, planning, implementation, monitoring, impact assessment and documentation of CSR projects.

2. Composition of CSR committee (FY 2024-25)

S. No	Name of Director	Designation/Nature of Directorship	Number of meetings of CSR committee held during the year	Number of meetings of CSR committee attended during the year
1	Shri Ramesh Kumar Soni*	Chairman, Independent Director	5	5
2	Ms. Rupinder Brar*	Chairperson, Official Part Time Director	2	2

EXECUTIVE SUMMARY

1. INTRODUCTION

The Social Impact Evaluation (SIE) of Central Coalfields Limited's (CCL) Community Development (CD) initiatives serves the purpose of systematically assessing the effectiveness, relevance, and sustainability of CSR interventions implemented across its operational areas.

Anchored in the principle of 'growth with a human face', these initiatives are developed based on rigorous Need Assessment Surveys and consultations with local stakeholders, including the village representatives, community members, and public representatives. The primary aim of the evaluation is to determine whether CCL's CSR-CD activities align with the actual socioeconomic and cultural needs of the communities, and to provide evidence-based insights into their short- and long-term impacts across key domains such as education, healthcare, livelihood generation, and infrastructure. This evaluation also supports CCL's commitment to responsible corporate conduct and its goal of promoting inclusive and sustainable development.

This impact assessment has been conducted for selected CSR-Community Development initiatives of Central Coalfields Limited (CCL), in line with the mandate of the Ministry of Corporate Affairs (MCA), which requires third-party impact assessments for CSR projects having an outlay of ₹1 Crore or more and a duration of one year or more. The evaluation was undertaken pursuant to the Memorandum of Understanding (MoU) signed between CCL and the Indian Institute of Corporate Affairs (IICA), to ensure evidence-based review, strategic alignment, and outcome-oriented CSR implementation. It adopts a comprehensive and mixed method approach—combining both qualitative and quantitative tools—to examine community perceptions, measure tangible outcomes, and assess the efficient utilisation of financial and non-financial resources. By incorporating stakeholder perspectives and evaluating interventions through the IRECS framework, the study ensures a robust and objective review.

The insights generated will inform strategic improvements in CCL's CSR programming, ensure that interventions remain need-responsive, and contribute to policy refinement, knowledge sharing, and potential partnerships for future development initiatives.

2. METHODOLOGY

The Social Impact Evaluation (SIE) of Central Coalfields

Limited's (CCL) CSR-Community Development initiatives was conducted using a comprehensive mixed-method approach, guided by the IRECS framework, which emphasizes Impact, Relevance, Efficiency, Convergence, and Sustainability. This approach ensured a structured and contextual assessment of project effectiveness, resource utilization, and long-term benefits. The evaluation combined quantitative household surveys with qualitative methods such as Focus Group Discussions (FGDs) and Key Informant Interviews (KIIs). Data collection was led by the Indian Institute of Corporate Affairs (IICA) using structured tools and digital platforms like Kobo Toolbox. Secondary data was drawn from official sources including Census 2011 and institutional records. The evaluation covered five major CSR projects across Ramgarh, Bokaro, Chatra, and other districts, engaging 1,823 respondents through surveys and 410 qualitative responses from 30 stakeholder consultations. This rigorous and participatory methodology ensured a robust, evidence-based review of CCL's CSR initiatives and their alignment with community needs.

3. FINDINGS AND DISCUSSION

Project 1: Upgradation of Anganwadi Centres into Model Anganwadi Centres in Ramgarh District (Jharkhand)

Under the CSR initiative of Central Coalfields Limited (CCL), the upgradation of 150 Anganwadi Centres (AWCs) into Model AWCs in Ramgarh district marks a significant step towards strengthening the early childhood care and education (ECCE) infrastructure under the ICDS scheme. Implemented by the District Administration, the project spanned across Ramgarh, Chitrapur, Dulmi, and Gola blocks, focusing on the transformation of AWCs through minor repairs, BaLA (Building as Learning Aid) paintings, provision of preschool kits, drinking water facilities, child-friendly furniture, and essential equipment. With an outreach of approximately 18,000 women and children, this intervention was envisioned to create safe, engaging, and resourceful spaces for holistic development of children.

As part of the Social Impact Evaluation, a total of 48 AWCs (out of total 150 AWCs covered under project) were assessed, covering 28 villages. The evaluation revealed that 36 centres (72%) had received significant infrastructural enhancements such as child-centric wall paintings, tiled or vinyl flooring, preschool kits, and vibrant classroom materials.

An additional 12 centres (24%) benefitted from advanced facilities like ceiling fans, swings, and play equipment, greatly improving the environment for both learning and health services. Anganwadi Workers (AWWs) across these centres observed positive shifts in attendance, learning interest, and hygiene practices among children. Furthermore, 68% (34 AWWs) were aware that these upgrades were facilitated through CCL's CSR intervention. The remaining 32% (16 AWWs) who were unaware were mostly those newly appointed within the past six months, after the implementation period, indicating a need for re-orientation and documentation sharing for new staff.

While the infrastructure provided under the CSR support was of high utility and well-received

Initially, current findings reflect the urgent need for continuous monitoring and maintenance by concerned government authorities. In several centres, the facilities have deteriorated due to lack of follow-up care, the play materials or child-sized furniture have become broken or unusable. This is due to inadequate institutional mechanisms to sustain and protect these valuable assets. AWWs emphasised that these resources had transformed their centres, but without ongoing support, their utility is being compromised over time.

Encouragingly, 32 AWCs (64%) reported visible improvements in teaching-learning environments. AWWs noted that children were more attentive and engaged with the new BaLA visuals, toys, and preschool materials. In centres like Tandwa and Sutri, child attendance increased significantly, from fewer than 10 to 15–17 per day. Moreover, 70% of AWWs shared that the new infrastructure and learning tools had eased classroom management and made teaching more effective. In total, 92.31% of respondents confirmed improved child behaviour and interest in learning activities following the intervention.

Only 21 out of the 48 AWCs (42%) reported participation of AWWs or community members in the planning or implementation of the upgrades. Centres such as Betulkala and AshnaTola, where such engagement occurred, reported stronger community ownership and greater upkeep of infrastructure. This underscores the importance of participatory approaches in ensuring sustainability and acceptance of CSR interventions.

Despite these gains, some other observation were noticed that are out of the scope of the CCL interventions but needs to do critical services like sanitation and clean drinking water require renewed attention. As many as 40% of the centres still lack functional toilets, 32% face water challenges, and 26% have electricity-related issues, hindering the full use of the infrastructure provided. In

some cases, AWCs still rely on nearby homes for water or lack safe sanitation access for children. However, 76.92% of respondents observed improvements in hygiene habits among children, driven largely by cleaner premises and better handwashing practices enabled by the infrastructure initially provided.

In conclusion, the project has brought meaningful change to the ECCE landscape in Ramgarh district through strategic CSR investment. The key to sustaining this momentum lies in continued government monitoring, prompt repairs, and community engagement. With collaborative stewardship, these Model AWCs can serve as exemplary centres of grassroots development and child-friendly learning in Jharkhand.

Project 2: Upgradation of Anganwadi Centres into Model Anganwadi Centres in Bokaro District (Jharkhand)

As part of its commitment to strengthening grassroots service delivery through Corporate Social Responsibility (CSR), Central Coalfields Limited (CCL) supported the upgradation of 100 Anganwadi Centres (AWCs) into Model Anganwadi Centres in Bokaro district. This initiative was undertaken in response to a request from the District Administration and was implemented in coordination with local authorities across the blocks of Gomia, Nawadih,

Bermo, and Chandrapura. The project focused on minor repairs, BaLA (Building as Learning Aid) painting, provision of preschool kits furniture and other necessary equipments, etc. The aim was to upgrade Anganwadi Centres to make more attractive thereby help to ensure that AWCs in Bokaro deliver services as envisioned by the ICDS scheme—stimulating, inclusive, and conducive to both learning and health outcomes.

As part of the Social Impact Evaluation, a representative sample of 42 AWCs (42%) out of the total 100 upgraded centres was studied using both quantitative and qualitative tools. Among these, 31 AWCs (73.81%) reported substantial infrastructural improvements, including childfriendly wall paintings, improved flooring, new preschool kits, and age-appropriate furniture.

28 AWWs (66.67%) noted that these changes had a direct and positive effect on the learning environment—children became more attentive, showed greater enthusiasm for classroom activities, and daily attendance levels increased. Moreover, 26 AWCs (61.90%) highlighted enhanced hygiene behaviour among children, particularly where drinking water and sanitation infrastructure had been strengthened as part of the upgradation.

While the CSR intervention by CCL has brought significant improvements to the selected Anganwadi Centres, the evaluation also highlighted a few areas that require continued attention and support from local governance structures to sustain the positive momentum. In 14 AWCs (33.33%), certain facilities, such as ceiling fans, play equipment, or BaLA visuals, were found to be underutilised or in need of minor repairs. It is important to note that these issues did not stem from the quality of infrastructure provided by CCL, but rather reflect the need for ongoing monitoring and maintenance by the relevant school or panchayat-level authorities. For instance, a few centres reported dry water tanks or worn-out classroom materials, signalling a natural wear-and-tear over time. With regard to awareness, 30 AWWs (71.43%) recognised CCL's contribution to the upgradation of their centres.

To sum up, the project has made a significant and positive contribution to early childhood education services in Bokaro. 25 AWCs (59.52%) reported better child participation, improved classroom engagement, and improvements in school readiness. In community interactions, parents and local stakeholders consistently appreciated the vibrant, structured learning spaces, many stating that the AWCs now resemble formal pre-primary classrooms. The project stands as a successful model of how CSR funding, when effectively implemented and integrated with ICDS service delivery, can bring about sustainable improvements at the grassroots level.

To ensure these benefits are preserved, it is crucial to establish a system of regular monitoring, timely repairs, and greater involvement of local governance and ICDS functionaries. Such steps would not only protect CCL's investment but also ensure that Model AWCs continue to deliver long-term, inclusive, and holistic early childhood development services.

Project 3: Running of Sports Academy at Hotwar, Ranchi

The Sports Academy at Hotwar, Ranchi, established in April 2016 through a 50:50 cost-sharing agreement between Central Coalfields Limited (CCL) and the Government of Jharkhand, is a flagship initiative operated under the aegis of the Jharkhand State Sports Promotion Society (JSSPS).

As part of the evaluation, 26 cadets aged 17 years, across multiple disciplines like boxing, football, taekwondo, shooting, and tennis, participated in Focus Group Discussions (FGDs).

All cadets (100%) unanimously acknowledged the transformative impact of the academy on their personal

and professional aspirations. They appreciated the fairness of the selection process, conducted through transparent district-level talent hunts, and noted the inclusive nature of enrolment, ensuring representation from tribal, rural, and economically weaker sections.

A significant 84.6% of respondents rated the coaching quality as 'good', while 100% confirmed receiving structured and consistent mentorship, including backup support during coaches' absence. All cadets participated regularly in tournaments and competitions, with 46.2% (12 out of 26) reporting medals or cash prizes at state and national levels, particularly in boxing and football. While 76.9% were satisfied with sports equipment availability, 38.5% highlighted issues like the unavailability of spikes and training gear during sessions, pointing to the need for streamlined logistics and timely procurement despite the high-quality infrastructure made available under the initiative.

Cadets (100%) expressed satisfaction with the hostel facilities, noting recent upgrades and construction improvements. Regarding nutrition, 76.9% found food quality satisfactory, and all cadets confirmed access to regular medical services, injury management, and group insurance. The presence of an injury care unit, cashless shop, and Wi-Fi enabled campus contributed to a secure and enriching environment. All participants also confirmed that the academy maintained an effective balance between sports, academics, and rest, enabling holistic growth and well-being.

All 26 cadets attributed significant improvements in confidence, discipline, and social skills to their time at the academy. Regular soft skills sessions and exposure to structured routines fostered personal growth, with cadets comfortably navigating social and professional settings.

Encouraged by their experience, every respondent expressed a desire to pursue a career in sports, aiming to represent India at national and international levels. Looking ahead, cadets strongly advocated for career assurance, including job placements, professional training, and access to higher-level opportunities post-graduation. They expressed hope that JSSPS and partner institutions would continue to support their transition from cadetship to professional sports careers, ensuring the longevity of the academy's impact. The Hotwar Sports Academy stands as a model CSR intervention, demonstrating how structured investment in youth development through sports, education, and life skills can transform lives. With over 1774 medals won to date at international, national, and state levels, the academy is already delivering on its objective of preparing young athletes for global platforms. Moving forward, sustained infrastructural upgrades,

equipment management, and career support mechanisms will be vital in preserving and amplifying this impact. CCL's CSR partnership has laid a strong foundation, and with continued convergence from state authorities, the academy is well-poised to produce Olympic-level champions from Jharkhand.

Project 4: Infrastructure Enhancement in Government Schools under Amrapali- Chandragupt Area, Chatra District (Jharkhand)

The infrastructure enhancement project implemented by Central Coalfields Limited (CCL) under its CSR initiative has brought notable improvements across five government schools in the Amrapali-Chandragupt mining project area, located in Tandwa block, Chatra district, Jharkhand. The intervention focused on key infrastructural components including the construction of toilets, provision of running water and water purifiers, boundary wall construction, additional classroom development, and playground levelling. As a result, 3 out of 5 schools (60%) now have access to clean drinking water with functional water purifiers, significantly improving hydration, student health, and hygiene. In 2 out of 5 schools (40%), newly constructed boundary walls have enhanced student safety and secured school premises.

Hygiene awareness sessions conducted by teachers in all five schools (100%) have positively influenced students' sanitation habits, with 3 schools (60%) reporting visibly cleaner premises and improved handwashing behaviours among students.

Moreover, the initiative has strengthened the learning environment. 1 school (20%) now has sufficient classroom space to accommodate all students comfortably, reducing overcrowding and distractions. Although 4 schools (80%) continue to require classroom expansion and furniture, the constructed infrastructure has already contributed to better academic engagement and student participation. The project's impact is clearly visible in the enthusiasm expressed by students, with 100% of them across all five schools reporting greater interest in attending school due to the improved environment—particularly better sanitation and access to clean water. Furthermore, 3 schools (60%) acknowledged CCL's role in these enhancements, reflecting growing awareness of CSR support in the community.

Overall, the project showcases CCL's strategic and impactful CSR contribution towards improving rural school infrastructure and promoting holistic child development. While 2 schools (40%) reported minor issues such as damaged water tanks or limited toilet usability due to lack of running water, these challenges

were attributed to the absence of sustained maintenance from school authorities, not the quality of the CSR-funded infrastructure. The intervention has created safer, healthier, and more conducive educational environments, motivating both students and teachers. Moving forward, the longevity and continued success of this initiative can be ensured through periodic maintenance, panchayat-level engagement, and convergence with government schemes. The positive shift in student behaviour and aspirations, including their call for digital classrooms, science labs, and sports facilities, clearly demonstrates that the project has laid a strong foundation for sustained educational advancement in these communities.

Project 5: Construction of Prefabricated Toilets near Railway Stations in Jharkhand

Under the Corporate Social Responsibility (CSR) initiative of Central Coalfields Limited (CCL), the construction of 68 prefabricated public toilet units across selected railway station circulating areas in Jharkhand represents a significant effort toward achieving the goals of Swachh Bharat and improving sanitation infrastructure for approximately 3,500 daily users. One pre-fabricated toilet block constitutes 3 male, 3 female and 1 differently-abled toilet. Implemented under MOU with RITES and South Eastern Railways (SER), this intervention directly responds to the Ministry of Railways' national call to provide clean, safe, and accessible sanitation facilities in circulating areas of railway stations for use by passengers as well as vendors and local villagers. RITES had role of awarding and concerned zonal railway had role of providing site, execution of agreement, arranging water and electricity and maintenance/upkeep for sustained use.

However, feedback collected through Key Informant Interviews (KIIs) with 14 stakeholders from various stations including Daltonganj, Barkakana, Tori, Lohardaga, and Garhwa Road, suggested that while the infrastructure was positively received at the outset, its long-term sustainability is currently challenged by operational and institutional gaps. While the toilets were constructed to a decent standard, 13 out of 14 respondents (92.9%) reported irregular cleaning schedules, lack of water supply, and unavailable disinfectants, making them difficult to use. For instance, only 3 respondents (21.4%) confirmed regular water availability, and nearly 93% indicated an absence of waste disposal systems by the railways. Despite the inclusion of accessibility features, only 6 out of 14 stations (42.9%) confirmed these facilities were truly functional for divyangjans, largely due to units being locked or poorly maintained. The toilets were also reported to be physically deteriorated in places like Bokaro Thermal and Daltonganj, where doors were broken, lighting was absent, and odour

made usage difficult—issues not linked to construction quality but rather to the lack of maintenance by Railways. Stakeholders expressed strong support for the project's vision but underlined that sustainable maintenance mechanisms must be institutionalised to preserve the utility of the infrastructure.

Most stations confirmed that no dedicated funds had been allocated for ongoing upkeep, and in some cases, like Lohardaga and Garhwa, units had not even been formally handed over to station authorities by the contractor/ RITES.

Suggestions from field informants included the appointment of permanent cleaning staff, implementation of station-level complaint redress systems, integration with "Amrit Bharat" station upgrades, and routine servicing through railway budgeting/external funding. The involvement of local communities and station staff in awareness-building and basic upkeep can further enhance ownership and utility. Going forward, the project holds immense potential to contribute to national goals on sanitation and inclusivity, provided that a clear maintenance roadmap, inter-agency coordination, and routine monitoring are embedded.

4. CONCLUSION AND WAY FORWARD

The Social Impact Evaluation (SIE) of Central Coalfields Limited's (CCL) CSR-Community Development (CD)

initiatives reveals a multifaceted and largely positive transformation across key domains such as early childhood education, school infrastructure, sanitation, and youth development through sports. The evaluated projects have demonstrated measurable improvements, reaching over 23,000 direct beneficiaries, with enhancements in child learning environments through the upgradation of 250 Anganwadi Centres in Ramgarh and Bokaro, infrastructure support in five government schools in Chatra, and the operation of a highperforming Sports Academy in Ranchi, which has empowered tribal and rural youth, contributing to over 1,774 medal wins.

While the construction of 68 prefabricated public toilets has addressed critical infrastructure needs at railway stations, sustainability challenges around maintenance, water access, and accountability must be addressed to maximise long-term impact.

Overall, CCL's CSR interventions have proven relevant, efficient, and aligned with local needs, affirming the company's commitment to inclusive growth and community well-being. Going forward, convergence with government schemes, structured maintenance mechanisms, and deeper community engagement will be key to sustaining and scaling these gains across Jharkhand. Need/Scope of several additional CSR interventions have been noticed in Anganwadi centres and mentioned for possible future interventions by company/government.

Handloom Weaving Training

FORM NO. AOC - 2

(PURSUANT TO CLAUSE (H) OF SUB-SECTION (3) OF SECTION 134 OF THE ACT AND RULE 8 (2) OF THE COMPANIES (ACCOUNTS) RULES, 2014)

Form for disclosure of particulars of contracts/arrangements entered into by the company with related parties referred to in sub-section (1) of section 188 of the Companies Act, 2013 including certain arms length transactions under third proviso thereto.

All the transactions entered by CCL during the financial year 2024-25 with related parties were on arm's length basis.

Nanha sa Dil - a comprehensive CSR project of CCL for Congenital Heart Diseases (CHDs) in 4 districts of Jharkhand

Annexure – XII

REPORT ON THE PERFORMANCE AND FINANCIAL POSITION OF EACH OF THE SUBSIDIARIES, ASSOCIATES & JOINT VENTURE COMPANIES FOR FY 2024-25

[Pursuant to Section 134(3)(q) of the Companies Act, 2013 read with Rule 8(1) of the Companies (Accounts) Rules, 2014]

Jharkhand Central Railway Limited (JCRL) is a Joint Venture Company between Central Coalfields Limited, IRCON International Limited and Govt. of Jharkhand. The company was formed under Companies Act 2013.

Name of Promoter entitles	Share Holding Pattern
Central Coalfields Limited	64%
M/s IRCON International Limited	26%
Govt. of Jharkhand	10%

The authorized share capital of the company is ₹ 500.00 Crore and Paid-up share capital is ₹ 100.98 Crore.

The performance of JCRL is as under:

1. Jharkhand Central Railway Limited having CIN: U45201JH2015G01003139 was incorporated on 31.08.2015.
2. Subsequently the following project was assigned to be taken up by JCRL.

- Shivpur – Kathautia new BG Electrified Rail Line Project – 49.085 Km

Original project cost- ₹ 1799.64 Crore

Revised project cost- ₹ 2,564.34 Crore

JCRL had signed a project execution agreement with IRCON on 28th March 2016. Railway Board has granted in principle approval for transfer of Shivpur-Kathautia New Line Project to be taken up through the joint venture JCRL. The total length from Kathautia (Chainage 0.00) to Shivpur (Chainage 49.085) is 49.085 Kms. Detail Project Report (DPR) has been approved by the ministry of Railways. An inflated mileage of 60% on a chargeable distance of 49.085 km was approved on 13th June 2018 by the Ministry of Railways for a period of 5 years. Concession Agreement between JCRL & E. C. Railway has been signed on 04-12-2018.

Land acquisition is almost complete and working permission on forest land after deposition of NPV, CA and WMP amounts after getting Stage-I Forest clearance has also been obtained. All Government and Private land have been handed over to JCRL except for 83.45 ha of GM/GMJJ land. Stage II forest clearance was obtained on 19.04.2024.

JCRL has achieved financial closure on May 05, 2022. The Company has availed loan facility amounting to ₹ 1259.75 Crore from PNB led consortium of banks and total disbursement at the end of the FY 2024-25 was ₹ 1029.17 Crs.

The project is under progress and the original scheduled date of completion of the project was June, 2025 which has been revised to June, 2026 in the 57th Board Meeting of JCRL held on 14.01.2025. The total CWIP of the project as on 31.03.2025 is ₹ 1,369.09 Crs. (including GST) which is 76.08% of the total original project cost of ₹ 1799.64 Crore and 53.39% of the revised project cost of ₹ 2,564.34 Crore. Total cost of progressive work executed under civil construction including escalation up to 31.03.2025 is of ₹ 885.66 Crs including GST.

The work has been planned to be executed through 10 packages. Ten packages have been awarded till 31.03.2025 and Progress of work at site are as enumerated below:

Sr. No.	Pkg. No.	Awarded Cost (₹ in Crore)	Revised Contract Value (₹ in Crore)	Financial Progress (₹ in Crore)	Financial Progress (%)	Physical progress (%)
1.	Pkg-I	109.37	208.76	204.30	97.87%	98.87
2.	Pkg-II	114.22	157.37	80.00	50.84%	52.34
3.	Pkg-III	110.75	155.26	101.35	65.28%	67.27
4.	Pkg-IV	128.65	128.65	91.26	70.94%	72.92
5.	Pkg-V	109.24	139.47	128.03	91.80%	92.82
6.	Pkg-VI	173.76	186.27	134.43	72.17%	74.18
7.	Pkg-VII	24.09	24.09	2.78	11.56%	13.54
8.	Pkg-VIIIA	81.32	81.32	51.64	63.50%	65.00
9.	Pkg-VIIIB	80.89	80.89	45.33	56.05%	58.05
10.	Pkg-IXA	29.69	29.69	10.98	36.97%	38.97
11.	Pkg-IXB	37.27	37.27	1.43	3.83%	5.83
12.	Pkg-IXC	7.08	7.08	1.64	23.15%	25.15
13.	Pkg-XA	39.42	39.42	3.94	10.00%	11.50
14.	Pkg-XC	5.42	5.42	2.25	41.48%	43.48
Total		1,051.17	1,280.96	859.38	67.09%	

2. Project Financing:

The **original estimated project cost** for the **Shivpur-Kathautia Rail Line Project** under JCRL, as per the approved Detailed Project Report (DPR), was ₹ **1,799.64 Crore**. As per the terms of the **Memorandum of Understanding (MoU)** signed between the **Ministry of Railways, Ministry of Coal**, and the **Government of Jharkhand**, the project is to be financed in a **30:70 equity-to-debt ratio**.

Accordingly, the **debt component** amounts to ₹ **1,259.75 Crore**. A key milestone was achieved on **5th May 2022**, when the company secured **financial closure** for the entire debt portion. The **first disbursement** of ₹ **125.12 Crore** was received on **31st March 2023**.

During the financial year **2024-25**, an amount of ₹ **550.79 Crore** was disbursed. The **total cumulative disbursement** stood at ₹ **1,029.17 Crore** as of **31st March 2025**.

Subsequently, during the **57th Board Meeting** of JCRL held on **14th January 2025**, the **revised project cost** was approved at ₹ **2,564.34 Crore**. To meet the additional requirement of ₹ **764.70 Crore**, further funds will be arranged **in line with the original funding pattern** (30% equity and 70% debt).

3. Land Acquisition status:

Type of Land	Requisitioned (Ha)	Acquired/ Handed over (Ha)	Yet to be acquired/ handed over (Ha)	Remarks
Forest	368.72	285.27	83.45 Ha of GMJJ Land	Approval for land diversion has been accorded vide letter No. वन भूमि -10/2015-3237, dated 12.08.2024. Land diversion has been completed in Hazaribagh and is under process in Chatra district
Govt/GM	20.34	20.34	0	All Govt Land Transferred to Railways.
Private	158.58	147.61	10.97	
Total	547.64	453.22	94.42	

4. Financial Position:

A. During the year 2024-25, the Authorized Capital of the company was ₹ 500.0 Crore.

Name of Shareholder	As at 31 st March, 2025		As at 31 st March, 2024	
	No. of Shares Held (Face value of ₹ 10 each)	% of Total Shares	No. of Shares Held (Face value of ₹ 10 each)	% of Total Shares

Other Current Assets	22.84	8,587.22
Total Current Assets	7,148.82	15,930.82
TOTAL - ASSETS	1,58,906.43	1,03,314.46

During the year ended 31.03.2025, the Capital Structure stands as under:

Issued, Subscribed & Paid-up Share Capital

Shareholders	No. of Shares	Rate	Amount in ₹
CCL	6,46,31,232	₹ 10/- each	64,63,12,320/-
IRCON	2,62,56,438	₹ 10/- each	26,25,64,380/-
Govt. of Jharkhand	1,00,98,630	₹ 10/- each	10,09,86,300/-
Total Paid up Equity Share Capital			1,00,98,63,000/-

C. During the year ended 31.03.2025, JCRL earned net profit amounting to ₹ 477.50 Lakhs against Net Profit of ₹ 251.73 Lakhs earned in the year ended 31.03.2024.

Management Discussion & Analysis Report

OVERVIEW

The objective of this report is to convey the Management's perspective on the external environment and Coal Sector and CCL as a subsidiary of Coal India Limited (CIL), as well as strategy, operating and financial performance, material developments, risks and opportunities and internal control systems etc. in the Company during FY2024-25. This should be read in conjunction with the Company's financial statements, the schedules and notes thereto and other information included elsewhere in this Annual Report and Annual Accounts 2023-24. The Company's financial statements have been prepared in accordance with Indian Accounting Standards ('Ind AS') complying with the requirements of the Companies Act, 2013, as amended from time to time.

GLOBAL ECONOMY

In 2024, the global economy grew at a rate of 2.8%, with regional disparities. Despite positive trends like reducing inflation and monetary easing in several countries, geopolitical risks around trade policy uncertainty, and ongoing conflicts continued to weigh on global economic sentiment. The economy globally is projected to continue to grow in 2025. While there is a reducing intensity in tariffs globally, developments in this area including trade agreement between major blocks like United States of America, United Kingdom, European Union, China, India among others, and a ceasefire deal between Russia and Ukraine and halt of war in the middle-east will be key factors impacting the economic activity.

Economic Outlook

The global economy is expected to grow by 2.3% in 2025. The tension around trade and high levels of policy uncertainty are expected to have a significant impact on the economic activity. Global inflation is expected to moderate to 4.3% in 2025 and 3.6% in 2026, approaching central bank targets. While advanced economies are likely to contain inflation more effectively than emerging markets, rise in protectionism and geopolitical tensions around trade will significantly impact prices of domestic products especially in United States. Inflation in the services section in major economies like the United States and the Europe is expected to remain above pre-pandemic levels. The monetary policy remains divergent, with some central banks maintaining caution in their easing cycles. Fiscal policy in advanced economies is expected to

tighten in 2025, with developing economies implementing comparatively moderate adjustments.

Indian Economy

India is one of the fastest-growing major economy. It demonstrated a growth rate of 6.5% in FY2024-25. Despite global headwinds, India's growth is expected to remain rangebound, 6% - 6.5%, in the next couple of years. The economy is expected to be driven by strong domestic consumption, government capital expenditure, and robust expansion in the services and manufacturing sectors. Inflation is projected to moderate and be rangebound, 4.0-4.5% in the near term, supported by favourable food price trends. Core inflation across goods and services has remained stable, while fuel prices have declined. The moderation in inflation has enabled the Reserve Bank of India to adopt a more accommodative stance, with interest rate cuts anticipated to stimulate consumer spending and credit growth. Foreign Portfolio Investment volatility is expected to subside, while softening crude oil prices will likely support exchange rate stability. On the sectoral front, the services sector has demonstrated resilience, with financial services, real estate, professional services, public administration, and defence driving growth. Exports in the services sector have also recorded strong performance. Construction activities and utility services have supported industrial growth, while highvalue-added manufacturing exports—particularly in electronics, semiconductors, and pharmaceuticals—have shown robust momentum. Agricultural production has remained strong, underpinning rural consumption, and contributing to steady economic activity in rural markets. The Government of India ('Gol') remains focused on fiscal consolidation, employment generation, and boosting capital investment. The share of capital expenditure in central government spending has continued to rise, playing a critical role in industrial and infrastructure development. Increased capital outlays on infrastructure and asset creation are expected to generate growth multipliers. The PLI scheme has successfully attracted investments and stimulated production across various industries. The Government is exploring further sectoral expansion to enhance domestic manufacturing and develop labour-intensive industries. Despite India's strong economic momentum, certain downside risks persist. Towards the end of 2024, economic activity moderated due to weaker private and foreign investment flows, impacting industrial output. The rupee's depreciation, coupled with

uncertainties surrounding cross border conflicts, global trade policies and supply chain disruptions, could pose a few challenges.

Overall, India's economic outlook remains strong, driven by robust domestic demand, policy support, and sectoral resilience. Improving trade relations with the developed economies will provide the requisite impetus to the economy. By leveraging its domestic strengths and implementing strategic reforms, India is well-positioned to navigate global challenges and maintain its trajectory as a leading global economic powerhouse.

A. INDUSTRY STRUCTURE AND DEVELOPMENT

i. Coal- Primary source of Energy:

Coal remains the predominant indigenous energy sources in the country. The energy security of the country and its prosperity are integrally linked to efficient and effective use of this abundant, affordable and dependent fuel, coal. Further, Coal is poised to remain a significant component of India's energy landscape for the foreseeable future, primarily to sustain the country's rising living standards and meet the increasing energy demands of its rapidly growing economy. As one of the primary sources for energy generation, coal is projected to see a continued rise in demand through 2035 and beyond, driven by the robust expansion of the Indian energy sector.

Several factors influence the elasticity of coal demand, including economic growth, improvements in energy efficiency, the development of alternative uses for coal, and advancements in renewable energy technologies. Despite the global shift towards cleaner energy sources, coal remains a critical resource for India, where it plays a vital role in ensuring energy security and affordability.

In the fiscal year 2024-2025, coal-based power generation accounted for approximately 72.93% of India's total electricity generation, which reached around 1,660 billion units (BU). This reliance on coal underscores its importance in the energy mix, especially as the country aims to balance economic growth with energy needs. Furthermore, with India's population projected to exceed 1.5 billion by 2030, the demand for reliable and affordable energy sources will only intensify, solidifying coal's position in the energy sector for the foreseeable future.

The importance of coal in India's energy landscape remains significant, even as the country navigates the challenges of integrating renewable energy sources into its energy mix. While there is a growing global consensus on the need to gradually phase down coal to mitigate greenhouse gas emissions and promote cleaner fuels, coal continues to play a crucial role in meeting the energy demands of a rapidly developing economy

Coal India Limited (CIL) and its subsidiaries accounted for 781.05 MT during 2024-25 as compared to a production of 773.64 MT 2023-24 showing a positive growth of 1 %.

ii. CENTRAL COALFIELDS LIMITED AS A SUBSIDIARY OF COAL INDIA LIMITED.

Geological Coal Reserve in CIL Blocks of CCL Command Area as on 01.04.2024

(Figures in Billion Tonnes)

	Proved	Indicated	Inferred	Total
Total Coal Reserve	20.883	5.450	0.35	26.684

Out of 389.421 Billion Tonnes of geological resources of coal estimated in India, CIL Blocks of CCL Command Area has 26.68 BT as on 01.04.2024, which accounts for 6.85% of total reserves in India.

iii. Coal Dispatch Target as per AAP:

Coal Dispatch Target as per AAP of CCL in 2025-26 is indicated below. Sector wise break-up are as under:

(in Million Tonnes)

Sector	2025-26
Steel (Coking)	1.12
Power (U)	79
Power (Captive)	2.8
Fertilizer	0.15
Cement	0.02
Steel CPP & CPSUs	1.07
Others	27.84
Total	112

iv. Coal Despatch

(Fig in MT)

Sector	2018-19 Actual	2019-20 Actual	2020-21 Actual	2021-22 Actual	2022-23 Actual	2023-24 Actual	2024-25 Actual
Power	52.378	53.134	52.896	59.17	64.56	69.62	70.66

Total	68.677	68.121	65.268	72.04	75.49	83.52	86.04

* Others include E-auction, erstwhile Non Core Consumers, Sponge Iron and State Agencies.

v. Coal Availability

The actual coal production for 2024-25, Budgeted production for 2025-26 as per Proposed AAP from existing mines, completed projects, on-going projects and future projects of CCL is given below:

(Fig in MT)

Group	2019-20 Actual	2020-21 Actual	2021-22 Actual	2022-23 Actual	2023-24 Actual	2024-25 Actual	2025-26 (AAP)
Existing Mines	0.4789	0.18	0.146	0.13	0.137	0.13	87.60
Completed Projects	36.0946	31.89	11.269	13.42	15.036	17.62	22.30
On-going Projects	30.315	30.52	57.436	62.54	70.881	69.79	0.10
Future Projects	-	-	-	0		0	0
Total	66.889	62.59	68.850	76.09	86.054	87.54	110.00

*Note: Group wise production may change whenever any project shift from ongoing to completed & from future to ongoing.

vi. Productivity:

The OMS position of CCL is as below:

(Fig in MT)

	2018-19 Actual	2019-20 Actual	2020-21 Actual	2021-22 Actual	2022-23 Actual	2023-24 Actual	2024-25 Actual
UG	0.214	0.54	0.44	1.17	2.13	2.03	1.66
OC	9.740	10.06	9.57	10.16	10.68	12.62	13.42
OVERALL	8.093	8.49	8.39	9.37	10.22	8.98	9.01

vii. STRENGTH AND WEAKNESSES, OPPORTUNITIES AND THREATS (SWOT ANALYSIS)

Strength	Weaknesses
- High coal reserves with huge production potential. The coal reserves include non-coking coal (used in power plants) as well as coking coal (used in steel plants). - Infrastructure available in almost all Coal Blocks: All coalfields of CCL have a reasonably good rail & road network and thus planning & implementation of projects become easier with smooth transportation of man and machineries as well. This rail & road network further enables swift movement of Coal to the consumers.	- Most of the newly explored coal blocks are under forest cover, which will require statutory clearances like FC, FRA, and Wild Life etc. These clearances are obtained through cumbersome processes and are time consuming. - The command area of CCL has high population density and therefore requires substantial R&R activities causing delay in start of projects.

Strength	Weaknesses
- Skilled and diversified Manpower with experience available in sufficient numbers: CCL has been in the business of coal mining for over 45 years. Its manpower strength as on 31.03.2024 is 33,990 which comprises of skilled HEMM operators and manpower in different discipline and trades, who are well conversant with their jobs. - Application of information technology: Owing to the remoteness of mining areas, implementation and operation of IT initiatives was a challenge in early days specifically in view of absence of reliable network infrastructure. However, over the period of last 10 years, several breakthrough initiatives have been taken and all Areas as on 31.03.2023 are covered under Mobile connectivity and centralized Internet Leased Line services. Besides, the company has its own WAN (Wide Area Network) sourced through two major reputed service providers thereby ensuring redundancy in connectivity. Additionally structured LAN (Local Area Network) for all users has been established for harnessing benefits of ERP and e-office, which enables faster sharing of information and data-based decision-making process. - Very low employee attrition rate: The salary and wages offered to the employees in CCL are the best in the Coal Mining Industry. This has resulted in a very low attrition of employees. The performance related pay introduced since FY 2007-08 for executives and wage revision for non-executives has further boosted the morale of employees. - Strong and consistent track record of growth and financial performance.	- Possession of land is quite difficult in CCL due to variety of issues such as presence of GM JJ land, Form-H issues, CS/RS issues, doubtful ownership issues, overlapping is- sues etc. All these aspects cause delay in start of projects. - Difficult geo-mining conditions such as old workings, fire and subsidence, highly dipping deposits, multiple seams etc. - Relatively Inferior coal quality as compared to other countries due to drift formation nature of India. - Constantly increasing demand for salary hike by employees will further overload the cost components, structure and profitability may get minimized.
Opportunity	Threats
- The demand for coal is rising day by day by strong economic growth in India and it is expected that the demand-supply gap of coal is likely to increase in future and thus the market opportunities are going to increase and expand day by day. - Outsourcing of production processes: CCL can also resort to outsourcing of OBR removal and coal production, wherein the departmental capacity is already utilized or deployment of departmental equipment is not economical. Even marginal deposits and thin seam operations can be done through outsourcing, at much cheaper cost than that by departmental resources. - Opportunities for value addition of its products through sizing, washing or conversion to Liquid and Gas: The price of washed coking coal is 3-4 times of raw Coking Coal. Different washeries of the company operate upon this to take advantage of the price differential beyond the available capacity of the projects. - Wide Scope for promoting alternative usage of coal with relatively lesser carbon footprint through adoption of coal to liquid and coal to gas technologies. - Since rapidly evolving renewable energy is mentioned as one of the threats for coal sector, it may not be proper to mention the same (diversification into solar) as an opportunity. Instead, the sentence may be re-written as - 'CCL has vast areas of reclaimed land that can be used for various business purposes such as eco-parks, tourism, industrial/business hubs, pumped hydro, solar power (for achieving net zero target) etc.'	- Pressure of international body like UN to comply Paris Agreement & COP26 at Glasgow on climate change to curb use of fossil fuel (Net Zero by 2070). - Rapid world-wide research in energy field may result in evolution of disruptive technologies such as Hydrogen fuel, nuclear fusion, geo-thermal energy etc. as cheaper and green energy sources resulting in fall in coal demand at faster clip. - Renewable Energy: The fast expansion of renewable energy resources (Solar, Hydel Wind etc.) is a threat to the mining industry. - Captive mining in coal is now permitted in India, also coal blocks are allotted to many private players which may result in lowering of demand in the coming times. - Upcoming private players may tend to hire the highly skilled employees of the company through better Pay, Perks and other facilities.

B. PERFORMANCE

The Production and Productivity figures achieved by your Company during the year 2024-25 as compared to the actual of 2023-24 is as under:

(Fig in MTe.)

Particulars	2024-25		2023-24	% age Growth Over Last Yr.
	Target	Actual	Actual	
Production				
From OC(MT)	98.830	86.832	85.273	1.828
From UG(MT)	1.170	0.705	0.781	-9.690
TOTAL (MT)	100.000	87.537	86.054	1.723
OBR(MM3)	149.500	118.348	121.334	-2.461

OC	14.96	13.42	12.62	
UG	2.94	1.66	2.03	
OVERALL	10.51	9.01	8.98	

The total Offtake of Raw Coal during 2024-25 was 85.69 Million Tones. The mode-wise details of off-take compared to that of last year is as under:

(Figs. in Million Tonnes)

Mode	2024-25	2023-24	Growth over last year
Rail	52.58	48.38	8.69%
Road	27.05	28.48	-5.03%
Feed to Washery	6.06	6.05	0.13%
Total Offtake	85.69	82.91	3.35%

Brief Washery Performance for CCL (Coking + Non-coking)

All the figures in lakh tonnes

Washery	2023-24		2024-25		Remarks
	Raw Coal Received	Raw Coal Consumed	Raw Coal Received	Raw Coal Consumed	
Kathara, (3.0MTY)	5.17	5.21	8.60	5.36	The Washery was commissioned in 1969 and is 55 years old. Raw coal feed has increased inspite of various operational problems. Raw coal feed has increased by 3.0 %.

Washery	2023-24		2024-25		Remarks
Sawang, (0.75MTY)	2.59	2.68	4.19	4.01	The Washery was commissioned in 1970 and is 54 years old. Raw coal Feed has increased by 50 %.
Rajrappa, (3.0MTY)	4.62	4.54	4.11	4.28	The washery was commissioned in 1987 and is 37 years old.
Kedla, (2.6MTY)	10.26	10.21	10.30	10.23	The Washery was commissioned in 1997 is 27 Years old.
Total	22.64	22.64	27.21	23.89	Overall raw coal feed has increased by 6.0 %. All the washeries have outlived/crossed their technological life (i.e. 18 years).

Non-Coking	Raw Coal Received	Raw Coal Consumed	Raw Coal Received	Raw Coal Consumed	
Piparwar, (6.5MTY)	37.85	37.85	37.15	36.66	The Washery was commissioned in 1997 and Washery is 27 Years old.
Total	37.85	37.85	37.15	36.66	

C. OUTLOOK

Coal India is targeting to achieve 875.24 MT of coal production in 2025-26, in which Central Coalfields Limited will contribute 110 MT of Coal. Major projects of the company such as Magadh EPR OCP (51 MTY), Amrapali EPR OCP (25 MTY), Ashok EPR OCP (20 MTY), Sanghamitra OCP (20 MTY), Chandragupta OCP (15 MTY), Karo EPR OCP (11 MTY), Rohini Karkata OCP (10 MTY), Konar EPR OCP (8 MTY), North Urimari OCP (7.5 MTY), Pundi RO OCP (5 MTY) and Kotre Basantpur Pachmo OCP (5 MTY) which are expected to contribute significantly in near future.

D. RISKS AND CONCERNS:

- Delay in obtaining forestry clearance and environmental clearance.
- High cost of Rehabilitation and resettlement
- Demand of employment by land oustees beyond the prescribed norms resulting in frequent law and order problems and obstruction of mining and coal transportation operation.
- Long lead time to procure HEMMs and other E&M items.

E. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The company has well established internal control systems and procedures commensurate with its size and nature of business. A system of "Transaction

audit" by outside Audit Firms of Chartered/Cost Accountants is in operation throughout the year in the direction of full filling the statutory requirement as well as internal control system. There is a well-defined scope, formulated and regulated by CIL, covering all the facets of the operation of the organization for internal audit jobs.

For achieving the objective of strengthening the internal financial control and also for meeting the statutory provision, physical verification of stores/spares is conducted by the outside audit firms on annual basis.

The inspection reports of CAG form part of our measures for strengthening the internal control system. The observations of the CAG are replied on regular basis. The observations are well taken care of for taking remedial measures whenever considered necessary.

F. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

Covered in the main report.

G. MATERIAL DEVELOPMENT IN HUMAN RESOURCES/INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED

Covered in the main report.

H. ENVIRONMENTAL PROTECTION AND CONSERVATION, TECHNOLOGICAL CONSERVATION, RENEWABLE ENERGY DEVELOPMENTS, FOREIGN EXCHANGE CONSERVATION

Covered in the main report.

I. CORPORATE SOCIAL RESPONSIBILITY

Covered in the main report.

J. GOING CONCERN

The Going Concern assumption is a fundamental principle in the preparation of financial statements. Under the going concern assumption, an entity is ordinarily viewed as continuing in business for the foreseeable future with neither the intention nor the necessity of liquidation, ceasing trading or seeking protection from creditors pursuant to laws or regulations.

When an entity has a history of profitable operations and ready access to financial resources, a conclusion that the going concern basis of accounting is appropriate may be reached without any detailed analysis.

The management has assessed a range of scenarios to

determine potential impact on underline performance. As part of going concern assessment, management has assessed the impact of current events and conditions and paid attention to significant assumptions that are sensitive or susceptible to change or inconsistent with historical trends. The subject judgment is based on reasonable assumptions and the perception developed by the management on the economic impact of changing internal and external contexts on the company's ability to continue as a going concern.

Based on historical financial results and current economic and market conditions and indicators, it reveals that operations of CCL will continue to be profitable in recent future and there is no effect on going concern of the entity.

K. CAUTIONARY STATEMENT

Statements in the Management Discussion & Analysis and Directors' Report prescribing the Company's objectives; projections and estimates, expectations & predictions etc., may be "forward looking statement and progressive within the meaning of applicable laws & regulations. Forward looking statements contained herein are subject to certain risks and uncertainties that would cause actual results to defer materially from those reflected in the forward-looking statements. Actual results will vary from those expressed or implied depending upon economic conditions.

INDEPENDENT AUDITOR'S REPORT

To
The Members of Central Coalfields Limited,
Report on the Audit of Standalone Ind AS Financial
Statements Opinion

On the basis audit queries made by the Comptroller & Auditor General of India, this revised audit report (Revising Sl. no. 1 of other matters") has been prepared in lieu of the earlier report dated 4th June 2025 to comply with observations issued by the Comptroller General of India.

We have audited the accompanying Standalone Ind AS financial statements of **Central Coalfields Limited** ("the Company") which comprise the Balance sheet as at 31st March 2025, and the Statement of Profit and Loss (Including Other Comprehensive Income), Statement of changes in equity and Statement of Cash flows for the year then ended, and notes to the Standalone Ind AS Financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "financial statements") in which are included the Returns for the year ended on that date audited by the Branch/ Area Auditors of the Company's branches/ areas located at Kathara, Dhor, Bokaro & Kargali, Kuju, North Karanpura, Piparwar, Magadh & Sanghmitra, Amrapali & Chandragupta, Rajhara, Charhi and remaining five (5) Branches/ Areas (Argada, BarkaSayal, Rajrappa, Head Quarter & BarkaKana CRS) audited by us.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors, the aforesaid Standalone Ind AS financial statements give the information required by the Act in the manner so required and give true and fair view in conformity with the accounting principles generally accepted in India, including the Ind AS, of the financial position of the company as at 31st March, 2025 and its financial performance including other comprehensive income, its cash flow and the statement of changes in equity for the year ended on that date.

Basis of our Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibility in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters:

Refer Note-6.2.5: Other Current Assets - Accumulated amount of ₹ 1763.46 Crore under GST Input Tax credit is a case in reference under inverted duty structure. As per the Honorable Supreme Court decision for the refund under Inverted Duty Structure dated 13.09.2021, recoverability/ adjustability of the amount stands uncertain.

Our opinion is not modified in respect of this matters.

Key Audit Matters:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	Auditor's Response
Ind AS 115 "Revenue from Contracts with Customers":	Principal Audit Procedures:
In the standalone Ind AS financial statements in respect of accuracy of revenue recognition and adjustments for coal quality variances involves critical estimates.	We have assessed the application of the provisions of Ind AS 115 in respect of the Company's revenue recognition and appropriateness of the estimated adjustments in the process. We have selected transactions on sample basis and tested for identification of contracts involving disputes relating to grade mismatch/ slippage with respect to the terms of the contract, evaluation of the satisfaction of performance obligation checking the adjustment to the revenue due to variation in transaction price. We have performed tests to establish the basis of estimation of the consideration and whether such estimates are commensurate with the accounting policy of the Company.

Key Audit Matter	Auditor's Response
The revenue recognized by the Company in a particular contract is dependent on the sale agreement / allotment in e-auction for the respective customer. Subsequent adjustments are made to the transaction price due to grade mismatch/slippage of the transferred coal. The variation in the contract price if not settled mutually between the parties to the contract is referred to third party testing and the company estimates the adjustments required for revenue recognition pending settlement of such dispute. Such adjustments in revenue are made on estimated basis following historical trend. Refer to Note 12.1. to the Standalone Ind AS Financial Statements	Audit Conclusion: Our procedures did not identify any material exceptions.
Evaluation of provisions and Contingent Liabilities: The Company has a number of litigations including direct and indirect taxes, various claims, etc. pending before various forums against it and the management's judgement is required for estimating the amount to be provided and/or disclosed as contingent liability. We identified this as a key audit matter because the estimates and assessment with respect to these involve a significant degree of management's judgement, interpretations, and may therefore require adequate attention to arrive at the required conclusion. (Refer Note 16.1(a) to the Standalone Financial Statements, read with the material Accounting Policy No. 2.22)	Our Audit procedures based on which we arrived at the conclusion regarding reasonableness of disclosure of contingent liability and recognition of provisions includes the following: We have evaluated that the control is in place in respect of estimation, assessment and disclosure of the pending litigation cases to be treated as Contingent liabilities. Reviewed the existing status considering any material developments of matters of all the opening Contingent Liabilities and those have been identified during the reporting period. We have gone through various correspondences and related documents pertaining to pending legal cases and relevant external legal opinions obtained by the management and performed substantive procedures on estimation supporting the disclosure of contingent liabilities; We have reviewed the management's judgements and assessments with respect to the provisions if any required for any such matter and also reviewed the background of those matters which have not been provided for or disclosed as contingent liability since the probability of material outflow has been considered to be remote; We have examined the adequacy and completeness of disclosures; Our Audit procedure did not identify any material exceptions.

Information Other than the Standalone Ind AS Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the Standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Responsibility of Management for the Standalone Ind AS financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income

and cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with relevant rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also: -

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion.

Our conclusions are based on the audit evidence obtained up to the date of our auditor's report.

Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation. Materiality is the magnitude of misstatements in the standalone Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicated with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other matters:

1. Under Note No. 3.1 on Property, Plant and Equipment, land compensation payable to the displaced families occupying the Land is considered by CCL based on the amount of actual compensation paid. It is observed that though as per the Coal Bearing Amendment Act, 1957, government companies shall have the right to have the land vested in their favour, due to multiplicity of reasons, company only accounts for the Land when the payment is made and actual possession takes place except in case of Forest Land/Deemed Forest Land for which forest clearances is required for mining activity.
2. We did not audit the financial statements/ information of 10 (Ten) Areas included in the Standalone Financial Statements of the Company whose financial statements/financial information reflect total assets of ₹ 12304.89 Crore as at 31st March 2025 and the total revenue of ₹ 14349.73 Crore for the year ended on that date, as considered in the standalone financial statements/information of these Areas have been audited by the Area auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of Areas, is based solely on the report of such Area auditors.

Our opinion is not modified in respect of above "Other Matters"

Report on Other Legal and Regulatory Requirements

1. As required under section 143(5) of the Companies Act 2013, we give in the "Annexure A", a statement on the Directions/Additional Directions issued by the Comptroller and Auditor General of India after complying the suggested methodology of Audit, the action taken thereon and its impact on the account and the Standalone Ind AS financial statements of the Company.
2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.
3. As required by section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid standalone Ind AS Financial statements read with as reported in "Emphasis of Matters" paragraph above.
 - b. In our opinion proper books of account as required by law relating to preparation of the aforesaid standalone Ind AS Financial statements have been kept by the Company so far as appears from our examination of those books and the reports of the other auditors.
 - c. The reports on the accounts of the Area offices of the Company audited under Section 143(8) of the Act the Area Auditors have been sent to us and have been properly dealt with by us in preparing this report.
 - d. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and the Statement of Change in Equity dealt with by this Report, including the Statements of Areas audited by Area Auditors, are in agreement with the books of accounts.

- e. In our opinion, we don't have any observation which has an adverse impact on functioning of the Company.
- f. In our opinion, the aforesaid Standalone Ind AS financial statements comply with the Accounting Standards specified under section 133 of the Act read with relevant Rule issued thereunder.
- g. In pursuance of the Notification No. G.S.R.463(E) dated 05.06.2015 issued by the Ministry of Corporate affairs, section 164(2) of the Act, pertaining to disqualification of Directors is not applicable to the Government company.
- h. We don't have any qualification, reservation or adverse remark relating to the maintenance of accounts and the matters connected therewith.
- i. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure C". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- j. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The company has disclosed its pending litigations under Additional Note 16.1(a) of the Standalone Ind AS financial statement. The impact, if any, of these litigations will be given effect to as and when the same are determined/settled.
 - ii. The Company has made provisions as required under the applicable law or accounting standards, for material foreseeable losses if any, on long term contracts and the company did not have any derivative contracts.
 - iii. As per the written representation received from the management, there were no amounts which were required to be transferred to the

Investor Education and Protection Fund by the Company.

- iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entity ("intermediaries"), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("ultimate Beneficiaries") or provide any Guarantee, Security or the like on behalf of the ultimate Beneficiaries;
- (b) The Management has represented, that to the best of its knowledge and belief no funds have been received by the company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, the company shall, whether, directly or indirectly, lend or invest in other person or entities identified in any manner whatsoever by or on behalf of the funding party ("ultimate Beneficiaries") or provide any Guarantee, Security or the like on behalf of the ultimate Beneficiaries;
- (c) Based on such audit procedures that have been considered reasonable and appropriate in the circumstance, nothing has come to our notice that has caused to believe that representations under Sub Clause(i) and (ii) of Rule 11(c), as provided under (a) and (b) above, contain any material misstatement.
- v. (a) The final dividend proposed in the previous year, declared and paid by the company during the year is in accordance with section 123 of the Act, as applicable.
- (b) The interim dividend declared and paid by the Company during the year is in compliance with Section 123 of the Act.

- (c) The Board of Directors of the company have proposed final dividend of ₹ 609.12 Crore for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with Section 123 of the Act, as applicable.
- vi. Based on our examination which included test checks, performed by us and on the consideration of the reports of the other Auditors of Areas, the company maintains its

accounts in SAP and its accounting module has features of recording audit trail (Edit Log) facility and the same has been operated throughout the year for all the transactions recorded in SAP. The required Internal control on Accounting System (SAP) is implemented and ensured by the Holding company, the Coal India Limited. We have not come across any instances where the audit trail feature has been tampered with and the audit trail has been preserved by the company as per statutory requirement for record retention.

**Annexure “A” referred to in paragraph 1 of “Report on Other Legal and Regulatory Requirements” of Independent Auditor’s Report on the Standalone Ind AS financial statements for the year ended March 31, 2025, we report that;
Report on directions under section 143(5) of the Companies Act, 2013 in respect of M/s Central Coalfields Limited for the year 2024-25**

PART-I

SL No	Directions	Reply
i.	Whether the Company has system in place to process all the accounting transactions through IT System? If Yes, the implications of processing of accounting transactions outside IT System on the integrity of the accounts along with the financial implications. If any, may be stated.	The company, as required under section 2(13) of the Companies Act, 2013, is maintaining books of accounts and in recording its business transactions in electronic form using SAP. The computation of accounting of Performance Incentive, Closing Stock valuation and OBR is done through other IT system (Excel) and the end result is entered in the main accounting system (SAP).
ii.	Whether there is any restructuring of an existing loan or cases of waiver / write-off of debt/loans/interest etc. made by a lender to the company due to the company's inability to repay the loan? If yes, the financial impact may be stated. Whether such cases are properly accounted for? (in case, lender is Government company, then this directions is also applicable for statutory auditor of Lender Company.)	As per the information and explanation provided to us, there is no such cases.
iii.	Whether Funds (Grants/subsidy etc.) received /receivable for specific schemes from Central /State Government or its agencies were properly accounted for / utilized as per its terms and conditions? List the cases of deviation.	Funds received /receivable for specific schemes from Central /State Government or its agencies were properly accounted for / utilized as per terms and conditions and there is no deviation.

Report on additional directions under Section 143(5) of the Companies Act, 2013 in respect of M/s. Central Coalfields Limited for the year 2024-25.

PART-II

SL No	Directions	Reply
1.	Whether coal stock measurement was done based on Yellow Book? Whether Physical stock measurement report are accompanied by contour maps in all cases? Whether approval of the Competent Authority was obtained for new heap, if any, created during the year	As per information and explanation given to us, coal stock measurement is done based on Yellow book. The physical stock measurements are done as per guideline of CIL Annual Coal Stock Measurement keeping in view the contour map which is accompanied with the physical stock measurement report. Further, any new heap is created only after approval of the competent authority
2.	Whether the company has conducted physical verification exercise of assets and properties at the time of merger/ split/ re-structure of an area. If so, whether the concerned subsidiary followed the requisite procedure.	We have been informed that no merger/spilt of Area has taken place during the FY 2024-25.
3.	Whether separate Escrow Accounts for each mine has been maintained in CIL and its subsidiary companies. Also examine the utilization of the fund of the account.	As per information and explanation given to us, Escrow Accounts for 68 mines have been maintained and during the year, the CCL has received sum of ₹ 13.54 Crore (P.Y. ₹ Nil.) for mine closure activities after obtaining approval from the Coal Controller Office. In respect of Pindra OC Mines and Tapin South OCP, Escrow accounts have not been opened due to non-availability of Approved PR&MCP. The ministry of Coal has issued Guidelines for preparation of Mining Plan and Mine Closure plan for Coal and Lignite blocks 2025 dated 31st January, 2025. Refer para 3.5.1 of the said guidelines stipulates the following: The revised rate for deposition towards escrow account is Rupees Fourteen Lakh per hectare for open cast and Rupees Two lakh per hectare for underground Mine. The Project proponent is required to deposit the said amount for each financial year by 30th September of the respective year. Further, all operating coal/ lignite mines are to revise their escrow agreement within one year after coming into force of these guidelines. Accordingly, CCL has considered the revised rate for deposition towards Escrow account in preparation of Financial Statement for the Financial Year 2024-25. The modification of Escrow agreement in respect of each mines is to be done by January, 2026.
4.	Whether the impact of penalty for illegal mining as imposed by the Hon'ble Supreme Court/National Green Tribunal /State Pollution control Board has been duly considered are accounted for.	Pursuant to the order of the Hon'ble Supreme Court of India, District Mining Offices of Jharkhand had raised a demand of ₹ 13568.50 Crore for mining in excess of the environmental clearances limit in 42 mines. Against the said demand, the CCL has filed a revision petition before Hon'ble Coal Tribunal, Ministry of Coal, Govt. of India, the adjudicating authority under the MMDR Act. The Revisional Authority vide its interim order dt.16.01.2018 has stayed the execution of the demand till further order. Taking into consideration of the order of the Revisional Authority, Ministry of Coal, Govt. of India vide its order dated 21/12/2021 to Damodar Valley Corporation (DVC) in a similar demand notice, the said demand has neither been acknowledged as debt nor the same has been included in Contingent Liability of the Standalone Ind AS financial statement. The said matter has been disclosed under Note 16.

SL No	Directions	Reply
5.	Whether any Independent Assessment/ Certification in respect of migration process of data from Coalnet portal to SAP has been done.	As per the information and explanation received Independent Assessment/ Certification in respect of migration process of data from Coalnet portal to SAP is received on 07.4.2025.

Annexure - "B" referred to in paragraph 2 of "Report on Other Legal and Regulatory Requirements" of Independent Auditor's Report on the Standalone Ind AS financial statements for the year ended March 31, 2025, we report that;

i. (a) A. During the course of our audit, it was observed that the Company has generally maintained proper records showing full particulars of Property plant and Equipment.

B. The Company has maintained proper records showing full particulars of Intangible Assets.

(b) According to the information as given to us, the management has conducted the Physical verification of Fixed Assets except surveyed off assets, each valuing ₹ 1.00 lakh and above, and of each asset irrespective of the value in case of additions made during the last three years, and Physical verification has been conducted at reasonable intervals. As informed to us, no material discrepancies have been noticed on such verification.

(c) According to the information and explanation given to us, land transferred from erstwhile coal companies under pre- nationalization period to CCL under Coal Mines (Nationalization Act) 1973 were vested in Coal Mines Authority Limited by Statutory Order No. GSR/345.E dated 9th July 1973, New Delhi. The Deeds are kept in Land & Revenue department. Land acquired under Coal Bearing Areas (Acquisition and Development) Act 1957 under section 9(1) of CB Act along with the S.O. are uploaded in CCL website. Once payment of final land compensation to the land oustees is made, original land documents are kept in the Land & Revenue Department of CCL. In rest of the cases, the title deeds are kept with concerned department of the CCL.

In reliance to Area Auditors Report of Piparwar, Amrapali & Chandragupta, Kuju, Magadh & Sanghmitra, Rajhara, North Karanpura and from the reports of the areas audited by us i.e. HQ, Argada, Rajrappa, Barkasayal and Barkakana CRS it is reported that the title deeds of land have not been produced for verification.

(d) According to the information & explanations as provided to us and as observed by us, no revaluation of Property, Plant and Equipment (including right to use assets) or intangible assets of both during the year has been carried out by the company.

(e) According to the information & explanations as provided to us, no proceeding has been initiated or pending against the company for holding any benami property under the benami transactions (prohibition)

act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) As per policies of the company, physical Verification of Coal, Coke, etc. has been done by way of volumetric measurement with reference to contour map at each mine by the Inter-Area measurement team at different location. The Inter-Area team has given their report with respect to the same. The company is constantly following the accounting policy in this respect in case of variance up to +/- 5 % between the Book Stock & Measured Stock, Book Stock is considered for valuation of closing stock and Variance, if any within the prescribed limit, found is ignored.

In respect of Physical Verification of Stores and Spares, we have been informed that the audit is under process.

(b) No fresh working capital limit has been sanctioned to the Company during any point of time of the year from any Banks/ Financial Institutions.

iii. According to the information and explanations given to us, the Company has not made investment provided any guarantee or security or granted any loans or advances in the nature of loan, secured or unsecured, to companies, firms, Limited liability partnership or any other parties, except

(a) Maintaining a Current Account with the holding Company.

As per information and explanations given to us, the above loans/advances etc. are not prejudicial to the company's interest.

iv. According to the information and explanations given to us, the Company has complied with the provisions of sections 185 and 186 of the Act, in respect of the loans and investments made and guarantees and security provided by it.

v. The Company has not accepted any deposit, in terms of the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act and the rules framed there under. However, balances in respect of amount received in the course of, or for the purpose of the business of the Company as Earnest Money Deposits, Security Deposits and Advance Deposits from Customers / Others, the Company is of the view

that these deposits do not come under the purview of the Companies (Acceptance of Deposits) Rules 2014

- vi. We have broadly reviewed the cost records maintained by the company as prescribed by the Central Government under section 148 (1) of the Companies Act, 2013 and are of the opinion that prima facie the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with the view to determine whether they are accurate or complete.

As informed to us, the cost audit has for the financial year 2024-25 is under process till the date of our audit.

- vii. (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including Goods & Service Tax, provident fund, Employees State Insurance, income tax, sales tax, duty of customs, service tax, duty of excise, value added tax, cess, pension fund, professional tax, MMDR, Royalty and other material statutory dues generally have been regularly deposited during the year by the Company with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of Goods & Service Tax, provident fund, Employees State Insurance, income-tax, sales tax, duty of customs, service tax, duty of excise, value added tax, cess, pension fund, professional tax, MMDR, Royalty and other material statutory dues were in arrears as at 31 March 2025 for a period of more than six months from the date they became payable.

- (b) Statutory dues referred to in sub-clause (a) which have not been deposited on account of any dispute, the amounts involved and the forum where such dispute is pending is mentioned in **"Appendix-1"**
- viii. According to the information and explanations as provided to us, no transaction has been identified or reported by the tax authorities under tax assessments under the Income Tax Act, 1961 (43 of 1961) which requires to be surrendered or disclosed as income during the year.
- ix. (a) The Company has not defaulted in repayment of any loans or other borrowings or in the payment of interest thereon.
- (b) According to the information & explanations as provided to us, the company has not been declared as willful defaulter by any bank or financial institution or other lender.

- (c) According to the information & explanations as provided to us, no term loans were applied for the purpose for which the loans were obtained during the year.
- (d) According to the information & explanations as provided to us the company has not raised any fund on short term basis which have been utilized as long term basis.
- (e) According to the information & explanations as provided to us, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- (f) According to the information & explanations as provided to us, the company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate company.
- x. (a) According to the information and explanations given to us and on the basis of books and records examined by us, the Company did not raise any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, paragraph 3 (x) para (a) of the Order is not applicable.
- (b) According to the information and explanations given to us and on the basis of books and records examined by us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (Fully, partially or optionally convertible) during the year. Accordingly, paragraph 3 (x) para (b) of the Order is not applicable
- xi. (a) According to the information and explanations given to us, no material fraud by the Company and any fraud on the Company by its officers and employees has been noticed or reported during the year.
- (b) According to the information & explanations as provided to us, no report under sub-section (12) of section 143 of the Companies act has been filed by the auditors in form ADT-4 as prescribed under rule 13 of companies (audit and auditors) rules, 2014 with the central government.
- (c) As per the whistle blower policy (approved by CIL Board in its 478th Board held on 18.10.2019), CCL has a system in place to resolve the whistle blower complaints in an appropriate and timely manner, however, as per the information provided to us, the company has not received any whistle- blower complaints.

xii. (a) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.

xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 where applicable and details of such transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.

xiv. (a) In our opinion, and according to information and explanations given to us, the company has an internal audit system commensurate with the size and nature of its business;

(b) Yes, the reports of the internal auditors for the period under audit were considered by us.

xv. According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable.

(xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934. Accordingly, Clause 3(xvi) of the order is not applicable.

(b) According to the information & explanations as provided to us, the Company has not conducted any non-banking or housing finance activities.

(c) The company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India.

(d) The company is not a Core Investment Company (CIC) as defined in the regulations made by the

Reserve Bank of India neither it has more than one CIC.

xvii. According to the information & explanations as provided to us, the Company has not incurred any cash losses in the financial year and in the immediately preceding financial year.

xviii. According to the information & explanations as provided to us, there is no resignation of the statutory auditors during the year.

xix. In our opinion, and according to information & explanations given to us, & on basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, no material uncertainty exist as on date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date;

(xx) (a) In respect of other than ongoing projects, the company did not have any balance of unspent amount required to be transferred to a fund specified in schedule VII to the Companies Act, 2013 within a period of six months of the expiry of the financial year in compliance with second proviso to sub-section (5) of section 135 of the said act;

(b) In respect of ongoing projects, the company has a practice to transfer of unspent CSR amount to a special account in compliance with the provision of sub-section (6) of section 135 of the said act. In the FY 2024-25, the company has spent excess CSR expenses and the same is considered as an asset under CSR Excess expenditure to be carried forward for ₹ 18.30 Crore.

xxi. As we are reporting under standalone financial statements, hence this clause is not applicable.

M No.: 015363
UDIN: 25015363BMOKSA1236

Place : Ranchi
Date : 26.04.2025

Annexure - "C" referred to in paragraph 3(g) of "Report on Other Legal and Regulatory Requirements" of Independent Auditor's Report on the standalone Ind AS financial statements for the for the year ended March 31, 2025, we report that; Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of 'Central Coalfields Limited' ("the Company") as of 31st March 2025 in conjunction with our audit of the Standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use,

or disposition of the company's assets that could have a material effect on the Standalone Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the

degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS (STANDALONE)

Significant Accounting Policies

Note 1 (A): CORPORATE INFORMATION

Central Coalfields Limited (CCL), a Miniratna company, is a 100% subsidiary of Coal India Limited (A Government of India Undertaking) having its registered office at Darbhanga House, Ranchi, Jharkhand – 834029.

The Company is mainly engaged in mining and production of Coal and also operates Coal washeries. The major consumers of the company are power and steel sectors. Consumers from other sectors include cement, fertilisers, brick kilns etc.

CCL has a joint venture agreement with IRCON International Limited & Government of Jharkhand named Jharkhand Central Railway Limited (JCRL). The basic objective of JCRL is to build, construct, operate and maintain identified Rail Corridor Projects that are critical for evacuation of coal from mines in the State of Jharkhand which shall be used for both freight and passenger services and to develop required rail infrastructure including construction of railway lines together with all related facilities etc.

The Standalone financial statements for the year ended March 31, 2025, were approved for issue by the Board of Directors of the company on 25th April 2025.

B. Statement of Compliance and Recent Accounting Pronouncement

i) Statement of Compliance

These Standalone financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the "Ind AS") as notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) read with Section 133 of the Companies Act, 2013 ("the Act"). The Ind ASs issued, notified and made effective till the financial statements are authorised and have been considered for the purpose of preparation of these financial statements.

The accounting policies are applied consistently except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

ii) Application of new and revised standards:

Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards)

Rules, from time to time. MCA has not notified any new standards or amendments to the existing standards which are effective from 1 April 2025.

Note 2: MATERIAL ACCOUNTING POLICY INFORMATION

1.1 Basis of preparation of financial statements

The Standalone Financial Statements have been prepared under the historical cost convention on accrual basis except certain financial instruments that are measured in terms of relevant Ind AS at amortized costs or fair value at the end of each reporting period.

Historical cost convention is generally based on the fair value of the consideration given in exchange for goods and services.

The functional currency of the company is determined as the currency of the primary economic environment in which it operates. The Standalone Financial Statements are presented in Indian Rupees (₹) and all values are rounded off to the 'rupees in crore' up to two decimal points.

2.2 Basis of consolidation

2.2.1 Subsidiaries

- i. Subsidiaries are entities over which the Group has control and the Control is achieved when the group is exposed or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its:
 - a. Power over the investee;
 - b. Exposure or rights to variable returns from its involvement with the investee;
 - c. The ability to use its power over the investee to affect its returns.

Subsidiaries are consolidated from the date control over the subsidiary is acquired and they are discontinued from the date of cessation of control.

- ii. The Group combines the financial statements of the Holding and its subsidiaries based on a line-by-line consolidation by adding together the book value of like items of assets and liabilities, revenue and expenses as per the respective financial statements. Intra-group balances, intra-group transactions, and the unrealised profits on stocks arising out of intra-group transactions have been eliminated.

- iii. The consolidated financial statements are prepared using uniform accounting policies for similar material transactions and other events in similar circumstances otherwise as stated elsewhere.
- iv. The difference between the costs of investment in the subsidiaries, over the net assets at the time of acquisition of shares in the subsidiaries is recognised in the consolidated financial statements as Goodwill or Capital reserve as the case may be. The said goodwill is not amortised, however, it is tested for impairment at each balance sheet date, and impairment loss, if any is recognised in the consolidated financial statements.
- v. Non-controlling interest's share of the net profit of subsidiaries for the year is identified and adjusted against the revenue of the Group in order to arrive at the net revenue attributable to the owners of the Holding Company. The excess of loss for the year over the non-controlling interest is adjusted in the owner's interest.
- vi. Non-controlling interest's share of net assets of subsidiaries is identified and presented in the Consolidated Balance Sheet separate from liabilities and the equity of the Holding Company's shareholders.
- vii. A change in the ownership interest of a subsidiary which does not result in a loss of control, is accounted for as an equity transaction.
- viii. If the Group loses control over a subsidiary, it derecognizes the assets, liabilities, carrying amount of any non-controlling interests and the cumulative translation differences recorded in equity. Any interest retained in the former subsidiary is measured at fair value at the date the control is lost, with the resulting gain/ loss recognised in the statement of Profit & Loss.

Business Combination and Goodwill

The Group except for combination of group entities which are under common control applies the acquisition method in accounting for business combinations. The consideration transferred by the Group to obtain control of a subsidiary is calculated as the sum of the acquisition-date fair values of assets transferred, liabilities incurred and the equity interests issued by the Group, which includes the fair value of any asset or liability arising from a contingent consideration arrangement. Acquisition costs are expensed as incurred. Assets acquired and liabilities assumed are generally measured at their acquisition date fair values.

In case of combination of entities under control, business combination are accounted for under pooling of interest method whereby the assets and liabilities are combined

at the carrying amount and no adjustments are made to reflect their fair values or recognise any new assets or liabilities.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the combination date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquire are assigned to those units.

2.2.2 Associates

Associates are all entities over which the Company has significant influence but no control or joint control. This is generally the case where the Company holds between 20% and 50% of the voting rights.

Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost, except when the investment, or a portion thereof, classified as held for sale, in which case it is accounted in accordance with Ind AS 105.

The Group impairs its net investment in the associates on the basis of objective evidence.

2.2.3 Joint arrangements

Joint arrangements are those arrangements where the Group is having joint control with one or more other parties.

Joint control is the contractually agreed sharing of control of the arrangement which exist only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

Joint Arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement.

2.2. 4 Joint Operations

A joint operation is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The group recognises its direct right to the assets, liabilities, revenues and expenses of joint operations and its share of any jointly held or incurred assets, liabilities, revenues and expenses. These have been incorporated in the financial statements on line by line basis with similar items in the consolidated financial statements or otherwise under the appropriate heads of accounts.

2.2.5 Joint ventures

- i) A joint venture is a joint arrangement whereby parties that have joint control of the arrangement having rights to the net assets of the arrangement. Interests in joint ventures are initially recognised at cost and thereafter accounted for using the equity method.
- ii) Investments in Joint venture are accounted for using the equity method of accounting, after initially being recognized at cost, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted in accordance with Ind AS 105.
- iii) The Group impairs its net investment in the joint venture on the basis of objective evidence, When the Group's share of losses in a joint venture equals or exceeds its investment in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the joint venture.
- iv) Unrealised gains on transactions between the Group and its joint ventures are eliminated to the extent of the Group's interest in these entities. Unrealised losses on transactions between the Group and its joint ventures are also eliminated to the extent of the Group's interest in these entities unless the transaction provides evidence of an impairment of the asset transferred. Where the accounting policies of joint ventures are different from those of the Group, appropriate adjustments are made for like transactions and events in similar circumstances to ensure conformity with the policies adopted by the group.
- v) Any gain or loss on dilution arising on a reduced stake in the joint venture, but still retaining the joint control, is recognized in the Statement of Profit and Loss.
- vi) When the investment ceases to be a joint venture and the retained interest is a financial asset, the Group measures the retained interest at fair value with the change in carrying amount recognised in the Statement of Profit and Loss. The fair value of the retained interest becomes the initial carrying amount for the purpose of accounting for the retained interest as a financial asset. Any amounts previously recognised in other comprehensive income in respect of that joint venture are reclassified to the Statement of Profit and Loss.

2.2.6 Equity Method

Under the equity method of accounting, the investments

are initially recognised at cost and adjusted thereafter for the post-acquisition changes in the Group's share of the net assets of the investee. The Group's share of the post-acquisition profits or losses and other comprehensive income of the investee are included in the Statement of Profit and Loss and Other Comprehensive Income of the Group. Dividends received or receivable from joint ventures are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity

2.2.7 Changes in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any fair value of consideration paid or received is recognised within equity

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss where appropriate.

2.3 Current and Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification. An asset is treated as current by the Company when:

- (a) it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;

- (b) it holds the asset primarily for the purpose of trading;
- (c) it expects to realise the asset within twelve months after the reporting period; or
- (d) the asset is cash or a cash equivalent (as defined in Ind AS 7) unless the asset is restricted from

being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is treated as current by the Company when:

- (a) it expects to settle the liability in its normal operating cycle;
- (b) it holds the liability primarily for the purpose of trading;
- (c) the liability is due to be settled within twelve months after the reporting period; or
- (d) it does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

Having regard to the nature of the business being carried out by the group, the group has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

2.4 Revenue recognition

Revenue from contracts with customers

Revenue is principally derived from the sale of coal, related ancillary services, and products. Revenue from sales of products is recognized when control of the products has transferred, being when the products are delivered to the customer. Delivery occurs when the products have been shipped or delivered to the specific location as the case may be, and the risks of loss have been transferred in accordance with the sales contract. The amount of revenue recognized reflects the consideration to which the Group is or expects to be entitled in exchange for those goods or services. Accumulated experience is used to estimate and provide for the variable consideration as per the sales contract, and revenue is only recognized to the extent that it is highly probable that a significant reversal will not occur. The amount of consideration does not contain a significant financing component as payment terms are less than one year as per the sales contracts.

The group has a number of long-term contracts to supply products to customers in future periods. Generally,

revenue is recognized on an invoice basis, as each unit sold is a separate performance obligation, and therefore the right to consideration from a customer corresponds directly with our performance completed to date.

Interest

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividends

Dividend is recognised when the company's right to receive the payment is established, which is generally when shareholders approve the dividend.

Other Claims

Revenue in respect of Other claims (including interest on delayed realization from customers) are recognized only when there is reasonable certainty as to the ultimate collection and the amount can be measured reliably.

2.5 Grants from Government

Government Grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attached to them and that there is reasonable certainty that grants will be received.

Government grants are recognised in Statement of Profit and Loss on a systematic basis over the periods in which the Group recognises the related expenses or costs for which the grants are intended to compensate.

Government Grants related to assets are presented in the balance sheet by setting up the grant as deferred income and are recognised in Statement of Profit and Loss on systematic basis over the useful life of asset.

Grants related to income (i.e. grant related to other than assets) are presented as part of statement of profit and loss under the head 'Other Income'.

A government grant/assistance that becomes receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs, is recognised in profit or loss of the period in which it becomes receivable.

The Government grants or grants in the nature of promoter's contribution is recognised directly in "Capital Reserve" which forms part of the "Shareholders fund".

2.6 Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

2.6.1 Group as a lessee

The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the commencement date, a lessee shall recognise a right-of-use asset at cost and a lease liability at the present value of the lease payments that are not paid at that date for all leases unless the lease term is 12 months or less or the underlying asset is of low value.

Subsequently, right-of-use asset is measured using cost model whereas, the lease liability is measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and re-measuring the carrying amount to reflect any reassessment or lease modifications

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates of these leases. Lease liabilities are premeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option. Lease liability and ROU asset are separately presented in the Balance Sheet and lease payments are classified as financing cash flows. Lease liability obligations is presented separately under the head "Financial Liabilities".

Finance charges are recognised in finance costs in the Statement of Profit and Loss, unless the costs are included in the carrying amount of another asset applying other applicable standards.

Right-of-use asset is depreciated over the useful life of the asset, if the lease transfers ownership of the asset to the lessee by the end of the lease term or if the cost of the right-to-use asset reflects that the lessee will exercise a purchase option. Otherwise, the lessee shall depreciate the right-to-use asset from the commencement date to

the earlier of the end of the useful life of the right-of-use asset or the end of the lease term.

2.6.2 Group as a lessor

Assets are given on lease either as finance lease or operating lease.

Finance Lease: A lease is classified as finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset. Initially, asset held under finance lease is recognised in Balance Sheet and presented as a receivable at an amount equal to the net investment in the lease. Finance income is recognised over the lease term, based on a pattern reflecting a constant periodic rate of return on Group's net investment in the lease.

Operating Lease: A lease which is not classified as a finance lease is an operating lease. The Group recognises lease payments in case of assets given on operating leases as income on a straight line basis.

2.7 Non-current assets held for sale

The Group classifies non-current assets and (or disposal groups) as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale expected to be completed within one year from the date of classification.

For these purposes, sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. The criteria for held for sale classification is regarded met only when the assets or disposal group is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets (or disposal groups), its sale is highly probable; and it will genuinely be sold, not abandoned. The Group treats sale of the asset or disposal group to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset (or disposal group),
- An active programme to locate a buyer and complete the plan has been initiated
- The asset (or disposal group) is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and

- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Non-current asset or disposal groups classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell.

2.8 Property, Plant and Equipment (PPE) and Depreciation

An item of PPE is recognized as an asset if it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

PPE are initially measured at cost of acquisition/ construction including decommissioning or restoration cost wherever required. Cost of land includes expenditures which are directly attributable to the acquisition of the land like, rehabilitation expenses, resettlement cost and compensation in lieu of employment incurred for concerned displaced persons etc.

After recognition, an item of all other Property, plant and equipment are carried at its cost less any accumulated depreciation and any accumulated impairment losses under Cost Model. The cost of an item of property, plant and equipment comprises:

- its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.
- any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
- the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which the Group incurs either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.
- Interest on Borrowings utilized to finance the construction of qualifying assets are capitalised as part of cost of the asset until such time that the asset is ready for its intended use.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. However, significant part(s) of an item of PPE having same useful life and depreciation method are grouped together in determining the depreciation charge.

Costs of the day to-day servicing described as 'repairs and

maintenance' are recognised in the statement of profit and loss in the period in which the same are incurred.

Subsequent cost of replacing parts which are significant in relation to the total cost of an item of property, plant and equipment are recognised in the carrying amount of the item, if it is probable that future economic benefits associated with the item will flow to the Group; and the cost of the item can be measured reliably. The carrying amount of those parts that are replaced is derecognised in accordance with the derecognition policy mentioned below.

When major inspection is performed, its cost is recognised in the carrying amount of the item of property, plant and equipment as a replacement if it is probable that future economic benefits associated with the item will flow to the Group; and the cost of the item can be measured reliably. Any remaining carrying amount of the cost of the previous inspection (as distinct from physical parts) is derecognised.

An item of Property, plant or equipment is derecognised upon disposal or when no future economic benefits are expected from the continuing use of assets. Any gain or loss arising on such derecognition of an item of property plant and equipment is recognised in profit and Loss.

Depreciation on property, plant and equipment, except freehold land, is provided as per cost model on straight line basis over the estimated useful lives of the asset as follows:

Other Land

(incl. Leasehold Land)	: Life of the project or lease term whichever is lower
Building (incl. Roads)	: 3-60 years
Telecommunication	: 3-9 years
Railway Sidings	: 15 years
Plant and Equipment	: 1-30 years
(incl. Railway Corridor, Others)	
Computers and Laptops	: 3 Years
Office equipment	: 3-5 years
Furniture and Fixtures	: 10 years
Vehicles	: 8-10 years

Based on technical evaluation, the management believes that the useful lives given above best represent the period over which the management expects to use the asset. Hence the useful lives of the assets may be different from the useful lives as prescribed under Part C of Schedule II of the companies act, 2013.

The estimated useful life of the assets is reviewed at the end of each financial year.

The residual value of Property, plant and equipment is considered as 5% of the original cost of the asset except for some items of assets such as other land, site restoration asset, other mining infrastructure, surveyed off assets. Useful life has been technically estimated to be one year with nil residual value for items such as Coal tub, winding ropes, haulage ropes, stowing pipes and safety lamps etc.

Depreciation on the assets added/disposed of during the year is provided on pro-rata basis with reference to the month of addition / disposal.

Value of "Other Land" includes land acquired under Coal Bearing Area (Acquisition & Development) (CBA) Act, 1957, Land Acquisition Act, 1894, Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement (RFCTLAAR) Act, 2013, Long term transfer of government land etc., which are amortised on the basis of the balance life of the project; and in case of Leasehold land such amortisation is based on lease period or balance life of the project whichever is lower.

Assets that are fully depreciated and retired from active use are disclosed separately as surveyed off assets at its residual value under Property, Plant Equipment and are tested for impairment.

Transition to Ind AS

The Group elected to continue with the carrying value as per the cost model (for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind ASs, measured as per the previous GAAP.

2.9 Mine Closure, Site Restoration and Decommissioning Obligation

The Group's obligation for land reclamation and decommissioning of structures consists of spending at both surface and underground mines in accordance with the guidelines from the Ministry of Coal, Government of India. The Group estimates its obligation for Mine Closure, Site Restoration and Decommissioning based upon detailed calculation and technical assessment of the amount and timing of the future cash spending to perform the required work. Mine Closure expenditure is provided as per approved Mine Closure Plan. The estimates of expenses are escalated for inflation, and then discounted at a discount rate that reflects current market assessment of the time value of money and the risks, such that the amount of provision reflects the present value of the expenditures expected to be incurred to settle the obligation. The Group records a corresponding asset associated with the liability for final reclamation and mine closure. The obligation and corresponding assets are recognised in the period in which the liability is incurred. The asset representing the total site

restoration cost (as estimated by Central Mine Planning and Design Institute Limited) as per the mine closure plan is recognised as a separate item in PPE and amortised over the balance project/mine life.

The value of the provision is progressively increased over time as the effect of discounting unwinds; creating an expense recognised as a financial expense.

Further, a specific escrow fund account is maintained for this purpose as per the approved mine closure plan.

The progressive mine closure expenses incurred on year to year basis forming part of the total mine closure obligation are initially recognised as receivable from the escrow account and thereafter adjusted with the obligation in the year in which the amount is withdrawn after the concurrence of the certifying agency.

2.10 Exploration and Evaluation Assets

Exploration and evaluation assets comprise costs that are attributable to the search for coal and related resources, pending the determination of technical feasibility and the assessment of commercial viability of an identified resource which comprises inter alia the following:

- acquisition of rights to explore
- researching and analysing historical exploration data;
- gathering exploration data through topographical, geo-chemical and geo-physical studies;
- exploratory drilling, trenching, and sampling;
- determining and examining the volume and grade of the resource;
- surveying transportation and infrastructure requirements;
- Conducting market and finance studies.

The above includes employee remuneration, cost of materials and fuel used, payments to contractors etc.

As the intangible component represents an insignificant/indistinguishable portion of the overall expected tangible costs to be incurred and recouped from future exploitation, these costs along with other capitalised exploration costs are recorded as exploration and evaluation assets.

Exploration and evaluation costs are capitalised on a project-by-project basis pending the determination of technical feasibility and commercial viability of the project and disclosed as a separate line item under non-current assets. They are subsequently measured at cost less accumulated impairment/provision.

Once proved reserves are determined and the development of mines/projects are sanctioned, exploration and evaluation assets are transferred to "Development" under

capital work in progress. However, if proved reserves are not determined, the exploration and evaluation asset is derecognised.

2.11 Development Expenditure

When proved reserves are determined and the development of mines/projects are sanctioned, capitalised exploration and evaluation cost is recognised as assets under construction and disclosed as a component of capital work in progress under the head "Development". All subsequent development expenditure is also capitalised. The development expenditure capitalised is net of proceeds from the sale of coal extracted during the development phase.

Commercial Operation

The project/mines are brought to revenue; when commercial readiness of a project/mine to yield production on a sustainable basis is established either on the basis of conditions specifically stated in the project report or on the basis of the following criteria:

- (a) From the beginning of the financial year immediately after the year in which the project achieves physical output of 25% of rated capacity as per the approved project report, or
- (b) 2 years of touching coal, or
- (c) From the beginning of the financial year in which the value of production is more than total, expenses.

Whichever event occurs first;

On being brought to revenue, the assets under capital work in progress are reclassified as a component of property, plant, and equipment under the nomenclature "Other Mining Infrastructure". Other Mining infrastructures are amortised from the year when the mine is brought under revenue in 20 years or the working life of the project whichever is less.

2.12 Intangible Assets and Amortisation

Intangible assets acquired separately are measured on initial recognition at cost. Cost includes any directly attributable expenses necessary to make the assets ready for its intended use. After initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the Group and the cost of the item can be measured reliably.

An item of Intangible asset is derecognized upon disposal

or when no future economic benefits are expected from its use or disposal. Gains or losses arising from the derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Internally generated intangibles, excluding capitalised development costs, are not capitalised. Instead, the related expenditure is recognised in the statement of profit and loss and other comprehensive income in the period in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss. Amortisation of intangible asset is provided on straight line basis over the estimated useful lives of the intangible asset as follows:

<u>Intangible Assets</u>	<u>Useful Life</u>
SAP/ERP	: 6 years
Other Computer Software	: License period
Rail Corridor	: Life as per MoU contract period

An intangible asset with an indefinite useful life is not amortised but is tested for impairment at each reporting date.

Exploration and Evaluation assets attributable to blocks identified for sale or proposed to be sold to outside agencies (i.e. for blocks not earmarked for CIL) are however, classified as Intangible Assets and tested for impairment.

Expenditure on research is charged to expenditure as and when incurred. Expenditure on development is capitalized only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable and the Group intends to & has sufficient resources to complete development and to use or sell the asset.

2.13 Impairment of Assets (other than financial assets)

The Group assesses at the end of each reporting period

whether there is any indication that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs. The group considers individual mines as separate cash-generating units for the purpose of a test of impairment.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount and the impairment loss is recognised in the Statement of Profit and Loss.

2.14 Investment Property

Property (land or a building or part of a building or both) held to earn rentals or for capital appreciation or both, rather than for, use in the production or supply of goods or services or for administrative purposes; or sale in the ordinary course of businesses are classified as an investment property.

Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs.

Investment properties are depreciated using the straight-line method over their estimated useful lives.

2.15 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

2.15.1 Financial assets

2.15.1 Initial recognition and measurement

All financial assets are recognised initially at fair value, in the case of financial assets not recorded at fair value through profit or loss, plus transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset. However, trade receivables that do not contain a significant financing component are measured at transaction price.

2.15.2 Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

2.15.2.1 Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

2.15.2.2 Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Group recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

2.15.2.3 Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Group may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Group has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

2.15.2.4 Equity investments in subsidiaries, associates and Joint Ventures

In accordance of Ind AS 101 (First time adoption of Ind AS), the carrying amount of these investments as per previous GAAP as on the date of transition is considered to be the deemed cost. Subsequently Investment in subsidiaries, associates and joint ventures are measured at cost.

In case of consolidated financial statement, Equity investments in associates and joint ventures are accounted as per equity method as prescribed in para 10 of Ind AS 28.

2.15.2.5 Other Equity Investment

All other equity investments in scope of Ind AS 109 are measured at fair value through profit or loss.

The Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Group makes such election on an instrument by-instrument basis. The classification is made on initial recognition and is irrevocable.

All fair value changes of an equity instrument classified at FVTOCI, are recognized in OCI. There is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. However, the Group may transfer the cumulative gain or loss within equity. Dividends from such investments are recognised in the Statement of Profit and Loss as "other income" when the Group's right to receive payments is established.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

2.15.2.6 Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash

flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

2.15.2.7 Impairment of financial assets (other than fair value)

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance
- b) Financial assets that are debt instruments and are measured as at FVTOCI
- c) Lease receivables under Ind AS 116
- d) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115.

The Group follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 116

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

2.15.3 Financial liabilities

2.15.3.1 Initial recognition and measurement

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

2.15.3.2 Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

2.15.3.3 Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

2.15.3.4 Financial liabilities at amortised cost

After initial recognition, these are subsequently measured at amortised cost using the effective interest rate method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the effective interest rate amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included as finance costs in the statement

of profit and loss.

2.15.3.5 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of a financial liability (or part of a financial liability) extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, shall be recognised in profit or loss.

2.15.4 Reclassification of financial assets

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. If Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

The following table shows various reclassification and how they are accounted for

Original classification	Revised classification	Accounting treatment
Amortised cost	FVTPL	Fair value is measured at reclassification date. Difference between previous amortized cost and fair value is recognised in P&L.
FVTPL	Amortised Cost	Fair value at reclassification date becomes its new gross carrying amount. EIR is calculated based on the new gross carrying amount.
Amortised cost	FVTOCI	Fair value is measured at reclassification date. Difference between previous amortised cost and fair value is recognised in OCI. No change in EIR due to reclassification.
FVTOCI	Amortised cost	Fair value at reclassification date becomes its new amortised cost carrying amount. However, cumulative gain or loss in OCI is adjusted against fair value. Consequently, the asset is measured as if it had always been measured at amortised cost.

Original classification	Revised classification	Accounting treatment
FVTPL	FVTOCI	Fair value at reclassification date becomes its new carrying amount. No other adjustment is required.
FVTOCI	FVTPL	Assets continue to be measured at fair value. Cumulative gain or loss previously recognized in OCI is reclassified to P&L at the reclassification date.

2.15.5 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.15.6 Fair value measurement of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Group categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed for such measurement:

- Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within level 1 that are observable either directly or indirectly for the asset or liability.
- Level 3: inputs for the asset or liability which are not based on observable market data (unobservable inputs).

The Group has an established control framework with respect to the measurement of fair values. This includes a finance team that has overall responsibility for overseeing all significant fair value measurements who regularly review significant unobservable inputs, valuation adjustments and fair value hierarchy under which the valuation should be classified.

2.15.7 Cash and Cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value. For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

2.16. Borrowing Costs

Borrowing costs are expensed as and when incurred except where they are directly attributable to the acquisition, construction or production of qualifying assets i.e. the assets that necessarily takes substantial period of time to get ready for its intended use, in which case they are capitalised as part of the cost of related asset up to the date when the qualifying asset is ready for its intended use.

2.17 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax is the amount of income taxes payable (recoverable) in respect of the taxable profit (tax loss) for a period. Taxable profit differs from "profit before income tax" as reported in the statement of profit and loss and other comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary difference to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient

taxable profits against which to utilise the benefits of the temporary differences.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Unrecognised deferred tax assets are reassessed at the end of each reporting year and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities, and when the deferred income tax assets and liabilities relate to income taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

2.18 Employee Benefits

2.18.1 Short-term Benefits

Short-term employee benefits are employee benefits (other than termination benefits) that are expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service.

All short-term employee benefits are recognized in the period in which the services are rendered by employees.

2.18.2 Post-employment benefits and other long term employee benefits

2.18.2.1 Defined contributions plans

A defined contribution plan is a post-employment benefit

plan under which the Group pays a fixed contribution into a fund maintained by a separate body and the Group will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in the statement of profit and loss in the periods during which services are rendered by employees.

2.18.2.2 Defined benefits plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Group's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in return of their service in the current and prior periods. The benefit is discounted to determine its present value and reduced by the fair value of plan assets, if any. The discount rate is based on the prevailing market yields of Indian Government securities as at the reporting date that have maturity dates approximating the terms of the Group's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

The application of actuarial valuation involves making assumptions about the discount rate, expected rates of return on assets, future salary increases, mortality rates etc. Due to the long-term nature of these plans, such estimates are subject to uncertainties. The calculation is performed at each balance sheet by an actuary using the projected unit credit method. When the calculation results in the benefit to the Group, the recognised asset is limited to the present value of the economic benefits available in the form of any future refunds from the plan or reduction in future contributions to the plan. An economic benefit is available to the Group if it is realisable during the life of the plan, or on settlement of plan liabilities.

Re-measurement of the net defined benefit liability, which comprises actuarial gain and losses considering the return on plan assets (excluding interest) and the effects of the assets ceiling (if any, excluding interest) are recognised immediately in the other comprehensive income. The Group determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit and loss.

When the benefits of the plan are improved, the portion of the increased benefit relating to past service by employees is recognised as an expense immediately in the statement

of profit and loss.

2.18.3 Other long-term employee benefits

Other long-term employee benefits are all employee benefits other than short-term employee benefits, post-employment benefits and termination benefits.

Other long-term employee benefits include items which are not expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service.

For other long-term employee benefits, net total of the following amounts is recognized in the statement of profit or loss:

- (a) Service cost
- (b) Net interest on the net defined benefit liability (asset)
- (c) Re-measurements of the net defined benefit liability (asset)

2.19 Foreign Currency

Transactions in foreign currencies are converted into the reported currency of the Group using the exchange rate prevailing at the transaction date. Monetary assets and liabilities denominated in foreign currencies outstanding at the end of the reporting period are translated at the exchange rates prevailing as at the end of reporting period. Exchange differences arising on the settlement of monetary assets and liabilities or on translating monetary assets and liabilities at rates different from those at which they were translated on initial recognition during the period or in previous financial statements are recognised in statement of profit and loss in the period in which they arise.

Non-monetary items denominated in foreign currency are valued at the exchange rates prevailing on the date of transactions.

2.20 Stripping Activity

The process of removing overburden to access coal is referred to as stripping. Stripping is necessary to obtain access to coal and occurs throughout the life of an opencast mine. Stripping costs during development and production phases are classified as other mining infrastructure in property, plant, and equipment. Stripping costs are accounted for separately for individual mines.

The Group accounts for stripping activities as follows:

Stripping costs during the Development phase:

These are initial overburden removal costs incurred to obtain access to coal to be extracted. These costs are capitalised when it is probable that future economic benefits will flow to the Group and costs can be measured reliably. Once the production phase begins, capitalised development stripping costs are amortised over the mine life.

Stripping costs during the production phase:

These are overburden removal costs incurred after the mine has been brought to revenue as per the policy of the group. Stripping costs during the production phase can give rise to two benefits, the extraction of coal in the current period and improved access to coal which will be extracted in future periods. Stripping costs during the production phase are allocated between the inventory produced and the stripping activity asset using a standard strip ratio (overburden-to-coal). The standard strip ratio is the total volume of overburden expected to be removed over the life of the mine against the total coal to be extracted over the life of the mine. When the actual volume of overburden removed is greater than the expected volume of overburden removal, the stripping cost for excess overburden removed over the expected overburden removal is capitalised to the stripping activity asset. The stripping activity asset is amortised over the expected useful life of the mine. Changes in geo-mining conditions may have an impact on the standard strip ratio. Changes to the ratio are accounted for prospectively. Stripping activity asset are shown separately under Property, plant, and equipment.

Stripping activity asset for stripping costs during the production phase are recognised in the mines with a rated capacity of one million tonnes per annum and above.

2.21 Inventories

2.21.1 Stock of Coal

Inventories of coal/coke are stated at lower of cost and net realisable value. The cost of inventories are calculated using the Weighted Average method. Net realisable value represents the estimated selling price of inventories less all estimated costs of completion and costs necessary to make the sale.

Book stock of coal is considered in the accounts where the variance between book stock and measured stock is up to +/- 5% and in cases where the variance is beyond +/- 5% the measured stock is considered. Such stocks are valued at net realisable value or cost whichever is lower. Coke is considered as a part of the stock of coal.

Coal & coke-fines are valued at lower of cost or net realisable value and considered as a part of the stock of coal.

Slurry (coking/semi-coking), middling of washeries, and by products are valued at net realisable value and considered as a part of the stock of coal.

2.21.2 Stores, Spares, and Other Inventories

The Stock of stores and spares including other inventories are valued at cost calculated on the basis of the weighted average method.

Provisions are made at the rate of 100% for unserviceable, damaged and obsolete stores and spares and at the rate of 50% for stores & spares not moved for 5 years.

2.22 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of economic benefits will be required

to settle the obligation and a reliable estimate of the amount of the obligation can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

All provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future uncertain events not wholly within the control of the Group, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

Contingent assets are possible assets that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. Contingent assets are disclosed in the financial statements when inflow of economic benefits is probable on the basis of the judgment of management. These are assessed continually to ensure that developments are appropriately reflected in the financial statements.

2.23 Earnings per share

Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per shares is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per shares and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

2.24 Stripping activity provision (Ratio Variance)

Stripping activity provision recognized earlier is based on the policy followed consistently by CIL since its inception. Stripping activity provision was recognized or reversed based on the current ratio of OB to Coal as compared to the average Stripping ratio (Standard ratio) of the mine. This accounting method has been substantiated and validated

by a multitude of authoritative bodies and forums, including income tax authorities.

The carrying amount of the stripping activity provision is reversed systematically whenever the situation of reversal arises on extraction of actual volume of overburden over expected volume thereof. Such reversal is specific to mines at the rate the said provision has been recognized.

2.25 Judgements, Estimates and Assumptions

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments, and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statements and the amount of revenue and expenses during the reported period. Application of accounting policies involving complex and subjective judgements and the use of assumptions in these financial statements have been disclosed. Accounting estimates could change from period to period. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and, if material, their effects are disclosed in the notes to the financial statements.

2.25.1 Judgements

In the process of applying the Group's accounting policies, management has made the following judgments, which have the most significant effect on the amounts recognised in the financial statements:

2.25.1.1 Formulation of Accounting Policies

Accounting policies are formulated in a manner that results in financial statements containing relevant and reliable information about the transactions, other events and conditions to which they apply. Those policies need not be applied when the effect of applying them is immaterial.

In the absence of an Ind AS that specifically applies to a transaction, other event or condition, management has used its judgment in developing and applying an accounting policy that results in information that is:

- a) relevant to the economic decision-making needs of users and
- b) reliable in that financial statements: and
 - (i) represent faithfully the financial position, financial performance and cash flows of the Group; (ii) reflect the economic substance of transactions, other events and conditions, and not merely the legal form; (iii) are neutral, i.e. free from bias; (iv) are prudent; and (v) are complete in all material respects on a consistent basis

In making the judgment management refers to, and considers the applicability of, the following sources in descending order:

- (a) the requirements in Ind ASs dealing with similar and related issues; and
- (b) the definitions, recognition criteria and measurement concepts for assets, liabilities, income, and expenses in the Framework.

In making the judgment, management considers the most recent pronouncements of the International Accounting Standards Board and in the absence thereof those of the other standard-setting bodies that use a similar conceptual framework to develop accounting standards, other accounting literature, and accepted industry practices, to the extent that these do not conflict with the Indian accounting Standard and accounting policies and practices as stated in above paragraph.

The Group operates in the mining sector (a sector where the exploration, evaluation, and development production phases are based on the varied topographical and geo-mining terrain spread over the lease period running over decades and prone to constant changes), the accounting policies whereof have evolved based on specific industry practices supported by research committees and approved by the various regulators owing to its consistent application over the last several decades. In the absence of specific accounting literature, guidance and standards in certain specific areas which are in the process of evolution, the Group continues to strive to develop accounting policies in line with the development of accounting literature and any development therein shall be accounted for prospectively as per the procedure laid down above more, particularly in Ind AS 8.

2.25.1.2 Materiality

Ind AS applies to items which are material. Management uses judgement in deciding whether individual items or groups of item are material in the financial statements. Materiality is judged by reference to the nature or magnitude or both of the items. The deciding factor is whether omitting or misstating or obscuring an information could individually or in combination with other information influence decisions that primary users make on the basis of the financial statements. Management also uses judgement of materiality for determining the compliance requirement of the Ind AS. Further, the Group may also be required to present separately immaterial items when required by law.

With effect from 01.04.2019 Errors/omissions discovered in the current year relating to prior periods are treated as immaterial and adjusted during the current year, if all such errors and omissions in aggregate does not exceed 1% of

total revenue from Operation (net of statutory levies) as per the last audited financial statement of the Group.

2.25.1.3 Operating lease

Group has entered into lease agreements. The Group has determined, based on an evaluation of the terms and conditions of the arrangements, such as the lease term not constituting a major part of the economic life of the commercial property and the fair value of the asset, that it retains all the significant risks and rewards of ownership of these properties and accounts for the contracts as operating leases.

2.25.2 Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

The estimates, judgements and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

The application of accounting policies that require critical judgements and accounting estimates involving complex and subjective judgements and the use of assumptions in these standalone financial statements have been disclosed here in below:

2.25.2.1 Impairment of non-financial assets

There is an indication of impairment if, the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. Group considers individual mines as separate cash generating units for the purpose of test of impairment. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Group is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and

the growth rate used for extrapolation purposes. These estimates are most relevant to other mining infrastructures. The key assumptions used to determine the recoverable amount for the different CGUs, are disclosed and further explained in respective notes.

2.25.2.2 Income Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

2.25.2.3 Defined benefit plans and long term employee benefits

The cost of the defined benefit plan and other post-employment medical benefits and the present value of the obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates.

Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter most subject to change is the discount rate. In determining the

appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables of the country. Those mortality tables tend to change only at interval in response to demographic changes.

2.25.2.4 Intangible asset under development

The Group capitalises intangible asset under development for a project in accordance with the accounting policy. Initial capitalisation of costs is based on management's judgement that technological and economic feasibility is confirmed, usually when a project report is formulated and approved.

2.25.2.5 Provision for Mine Closure, Site Restoration and Decommissioning Obligation

In determining the fair value of the provision for Mine Closure, Site Restoration and Decommissioning Obligation, assumptions and estimates are made in relation to discount rates, the expected cost of site restoration and dismantling and the expected timing of those costs. The Group estimates provision using the DCF method considering life of the project/mine based on

Estimated cost per hectare as specified in guidelines issued by Ministry of Coal, Government of India

The discount rate (pre-tax rate) that reflect current market assessments of the time value of money and the risks specific to the liability.

Less : Allowance for expected credit loss ^{4.3.1}	252.85	261.80
Total	1,628.91	1,716.73

4.3.1 The Company has used the practical expedient by computing the expected credit loss allowance based on a provision matrix in determining allowance for credit losses of trade receivables. The provision matrix takes into account historical credit loss experience and forward looking information. The expected credit loss allowance is based on ageing of receivables that are due and the rates used in provision matrix.

Progressive Mine Closure Expense incurred ^{6.1.2}	1,440.25	1,353.00
TOTAL	6,186.61	4,719.23

6.1.1 The Secretary to Government, Revenue, Registration and Land Reforms Department, Government of Jharkhand vide his Letter No. 5/Sa.Bhu (CCL) Ramgarh- 303/2012-519 (5)/Ra. Dated 07/02/2020 to The Chairman, Coal India limited has raised a demand of ₹ 26218.15 Crore against 36179.30 acres of Government land under the command area of CCL. The demand comprises of Rent, Cess and Salami as lease bandobasti of land for lease period.

Land is acquired by CCL as per notification issued by Central Government under Section 9(1) of CBA (A&D) Act, 1957 and physical possession is taken under Section 12 of CBA (A&D) Act, 1957 which is free from all encumbrances. Accordingly, CCL didn't agree with the demand raised by state government. However, the company as per the provisions of Section 13(5) in the Coal Bearing Areas (Acquisition and Development) Act, 1957 agrees to pay land compensation at present rural agricultural circle rate against Govt. Land to the Govt. of Jharkhand. The tentative liability for land compensation based on present rural agricultural rate comes to ₹ 778.62 Crore for 5392.75 acres of Govt land which is subject to verification by district officials. Meanwhile, for facilitating smooth running of the operations, CCL has released an adhoc payment of ₹ 2605.44 Crore under protest. The tentative liability of ₹ 778.62 Crore has been capitalised as Other Land under PPE. (Refer Note -3.1 of the Financial Statements).

A meeting was held between Hon'ble Minister of Coal & Hon'ble Chief Minister of Jharkhand on 13.11.2021 at Ranchi, further O.M. dated 24.02.2022, the discussion held on the above matter are appended as below: "the Chief Secretary, GoJ informed that the joint verification report will be finalized in next few days and demand against the govt. land will be made taking Rural Agricultural Rate of land and per acre land compensation shall be 1.52 times the rate of land as full of final settlement.

On this issue GOI committed in-principle to pay the dues as per joint verification report and committed that as the verification report is received, officers of Ministry of Coal and Chief Secretary, Jharkhand will sit together will decide the schedule of payment and handing over of the physical possession of land."

Further, TVNL (Tenughat Vidyut Nigam Limited), the state-owned power generating company, vide letter no. 253/22-23 dated 06.06.2022 to the Principal Secretary, Energy Department, Government of Jharkhand, has proposed the matter of book adjustment for dues owed by TVNL to CCL against the land compensation payable by CCL to the State Government. Accordingly, CCL vide letter no. CMD/CCL/TVNL-Dues/C-29/2023/717 dated 04/12/2023 has informed the Additional Secretary, Energy Department, Government of Jharkhand (GoJ) that the TVNL dues of ₹ 1036.27 Crore may be considered against the Government land compensation to be paid by CCL to GoJ in future, as advance under the protest subject to the joint verification report.

Furthermore, TVNL vide letter no. 1670/24-25 dated 27.03.2025 to CMD, CCL with reference to letter no 474 dated 26.03.2025 and 479 dated 27.03.2025 to Energy Dept, Govt. of Jharkhand again proposed the matter of book adjustment of TVNL dues to CCL to the tune of ₹ 1308.00 Crore. CCL Board in its 25th In Between Board Meeting held on 29.03.2025 accorded approval for adjustment of TVNL Dues of ₹ 1308.00 Crore towards Government land compensation to be paid in future by CCL to GoJ as advance under the protest subject to the joint verification report and total adhoc payment including book adjustment of of TVNL dues stands to ₹ 4949.71 Crore.

6.1.2 The above represents concurrent expenditure recognised as per guidelines from Ministry of Coal, Government of India for preparation of Mine Closure Plan.

6.1.3 For dues from directors - Refer Note 16 - (2)(VII)

Others ^{8.4.2 & 8.4.3}	1,181.02	844.11
TOTAL	2,301.99	1,862.76

8.4.1 An amount of ₹ NIL (P.Y. ₹ NIL) has been transferred to Investor Education and Protection Fund (IEPF) as the same remained unpaid and unclaimed for a period of seven years from the date of transfer of such dividend to unpaid dividend account.

8.4.2 Others above includes unspent CSR expenses (Refer Annexure to Note - 13.8 CSR Expenses)

8.4.3 The Jharkhand Highways Fee (Determination of Rates and Collection) Amendment Rules, 2021 notified vide gazette notification dated 26/10/2021 states that the State may provide for a scheme for payment of composition user fee payable by all such mechanical vehicles, for use of any state roads or part there of or commuting in mining areas as the case may be. The composition user fee (CUF) may be based on the "to and fro" basis. Such user fee shall be ₹ 600/- for each way. Till date, no such scheme has been notified in the gazette. However, Director Mines vide its letter No. 2089 dated 28.12.2021 has communicated payment of CUF through JIMS Portal.

The prime responsibility towards the payment of said CUF is on the transporter. Sale in CCL is being affected through auction, RCR, Rail and Road mode. In Rail mode, coal is being transported to railway siding through hired vehicles and as per the applicable contract, the CUF being the tax will be reimbursed on its claim by the respective contractor. The matter of levy of CUF is sub-judicial before Hon'ble Jharkhand High Court on account of petition filed by transporters and further there is no claim for the same from any contractor. The company is collecting the same from customers and the same is being shown as Other Financial Liability (Current). The total amount billed till 31.03.2025 is ₹ 1115.05 Crore (upto 31.03.2024 is ₹ 765.37 Crore).

The amount being billed and collected for the said CUF remains with the business of Company as presently, there is no claim from contractor in view of the matter being sub-judice before the court. In view of above, the other aspects of the said transection such as payment of CUF to transporter / refund of CUF to the customers / the adjustment of collected CUF with other dues including the matter of interest thereon is subject matter of court decision in the said matter.

9.1.3 Provision for Site Restoration/Mine Closure

The Group's obligation for land reclamation and decommissioning of structures consists of spending at both surface and underground mines in accordance with the guidelines from Ministry of Coal, Government of India. The estimate of obligation for Mine Closure, Site Restoration and Decommissioning based upon detailed calculation and technical assessment of the amount and timing of the future cash spending to perform the required work. Mine Closure expenditure is provided as per approved Mine Closure Plan. The estimates of expenses are escalated for inflation, and then discounted at a discount rate (@8%) that reflects current market assessment of the time value of money and the risks, so that the amount of provision reflects the present value of the expenditures expected to be required to settle the obligation. The value of the provision is progressively increased over time as the effect of discounting unwinds; creating an expense recognised as financial expenses. In reference to above guidelines for preparation of mine closure plan, an escrow account has been opened. (Refer Note - 4.6). During the year the company has assessed its obligation towards land reclamation and decommissioning as per revised guidelines issued by Ministry of Coal, Government of India vide F. No. CPAM-34011/28/2019-CPAM(E-343762) dated-31.01.2025.

9.1.4 Other Employee Benefits includes provision for Exgratia for non-executive based upon the amount approved for payment for the FY 2023-24 i.e. ₹ 93,750/- per employee.

3	Central Public Sector Enterprises		

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (Contd.)

NOTE - 16: ADDITIONAL NOTES (Contd.)

Sl. No.	Particulars	As at 31.03.2025	As at 31.03.2024
	Arbitration Proceedings	-	-
	Suit against the company under litigation	-	-
	Others(Please Specify)	-	-
	Sub-Total	-	-
4	Others: (If any)		
	Miscellaneous - Land and Others	539.67	540.31
	Sub-Total	539.67	540.31
	Grand Total	4,919.50	4,511.45

- b) The Company's pending litigation comprises of claim against the company and proceeding pending tax/statutory/Government authorities. The company has reviewed all its pending litigations and proceedings and has made adequate provisions, and disclosed the contingent liabilities, where applicable, in its Financial Statements. The Company does not expects the outcome of these proceedings to have a material impact on its financial position. Future cash outflows in respect of above are dependent upon th outcome of judgements/decisions.
- c) No interest is expected in the settlement of cases under contingent liabilities, except where management has an adverse view.
- d) Considering the judgment of the Hon'ble Supreme Court of India in the case of Common Cause vs. UOI and Others (W.P. (C) No. 114 of 2014), certain District Mining Officers of Jharkhand, issued demand notices in 42 projects, alleging the production in these projects exceeding the available Environmental Clearances limits.

The Company has duly filed revision petition against the above demands, before the Hon'ble Coal Tribunal, Ministry of Coal, Government of India, the adjudicating authority under the MMDR, Act. The Revisional Authority Ministry of Coal Government of India in their interim order dated 16.01.2018 has admitted the revision application and stayed the execution of the demand order of ₹ 13568.50 Crore (₹ 13568.50 Crore) till further order.

CCL has evaluated the demand notice of compensation, the possibility of an outflow of resources in the settlement is remote and accordingly the same has not been considered as contingent liability for the purpose of reporting.

- e) **Contingent Assets:** A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. During the normal course of business, several unresolved claims are currently outstanding. The inflow of economic benefits, in respect of such claims cannot be measured due to uncertainties that surround therelated events and circumstances.

Nor any trade or other receivable are due from firms or private companies respectively in which any director is a partner, a director or member. Further there is no loans to related parties (Directors, Key Managerial Persons and others).

3 General

3.1 There is a long pending dispute over capitalization cost of Rajrappa and Giddi Captive Power Plant, commissioned by EIPL on Built Own and Operate (BOO) basis and the dispute is pending in Civil Appeal No. 7403 of 2009, filed by the Company before the Hon'ble Supreme Court against the Order dated 31.07.2009 of the Jharkhand State Electricity Regulatory Commission duly confirmed by the Appellate Tribunal also.

Pursuant to Interim Orders of the Hon'ble Supreme Court dated 14.09.12 and 23.11.12 passed in the said Appeal, the Company had accounted for a liability of ₹ 94.33 Crore. in 2012-13 upto the period March, 2008. Out of which ₹ 83.03 Crore had been paid to EIPL after carrying out eligible deduction. Further, an ad-hoc payment of ₹ 75 Crore and ₹ 25 Crore had been made on 20.11.13 and 10.01.14 respectively as per directives of the Hon'ble Supreme Court. As directed by the Hon'ble Supreme Court revised amount payable from April'08 to March'14 had been calculated based on the methodology adopted by JSERC in determining the revised tariff up to the period March' 08. Accordingly, an amount of ₹ 23.25 Crore had been provided during the financial year 2013-14 in addition to ₹ 94.33 Crore, which was already provided in the Financial Statements of 2012-13. For the financial year 2014-15, additional liability of ₹ 3.26 Crore has been provided. For the financial year 2015-16 additional liability of ₹ 0.26 Crore has also been provided.

The details of balance receivable amount from EIPL are as under:

Particulars	(₹ in Crore)
a) Differential Tariff for the period upto March'08-in respect of which liability has been provided in the Financial Statements of 2012-13.	94.33
b) Differential Tariff for the period April'08- to March'14 in respect of which liability has been provided in the year 2013-14.	23.25
c) Old keep back amount in respect of deemed energy charges	31.36
d) Differential tariff for the year 2014-15	3.26
e) Differential tariff for the year 2015-16 (Rajrappa Area)	0.26
Total	152.46
Less: Ad-hoc payment(as per Order of the Hon'ble Supreme Court)	183.03
Net Balance amount (shown in Note-4.6 under the head Claims & Other Receivables)	30.57

However, EIPL has submitted their demand for ₹ 302.63 Crore on 17.09.2012 including ₹ 134.20 Crore on account of interest on delayed payment was never agreed in the said PPA. Total demand of EIPL excluding delayed payment is ₹168.43 Crore, whereas, the company has already released an adhoc payment of ₹183.03 Crore as stated above. The matter is still pending before the Hon'ble Supreme Court. .

As per clause 1.18.3 of the Power Purchase Agreement with M/s. EIPL, from the date of expiry of one year from commissioning of the respective power plant, increase/decrease of fuel components of tariff due to variation in fuel cost shall be determined. The initial price of rejects as per clause 1.14 of PPA was ₹ 90 per tonne.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (Contd.)

NOTE - 16: ADDITIONAL NOTES (Contd.)

Accordingly, calculation had been made as per clause 1.18.3 of PPA and additional revenue receivable on account of revision in price of rejects net off with additional tariff payable on account of revised tariff due to increase in fuel cost had been considered in the Financial Statements for the year 2013-14 and supplementary bill to EIPL had also been raised.

Subsequently, during the financial year 2014-15 the price of rejects was again revised based on the recommendations of the CCL standing committee of Sales and Marketing department and the same was communicated to Director(Operations) of DLF Ltd. vide letter Ref. No. GM(E&M)/DLF/14/ 3530-36 dated. 17.11.2014. As per letter, G grade slake coal which was the lowest grade under UHV system of pricing applicable prior to 01.01.2012 become chargeable for the period from July, 2000 to December, 2011 from EIPL. Consequent upon the issue of above letter, Sales bill and power tariff were revised.

As on 31.03.2016, the amount receivable from EIPL on account of supply of rejects after adjusting enhanced tariff was ₹ 38.69 Crore. Further a provision of ₹ 1.64 Crore was made in the year 2016-17 making total provision to ₹ 40.33 Crore.

As per clause 2.6 of the Power Purchase Agreement dated. 8th February, 1993, in the event of any dispute arising out of or in relation to the agreement, the same shall be referred to the sole arbitration of an arbitrator mutually acceptable to CIL & EIPL as per provisions of Arbitration Act. The emerging situation is that as the parties to the agreement have failed to mutually agree to the appointment of an arbitrator, the petitioner (CCL) is left with no other alternative but to move to the Hon'ble High Court for appointment of an arbitrator in exercising powers under section 11(6) of the Arbitration and Conciliation Act, 1996. As such, the Arbitration Application has been filed on 7th April, 2016. The Hon'ble High Court of Jharkhand during 2017-18 has appointed Ld. Arbitrator as per Agreement to settle the dispute. Hearing is still pending before Ld. Arbitrator.

- 3.2** In terms of Memorandum of Understanding signed on 07.05.2015 between Central Coalfields Limited (CCL), IRCON International Limited (IRCON) and the Govt. of Jharkhand (GoJ) for development, financing and implementation of Railway Infrastructure works in the State of Jharkhand, a Subsidiary Company named as "Jharkhand Central Railway Limited"(JCRL) was incorporated on 31.08.2015 under the Companies Act, 2013 with an authorized capital of ₹ 5.00 Crore, which has subsequently been increased to ₹ 500.00 Crore. The committed equity share holding pattern, as per MOA, of CCL, IRCON International Limited and Govt. of Jharkhand is 64%, 26% and 10% respectively. As on Balance sheet date, JCRL has allotted shares to the value of ₹ 64.63 Crore to the company, ₹ 26.26 Crore to IRCON International Limited and ₹10.10 Crore to Government of Jharkhand and thus the paid-up capital of JCRL as on 31.03.2025 is ₹ 100.99 Crore.

CCL has prepared Consolidated Financial Statements in addition to its Standalone Financial Statements for compliance of the Section 129(3) of the Companies Act, 2013. . .

JCRL has earned a Profit before tax of ₹ 6.61 Crore (P.Y. ₹ 3.48 Crore) for the year ended 31.03.2025.

- 3.3** Inventory of Stores & Spares are being physically verified by Store Auditors at due intervals. The last verification was carried out at 31.03.2024.
- 3.4** Refund/Adjustment of tax from Tax Authorities are accounted for on cash basis. Additional demand for Income Tax, Royalty, Cess, Sales Tax, Vat /Entry Tax etc. are accounted for after receipt of final order except as otherwise not recognized under IND AS-37.

3.5 Balance Confirmations

The Company has a procedure for obtaining periodic confirmation of balances from banks. There are no unconfirmed balances in respect of bank accounts and borrowings from banks & financial institutions. With regard to other parties, reconciliations are made and the balance confirmation letters/emails are also sent on a periodic basis. Some of such balances are subject to confirmation/reconciliation. Adjustments, if any will be accounted for on confirmation/reconciliation of the same, and are not anticipated to materially affect the results.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (Contd.)

NOTE - 16: ADDITIONAL NOTES (Contd.)

Other Liabilities		2,073.68		1,637.98

* Investment in Equity Shares in subsidiary not considered above is measured at cost which stands at ₹ 345.53 Crore (P.Y. ₹ 345.53 Crore).

** Allowance for Coal Quality Variance deducted from Trade Receivable.

(b) Fair value hierarchy

Table below shows judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under the accounting standard.

(₹ in Crore)

Financial assets and liabilities measured at fair value	As at 31.03.2025		As at 31.03.2024	
	Level 1	Level 3	Level 1	Level 3
Financial Assets at FVTPL				
Investments :				
Mutual Fund/ICD	9.29		308.72	

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (Contd.)

NOTE - 16: ADDITIONAL NOTES (Contd.)

Financial assets and liabilities measured at amortised cost for which fair values are disclosed	As at 31.03.2025		As at 31.03.2024	
	Level 1	Level 3	Level 1	Level 3
Financial Assets				
Investments :				
Secured Bonds		-		-
Co-Operative Share		-		-
Loans		15.11		9.70
Deposits & receivable		2,168.79		1,965.71
Trade receivables		1,628.91		1,716.73
Cash & cash equivalents		1,107.19		405.15
Other Bank Balances		1,124.93		2,038.48
Financial Liabilities				
Borrowings		-		-
Trade payables		1,014.37		1,035.41
Security Deposit and Earnest money		405.27		372.80
Other Liabilities		2,073.68		1,637.98

A brief of each level is given below:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes Mutual fund which is valued using closing Net Asset Value (NAV) as at the reporting date.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for investments, security deposits and other liabilities included in level 3.

(c) Valuation technique used in determining fair value

Valuation techniques used to value financial instruments include the use of quoted market prices (NAV) of instruments in respect of investment in Mutual Funds.

(d) Fair value measurements using significant unobservable inputs

At present there are no fair value measurements using significant unobservable inputs.

(e) Fair values of financial assets and liabilities measured at amortised cost

The carrying amounts of trade receivables, short term deposits, cash and cash equivalents, trade payables are considered to be the same as their fair values, due to their short-term nature.

The Group considers that the Security Deposits does not include a significant financing component. Security deposits coincide with the company's performance and the contract requires amounts to be retained for reasons other than the provision of finance. The withholding of a specified percentage of each milestone payment is intended to protect the interest of the group, from the contractor failing to adequately complete its obligations under the contract. Accordingly, transaction cost of Security deposit is considered as fair value at initial recognition and subsequently measured at amortised cost.

Significant estimates: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Group uses its judgment to select a method and makes suitable assumptions at the end of each reporting period.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (Contd.)

NOTE - 16: ADDITIONAL NOTES (Contd.)

5. Financial Risk Management

Financial risk management objectives and policies

The Group's principal financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations and to provide guarantees to support its operations. The Group's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that is derived directly from its operations.

The Group is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. The Group's senior management is supported by a risk committee that advises, inter alia, on financial risks and the appropriate financial risk governance framework for the Group. The risk committee provides assurance to the Board of Directors that the Group's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedge accounting in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit Risk	Trade receivables and financial asset	Ageing analysis/ Credit rating	Department of public enterprises (DPE guidelines), diversification of bank deposits credit limits and other securities, counterparty default risk of trade receivable is managed by financial assurance like Security Deposits, Advances, Bank Guarantee etc.
Liquidity Risk	Borrowings and other liabilities	Periodic cash flows	Availability of committed credit lines and borrowing facilities
Market Risk-foreign exchange	Future commercial transactions, recognised financial assets and liabilities not denominated in INR	Cash flow forecast sensitivity analysis	Regular watch and review by senior management and audit committee.
Market Risk-interest rate	Cash and Cash equivalents, Bank deposits and mutual funds	Cash flow forecast sensitivity analysis	Department of public enterprises (DPE guidelines), Regular watch and review by senior management and audit committee.

The Group risk management is carried out by the board of directors as per DPE guidelines issued by Government of India. The board provides written principles for overall risk management as well as policies covering investment of excess liquidity.

Credit risk management:

Receivables arise mainly out of sale of Coal. Sale of Coal is broadly categorized as sale through fuel supply agreements (FSAs) and e-auction.

Macro - economic information (such as regulatory changes) is incorporated as part of the fuel supply agreements (FSAs) and e-auction terms.

Fuel Supply Agreements (FSAs)

The group enters into legally enforceable FSAs with customers or with State Nominated Agencies that in turn enters into appropriate distribution arrangements with end customers. FSAs can be broadly categorized into:

- FSAs with customers in the power utilities sector, including State power utilities, private power utilities ("PPUs") and independent power producers ("IPPs") under various clauses of Scheme of Harness and Allocate Koyla (Coal) Transparently in India (SHAKTI).
- FSAs with customers in non-power industries (including captive power plants ("CPPs")) as per Non-Regulated Sector (NRS) Linkage Policy; and
- FSAs with State Nominated Agencies.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (Contd.)

NOTE - 16: ADDITIONAL NOTES (Contd.)**E-Auction Scheme**

The E-Auction scheme of coal has been introduced to provide access to coal for customers who were not able to source their coal requirement through the available institutional mechanisms under the NCDP for various reasons, for example, due to a less than full allocation of their normative requirement under NCDP, seasonality of their coal requirement and limited requirement of coal that does not warrant a long-term linkage. The quantity of coal to be offered under E-Auction is reviewed from time to time by the Ministry of Coal.

Credit risk arises when a counterparty defaults on contractual obligations resulting in financial loss to the group. Counterparty defaults risk of Trade Receivables is managed by financial assurance like Security Deposit, Advances, Bank Guarantee etc.

Provision for expected credit loss: The Group provides for expected credit risk loss for doubtful/ credit impaired assets, by lifetime expected credit losses (Simplified approach). Refer Note - 4.3, Trade Receivables

Significant estimates and judgments for Impairment of financial assets

The impairment provisions for financial assets disclosed above are based on assumptions about risk of default and expected loss rates. The Group uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting year.

Liquidity Risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the dynamic nature of the underlying businesses, Group treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Market risk**a) Foreign currency risk**

Foreign currency risk arises from future commercial transactions and recognised assets or liabilities denominated in a currency that is not the Group's functional currency(INR).The Company is exposed to foreign exchange risk arising from foreign currency transactions. Foreign exchange risk in respect of foreign operation is considered to be insignificant. The Group also imports and risk is managed by regular follow up. Group has a policy which is implemented when foreign currency risk becomes significant.

b) Cash flow and fair value interest rate risk

The Group's main interest rate risk arises from bank deposits with change in interest rate exposes the Group to cash flow interest rate risk. Group policy is to maintain most of its deposits at fixed rate.

Group manages the risk using guidelines from Department of public enterprises (DPE), diversification of bank deposits credit limits and other securities.

Capital management

The company being a government entity manages its capital as per the guidelines of Department of investment and public asset management under ministry of finance.

Capital Structure of the company is as follows:

	(₹ in Crore)	
	As at 31.03.2025	As at 31.03.2024
Equity Share capital	1880.00	1880.00
Long term debt	0	0

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (Contd.)

NOTE - 16: ADDITIONAL NOTES (Contd.)

6 Employee Benefits: Recognition and Measurement (Ind AS-19)

Defined Benefit Plans :

a) Gratuity

The Company provides for gratuity, a post-employment defined benefit plan ("the Gratuity Scheme") covering the eligible employees. Gratuity payment is made as per policy of the company subject to maximum of ₹ 20 lacs at the time of separation from the company considering the provisions of the Payment of Gratuity Act 1972 as amended. The liability or asset recognised in the balance sheet in respect of the Gratuity Scheme is the present value of the defined benefit obligation at the end of the reporting year less the fair value of plan assets. The defined benefit obligation is calculated at each reporting date by actuaries using the projected unit credit method. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the year in which they occur, directly in other comprehensive income (OCI).

The Gratuity Scheme is funded through trust maintained with Life Insurance Corporation of India. LIC also provides an insurance coverage (Life Cover Sum Assured- "LCSA") in case of death of a member during service, to compensate the shortfall in gratuity amount from estimated payable at normal retirement date based on last drawn salary subject to ceiling of maximum of ₹ 20 lacs.

b) Post-Retirement Medical Benefit - Executive (CPRMSE)

Company has post-retirement medical benefit scheme known as Contributory Post Retirement Medicare Scheme for Executive of CIL and its Subsidiaries (CPRMSE), to provide Medicare to the executives, their spouses and fully financially dependent Divyang child(ren) suffering from not less than 40% of any disability in Company hospital/empanelled hospitals or outpatient/Domiciliary only in India subject to ceiling limit, on account of retirement on attaining the age of superannuation or are separated by the Company on medical ground or retirement under Voluntary Retirement Scheme under common coal cadre or Voluntary Retirement Scheme formulated and made applicable from time to time. Membership is not extended to the executives who resigns from the services of the CIL and its subsidiaries. The maximum amount reimbursable during the entire life for the retired executives, spouse and dependent Divyang child (ren) taken together jointly or severally is ₹ 25 lakhs except for specified diseases with no upper limit. The Scheme is funded through trust for group, maintained with Life Insurance Corporation of India. The liability for the scheme is recognised based on actuarial valuation done at each reporting date.

c) Post-Retirement Medical Benefit - Non Executive (CPRMS -NE)

As a part of social security scheme under wage agreement, Company is providing Contributory Post-Retirement Medicare Scheme for non-executives (CPRMSE-NE) to provide medical care to the non-executives and their spouses and Divyang Child(ren) in Company hospital/empanelled hospitals or outpatient/Domiciliary only in India subject to ceiling limit, on account of retirement on attaining the age of superannuation or are separated by the Company on medical ground or retirement under Voluntary Retirement Scheme formulated and made applicable from time to time or resigns from the company at the age of 57 Years or above or on death to the spouse and Divyang Child(ren). The maximum amount reimbursable during the entire life for the retired non-executives and spouse taken together jointly or severally is ₹ 8 lakhs except for specified diseases with no upper limit. The maximum amount reimbursable during the entire life of Divyang child would be ₹ 2.5 lakh. The Scheme is funded through trust for group, maintained with Life Insurance Corporation of India. The liability for the scheme is recognised based on actuarial valuation done at each reporting date.

Defined Contribution Plans

a) Provident Fund and Pension

Company pays fixed contribution towards Provident Fund and Pension Fund at pre-determined rates based on a fixed percentage of the eligible employee's salary i.e. 12% and 7% of Basic salary and Dearness Allowance towards Provident Fund and Pension Fund respectively. These funds are governed by a separate statutory body under the control of Ministry of Coal, Government of India, named Coal Mines Provident Fund Organisation (CMPFO). The contribution towards the fund for the period is recognized in the Statement of Profit & Loss.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (Contd.)

NOTE - 16: ADDITIONAL NOTES (Contd.)

b) CIL Executive Defined Contribution Pension Scheme (NPS)

The company provides a post-employment contributory pension scheme to the executives of the Company known as "CIL Executive Defined Contribution Pension Scheme -2007" (NPS). The Scheme is funded through trust for group, maintained with Life Insurance Corporation of India. The obligation of the Company is to contribute to the trust to the extent of amount not exceeding 30% of basic pay and dearness allowance less employer's contribution towards provident fund, gratuity, post-retirement medical benefits -Executive i.e. CPRMSE or any other retirement benefits. The current employer contribution of 6.99% of basic and Dearness Allowance is being charged to statement of profit and loss.

Other Long Term Employee Benefits**a) Leave encashment**

The company provides benefit of total Earned Leave (EL) of 30 days and Half Paid Leave (HPL) of 20 days to the executives of the company, accrued and credited proportionately on half yearly basis on the first day of January and July of every year. During the service, 75% EL credited balance is one time encashable in each calendar year subject to ceiling of maximum 60 days EL encashment. Accumulated HPL is not permitted for encashment during the period of service. On superannuation, EL and HPL together is considered for encashment subject to the overall limit of 300 days without commutation of HPL. In case of non-executives, Leave encashment is governed by the National Coal Wage Agreement (NCWA) and at present the workmen are entitled to get encashment of earned leave at the rate of 15 days per year and on discontinuation of service due to death, retirement, superannuation and VRS, the balance leave or 150 days whichever is less, is allowed for encashment. Therefore, the liabilities for earned leave are expected to be settled during the service as well as after the retirement of employee. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. The scheme is funded by qualifying insurance policies from Life Insurance Corporation of India. The liability under the scheme is borne by the Company as per actuarial valuation at each reporting date.

b) Life Cover Scheme (LCS)

As a part of the social security scheme, the Group has a Life Cover Scheme known as "Life Cover Scheme of Coal India Limited" (LCS) which covers all the executive and non-executive cadre employees. In case of death in service, an amount of ₹ 1,56,250 is paid to the nominees under the scheme w.e.f 01.10.2017. The expected cost of the benefits is recognized when an event occurs that causes the benefit payable under the scheme.

c) Settlement Allowances

As a part of wage agreement, a lump sum amount of ₹ 12000/- is paid to all the non-executive cadre employees governed under NCWA on their superannuation on or after 31.10.2010 as settling-in allowance. The liability under the scheme is borne by the Company as per actuarial valuation at each reporting date.

d) Group Personal Accident Insurance (GPAIS)

Coal India Limited (CIL) has taken group insurance scheme from United India Insurance Company Limited to cover the executives of the CIL Group against personal accident known as "Coal India Executives Group Personal Accident Insurance Scheme" (GPAIS). GPAIS covers all types of accident on 24 hour basis worldwide. Premium for the scheme is borne by the CIL.

e) Travel Allowance Scheme

As a part of wage agreement, Non-executive employees are entitled to travel assistance for visiting their home town and for "Bharat Bhraman" once in a block of 4 years. A lump sum amount of ₹ 10000/- and ₹ 15000/- is paid for visiting Home town and "Bharat Bhraman", respectively. The liability for the scheme is recognised based on actuarial valuation at each reporting date.

f) Workmen's Compensation Benefits in Mine Accident

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (Contd.)

NOTE - 16: ADDITIONAL NOTES (Contd.)

As a part of social security scheme under wage agreement, the company provide the benefits admissible under The Employee's Compensation Act, 1923. An amount of ₹ 15 lakhs is paid to the next of kin of an employee in case of a fatal mine accident w.e.f 07.11.2019. In addition, w.e.f 01.06.2023 an exgratia amount of ₹ 90,000/- is paid in case of death or permanent total disablement .The expected cost of the benefits is recognised when an event occurs that causes the benefit payable under the scheme.

Funding status of defined benefit plans and other long term employee benefits plans are as under:

(i) Funded

- o Gratuity
- o Leave Encashment
- o Post-Retirement Medical Benefit – Executive (CPRMSE)
- o Post-Retirement Medical Benefit – Non Executive (CPRMS -NE)

(ii) Unfunded

- o Life Cover Scheme
- o Settlement Allowance
- o Group Personal Accident Insurance
- o Leave Travel Concession
- o Compensation to dependent on Mine Accident Benefits

The company has made provisions ₹ 4679.40 Crore as at 31.03.2025 based on valuation made by the Actuary, detail of which is as under:-

Particulars	(₹ in Crore)				
	Opening Actuarial Liability as on 01.04.2023	Incremental Liability during the previous year	Opening Actuarial Liability as on 01.04.2024	Incremental Liability during the year	Closing Actuarial Liability as on 31.03.2025

Current Ratio	1.42	1.41
Inventory Turnover Ratio	7.82	10.09
Receivable Turnover Ratio	9.94	5.81
Trade Payable Turnover Ratio	3.23	2.62
Net Capital Turnover Ratio	5.39	5.59
Net Profit Ratio (%)	26.08	23.93
Return on Capital Employed	0.22	0.23
Return on Equity (ROE)	0.27	0.30
Return on Investment (ROI)		
(a) ROI on Equity Investment in Unlisted Subsidiaries	-	-
(b) ROI on Mutual fund	0.10	0.08
(c) ROI on depsoits (With Banks, Fis incl ICDs)	1.13	1.13

Current Ratio: The current ratio is a liquidity ratio that measures the current resources to meet its short-term obligations. Current ratio has been calculated as Current Assets divided by Current liabilities.

Inventory Turnover Ratio: Inventory turnover is a financial ratio showing how many times inventory has been sold during a given period. Inventory Turnover is calculated by Divided Cost of Goods Sold/Average Value of Inventory. Where, Cost of Goods Sold = (Total Expenditure -Finance Cost - write off - provision- Corporate Social Responsibility Expenses -Stripping Activity Adjustment).

Receivables Turnover Ratio: The receivables turnover ratio is an accounting measure used to quantify a company's effectiveness in collecting its accounts receivable, or the money owed by customers. Account receivables Turnover = Gross Credit Sales/Average trade receivables.

Trade Payable Turnover Ratio: Trade payable turnover shows how many times a company pays off its accounts payable during a period. Trade payables turnover ratio = Total Purchases/average Trade payables).

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (Contd.)

NOTE - 16: ADDITIONAL NOTES (Contd.)

Net Capital Turnover: Net Capital turnover is the measure that indicates organization's efficiency in relation to the utilization of working capital employed in the business and it has been calculated as a ratio of total annual turnover divided by the working capital.

Net profit Ratio: Net profit as a percentage of Net Sales

Return on Capital Employed: Earnings before interest and tax (EBIT) / Capital employed, where capital employed is total of Assets - current liabilities.

Return on Equity Ratio: Return on equity (ROE) is a measure of financial performance calculated by dividing net income by Average shareholders' equity. Where Net Income is Profit after tax for the period, average shareholders' equity = (Opening Equity + Closing Equity)/2.

Return on investment : Return on investment (ROI) is a financial ratio used to calculate the benefit received by the company in relation to its investment cost. The higher the ratio, the greater the benefit earned.

(i) ROI on Equity Investment in Unlisted Subsidiaries: Dividend/Average Investment in Equity of Subs.

(ii) ROI on Mutual fund = Dividend + Capital gain + Fair value gain (Loss)/Average Investment

(iii) ROI on deposits (With Banks, FDs incl ICDs) = Interest income/ Average Investment

NOTES TO THE STANDALONE FINANCIAL STATEMENTS (Contd.)

NOTE - 16: ADDITIONAL NOTES (Contd.)

p) Other Matters reported in the financial statements

Against the demand of Income Tax Department regarding TCS from Road Sales Customers under section 206 C of the Income Tax Act, 1961, amounting to ₹ 106.56 Crore, the department has collected ₹ 71.79 Crore by attaching the bank account of the company and the balance amount of ₹ 34.77 Crore has been deposited by the company. The company in turn has recovered ₹ 78.57 Crore from the customers as on balance sheet date and the balance ₹ 27.99 Crore is under process of recovery.

Subsequently, the case was disposed by CIT (A) and against the said order CCL preferred an appeal before the ITAT since the order issued by CIT(A) was non speaking in nature. ITAT in its order dated 23.01.2023 given verdict in favour of CCL and allowing all grounds raised by the CCL.

- q) CCL has paid ₹ 601.60 Crore as interim dividend for FY 2024-25 (PY 2023-24 ₹ 600.66 Crore as interim dividend and further ₹ 498.20 Crore paid as final dividend). The Board of Directors proposed / recommended final dividend for FY 2024-25 of ₹ 609.12 Crore, which will be recognised as distribution to owners during FY 2024-25 on its approval by the Shareholders in Annual General Meeting.

8. Miscellaneous Informations

i. Recent Accounting pronouncements applicable in Financial Year 2024-25

The Ministry of Corporate Affairs (MCA) has issued several amendments to the Companies (Indian Accounting Standards) Rules, 2015, introducing significant changes to various Indian Accounting Standards (Ind AS) applicable from 1st April 2024. These amendments covers Introduction of Ind AS 117 – Insurance Contracts with Consequential modifications to Ind AS 101, 103, 105, 107, 109, 115; Amendments to Ind AS 116 – Leases and Continuation of Ind AS 104 for Certain Insurers. The company has evaluated these amendment and find no material impact on its financial statements.

- ii. Figures for previous year have been regrouped wherever necessary, in order to make them comparable.
- iii. The material accounting policies have been updated to enhance clarity for users of the financial statements. These updates do not carry any financial implications.
- iv. Note – 1 and 2 represents Corporate information and Material Accounting Policies respectively, Note 3 to 11 form part of the Balance Sheet as at and 12 to 15 form part of Statement of Profit & Loss for the quarter ended on that date. Note – 16 represents Additional Notes to the Financial Statements.

INDEPENDENT AUDITOR'S REPORT

To
The Members of Central Coalfields Limited,
Report on the Audit of Consolidated Ind AS Financial
Statements Opinion

On the basis audit queries made by the Comptroller & Auditor General of India, this revised audit report (Revising Sl. no. 1 of other matters") has been prepared in lieu of the earlier report dated 4th June 2025 to comply with observations issued by the Comptroller General of India.

We have audited the accompanying Consolidated Ind AS financial statements of **Central Coalfields Limited** (hereinafter referred to as the "Holding Company") and its subsidiary Jharkhand Central Railway Limited (Holding Company and its subsidiary together referred to as "the Group"), which comprise the consolidated Balance Sheet as at 31st March 2025, and the consolidated statement of Profit and Loss (Including Other Comprehensive Income), the consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the Consolidated Ind AS financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on consideration of report of the other auditor, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of their consolidated state of affairs of the Group as at March 31, 2025, of consolidated profit/loss, consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis of our Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibility in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters:

Refer Note-6.2.5: Other Current Assets - Accumulated amount of ₹ 1763.46 Crore under GST Input Tax credit is a case in reference under inverted duty structure. As per the Honorable Supreme Court decision for the refund under Inverted Duty Structure dated 13.09.2021, recoverability/adjustability of the amount stands uncertain.

Our opinion is not modified in respect of this matters.

Key Audit Matters:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	Auditor's Response
Ind AS 115 "Revenue from Contracts with Customers": In the Consolidated Ind AS financial statements in respect of accuracy of revenue recognition and adjustments for coal quality variances involves critical estimates.	Principal Audit Procedures: We have assessed the application of the provisions of Ind AS 115 in respect of the Company's revenue recognition and appropriateness of the estimated adjustments in the process. We have selected transactions on sample basis and tested for identification of contracts involving disputes relating to grade mismatch/ slippage with respect to the terms of the contract, evaluation of the satisfaction of performance obligation checking the adjustment to the revenue due to variation in transaction price. We have performed tests to establish the basis of estimation of the consideration and whether such estimates are commensurate with the accounting policy of the Company.

Key Audit Matter	Auditor's Response
The revenue recognized by the Company in a particular contract is dependent on the sale agreement / allotment in e-auction for the respective customer. Subsequent adjustments are made to the transaction price due to grade mismatch/slippage of the transferred coal. The variation in the contract price if not settled mutually between the parties to the contract is referred to third party testing and the company estimates the adjustments required for revenue recognition pending settlement of such dispute. Such adjustments in revenue are made on estimated basis following historical trend. Refer to Note 12.1. to the Consolidated Ind AS Financial Statements	Audit Conclusion: Our procedures did not identify any material exceptions.
Evaluation of provisions and Contingent Liabilities: The Company has a number of litigations including direct and indirect taxes, various claims, etc. pending before various forums against it and the management's judgement is required for estimating the amount to be provided and/or disclosed as contingent liability. We identified this as a key audit matter because the estimates and assessment with respect to these involve a significant degree of management's judgement, interpretations, and may therefore require adequate attention to arrive at the required conclusion. (Refer Note 16.1(a) to the Consolidated Ind AS Financial Statements, read with the material Accounting Policy No. 2.22)	Our Audit procedures based on which we arrived at the conclusion regarding reasonableness of disclosure of contingent liability and recognition of provisions includes the following: We have evaluated that the control is in place in respect of estimation, assessment and disclosure of the pending litigation cases to be treated as Contingent liabilities. Reviewed the existing status considering any material developments of matters of all the opening Contingent Liabilities and those have been identified during the reporting period. We have gone through various correspondences and related documents pertaining to pending legal cases and relevant external legal opinions obtained by the management and performed substantive procedures on estimation supporting the disclosure of contingent liabilities; We have reviewed the management's judgements and assessments with respect to the provisions if any required for any such matter and also reviewed the background of those matters which have not been provided for or disclosed as contingent liability since the probability of material outflow has been considered to be remote; We have examined the adequacy and completeness of disclosures; Our Audit procedure did not identify any material exceptions.

Information Other than the Consolidated Ind AS Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated Ind AS financial statements and our auditor's report thereon.

Our opinion on the Consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Responsibility of Management for the Consolidated Ind AS financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated Ind AS financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income

and cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with relevant rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also: -

- Identify and assess the risks of material misstatement

of the Consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion.

Our conclusions are based on the audit evidence obtained up to the date of our auditor's report.

Evaluate the overall presentation, structure and content of the Consolidated Ind AS financial statements, including the disclosures, and whether the Consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation. Materiality is the magnitude of misstatements in the Consolidated Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicated with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other matters:

- Under Note No. 3.1 on Property, Plant and Equipment, land compensation payable to the displaced families occupying the Land is considered by CCL based on the amount of actual compensation paid. It is observed that though as per the Coal Bearing Amendment Act, 1957, government companies shall have the right to have the land vested in their favour, due to multiplicity of reasons, company only accounts for the Land when the payment is made and actual possession takes place. except in case of Forest Land/Deemed Forest Land for which forest clearances is required for mining activity.
- We did not audit the financial statements / financial information of subsidiary company; whose financial statements / financial information reflect total assets of ₹ 1589.06 Crore as at 31st March, 2025, total revenues of ₹ 6.95 Crore and net cash flows amounting to ₹ (64.37) Crore for the year ended on that date, as considered in the consolidated financial statements. These financial statements / financial information have been audited by other auditors whose reports (revised) have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included

in respect of these subsidiaries, jointly controlled entities and associates, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.

Our opinion is not modified in respect of above "Other Matters"

Report on Other Legal and Regulatory Requirements

- As required under section 143(5) of the Companies Act 2013, we give in the "Annexure A", a statement on the Directions/Additional Directions issued by the Comptroller and Auditor General of India after complying the suggested methodology of Audit, the action taken thereon and its impact on the account and the Consolidated Ind AS financial statements of the Company.
- As required by the Companies (Auditor's Report) Order, 2020 ("the Order") as amended issued by the Central Government of India in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.
- As required by section 143(3) of the Act, we report that:
 - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Ind AS Financial statements read with as reported in "Emphasis of Matters" paragraph above.
 - In our opinion proper books of account as required by law relating to preparation of the aforesaid Consolidated Ind AS Financial statements have been kept by the Company so far as appears from our examination of those books and the reports of the other auditors.
 - The report on the accounts of the Subsidiary Company audited under Section 143(8) of the Act by Subsidiary company auditor has been sent to us and ha been properly dealt with by us in preparing this report.
 - The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and the Statement of Change in Equity dealt with by this Report, including the

Statements of the Subsidiary Company Auditor, are in agreement with the books of accounts.

- (e) In our opinion, we don't have any observation which has an adverse impact on functioning of the Company.
- (f) In our opinion, the aforesaid Consolidated Ind AS financial statements comply with the Accounting Standards specified under section 133 of the Act read with relevant Rule issued thereunder.
- (g) In pursuance of the Notification No. G.S.R.463(E) dated 05.06.2015 issued by the Ministry of Corporate affairs, section 164(2) of the Act, pertaining to disqualification of Directors is not applicable to the Government company.
- (h) We don't have any qualification, reservation or adverse remark relating to the maintenance of accounts and the matters connected therewith.
- (i) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure C". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- (j) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The company has disclosed its pending litigations under Additional Note 16.1(a) of the Consolidated Ind AS financial statement. The impact, if any, of these litigations will be given effect to as and when the same are determined/settled.
 - ii. The Company has made provisions as required under the applicable law or accounting standards, for material foreseeable losses if any, on long term contracts and the company did not have any derivative contracts.
 - iii. As per the written representation received from the management, there were no amounts which were required to be transferred to the

Investor Education and Protection Fund by the Company.

- iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entity ("intermediaries"), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("ultimate Beneficiaries") or provide any Guarantee, Security or the like on behalf of the ultimate Beneficiaries;
- (b) The Management has represented, that to the best of its knowledge and belief no funds have been received by the company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, the company shall, whether, directly or indirectly, lend or invest in other person or entities identified in any manner whatsoever by or on behalf of the funding party ("ultimate Beneficiaries") or provide any Guarantee, Security or the like on behalf of the ultimate Beneficiaries;
- (c) Based on such audit procedures that have been considered reasonable and appropriate in the circumstance, nothing has come to our notice that has caused to believe that representations under Sub Clause(i) and (ii) of Rule 11(c), as provided under (a) and (b) above, contain any material misstatement.
- v. (a) The final dividend proposed in the previous year, declared and paid by the company during the year is in accordance with section 123 of the Act, as applicable.
- (b) The interim dividend declared and paid by the Company during the year is in compliance with Section 123 of the Act.
- (c) The Board of Directors of the company have

proposed final dividend of ₹ 609.12 Crore for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with Section 123 of the Act, as applicable.

- vi. Based on our examination which included test checks, performed by us and on the consideration of the reports of the Auditor of the Subsidiary Company, the company maintains its accounts in SAP and its accounting module has features of recording

audit trail (Edit Log) facility and the same has been operated throughout the year for all the transactions recorded in SAP. The required Internal control on Accounting System (SAP) is implemented and ensured by the Holding company, the Coal India Limited. We have not come across any instances where the audit trail feature has been tampered with and the audit trail has been preserved by the company as per statutory requirement for record retention.

If so, whether the concerned subsidiary followed the requisite procedure.	We have been informed that no merger/split of Area has taken place during the FY 2024-25.
3.	Whether separate Escrow Accounts for each mine has been maintained in CIL and its subsidiary companies. Also examine the utilization of the fund of the account.	As per information and explanation given to us, Escrow Accounts for 68 mines have been maintained and during the year, the CCL has received sum of ₹ 13.54 Crore (PY. ₹ Nil.) for mine closure activities after obtaining approval from the Coal Controller Office. In respect of Pindra OC Mines and Tapin South OCP, Escrow accounts have not been opened due to non-availability of Approved PR&MCP. The ministry of Coal has issued Guidelines for preparation of Mining Plan and Mine Closure plan for Coal and Lignite blocks 2025 dated 31st January, 2025. Refer para 3.5.1 of the said guidelines stipulates the following: The revised rate for deposition towards escrow account is Rupees Fourteen Lakh per hectare for open cast and Rupees Two lakh per hectare for underground Mine. The Project proponent is required to deposit the said amount for each financial year by 30th September of the respective year. Further, all operating coal/ lignite mines are to revise their escrow agreement within one year after coming into force of these guidelines. Accordingly, CCL has considered the revised rate for deposition towards Escrow account in preparation of Financial Statement for the Financial Year 2024-25. The modification of Escrow agreement in respect of each mines is to be done by January, 2026.
4.	Whether the impact of penalty for illegal mining as imposed by the Hon'ble Supreme Court/National Green Tribunal /State Pollution control Board has been duly considered are accounted for.	Pursuant to the order of the Hon'ble Supreme Court of India, District Mining Offices of Jharkhand had raised a demand of ₹ 13568.50 Crore for mining in excess of the environmental clearances limit in 42 mines. Against the said demand, the CCL has filed a revision petition before Hon'ble Coal Tribunal, Ministry of Coal, Govt. of India, the adjudicating authority under the MMDR Act. The Revisional Authority vide its interim order dt.16.01.2018 has stayed the execution of the demand till further order. Taking into consideration of the order of the Revisional Authority, Ministry of Coal, Govt. of India vide its order dated 21/12/2021 to Damodar Valley Corporation (DVC) in a similar demand notice, the said demand has neither been acknowledged as debt nor the same has been included in Contingent Liability of the Standalone Ind AS financial statement. The said matter has been disclosed under Note 16.

SL No	Directions	Reply
5.	Whether any Independent Assessment/ Certification in respect of migration process of data from Coalnet portal to SAP has been done.	As per the information and explanation received Independent Assessment/ Certification in respect of migration process of data from Coalnet portal to SAP is received on 07.4.2025.

Annexure - "B" referred to in paragraph 2 of "Report on Other Legal and Regulatory Requirements" of Independent Auditor's Report on the Consolidated Ind AS financial statements for the year ended March 31, 2025, we report that;

i. (a) A. During the course of our audit, it was observed that the Company has generally maintained proper records showing full particulars of Property plant and Equipment.

B. The Company has maintained proper records showing full particulars of Intangible Assets.

(b) According to the information as given to us, the management has conducted the Physical verification of Fixed Assets except surveyed off assets, each valuing ₹ 1.00 lakh and above, and of each asset irrespective of the value in case of additions made during the last three years, and Physical verification has been conducted at reasonable intervals. As informed to us, no material discrepancies have been noticed on such verification.

(c) According to the information and explanation given to us, land transferred from erstwhile coal companies under pre- nationalization period to CCL under Coal Mines (Nationalization Act) 1973 were vested in Coal Mines Authority Limited by Statutory Order No. GSR/345.E dated 9th July 1973, New Delhi. The Deeds are kept in Land & Revenue department. Land acquired under Coal Bearing Areas (Acquisition and Development) Act 1957 under section 9(1) of CB Act along with the S.O. are uploaded in CCL website. Once payment of final land compensation to the land oustees is made, original land documents are kept in the Land & Revenue Department of CCL. In rest of the cases, the title deeds are kept with concerned department of the CCL.

In reliance on Area Auditors Report of Piparwar, Amrapali & Chandragupta, Kaju, Magadh & Sanghmitra, Rajhara, North Karanpura and from the reports of the areas audited by us i.e. HQ, Argada, Rajrappa, Barkasayal and Barkakana CRS it is reported that the title deeds of land have not been produced for verification.

(d) According to the information & explanations as provided to us and as observed by us, no revaluation

of Property, Plant and Equipment (including right to use assets) or intangible assets of both during the year has been carried out by the company.

(e) According to the information & explanations as provided to us, no proceeding has been initiated or pending against the company for holding any benami property under the benami transactions (prohibition) act, 1988 (45 of 1988) and rules made thereunder.

ii. (a) As per policies of the company, physical Verification of Coal, Coke, etc. has been done by way of volumetric measurement with reference to contour map at each mine by the Inter-Area measurement team at different location. The Inter-Area team has given their report with respect to the same. The company is constantly following the accounting policy in this respect in case of variance up to +/- 5 % between the Book Stock & Measured Stock, Book Stock is considered for valuation of closing stock and Variance, if any within the prescribed limit, found is ignored.

In respect of Physical Verification of Stores and Spares, we have been informed that the audit is under process.

(b) No fresh working capital limit has been sanctioned to the Company during any point of time of the year from any Banks/ Financial Institutions.

iii. According to the information and explanations given to us, the Company has not made investment provided any guarantee or security or granted any loans or advances in the nature of loan, secured or unsecured, to companies, firms, Limited liability partnership or any other parties, except

(a) Maintaining a Current Account with the holding Company.

As per information and explanations given to us, the above loans/advances etc. are not prejudicial to the company's interest.

- iv. According to the information and explanations given to us, the Company has complied with the provisions of sections 185 and 186 of the Act, in respect of the loans and investments made and guarantees and security provided by it.
- v. The Company has not accepted any deposit, in terms of the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act and the rules framed there under. However, balances in respect of amount received in the course of, or for the purpose of the business of the Company as Earnest Money Deposits, Security Deposits and Advance Deposits from Customers / Others, the Company is of the view that these deposits do not come under the purview of the Companies (Acceptance of Deposits) Rules 2014
- vi. We have broadly reviewed the cost records maintained by the company as prescribed by the Central Government under section 148 (1) of the Companies Act, 2013 and are of the opinion that prima facie the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with the view to determine whether they are accurate or complete.

As informed to us, the cost audit has for the financial year 2024-25 is under process till the date of our audit.

- vii. (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including Goods & Service Tax, provident fund, Employees State Insurance, income tax, sales tax, duty of customs, service tax, duty of excise, value added tax, cess, pension fund, professional tax, MMDR, Royalty and other material statutory dues generally have been regularly deposited during the year by the Company with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of Goods & Service Tax, provident fund, Employees State Insurance, income-tax, sales tax, duty of customs, service tax, duty of excise, value added tax, cess, pension fund, professional tax, MMDR, Royalty and other material statutory dues

were in arrears as at 31 March 2025 for a period of more than six months from the date they became payable.

- (b) Statutory dues referred to in sub-clause (a) which have not been deposited on account of any dispute, the amounts involved and the forum where such dispute is pending is mentioned in **"Appendix-1"**
- viii. According to the information and explanations as provided to us, no transaction has been identified or reported by the tax authorities under tax assessments under the Income Tax Act, 1961 (43 of 1961) which requires to be surrendered or disclosed as income during the year.
- ix. (a) The Company has not defaulted in repayment of any loans or other borrowings or in the payment of interest thereon.
- (b) According to the information & explanations as provided to us, the company has not been declared as willful defaulter by any bank or financial institution or other lender.
- (c) According to the information & explanations as provided to us, no term loans were applied for the purpose for which the loans were obtained during the year.
- (d) According to the information & explanations as provided to us the company has not raised any fund on short term basis which have been utilized as long term basis.
- (e) According to the information & explanations as provided to us, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- (f) According to the information & explanations as provided to us, the company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate company.
- x. (a) According to the information and explanations given to us and on the basis of books and records examined by us, the Company did not raise any money by way of initial public offer or further public

- offer (including debt instruments) during the year. Accordingly, paragraph 3 (x) para (a) of the Order is not applicable.
- (b) According to the information and explanations given to us and on the basis of books and records examined by us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (Fully, partially or optionally convertible) during the year. Accordingly, paragraph 3 (x) para (b) of the Order is not applicable
- xi. (a) According to the information and explanations given to us, no material fraud by the Company and any fraud on the Company by its officers and employees has been noticed or reported during the year.
- (b) According to the information & explanations as provided to us, no report under sub-section (12) of section 143 of the Companies act has been filed by the auditors in form ADT-4 as prescribed under rule 13 of companies (audit and auditors) rules, 2014 with the central government.
- (c) As per the whistle blower policy (approved by CIL Board in its 478th Board held on 18.10.2019), CCL has a system in place to resolve the whistle blower complaints in an appropriate and timely manner, however, as per the information provided to us, the company has not received any whistle- blower complaints.
- xii. (a) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 where applicable and details of such transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- xiv (a) In our opinion, and according to information and explanations given to us, the company has an internal audit system commensurate with the size and nature of its business;
- (b) Yes, the reports of the internal auditors for the period under audit were considered by us.
- xv. According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable.
- (xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934. Accordingly, Clause 3(xvi) of the order is not applicable.
- (b) According to the information & explanations as provided to us, the Company has not conducted any non-banking or housing finance activities.
- (c) The company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India.
- (d) The company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India neither it has more than one CIC.
- xvii. According to the information & explanations as provided to us, the Company has not incurred any cash losses in the financial year and in the immediately preceding financial year.
- xviii. According to the information & explanations as provided to us, there is no resignation of the statutory auditors during the year.
- xix. In our opinion, and according to information & explanations given to us, & on basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, no material uncertainty exist as on date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date;
- (xx) (a) In respect of other than ongoing projects, the company did not have any balance of unspent amount required to be transferred to a fund specified in schedule VII to the Companies Act,

2013 within a period of six months of the expiry of the financial year in compliance with second proviso to sub-section (5) of section 135 of the said act;

- (b) In respect of ongoing projects, the company has a practice to transfer of unspent CSR amount to a special account in compliance with the provision

of sub-section (6) of section 135 of the said act. In the FY 2024-25, the company has spent excess CSR expenses and the same is considered as an asset under CSR Excess expenditure to be carried forward for ₹ 18.30 Crore.

- xxi. As we are reporting under Consolidated financial statements, hence this clause is not applicable.

Annexure - "C" referred to in paragraph 3(g) of "Report on Other Legal and Regulatory Requirements" of Independent Auditor's Report on the Consolidated Ind AS financial statements for the for the year ended March 31, 2025, we report that; Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of 'Central Coalfields Limited' ("the Company") as of 31st March 2025 in conjunction with our audit of the Consolidated Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. provide reasonable assurance regarding prevention

or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become

inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Significant Accounting Policies

NOTES TO THE FINANCIAL STATEMENTS (CONSOLIDATED)

Note 1 (A): CORPORATE INFORMATION

Central Coalfields Limited (CCL), a Miniratna company, is a 100% subsidiary of Coal India Limited (A Government of India Undertaking) having its registered office at Darbhanga House, Ranchi, Jharkhand – 834029.

The Company is mainly engaged in mining and production of Coal and also operates Coal washeries. The major consumers of the company are power and steel sectors. Consumers from other sectors include cement, fertilisers, brick kilns etc.

CCL has a joint venture agreement with IRCON International Limited & Government of Jharkhand named Jharkhand Central Railway Limited (JCRL). The basic objective of JCRL is to build, construct, operate and maintain identified Rail Corridor Projects that are critical for evacuation of coal from mines in the State of Jharkhand which shall be used for both freight and passenger services and to develop required rail infrastructure including construction of railway lines together with all related facilities etc.

The Consolidated financial statements for the year ended March 31, 2025, were approved for issue by the Board of Directors of the company on 25th April 2025.

B. Statement of Compliance and Recent Accounting Pronouncement

i) Statement of Compliance

These consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the "Ind AS") as notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) read with Section 133 of the Companies Act, 2013 ("the Act"). The Ind ASs issued, notified and made effective till the financial statements are authorised and have been considered for the purpose of preparation of these financial statements.

The accounting policies are applied consistently except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

ii) Application of new and revised standards:

Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules, from time to time. MCA has not notified any new standards or amendments to the existing standards which are effective from 1 April 2025.

Note 2: MATERIAL ACCOUNTING POLICY INFORMATION

2.1 Basis of preparation of financial statements

The Consolidated Financial Statements have been prepared under the historical cost convention on accrual basis except certain financial instruments that are measured in terms of relevant Ind AS at amortized costs or fair value at the end of each reporting period.

Historical cost convention is generally based on the fair value of the consideration given in exchange for goods and services.

The functional currency of the company is determined as the currency of the primary economic environment in which it operates. The Consolidated Financial Statements are presented in Indian Rupees (₹) and all values are rounded off to the 'rupees in crore' up to two decimal points.

2.2 Basis of consolidation

2.2.1 Subsidiaries

- i. Subsidiaries are entities over which the Group has control and the Control is achieved when the group is exposed or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its:
 - a. Power over the investee;
 - b. Exposure or rights to variable returns from its involvement with the investee;
 - c. The ability to use its power over the investee to affect its returns.

Subsidiaries are consolidated from the date control over the subsidiary is acquired and they are discontinued from the date of cessation of control.

- ii. The Group combines the financial statements of the Holding and its subsidiaries based on a line-by-line consolidation by adding together the book value of like items of assets and liabilities, revenue and expenses as per the respective financial statements. Intra-group balances, intra-group transactions, and the unrealised profits on stocks arising out of intra-group transactions have been eliminated.
- iii. The consolidated financial statements are prepared using uniform accounting policies for similar material transactions and other events in similar circumstances otherwise as stated elsewhere.
- iv. The difference between the costs of investment in the subsidiaries, over the net assets at the time of acquisition of shares in the subsidiaries is recognised in the consolidated financial statements as Goodwill or Capital reserve as the case may be. The said goodwill is not amortised, however, it is tested for impairment at each balance sheet date, and impairment loss, if any is recognised in the consolidated financial statements.
- v. Non-controlling interest's share of the net profit of subsidiaries for the year is identified and adjusted against the revenue of the Group in order to arrive at the net revenue attributable to the owners of the Holding Company. The excess of loss for the year over the non-controlling interest is adjusted in the owner's interest.
- vi. Non-controlling interest's share of net assets of subsidiaries is identified and presented in the Consolidated Balance Sheet separate from liabilities and the equity of the Holding Company's shareholders.
- vii. A change in the ownership interest of a subsidiary which does not result in a loss of control, is accounted for as an equity transaction.
- viii. If the Group loses control over a subsidiary, it derecognizes the assets, liabilities, carrying amount of any non-controlling interests and the cumulative translation differences recorded in equity. Any interest retained in the former subsidiary is measured at fair value at the date the control is lost, with the resulting gain/ loss recognised in the statement of Profit & Loss.

Business Combination and Goodwill

The Group except for combination of group entities which are under common control applies the acquisition method in accounting for business combinations. The consideration transferred by the Group to obtain control of a subsidiary is calculated as the sum of the acquisition-date fair values of assets transferred, liabilities incurred and the equity interests issued by the Group, which includes the fair value of any asset or liability arising from a contingent consideration arrangement. Acquisition costs are expensed as incurred. Assets acquired and liabilities assumed are generally measured at their acquisition date fair values.

In case of combination of entities under control, business combination are accounted for under pooling of interest method whereby the assets and liabilities are combined at the carrying amount and no adjustments are made to reflect their fair values or recognise any new assets or liabilities.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the combination date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquire are assigned to those units.

2.2.2 Associates

Associates are all entities over which the Company has significant influence but no control or joint control. This is generally the case where the Company holds between 20% and 50% of the voting rights.

Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost, except when the investment, or a portion thereof, classified as held for sale, in which case it is accounted in accordance with Ind AS 105.

The Group impairs its net investment in the associates on the basis of objective evidence.

2.2.3 Joint arrangements

Joint arrangements are those arrangements where the Group is having joint control with one or more other parties.

Joint control is the contractually agreed sharing of control of the arrangement which exist only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

Joint Arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement.

2.2. 4 Joint Operations

A joint operation is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The group recognises its direct right to the assets, liabilities, revenues and expenses of joint operations and its share of any jointly held or incurred assets, liabilities, revenues and expenses. These have been incorporated in the financial statements on line by line basis with similar items in the consolidated financial statements or otherwise under the appropriate heads of accounts.

2.2.5 Joint ventures

- i) A joint venture is a joint arrangement whereby parties that have joint control of the arrangement having rights to the net assets of the arrangement. Interests in joint ventures are initially recognised at cost and thereafter accounted for using the equity method.
- ii) Investments in Joint venture are accounted for using the equity method of accounting, after initially being recognized at cost, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted in accordance with Ind AS 105.
- iii) The Group impairs its net investment in the joint venture on the basis of objective evidence, When the Group's share of losses in a joint venture equals or exceeds its investment in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the joint venture.
- iv) Unrealised gains on transactions between the Group

and its joint ventures are eliminated to the extent of the Group's interest in these entities. Unrealised losses on transactions between the Group and its joint ventures are also eliminated to the extent of the Group's interest in these entities unless the transaction provides evidence of an impairment of the asset transferred. Where the accounting policies of joint ventures are different from those of the Group, appropriate adjustments are made for like transactions and events in similar circumstances to ensure conformity with the policies adopted by the group.

- v) Any gain or loss on dilution arising on a reduced stake in the joint venture, but still retaining the joint control, is recognized in the Statement of Profit and Loss.
- vi) When the investment ceases to be a joint venture and the retained interest is a financial asset, the Group measures the retained interest at fair value with the change in carrying amount recognised in the Statement of Profit and Loss. The fair value of the retained interest becomes the initial carrying amount for the purpose of accounting for the retained interest as a financial asset. Any amounts previously recognised in other comprehensive income in respect of that joint venture are reclassified to the Statement of Profit and Loss.

2.2.6 Equity Method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter for the post-acquisition changes in the Group's share of the net assets of the investee. The Group's share of the post-acquisition profits or losses and other comprehensive income of the investee are included in the Statement of Profit and Loss and Other Comprehensive Income of the Group. Dividends received or receivable from joint ventures are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity

2.2.7 Changes in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions

with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any fair value of consideration paid or received is recognised within equity

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss where appropriate.

2.3 Current and Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification. An asset is treated as current by the Company when:

- It expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;
- It holds the asset primarily for the purpose of trading;
- It expects to realise the asset within twelve months after the reporting period; or
- The asset is cash or a cash equivalent (as defined in Ind AS 7) unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is treated as current by the Company when:

- It expects to settle the liability in its normal operating cycle;

- It holds the liability primarily for the purpose of trading;
- The liability is due to be settled within twelve months after the reporting period; or
- It does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

Having regard to the nature of the business being carried out by the group, the group has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

2.4 Revenue recognition

Revenue from contracts with customers

Revenue is principally derived from the sale of coal, related ancillary services, and products. Revenue from sales of products is recognized when control of the products has transferred, being when the products are delivered to the customer. Delivery occurs when the products have been shipped or delivered to the specific location as the case may be, and the risks of loss have been transferred in accordance with the sales contract. The amount of revenue recognized reflects the consideration to which the Group is or expects to be entitled in exchange for those goods or services. Accumulated experience is used to estimate and provide for the variable consideration as per the sales contract, and revenue is only recognized to the extent that it is highly probable that a significant reversal will not occur. The amount of consideration does not contain a significant financing component as payment terms are less than one year as per the sales contracts.

The group has a number of long-term contracts to supply products to customers in future periods. Generally, revenue is recognized on an invoice basis, as each unit sold is a separate performance obligation, and therefore the right to consideration from a customer corresponds directly with our performance completed to date.

Interest

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividends

Dividend is recognised when the company's right to receive the payment is established, which is generally when shareholders approve the dividend.

Other Claims

Revenue in respect of Other claims (including interest on delayed realization from customers) are recognized only when there is reasonable certainty as to the ultimate collection and the amount can be measured reliably.

2.5 Grants from Government

Government Grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attached to them and that there is reasonable certainty that grants will be received.

Government grants are recognised in Statement of Profit and Loss on a systematic basis over the periods in which the Group recognises the related expenses or costs for which the grants are intended to compensate.

Government Grants related to assets are presented in the balance sheet by setting up the grant as deferred income and are recognised in Statement of Profit and Loss on systematic basis over the useful life of asset.

Grants related to income (i.e. grant related to other than assets) are presented as part of statement of profit and loss under the head 'Other Income.'

A government grant/assistance that becomes receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs, is recognised in profit or loss of the period in which it becomes receivable.

The Government grants or grants in the nature of promoter's contribution is recognised directly in "Capital Reserve" which forms part of the "Shareholders fund".

2.6 Leases

A contract is, or contains, a lease if the contract conveys

the right to control the use of an identified asset for a period of time in exchange for consideration.

2.6.1 Group as a lessee

The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the commencement date, a lessee shall recognise a right-of-use asset at cost and a lease liability at the present value of the lease payments that are not paid at that date for all leases unless the lease term is 12 months or less or the underlying asset is of low value.

Subsequently, right-of-use asset is measured using cost model whereas, the lease liability is measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and re-measuring the carrying amount to reflect any reassessment or lease modifications

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates of these leases. Lease liabilities are premeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option. Lease liability and ROU asset are separately presented in the Balance Sheet and lease payments are classified as financing cash flows. Lease liability obligations is presented separately under the head "Financial Liabilities".

Finance charges are recognised in finance costs in the Statement of Profit and Loss, unless the costs are included in the carrying amount of another asset applying other applicable standards.

Right-of-use asset is depreciated over the useful life of the asset, if the lease transfers ownership of the asset to the lessee by the end of the lease term or if the cost of the

right-to-use asset reflects that the lessee will exercise a purchase option. Otherwise, the lessee shall depreciate the right-to-use asset from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term.

2.6.2 Group as a lessor

Assets are given on lease either as finance lease or operating lease.

Finance Lease: A lease is classified as finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset. Initially, asset held under finance lease is recognised in Balance Sheet and presented as a receivable at an amount equal to the net investment in the lease. Finance income is recognised over the lease term, based on a pattern reflecting a constant periodic rate of return on Group's net investment in the lease.

Operating Lease: A lease which is not classified as a finance lease is an operating lease. The Group recognises lease payments in case of assets given on operating leases as income on a straight line basis.

2.7 Non-current assets held for sale

The Group classifies non-current assets and (or disposal groups) as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale expected to be completed within one year from the date of classification.

For these purposes, sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. The criteria for held for sale classification is regarded met only when the assets or disposal group is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets (or disposal groups), its sale is highly probable; and it will genuinely be sold, not abandoned. The Group treats sale of the asset or disposal group to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset (or disposal group),

- An active programme to locate a buyer and complete the plan has been initiated
- The asset (or disposal group) is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Non-current asset or disposal groups classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell.

2.8 Property, Plant and Equipment (PPE) and Depreciation

An item of PPE is recognized as an asset if it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

PPE are initially measured at cost of acquisition/ construction including decommissioning or restoration cost wherever required. Cost of land includes expenditures which are directly attributable to the acquisition of the land like, rehabilitation expenses, resettlement cost and compensation in lieu of employment incurred for concerned displaced persons etc.

After recognition, an item of all other Property, plant and equipment are carried at its cost less any accumulated depreciation and any accumulated impairment losses under Cost Model. The cost of an item of property, plant and equipment comprises:

- a) Its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.
- b) Any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
- c) The initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which the Group incurs

either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.

- d) Interest on Borrowings utilized to finance the construction of qualifying assets are capitalised as part of cost of the asset until such time that the asset is ready for its intended use.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. However, significant part(s) of an item of PPE having same useful life and depreciation method are grouped together in determining the depreciation charge.

Costs of the day-to-day servicing described as 'repairs and maintenance' are recognised in the statement of profit and loss in the period in which the same are incurred.

Subsequent cost of replacing parts which are significant in relation to the total cost of an item of property, plant and equipment are recognised in the carrying amount of the item, if it is probable that future economic benefits associated with the item will flow to the Group; and the cost of the item can be measured reliably. The carrying amount of those parts that are replaced is derecognised in accordance with the derecognition policy mentioned below.

When major inspection is performed, its cost is recognised in the carrying amount of the item of property, plant and equipment as a replacement if it is probable that future economic benefits associated with the item will flow to the Group; and the cost of the item can be measured reliably. Any remaining carrying amount of the cost of the previous inspection (as distinct from physical parts) is derecognised.

An item of Property, plant or equipment is derecognised upon disposal or when no future economic benefits are expected from the continuing use of assets. Any gain or loss arising on such derecognition of an item of property plant and equipment is recognised in profit and Loss.

Depreciation on property, plant and equipment, except freehold land, is provided as per cost model on straight line basis over the estimated useful lives of the asset as follows:

Other Land

(incl. Leasehold Land) : Life of the project or lease term whichever is lower

Building (incl. Roads) : 3-60 years

Telecommunication : 3-9 years

Railway Sidings : 15 years

Plant and Equipment : 1-30 years

(incl. Railway Corridor, Others)

Computers and Laptops : 3 Years

Office equipment : 3-5 years

Furniture and Fixtures : 10 years

Vehicles : 8-10 years

Based on technical evaluation, the management believes that the useful lives given above best represent the period over which the management expects to use the asset. Hence the useful lives of the assets may be different from the useful lives as prescribed under Part C of Schedule II of the companies act, 2013.

The estimated useful life of the assets is reviewed at the end of each financial year.

The residual value of Property, plant and equipment is considered as 5% of the original cost of the asset except for some items of assets such as other land, site restoration asset, other mining infrastructure, surveyed off assets. Useful life has been technically estimated to be one year with nil residual value for items such as Coal tub, winding ropes, haulage ropes, stowing pipes and safety lamps etc.

Depreciation on the assets added/disposed of during the year is provided on pro-rata basis with reference to the month of addition / disposal.

Value of "Other Land" includes land acquired under Coal Bearing Area (Acquisition & Development) (CBA) Act, 1957, Land Acquisition Act, 1894, Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement (RFCTLAAR) Act, 2013, Long term transfer of government land etc., which are amortised on the basis of the balance life of the project; and in case of Leasehold land such amortisation is based on lease period or balance life of the project whichever is lower.

Assets that are fully depreciated and retired from active use are disclosed separately as surveyed off assets at its residual value under Property, Plant Equipment and are tested for impairment.

Transition to Ind AS

The Group elected to continue with the carrying value as per the cost model (for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind ASs, measured as per the previous GAAP.

2.9 Mine Closure, Site Restoration and Decommissioning Obligation

The Group's obligation for land reclamation and decommissioning of structures consists of spending at both surface and underground mines in accordance with the guidelines from the Ministry of Coal, Government of India. The Group estimates its obligation for Mine Closure, Site Restoration and Decommissioning based upon detailed calculation and technical assessment of the amount and timing of the future cash spending to perform the required work. Mine Closure expenditure is provided as per approved Mine Closure Plan. The estimates of expenses are escalated for inflation, and then discounted at a discount rate that reflects current market assessment of the time value of money and the risks, such that the amount of provision reflects the present value of the expenditures expected to be incurred to settle the obligation. The Group records a corresponding asset associated with the liability for final reclamation and mine closure. The obligation and corresponding assets are recognised in the period in which the liability is incurred. The asset representing the total site restoration cost (as estimated by Central Mine Planning and Design Institute Limited) as per the mine closure plan is recognised as a separate item in PPE and amortised over the balance project/mine life.

The value of the provision is progressively increased over time as the effect of discounting unwinds; creating an expense recognised as a financial expense.

Further, a specific escrow fund account is maintained for this purpose as per the approved mine closure plan.

The progressive mine closure expenses incurred on year to year basis forming part of the total mine closure obligation are initially recognised as receivable from the escrow account and thereafter adjusted with the obligation in the year in which the amount is withdrawn after the

concurrence of the certifying agency.

2.10 Exploration and Evaluation Assets

Exploration and evaluation assets comprise costs that are attributable to the search for coal and related resources, pending the determination of technical feasibility and the assessment of commercial viability of an identified resource which comprises inter alia the following:

- Acquisition of rights to explore
- Researching and analysing historical exploration data;
- Gathering exploration data through topographical, geo-chemical and geo-physical studies;
- Exploratory drilling, trenching, and sampling;
- Determining and examining the volume and grade of the resource;
- Surveying transportation and infrastructure requirements;
- Conducting market and finance studies.

The above includes employee remuneration, cost of materials and fuel used, payments to contractors etc.

As the intangible component represents an insignificant/ indistinguishable portion of the overall expected tangible costs to be incurred and recouped from future exploitation, these costs along with other capitalised exploration costs are recorded as exploration and evaluation assets.

Exploration and evaluation costs are capitalised on a project-by-project basis pending the determination of technical feasibility and commercial viability of the project and disclosed as a separate line item under non-current assets. They are subsequently measured at cost less accumulated impairment/provision.

Once proved reserves are determined and the development of mines/projects are sanctioned, exploration and evaluation assets are transferred to "Development" under capital work in progress. However, if proved reserves are not determined, the exploration and evaluation asset is derecognised.

2.11 Development Expenditure

When proved reserves are determined and the development of mines/projects are sanctioned, capitalised exploration and evaluation cost is recognised as assets

under construction and disclosed as a component of capital work in progress under the head "Development". All subsequent development expenditure is also capitalised. The development expenditure capitalised is net of proceeds from the sale of coal extracted during the development phase.

Commercial Operation

The project/mines are brought to revenue; when commercial readiness of a project/mine to yield production on a sustainable basis is established either on the basis of conditions specifically stated in the project report or on the basis of the following criteria:

- From the beginning of the financial year immediately after the year in which the project achieves physical output of 25% of rated capacity as per the approved project report, or
- 2 years of touching coal, or
- From the beginning of the financial year in which the value of production is more than total, expenses.

Whichever event occurs first;

On being brought to revenue, the assets under capital work in progress are reclassified as a component of property, plant, and equipment under the nomenclature "Other Mining Infrastructure". Other Mining infrastructures are amortised from the year when the mine is brought under revenue in 20 years or the working life of the project whichever is less.

2.12 Intangible Assets and Amortisation

Intangible assets acquired separately are measured on initial recognition at cost. Cost includes any directly attributable expenses necessary to make the assets ready for its intended use. After initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the Group and the cost of the item can be measured reliably.

An item of Intangible asset is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from the

derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Internally generated intangibles, excluding capitalised development costs, are not capitalised. Instead, the related expenditure is recognised in the statement of profit and loss and other comprehensive income in the period in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss. Amortisation of intangible asset is provided on straight line basis over the estimated useful lives of the intangible asset as follows:

Intangible Assets	Useful Life
SAP/ERP	: 6 years
Other Computer Software	: License period
Rail Corridor contract	: Life as per MoU contract period

An intangible asset with an indefinite useful life is not amortised but is tested for impairment at each reporting date.

Exploration and Evaluation assets attributable to blocks identified for sale or proposed to be sold to outside agencies (i.e. for blocks not earmarked for CIL) are however, classified as Intangible Assets and tested for impairment.

Expenditure on research is charged to expenditure as and when incurred. Expenditure on development is capitalized only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable and the Group intends to & has sufficient resources to complete development and to use or sell the asset.

2.13 Impairment of Assets (other than financial assets)

The Group assesses at the end of each reporting period whether there is any indication that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs. The group considers individual mines as separate cash-generating units for the purpose of a test of impairment.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount and the impairment loss is recognised in the Statement of Profit and Loss.

2.14 Investment Property

Property (land or a building or part of a building or both) held to earn rentals or for capital appreciation or both, rather than for, use in the production or supply of goods or services or for administrative purposes; or sale in the ordinary course of businesses are classified as an investment property.

Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs.

Investment properties are depreciated using the straight-line method over their estimated useful lives.

2.15 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

2.15.1 Financial assets

2.15.1 Initial recognition and measurement

All financial assets are recognised initially at fair value, in the case of financial assets not recorded at fair value through profit or loss, plus transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset. However, trade receivables that do not contain a significant financing component are measured at transaction price.

2.15.2 Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

2.15.2.1 Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income

in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

2.15.2.2 Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Group recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

2.15.2.3 Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Group may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Group has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

2.15.2.4 Equity investments in subsidiaries, associates and Joint Ventures

In accordance of Ind AS 101 (First time adoption of Ind AS), the carrying amount of these investments as per previous GAAP as on the date of transition is considered to be the deemed cost. Subsequently Investment in subsidiaries, associates and joint ventures are measured at cost.

In case of consolidated financial statement, Equity investments in associates and joint ventures are accounted as per equity method as prescribed in para 10 of Ind AS 28.

2.15.2.5 Other Equity Investment

All other equity investments in scope of Ind AS 109 are measured at fair value through profit or loss.

The Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Group makes such election on an instrument by-instrument basis. The classification is made on initial recognition and is irrevocable.

All fair value changes of an equity instrument classified at FVTOCI, are recognized in OCI. There is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. However, the Group may transfer the cumulative gain or loss within equity. Dividends from such investments are recognised in the Statement of Profit and Loss as "other income" when the Group's right to receive payments is established.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

2.15.2.6 Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has

neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

2.15.2.7 Impairment of financial assets (other than fair value)

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance
- b) Financial assets that are debt instruments and are measured as at FVTOCI
- c) Lease receivables under Ind AS 116
- d) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115.

The Group follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 116

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

2.15.3 Financial liabilities

2.15.3.1 Initial recognition and measurement

The Group's financial liabilities include trade and other

payables, loans and borrowings including bank overdrafts.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

2.15.3.2 Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

2.15.3.3 Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

2.15.3.4 Financial liabilities at amortised cost

After initial recognition, these are subsequently measured at amortised cost using the effective interest rate method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the effective interest rate amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included as finance costs in the statement of profit and loss.

2.15.3.5 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying

amount of a financial liability (or part of a financial liability) extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, shall be recognised in profit or loss.

2.15.4 Reclassification of financial assets

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model

for managing those assets. Changes to the business model are expected to be infrequent. The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. If Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

The following table shows various reclassification and how they are accounted for

Original classification	Revised classification	Accounting treatment
Amortised cost	FVTPL	Fair value is measured at reclassification date. Difference between previous amortized cost and fair value is recognised in P&L.
FVTPL	Amortised Cost	Fair value at reclassification date becomes its new gross carrying amount. EIR is calculated based on the new gross carrying amount.
Amortised cost	FVTOCI	Fair value is measured at reclassification date. Difference between previous amortised cost and fair value is recognised in OCI. No change in EIR due to reclassification.
FVTOCI	Amortised cost	Fair value at reclassification date becomes its new amortised cost carrying amount. However, cumulative gain or loss in OCI is adjusted against fair value. Consequently, the asset is measured as if it had always been measured at amortised cost.
FVTPL	FVTOCI	Fair value at reclassification date becomes its new carrying amount. No other adjustment is required.
FVTOCI	FVTPL	Assets continue to be measured at fair value. Cumulative gain or loss previously recognized in OCI is reclassified to P&L at the reclassification date.

2.15.5 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.15.6 Fair value measurement of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Group categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed for such measurement:

- Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within level 1 that are observable either directly or indirectly for the asset or liability.
- Level 3: inputs for the asset or liability which are not based on observable market data (unobservable inputs).

The Group has an established control framework with respect to the measurement of fair values. This includes a finance team that has overall responsibility for overseeing all significant fair value measurements who regularly review significant unobservable inputs, valuation adjustments and fair value hierarchy under which the valuation should be classified.

2.15.7 Cash and Cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value. For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

2.16. Borrowing Costs

Borrowing costs are expensed as and when incurred except where they are directly attributable to the acquisition, construction or production of qualifying assets i.e. the assets that necessarily takes substantial period of time to get ready for its intended use, in which case they are capitalised as part of the cost of related asset up to the date when the qualifying asset is ready for its intended use.

2.17 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax is the amount of income taxes payable (recoverable) in respect of the taxable profit (tax loss) for a period. Taxable profit differs from "profit before income tax" as reported in the statement of profit and loss and other comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary difference to the extent that it is probable that taxable profits will be available against which those deductible

temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Unrecognised deferred tax assets are reassessed at the end of each reporting year and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities, and when the deferred income tax assets and liabilities relate to income taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

2.18 Employee Benefits

2.18.1 Short-term Benefits

Short-term employee benefits are employee benefits (other than termination benefits) that are expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service.

All short-term employee benefits are recognized in the period in which the services are rendered by employees.

2.18.2 Post-employment benefits and other long term employee benefits

2.18.2.1 Defined contributions plans

A defined contribution plan is a post-employment benefit plan under which the Group pays a fixed contribution into a fund maintained by a separate body and the Group will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in the statement of profit and loss in the periods during which services are rendered by employees.

2.18.2.2 Defined benefits plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Group's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in return of their service in the current and prior periods. The benefit is discounted to determine its present value and reduced by the fair value of plan assets, if any. The discount rate is based on the prevailing market yields of Indian Government securities as at the reporting date that have maturity dates approximating the terms of the Group's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

The application of actuarial valuation involves making assumptions about the discount rate, expected rates of

return on assets, future salary increases, mortality rates etc. Due to the long-term nature of these plans, such estimates are subject to uncertainties. The calculation is performed at each balance sheet by an actuary using the projected unit credit method. When the calculation results in the benefit to the Group, the recognised asset is limited to the present value of the economic benefits available in the form of any future refunds from the plan or reduction in future contributions to the plan. An economic benefit is available to the Group if it is realisable during the life of the plan, or on settlement of plan liabilities.

Re-measurement of the net defined benefit liability, which comprises actuarial gain and losses considering the return on plan assets (excluding interest) and the effects of the assets ceiling (if any, excluding interest) are recognised immediately in the other comprehensive income. The Group determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit and loss.

When the benefits of the plan are improved, the portion of the increased benefit relating to past service by employees is recognised as an expense immediately in the statement of profit and loss.

2.18.3 Other long-term employee benefits

Other long-term employee benefits are all employee benefits other than short-term employee benefits, post-employment benefits and termination benefits.

Other long-term employee benefits include items which are not expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service.

For other long-term employee benefits, net total of the following amounts is recognized in the statement of profit or loss:

- a) Service cost
- b) Net interest on the net defined benefit liability (asset)

- c) Re-measurements of the net defined benefit liability (asset)

2.19 Foreign Currency

Transactions in foreign currencies are converted into the reported currency of the Group using the exchange rate prevailing at the transaction date. Monetary assets and liabilities denominated in foreign currencies outstanding at the end of the reporting period are translated at the exchange rates prevailing as at the end of reporting period. Exchange differences arising on the settlement of monetary assets and liabilities or on translating monetary assets and liabilities at rates different from those at which they were translated on initial recognition during the period or in previous financial statements are recognised in statement of profit and loss in the period in which they arise.

Non-monetary items denominated in foreign currency are valued at the exchange rates prevailing on the date of transactions.

2.20 Stripping Activity

The process of removing overburden to access coal is referred to as stripping. Stripping is necessary to obtain access to coal and occurs throughout the life of an opencast mine. Stripping costs during development and production phases are classified as other mining infrastructure in property, plant, and equipment. Stripping costs are accounted for separately for individual mines.

The Group accounts for stripping activities as follows:

Stripping costs during the Development phase:

These are initial overburden removal costs incurred to obtain access to coal to be extracted. These costs are capitalised when it is probable that future economic benefits will flow to the Group and costs can be measured reliably. Once the production phase begins, capitalised development stripping costs are amortised over the mine life.

Stripping costs during the production phase:

These are overburden removal costs incurred after the mine has been brought to revenue as per the policy of the group. Stripping costs during the production phase can give rise to two benefits, the extraction of coal in the current period and improved access to coal which will be extracted in future periods. Stripping costs

during the production phase are allocated between the inventory produced and the stripping activity asset using a standard strip ratio (overburden-to-coal). The standard strip ratio is the total volume of overburden expected to be removed over the life of the mine against the total coal to be extracted over the life of the mine. When the actual volume of overburden removed is greater than the expected volume of overburden removal, the stripping cost for excess overburden removed over the expected overburden removal is capitalised to the stripping activity asset. The stripping activity asset is amortised over the expected useful life of the mine. Changes in geo-mining conditions may have an impact on the standard strip ratio. Changes to the ratio are accounted for prospectively. Stripping activity asset are shown separately under Property, plant, and equipment.

Stripping activity asset for stripping costs during the production phase are recognised in the mines with a rated capacity of one million tonnes per annum and above.

2.21 Inventories

2.21.1 Stock of Coal

Inventories of coal/coke are stated at lower of cost and net realisable value. The cost of inventories are calculated using the Weighted Average method. Net realisable value represents the estimated selling price of inventories less all estimated costs of completion and costs necessary to make the sale.

Book stock of coal is considered in the accounts where the variance between book stock and measured stock is up to +/- 5% and in cases where the variance is beyond +/- 5% the measured stock is considered. Such stocks are valued at net realisable value or cost whichever is lower. Coke is considered as a part of the stock of coal.

Coal & coke-fines are valued at lower of cost or net realisable value and considered as a part of the stock of coal.

Slurry (coking/semi-coking), middling of washeries, and by products are valued at net realisable value and considered as a part of the stock of coal.

2.21.2 Stores, Spares, and Other Inventories

The Stock of stores and spares including other inventories are valued at cost calculated on the basis of the weighted average method.

Provisions are made at the rate of 100% for unserviceable, damaged and obsolete stores and spares and at the rate of 50% for stores & spares not moved for 5 years.

2.22 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of economic benefits will be required .

to settle the obligation and a reliable estimate of the amount of the obligation can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

All provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future uncertain events not wholly within the control of the Group, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

Contingent assets are possible assets that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. Contingent assets are disclosed in the financial statements when inflow of economic benefits is probable on the basis of the judgment of management. These are assessed continually to ensure that developments are appropriately reflected in the financial statements.

2.23 Earnings per share

Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per shares is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per shares and also the weighted average number of equity shares that could have been

issued upon conversion of all dilutive potential equity shares.

2.24 Stripping activity provision (Ratio Variance)

Stripping activity provision recognized earlier is based on the policy followed consistently by CIL since its inception. Stripping activity provision was recognized or reversed based on the current ratio of OB to Coal as compared to the average Stripping ratio (Standard ratio) of the mine. This accounting method has been substantiated and validated by a multitude of authoritative bodies and forums, including income tax authorities.

The carrying amount of the stripping activity provision is reversed systematically whenever the situation of reversal arises on extraction of actual volume of overburden over expected volume thereof. Such reversal is specific to mines at the rate the said provision has been recognized.

2.25 Judgements, Estimates and Assumptions

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments, and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statements and the amount of revenue and expenses during the reported period. Application of accounting policies involving complex and subjective judgements and the use of assumptions in these financial statements have been disclosed. Accounting estimates could change from period to period. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and, if material, their effects are disclosed in the notes to the financial statements.

2.25.1 Judgements

In the process of applying the Group's accounting policies, management has made the following judgments, which have the most significant effect on the amounts recognised in the financial statements:

2.25.1.1 Formulation of Accounting Policies

Accounting policies are formulated in a manner that results in financial statements containing relevant and reliable information about the transactions, other events and

conditions to which they apply. Those policies need not be applied when the effect of applying them is immaterial.

In the absence of an Ind AS that specifically applies to a transaction, other event or condition, management has used its judgment in developing and applying an accounting policy that results in information that is:

- a) Relevant to the economic decision-making needs of users and
- b) Reliable in that financial statements: and
 - i) represent faithfully the financial position, financial performance and cash flows of the Group; (ii) reflect the economic substance of transactions, other events and conditions, and not merely the legal form; (iii) are neutral, i.e. free from bias; (iv) are prudent; and (v) are complete in all material respects on a consistent basis

In making the judgment management refers to, and considers the applicability of, the following sources in descending order:

- a) The requirements in Ind ASs dealing with similar and related issues; and
- b) The definitions, recognition criteria and measurement concepts for assets, liabilities, income, and expenses in the Framework.

In making the judgment, management considers the most recent pronouncements of the International Accounting Standards Board and in the absence thereof those of the other standard-setting bodies that use a similar conceptual framework to develop accounting standards, other accounting literature, and accepted industry practices, to the extent that these do not conflict with the Indian accounting Standard and accounting policies and practices as stated in above paragraph.

The Group operates in the mining sector (a sector where the exploration, evaluation, and development production phases are based on the varied topographical and geo-mining terrain spread over the lease period running over decades and prone to constant changes), the accounting policies whereof have evolved based on specific industry practices supported by research committees and approved by the various regulators owing to its consistent application over the last several decades. In the absence of specific accounting literature, guidance

and standards in certain specific areas which are in the process of evolution, the Group continues to strive to develop accounting policies in line with the development of accounting literature and any development therein shall be accounted for prospectively as per the procedure laid down above more, particularly in Ind AS 8.

2.25.1.2 Materiality

Ind AS applies to items which are material. Management uses judgement in deciding whether individual items or groups of item are material in the financial statements. Materiality is judged by reference to the nature or magnitude or both of the items. The deciding factor is whether omitting or misstating or obscuring an information could individually or in combination with other information influence decisions that primary users make on the basis of the financial statements. Management also uses judgement of materiality for determining the compliance requirement of the Ind AS. Further, the Group may also be required to present separately immaterial items when required by law.

With effect from 01.04.2019 Errors/omissions discovered in the current year relating to prior periods are treated as immaterial and adjusted during the current year, if all such errors and omissions in aggregate does not exceed 1% of total revenue from Operation (net of statutory levies) as per the last audited financial statement of the Group.

2.25.1.3 Operating lease

Group has entered into lease agreements. The Group has determined, based on an evaluation of the terms and conditions of the arrangements, such as the lease term not constituting a major part of the economic life of the commercial property and the fair value of the asset, that it retains all the significant risks and rewards of ownership of these properties and accounts for the contracts as operating leases.

2.25.2 Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to

market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

The estimates, judgements and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

The application of accounting policies that require critical judgements and accounting estimates involving complex and subjective judgements and the use of assumptions in these standalone financial statements have been disclosed here in below:

2.25.2.1 Impairment of non-financial assets

There is an indication of impairment if, the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. Group considers individual mines as separate cash generating units for the purpose of test of impairment. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Group is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. These estimates are most relevant to other mining infrastructures. The key assumptions used to determine the recoverable amount for the different CGUs, are disclosed and further explained in respective notes.

2.25.2.2 Income Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

2.25.2.3 Defined benefit plans and long term employee benefits

The cost of the defined benefit plan and other post-employment medical benefits and the present value of the obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates.

Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables of the country. Those mortality tables tend to change only at interval in response to demographic changes.

2.25.2.4 Intangible asset under development

The Group capitalises intangible asset under development for a project in accordance with the accounting policy. Initial capitalisation of costs is based on management's judgement that technological and economic feasibility is confirmed, usually when a project report is formulated and approved.

2.25.2.5 Provision for Mine Closure, Site Restoration and Decommissioning Obligation

In determining the fair value of the provision for Mine Closure, Site Restoration and Decommissioning Obligation, assumptions and estimates are made in relation to discount rates, the expected cost of site restoration and dismantling and the expected timing of those costs. The Group estimates provision using the DCF method considering life of the project/mine based on

- Estimated cost per hectare as specified in guidelines issued by Ministry of Coal, Government of India
- The discount rate (pre-tax rate) that reflect current market assessments of the time value of money and the risks specific to the liability.

2.25 Abbreviation used:

3.1.1 Title deeds of Immovable Properties not held in name of the Company

Description of property	Gross carrying value	Title deeds held in the name of	Whether title deed holder is a promoter, director or relative# of promoter*/director or employee of promoter/ director	Property held since which date	Reason for not being held in the name of the company
Other land	3,268.86	NA	NA	-	Land acquired in pursuance to Coal Mines (Nationalisation) Act 1973, does not require title deeds separately for corresponding land. All other title deeds for land acquired are in possession and are mutated in favour of company except in few cases of freehold lands, where same is under progress pending legal formalities. Land acquired under Coal Bearing Areas (Acquisition and Development) Act, 1957 and Land Acquisition Act, 1894.

3.1.2 Other Land includes Land acquired under Coal Bearing Areas (Acquisition and Development) Act, 1957, Land Acquisition Act, 1894 and other Acts.

3.1.3 Depreciation is provided based on estimated useful life, reviewed at the end of each year by the empowered committee as referred in Significant Accounting Policy para no. 2.8. There is no significant component having different useful life of value, hence component accounting has not been considered.

3.1.4 For facilitating evacuation of coal, CIL Board in its 491st Board meeting approved construction of Tori Shivpur Rail Corridor with revised project cost of ₹ 3587.37 Crore against which ₹ 3584.89 Crore has been deposited with East Central Railway. EC Railway has spent ₹ 3350.79 Crore till 31.03.2025 which has been recognised as Rail Line/ Rail Corridor. The Company has received a grant of ₹ 595.82 Crore till date from CCDAC against the said project which has been shown as Deferred Revenue Income under Note- 101 to the Financial Statement.

3.1.5 Land Compensation amounting to ₹ 778.62 Crore has been shown as other Land, which is under reconciliation (Refer Note-6.11 to the Financial Statement).

3.1.6 Depreciation charged during the year includes the depreciation capitalised during the year ₹ NIL (Previous year ₹ NIL) for mines in development phase.

3.1.7 Right to use Assets-

Less : Allowance for bad & doubtful debts	252.85	261.80
Total	1,628.91	1,716.73

4.3.1 The Company has used the practical expedient by computing the expected credit loss allowance based on a provision matrix in determining allowance for credit losses of trade receivables. The provision matrix takes into account historical credit loss experience and forward looking information. The expected credit loss allowance is based on ageing of receivables that are due and the rates used in provision matrix.

The details of movement in Allowance for expected credit loss		
Balance at the beginning of the year	261.80	380.39
Recognised during the year	-	49.58
Utilised during the year	8.95	168.17
Balance at the end of the year	252.85	261.80

TOTAL	6,334.88	4,747.27

"6.1.1 The Secretary to Government, Revenue, Registration and Land Reforms Department, Government of Jharkhand vide his Letter No. 5/Sa.Bhu (CCL) Ramgarh- 303/2012-519 (5)/Ra. Dated 07/02/2020 to The Chairman, Coal India limited has raised a demand of ₹ 26218.15 Crore against 36179.30 acres of Government land under the command area of CCL. The demand comprises of Rent, Cess and Salami as lease bandobasti of land for lease period.

Land is acquired by CCL as per notification issued by Central Government under Section 9(1) of CBA (A&D) Act, 1957 and physical possession is taken under Section 12 of CBA (A&D) Act, 1957 which is free from all encumbrances. Accordingly, CCL didn't agree with the demand raised by state government. However, the company as per the provisions of Section 13(5) in the Coal Bearing Areas (Acquisition and Development) Act, 1957 agrees to pay land compensation at present rural agricultural circle rate against Govt. Land to the Govt. of Jharkhand. The tentative liability for land compensation based on present rural agricultural rate comes to ₹ 778.62 Crore for 5392.75 acres of Govt land which is subject to verification by district officials. Meanwhile, for facilitating smooth running of the operations, CCL has released an adhoc payment of ₹ 2605.44 Crore under protest. The tentative liability of ₹ 778.62 Crore has been capitalised as Other Land under PPE. (Refer Note -3.1 of the Financial Statements).

A meeting was held between Hon'ble Minister of Coal & Hon'ble Chief Minister of Jharkhand on 13.11.2021 at Ranchi, further O.M. dated 24.02.2022, the discussion held on the above matter are appended as below: "the Chief Secretary, GoJ informed that the joint verification report will be finalized in next few days and demand against the govt. land will be made taking Rural Agricultural Rate of land and per acre land compensation shall be 1.52 times the rate of land as full of final settlement.

On this issue GOI committed in-principle to pay the dues as per joint verification report and committed that as the verification report is received, officers of Ministry of Coal and Chief Secretary, Jharkhand will sit together will decide the schedule of payment and handing over of the physical possession of land."

Further, TVNL (Tenughat Vidyut Nigam Limited), the state-owned power generating company, vide letter no. 253/22-23 dated 06.06.2022 to the Principal Secretary, Energy Department, Government of Jharkhand, has proposed the matter of book adjustment for dues owed by TVNL to CCL against the land compensation payable by CCL to the State Government. Accordingly, CCL vide letter no. CMD/CCL/TVNL-Dues/C-29/2023/717 dated 04/12/2023 has informed the Additional Secretary, Energy Department, Government of Jharkhand (GoJ) that the TVNL dues of ₹ 1036.27 Crore may be considered against the Government land compensation to be paid by CCL to GoJ in future, as advance under the protest subject to the joint verification report.

Furthermore, TVNL vide letter no. 1670/24-25 dated 27.03.2025 to CMD, CCL with reference to letter no 474 dated 26.03.2025 and 479 dated 27.03.2025 to Energy Dept, Govt. of Jharkhand again proposed the matter of book adjustment of TVNL dues to CCL to the tune of ₹ 1308.00 Crore. CCL Board in its 25th In Between Board Meeting held on 29.03.2025 accorded approval for adjustment of TVNL Dues of ₹ 1308.00 Crore towards Government land compensation to be paid in future by CCL to GoJ as advance under the protest subject to the joint verification report and total adhoc payment including book adjustment of of TVNL dues stands to ₹ 4949.71 Crore.

6.1.2 The above represents concurrent expenditure recognised as per guidelines from Ministry of Coal, Government of India for preparation of Mine Closure Plan.

Others ^{8.4.2 & 8.4.3}	1,181.02	844.14
TOTAL	2,302.31	1,862.97

8.4.1 An amount of ₹ NIL (P.Y. ₹ NIL) has been transferred to Investor Education and Protection Fund (IEPF) as the same remained unpaid and unclaimed for a period of seven years from the date of transfer of such dividend to unpaid dividend account.

8.4.2 Others above includes unspent CSR expenses (Refer Annexure to Note - 13.8 CSR Expenses)

8.4.3 The Jharkhand Highways Fee (Determination of Rates and Collection) Amendment Rules, 2021 notified vide gazette notification dated 26/10/2021 states that the State may provide for a scheme for payment of composition user fee payable by all such mechanical vehicles, for use of any state roads or part there of or commuting in mining areas as the case may be. The composition user fee (CUF) may be based on the "to and fro" basis. Such user fee shall be ₹ 600/- for each way. Till date, no such scheme has been notified in the gazette. However, Director Mines vide its letter No. 2089 dated 28.12.2021 has communicated payment of CUF through JIMS Portal.

The prime responsibility towards the payment of said CUF is on the transporter. Sale in CCL is being affected through auction, RCR, Rail and Road mode. In Rail mode, coal is being transported to railway siding through hired vehicles and as per the applicable contract, the CUF being the tax will be reimbursed on its claim by the respective contractor. The matter of levy of CUF is sub-judicial before Hon'ble Jharkhand High Court on account of petition filed by transporters and further there is no claim for the same from any contractor. The company is collecting the same from customers and the same is being shown as Other Financial Liability (Current). The total amount billed till is ₹ 1115.05 Crore (upto is ₹ 765.37 Crore).

The amount being billed and collected for the said CUF remains with the business of Company as presently, there is no claim from contractor in view of the matter being sub-judice before the court. In view of above, the other aspects of the said transection such as payment of CUF to transporter / refund of CUF to the customers / the adjustment of collected CUF with other dues including the matter of interest thereon is subject matter of court decision in the said matter.

Ratio Variance reserves		
Balance at the beginning of the year	3,405.55	3,156.22
Charged/(reversed) during the year	21.11	249.33
Balance at the end of the year	3,426.66	3,405.55

9.1.3 Provision for Site Restoration/Mine Closure

The Group's obligation for land reclamation and decommissioning of structures consists of spending at both surface and underground mines in accordance with the guidelines from Ministry of Coal, Government of India. The estimate of obligation for Mine Closure, Site Restoration and Decommissioning based upon detailed calculation and technical assessment of the amount and timing of the future cash spending to perform the required work. Mine Closure expenditure is provided as per approved Mine Closure Plan. The estimates of expenses are escalated for inflation, and then discounted at a discount rate (@8%) that reflects current market assessment of the time value of money and the risks, so that the amount of provision reflects the present value of the expenditures expected to be required to settle the obligation. The value of the provision is progressively increased over time as the effect of discounting unwinds; creating an expense recognised as financial expenses. In reference to above guidelines for preparation of mine closure plan, an escrow account has been opened. (Refer Note - 4.6). During the year the company has assessed its obligation towards land reclamation and decommissioning as per revised guidelines issued by Ministry of Coal, Government of India vide F. No. CPAM-34011/28/2019-CPAM(E-343762) dated-31.01.2025.

9.1.4 Other Employee Benefits includes provision for Exgratia for non-executive based upon the amount approved for payment for the FY 2023-24 i.e. ₹ 93,750/- per employee.

- b) The Group's pending litigation comprises of claim against the group and proceeding pending tax/stautory/Government authorities. The company has reviewed all its pending litigations and proceedings and has made adequate provisions, and disclosed the contingent liabilities, where applicable, in its Financial Statements. The Company does not expects the outcome of these proceedings to have a material impact on its financial position. Future cash outflows in respect of above are dependent upon th outcome of judgements/decisions.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Contd.)

- c) No interest is expected in the settlement of cases under contingent liabilities, except where management has an adverse view.
- d) Considering the judgment of the Hon'ble Supreme Court of India in the case of Common Cause vs. UOI and Others (W.P. (C) No. 114 of 2014), certain District Mining Officers of Jharkhand, issued demand notices in 42 projects, alleging the production in these projects exceeding the available Environmental Clearances limits.

The Group has duly filed revision petition against the above demands, before the Hon'ble Coal Tribunal, Ministry of Coal, Government of India, the adjudicating authority under the MMDR, Act. The Revisional Authority Ministry of Coal Government of India in their interim order dated 16.01.2018 has admitted the revision application and stayed the execution of the demand order of ₹ 13568.50 (₹ 13568.50 Crore) till further order.

CCL has evaluated the demand notice of compensation, the possibility of an outflow of resources in the settlement is remote and accordingly the same has not been considered as contingent liability for the purpose of reporting.

- e) **Contingent Assets:** A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. During the normal course of business, several unresolved claims are currently outstanding. The inflow of economic benefits, in respect of such claims cannot be measured due to uncertainties that surround the related events and circumstances.

II. Guarantee

As on 31.03.2025 Bank guarantee issued is ₹ 498.93 Crore (P.Y. ₹ 483.76 Crore).

III. Letter of Credit

As on outstanding letter of credit is ₹ 11.25 Crore (P.Y. ₹ NIL).

b) Commitments

Estimated amount of contracts remaining to be executed on capital account and not provided for : ₹ 4149.56 Crore (P.Y. ₹ 4966.41 Crore).

3. General

3.1 There is a long pending dispute over capitalization cost of Rajrappa and Giddi Captive Power Plant, commissioned by EIPL on Built Own and Operate (BOO) basis and the dispute is pending in Civil Appeal No. 7403 of 2009, filed by CCL before the Hon'ble Supreme Court against the Order dated 31.07.2009 of the Jharkhand State Electricity Regulatory Commission duly confirmed by the Appellate Tribunal also.

Pursuant to Interim Orders of the Hon'ble Supreme Court dated 14.09.12 and 23.11.12 passed in the said Appeal, CCL had accounted for a liability of ₹ 94.33 Crore. in 2012-13 upto the period March, 2008. Out of which ₹ 83.03 Crore had been paid to EIPL after carrying out eligible deduction. Further, an ad-hoc payment of ₹ 75 Crore and ₹ 25 Crore had been made on 20.11.13 and 10.01.14 respectively as per directives of the Hon'ble Supreme Court. As directed by the Hon'ble Supreme Court revised amount payable from April'08 to March'14 had been calculated based on the methodology adopted by JSERC in determining the revised tariff up to the period March' 08. Accordingly, an amount of ₹ 23.25 Crore had been provided during the financial year 2013-14 in addition to ₹ 94.33 Crore, which was already provided in the Financial Statements of 2012-13. For the financial year 2014-15, additional liability of ₹ 3.26 Crore has been provided. For the financial year 2015-16 additional liability of ₹ 0.26 Crore has also been provided.

The details of balance receivable amount from EIPL are as under:

Particulars	(₹ in Crore)
a) Differential Tariff for the period upto March'08-in respect of which liability has been provided in the Financial Statements of 2012-13.	94.33
b) Differential Tariff for the period April'08- to March'14 in respect of which liability has been provided in the year 2013-14.	23.25
c) Old keep back amount in respect of deemed energy charges	31.36
d) Differential tariff for the year 2014-15	3.26
e) Differential tariff for the year 2015-16 (Rajrappa Area)	0.26
Total	152.46
Less: Ad-hoc payment(as per Order of the Hon'ble Supreme Court)	183.03
Net Balance amount (shown in Note-4.6 under the head Claims & Other Receivables)	30.57

However, EIPL has submitted their demand for ₹ 302.63 Crore on 17.09.2012 including ₹ 134.20 Crore on account of interest on delayed payment was never agreed in the said PPA. Total demand of EIPL excluding delayed payment is ₹ 168.43 Crore, whereas, CCL has already released an adhoc payment of ₹ 183.03 Crore as stated above. The matter is still pending before the Hon'ble Supreme Court. .

As per clause 1.18.3 of the Power Purchase Agreement with M/s. EIPL, from the date of expiry of one year from commissioning of the respective power plant, increase/decrease of fuel components of tariff due to variation in fuel cost shall be determined. The initial price of rejects as per clause 1.14 of PPA was ₹ 90 per tonne.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Contd.)

Accordingly, calculation had been made as per clause 1.18.3 of PPA and additional revenue receivable on account of revision in price of rejects net off with additional tariff payable on account of revised tariff due to increase in fuel cost had been considered in the Financial Statements for the year 2013-14 and supplementary bill to EIPL had also been raised.

Subsequently, during the financial year 2014-15 the price of rejects was again revised based on the recommendations of the CCL standing committee of Sales and Marketing department and the same was communicated to Director (Operation) of DLF Ltd. vide letter Ref. No. GM (E&M)/DLF/14/ 3530-36 dated. 17.11.2014. As per letter, G grade slake coal which was the lowest grade under UHV system of pricing applicable prior to 01.01.2012 become chargeable for the period from July, 2000 to December, 2011 from EIPL. Consequent upon the issue of above letter, Sales bill and power tariff were revised.

As on 31.03.2016, the amount receivable from EIPL on account of supply of rejects after adjusting enhanced tariff was ₹ 38.69 Crore. Further a provision of ₹ 1.64 Crore was made in the year 2016-17 making total provision to ₹ 40.33 Crore.

As per clause 2.6 of the Power Purchase Agreement dated. 8th February, 1993, in the event of any dispute arising out of or in relation to the agreement, the same shall be referred to the sole arbitration of an arbitrator mutually acceptable to CIL & EIPL as per provisions of Arbitration Act. The emerging situation is that as the parties to the agreement have failed to mutually agree to the appointment of an arbitrator, the petitioner (CCL) is left with no other alternative but to move to the Hon'ble High Court for appointment of an arbitrator in exercising powers under section 11(6) of the Arbitration and Conciliation Act, 1996. As such, the Arbitration Application has been filed on 7th April, 2016. The Hon'ble High Court of Jharkhand during 2017-18 has appointed Ld. Arbitrator as per Agreement to settle the dispute. Hearing is still pending before Ld. Arbitrator.

- 3.2** Inventory of Stores & Spares are being physically verified by Store Auditors at due intervals. The last verification has been carried out at 31.03.2024.
- 3.3** Refund/Adjustment of tax from Tax Authorities are accounted for on cash basis. Additional demand for Income Tax, Royalty, Cess, Sales Tax, Vat /Entry Tax etc. are accounted for after receipt of final order except as otherwise not recognized under IND AS-37.

Co-Operative Share		-		-
Loans		15.11		9.70
Deposits & receivable		2,173.30		2,024.73

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Contd.)

NOTE - 16: ADDITIONAL NOTES (Contd.)

	31.03.2025		31.03.2024	
	Level 1	Level 3	Level 1	Level 3
Trade receivables		1,628.91		1,716.73
Cash & cash equivalents		1,112.95		475.29
Other Bank Balances		1,185.35		2,040.43
Financial Liabilities				
Borrowings		1,029.17		478.38
Trade payables		1,015.82		1,036.73
Security Deposit and Earnest money		405.28		372.81
Other Liabilities		2,073.99		1,638.18

A brief of each level is given below:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes Mutual fund which is valued using closing Net Asset Value (NAV) as at the reporting date.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for investments, security deposits and other liabilities included in level 3.

(c) Valuation technique used in determining fair value

Valuation techniques used to value financial instruments include the use of quoted market prices (NAV) of instruments in respect of investment in Mutual Funds.

(d) Fair value measurements using significant unobservable inputs

At present there are no fair value measurements using significant unobservable inputs.

(e) Fair values of financial assets and liabilities measured at amortised cost

The carrying amounts of trade receivables, short term deposits, cash and cash equivalents, trade payables are considered to be the same as their fair values, due to their short-term nature.

The Group considers that the Security Deposits does not include a significant financing component. Security deposits coincide with the company's performance and the contract requires amounts to be retained for reasons other than the provision of finance. The withholding of a specified percentage of each milestone payment is intended to protect the interest of the group, from the contractor failing to adequately complete its obligations under the contract. Accordingly, transaction cost of Security deposit is considered as fair value at initial recognition and subsequently measured at amortised cost.

Significant estimates: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Group uses its judgment to select a method and makes suitable assumptions at the end of each reporting period.

5. Financial Risk Management

Financial risk management objectives and policies

The Group's principal financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations and to provide guarantees to support its operations. The Group's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that is derived directly from its operations.

The Group is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. The Group's senior management is supported by a risk committee that advises, inter alia, on financial risks and the appropriate financial risk governance framework for the Group. The risk committee provides assurance to the Board of Directors that the Group's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Contd.)

NOTE - 16: ADDITIONAL NOTES (Contd.)

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedge accounting in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit Risk	Trade receivables and financial asset	Ageing analysis/ Credit rating	Department of public enterprises (DPE guidelines), diversification of bank deposits credit limits and other securities, counterparty default risk of trade receivable is managed by financial assurance like Security Deposits, Advances, Bank Guarantee etc.
Liquidity Risk	Borrowings and other liabilities	Periodic cash flows	Availability of committed credit lines and borrowing facilities
Market Risk-foreign exchange	Future commercial transactions, recognised financial assets and liabilities not denominated in INR	Cash flow forecast sensitivity analysis	Regular watch and review by senior management and audit committee.
Market Risk-interest rate	Cash and Cash equivalents, Bank deposits and mutual funds	Cash flow forecast sensitivity analysis	Department of public enterprises (DPE guidelines), Regular watch and review by senior management and audit committee.

The Group risk management is carried out by the board of directors as per DPE guidelines issued by Government of India. The board provides written principles for overall risk management as well as policies covering investment of excess liquidity.

Credit risk management:

Receivables arise mainly out of sale of Coal. Sale of Coal is broadly categorized as sale through fuel supply agreements (FSAs) and e-auction.

Macro - economic information (such as regulatory changes) is incorporated as part of the fuel supply agreements (FSAs) and e-auction terms.

Fuel Supply Agreements (FSAs)

The group enters into legally enforceable FSAs with customers or with State Nominated Agencies that in turn enters into appropriate distribution arrangements with end customers. FSAs can be broadly categorized into:

- FSAs with customers in the power utilities sector, including State power utilities, private power utilities ("PPUs") and independent power producers ("IPPs") under various clauses of Scheme of Harness and Allocate Koyla (Coal) Transparently in India (SHAKTI).
- FSAs with customers in non-power industries (including captive power plants ("CPPs")) as per Non-Regulated Sector (NRS) Linkage Policy; and
- FSAs with State Nominated Agencies.

E-Auction Scheme

The E-Auction scheme of coal has been introduced to provide access to coal for customers who were not able to source their coal requirement through the available institutional mechanisms under the NCDP for various reasons, for example, due to a less than full allocation of their normative requirement under NCDP, seasonality of their coal requirement and limited requirement of coal that does not warrant a long-term linkage. The quantity of coal to be offered under E-Auction is reviewed from time to time by the Ministry of Coal.

Credit risk arises when a counterparty defaults on contractual obligations resulting in financial loss to the group. Counterparty defaults risk of Trade Receivables is managed by financial assurance like Security Deposit, Advances, Bank Guarantee etc.

Provision for expected credit loss: The Group provides for expected credit risk loss for doubtful/ credit impaired assets, by lifetime expected credit losses (Simplified approach). Refer Note - 4.3, Trade Receivables

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Contd.)

NOTE - 16: ADDITIONAL NOTES (Contd.)

Significant estimates and judgments for Impairment of financial assets

The impairment provisions for financial assets disclosed above are based on assumptions about risk of default and expected loss rates. The Group uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting year.

Liquidity Risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the dynamic nature of the underlying businesses, Group treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Market risk

a) Foreign currency risk

Foreign currency risk arises from future commercial transactions and recognised assets or liabilities denominated in a currency that is not the Group's functional currency(INR).The Company is exposed to foreign exchange risk arising from foreign currency transactions. Foreign exchange risk in respect of foreign operation is considered to be insignificant. The Group also imports and risk is managed by regular follow up. Group has a policy which is implemented when foreign currency risk becomes significant.

b) Cash flow and fair value interest rate risk

The Group's main interest rate risk arises from bank deposits with change in interest rate exposes the Group to cash flow interest rate risk. Group policy is to maintain most of its deposits at fixed rate.

Group manages the risk using guidelines from Department of public enterprises (DPE), diversification of bank deposits credit limits and other securities.

Capital management

The company being a government entity manages its capital as per the guidelines of Department of investment and public asset management under ministry of finance.

Capital Structure of the company is as follows:

	(₹ in Crore)	
	31.03.2025	31.03.2024
Equity Share capital	1,880.00	1,880.00
Long term debt	1,029.17	478.38

6. Employee Benefits: Recognition and Measurement (Ind AS-19)

Defined Benefit Plans :

a) Gratuity

The Company provides for gratuity, a post-employment defined benefit plan ("the Gratuity Scheme") covering the eligible employees. Gratuity payment is made as per policy of the company subject to maximum of ₹ 20 lacs at the time of separation from the company considering the provisions of the Payment of Gratuity Act 1972 as amended. The liability or asset recognised in the balance sheet in respect of the Gratuity Scheme is the present value of the defined benefit obligation at the end of the reporting year less the fair value of plan assets. The defined benefit obligation is calculated at each reporting date by actuaries using the projected unit credit method. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the year in which they occur, directly in other comprehensive income (OCI).

The Gratuity Scheme is funded through trust maintained with Life Insurance Corporation of India. LIC also provides an insurance coverage (Life Cover Sum Assured- "LCSA") in case of death of a member during service, to compensate the shortfall in gratuity amount from estimated payable at normal retirement date based on last drawn salary subject to ceiling of maximum of ₹ 20 lacs.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Contd.)

NOTE - 16: ADDITIONAL NOTES (Contd.)

b) Post-Retirement Medical Benefit - Executive (CPRMSE)

Company has post-retirement medical benefit scheme known as Contributory Post Retirement Medicare Scheme for Executive of CIL and its Subsidiaries (CPRMSE), to provide Medicare to the executives, their spouses and fully financially dependent Divyang child(ren) suffering from not less than 40% of any disability in Company hospital/empanelled hospitals or outpatient/Domiciliary only in India subject to ceiling limit, on account of retirement on attaining the age of superannuation or are separated by the Company on medical ground or retirement under Voluntary Retirement Scheme under common coal cadre or Voluntary Retirement Scheme formulated and made applicable from time to time. Membership is not extended to the executives who resigns from the services of the CIL and its subsidiaries.

The maximum amount reimbursable during the entire life for the retired executives, spouse and dependent Divyang child (ren) taken together jointly or severally is ₹ 25 lakhs except for specified diseases with no upper limit. The Scheme is funded through trust for group, maintained with Life Insurance Corporation of India . The liability for the scheme is recognised based on actuarial valuation done at each reporting date.

c) Post-Retirement Medical Benefit - Non Executive (CPRMS -NE)

As a part of social security scheme under wage agreement, Company is providing Contributory Post-Retirement Medicare Scheme for non-executives (CPRMSE-NE) to provide medical care to the non-executives and their spouses and Divyang Child(ren) in Company hospital/empanelled hospitals or outpatient/Domiciliary only in India subject to ceiling limit, on account of retirement on attaining the age of superannuation or are separated by the Company on medical ground or retirement under Voluntary Retirement Scheme formulated and made applicable from time to time or resigns from the company at the age of 57 Years or above or on death to the spouse and Divyang Child(ren). The maximum amount reimbursable during the entire life for the retired non-executives and spouse taken together jointly or severally is ₹ 8 lakhs except for specified diseases with no upper limit. The maximum amount reimbursable during the entire life of Divyang child would be ₹ 2.5 lakh. The Scheme is funded through trust for group, maintained with Life Insurance Corporation of India . The liability for the scheme is recognised based on actuarial valuation done at each reporting date.

Defined Contribution Plans**a) Provident Fund and Pension**

Company pays fixed contribution towards Provident Fund and Pension Fund at pre-determined rates based on a fixed percentage of the eligible employee's salary i.e. 12% and 7% of Basic salary and Dearness Allowance towards Provident Fund and Pension Fund respectively. These funds are governed by a separate statutory body under the control of Ministry of Coal, Government of India, named Coal Mines Provident Fund Organisation (CMPFO). The contribution towards the fund for the period is recognized in the Statement of Profit & Loss.

b) CIL Executive Defined Contribution Pension Scheme (NPS)

The company provides a post-employment contributory pension scheme to the executives of the Company known as "CIL Executive Defined Contribution Pension Scheme -2007" (NPS). The Scheme is funded through trust for group, maintained with Life Insurance Corporation of India. The obligation of the Company is to contribute to the trust to the extent of amount not exceeding 30% of basic pay and dearness allowance less employer's contribution towards provident fund, gratuity, post-retirement medical benefits -Executive i.e. CPRMSE or any other retirement benefits. The current employer contribution of 6.99% of basic and Dearness Allowance is being charged to statement of profit and loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Contd.)

NOTE - 16: ADDITIONAL NOTES (Contd.)

Other Long Term Employee Benefits

a) Leave encashment

The company provides benefit of total Earned Leave (EL) of 30 days and Half Paid Leave (HPL) of 20 days to the executives of the company, accrued and credited proportionately on half yearly basis on the first day of January and July of every year. During the service, 75% EL credited balance is one time encashable in each calendar year subject to ceiling of maximum 60 days EL encashment. Accumulated HPL is not permitted for encashment during the period of service. On superannuation, EL and HPL together is considered for encashment subject to the overall limit of 300 days without commutation of HPL. In case of non-executives, Leave encashment is governed by the National Coal Wage Agreement (NCWA) and at present the workmen are entitled to get encashment of earned leave at the rate of 15 days per year and on discontinuation of service due to death, retirement, superannuation and VRS, the balance leave or 150 days whichever is less, is allowed for encashment. Therefore, the liabilities for earned leave are expected to be settled during the service as well as after the retirement of employee. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. The scheme is funded by qualifying insurance policies from Life Insurance Corporation of India. The liability under the scheme is borne by the Company as per actuarial valuation at each reporting date.

b) Life Cover Scheme (LCS)

As a part of the social security scheme, the Group has a Life Cover Scheme known as "Life Cover Scheme of Coal India Limited" (LCS) which covers all the executive and non-executive cadre employees. In case of death in service, an amount of ₹ 1,56,250 is paid to the nominees under the scheme w.e.f 01.10.2017. The expected cost of the benefits is recognized when an event occurs that causes the benefit payable under the scheme.

c) Settlement Allowances

As a part of wage agreement, a lump sum amount of ₹ 12000/- is paid to all the non-executive cadre employees governed under NCWA on their superannuation on or after 31.10.2010 as settling-in allowance. The liability under the scheme is borne by the Company as per actuarial valuation at each reporting date.

d) Group Personal Accident Insurance (GPAIS)

Coal India Limited (CIL) has taken group insurance scheme from United India Insurance Company Limited to cover the executives of the CIL Group against personal accident known as "Coal India Executives Group Personal Accident Insurance Scheme" (GPAIS). GPAIS covers all types of accident on 24 hour basis worldwide. Premium for the scheme is borne by the CIL.

e) Travel Allowance Scheme

As a part of wage agreement, Non-executive employees are entitled to travel assistance for visiting their home town and for "Bharat Bhraman" once in a block of 4 years. A lump sum amount of ₹ 10000/- and ₹ 15000/- is paid for visiting Home town and "Bharat Bhraman", respectively. The liability for the scheme is recognised based on actuarial valuation at each reporting date.

f) Workmen's Compensation Benefits in Mine Accident

As a part of social security scheme under wage agreement, the company provide the benefits admissible under The Employee's Compensation Act, 1923. An amount of ₹ 15 lakhs is paid to the next of kin of an employee in case of a fatal mine accident w.e.f 07.11.2019. In addition, w.e.f 01.06.2023 an exgratia amount of ₹ 90,000/- is paid in case of death or permanent total disablement. The expected cost of the benefits is recognised when an event occurs that causes the benefit payable under the scheme.

p) Other Matters reported in the financial statements

i) Against the demand of Income Tax Department regarding TCS from Road Sales Customers under section 206 C of the Income Tax Act, 1961, amounting to ₹ 106.56 Crore, the department has collected ₹ 71.79 Crore by attaching the bank account of the company and the balance amount of ₹ 34.77 Crore has been deposited by the company. The company in turn has recovered ₹ 78.57 Crore from the customers as on balance sheet date and the balance ₹ 27.99 Crore is under process of recovery. Subsequently, the case was disposed by CIT (A) and against the said order CCL preferred an appeal before the ITAT since the order issued by CIT(A) was non speaking in nature. ITAT in its order dated 23.01.2023 given verdict in favour of CCL and allowing all grounds raised by the CCL.

- q) CCL has paid ₹ 601.60 Crore as interim dividend for FY 2024-25 (PY 2023-24 ₹ 600.66 Crore as interim dividend and further ₹ 498.20 Crore paid as final dividend). The Board of Directors proposed / recommended final dividend for FY 2024-25 of ₹ 609.12 Crore, which will be recognised as distribution to owners during FY 2024-25 on its approval by the Shareholders in Annual General Meeting.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Contd.)

NOTE – 16: ADDITIONAL NOTES (Contd.)

8. Miscellaneous Informations

i. Recent Accounting pronouncements applicable in Financial Year 2024-25

The Ministry of Corporate Affairs (MCA) has issued several amendments to the Companies (Indian Accounting Standards) Rules, 2015, introducing significant changes to various Indian Accounting Standards (Ind AS) applicable from 1st April 2024. These amendments covers Introduction of Ind AS 117 – Insurance Contracts with Consequential modifications to Ind AS 101, 103, 105, 107, 109, 115; Amendments to Ind AS 116 – Leases and Continuation of Ind AS 104 for Certain Insurers. The company has evaluated these amendment and find no material impact on its financial statements.

- ii. Figures for previous year have been regrouped wherever necessary, in order to make them comparable.
- iii. The material accounting policies have been updated to enhance clarity for users of the financial statements. These updates do not carry any financial implications.
- iv. Note – 1 and 2 represents Corporate information and Material Accounting Policies respectively, Note 3 to 11 form part of the Balance Sheet as at and 12 to 15 form part of Statement of Profit & Loss for the quarter ended on that date. Note – 16 represents Additional Notes to the Financial Statements.
